

OM SHANTI

**Avyakt Murli
Revision Course**

This unlimited family is such a good and wonderful family. This meeting is not an ordinary meeting. We are all meeting now, by meeting in this way, we shall become one. Remain constantly happy and share happiness.

Om shanti. Look at how all the brothers and sisters are sitting and listening in this unlimited *hall* today with so much bliss. In everyone's mind is just this: We are in the unlimited *hall* and are stable in an unlimited stage. It may be a *hall* and everyone may be sitting in the *hall*, but sitting in the unlimited *hall* in an unlimited gathering, while sitting in the limited, you are smiling so much with the experience of the unlimited. The Father is in everyone's forehead and in the Father's forehead are all the children. Each one is smiling so sweetly. In the Father's mind is: My sweet children, and in the children's minds is: My sweet Baba. The meeting of the Father and the children is so pleasant, so sweet. Upon seeing one another, each one feels, "Wah my unlimited family! Everyone has come away from the limited into the unlimited. Wherever you see, you look your own unlimited family. It feels so sweet. It is an unlimited family. Seeing one another in the midst of this unlimited family, you are so happy. To sit in the unlimited in this way is also fixed in the *drama*. See, how by sitting in the unlimited *hall*, you are happy on seeing one another. The Father says: Wah children! Wah! And the children say, "Wah Baba! Wah!" This scene is also fixed. Each one is happy on seeing the family. Wah the unlimited family! Wah! It is an unlimited family, is it not? Yes, raise your hands in this way. An unlimited family – you have all gathered together on the unlimited field. You are enjoying yourselves so much in the unlimited. Seeing the unlimited family, all of you have come into the unlimited. See how all of you are sitting in the unlimited family, just as a small family has got together. Wherever you look, there are Brahma Kumars and Brahma Kumaris. Seeing such a big family, there is so much happiness. Wah! It is such a good family. In a short time, this family, this lovely family, have come together. It feels as though we have met beforehand. We shall continue to meet in this way. This meeting is also a *wonderful* meeting. There is so much happiness upon seeing one another. There is so-and-so, and so-and-so too. Wah! Wherever you look, there is so much sweetness. What is reflected on everyone's face? Seeing "My Baba, My Baba", everyone is smiling so much. It is as though you are seeing after many days that you have forgotten. You are now all sitting together and it feels so sweet. All of you have met one another after so long. You have found such a big family, and so there is that happiness. There is happiness on seeing the family, is it not? It is such a big family. Baba, You have now shown us this *Hall*, and so no matter what happens, we would come to this *hall*. So much fun! This meeting is not an ordinary meeting. It is after so many years that you and I are seeing one another in the corporeal form and we are happy to see one another. The song of "Wah wah!" is playing in each one's heart. Although you and I are living separately now, it feels while living separately as though we have come from somewhere to another place in order to have this meeting. This is also a short meeting but now there are the hopes that we will continue to meet in this way. Otherwise, it feels so far away and you have seen what the meeting is all about. You have now met and seen for yourself, and so, you won't remember separating so much. All of you extremely love this meeting, do you not? Do you love it? Let us continue to keep sitting in this way, eating in this way, however, it is still a body. It is not a subtle body, it is still physical.

BapDada is very pleased to see the children. What is emerging in each one's heart? I just feel, "I have found my Baba", that is all. Now, seeing Baba, it feels that He is so lovely. Our aprons have been filled with love. So now, what will you all do? All of you met one another. Having celebrated a meeting we shall still have to separate. In each one's heart is - what does the separation of so many days feel like now? Where were you? What was it? However, this part of meeting and separating is also a *wonderful part*. Now that we are meeting, it feels so lovely. After some *time*, we will be separated again. This separation doesn't feel good. When shall we be together like this again? Now, you just remember how we met together, how we became separated and that the day for meeting has now come again. Do you have the happiness of the day of the meeting? Do you have the happiness?

This meeting has become that of sometimes. Now, by constantly remembering the meeting, there will be nothing but meeting and more meeting. Do you love this meeting? Raise your hands. Look, how good it looks. See. The *photographers* will lock this (scene) in their *cameras*. You used to remember these meetings that were among yourselves and today, you are actually meeting; that day has also come. (Baba,

25,000 people have come today.) Everyone is so happy. You never even had it in your thoughts that so many would meet, but today, they are all meeting. Today is the day for the meeting.

Today is the turn for Indore to serve: It is Indore's *duty*. It is good. Look, those from Indore are happy that they are looking after the *duty*. It is such a *wonderful* thing that this was fixed in the *drama*. This was the day of the meeting too. Now, at least you are able to meet if you want to. What is in your heart now? The treasure of happiness.

500 Double foreign brothers and sisters have come from 50 countries: Wave your hands. It is good, at least this many were able to meet. It has been so long since we met. As we keep meeting, we will become one. You have the happiness of meeting, do you not? How much happiness do you have? Raise your hands. How much happiness do you have? How much happiness do you have? Look, it looks so good on here (on the TV.)

600 brothers and sisters have come from Calcutta to decorate everywhere with flowers on the day of remembrance. 600 have come. It is easy here, you have all come and you have also found a good place to sit. All of you were happy to meet one another. You were so happy. At least you were able to meet. All of you are happy in your hearts to meet one another. We shall now continue to meet in this way. It can be even more often than this.

Even the Father is happy because all the children have come together. The Father is so happy.

BapDada meeting Dadi Janki: (Dadiji presented BapDada with a golden flower.) Oh! Look! this *golden* flower is for you. (Baba, it is for You.) For Me means that it is for everyone. It has been sent for you too, has it not? There is so much happiness upon seeing the children. Very good. Baba is seeing everyone. (Dadi shook hands with Baba.) It is not just the one hand, everyone's hand is in Baba's hand. Look, you met for a short *time*, at least you met and saw Baba. We shall now continue to meet. Say, "My Baba has come!" Now, will you be able to stay without meeting? As we keep meeting, we will become one. Everyone is happy. All the Father wants is that everyone remains happy and that there is no difficulty. OK?

BapDada meeting Dada Narayan and Manoj (Brahma Baba's son and grandson): Very good. It feels as though we were already together. Now, we will continue to meet. Come here from time to time, keep coming, that is all. Now, there is this much. Now, with one method or another, we will find a place where we will all stay together. Now look for that. Is that OK? What can so many Pandavs, Shaktis and kumaris not do? Now, everything is already accomplished, but you just have to put your hand to it, that is all.

Remain constantly happy and share happiness with everyone. Even if you have nothing else, at least you have your happiness, do you not? When you share happiness amongst yourselves, the atmosphere itself will change in such a way that when anyone comes, they would see that "this is a palace of happiness, everyone is so happy." Go and ask anyone: Do you have happiness or not? If you are happy, raise your hands! Yes, look! Everyone is happy. Stay happy, that is all. Is that OK?

You have found Baba, so stay happy! All crying etc. has now finished. Now, just continue to smile. Whoever meets whoever, simply continue to smile. Everyone is now smiling. Now, everyone has to go to work and bring back a *report* that you have done a lot of work. Continue to smile, continue to laugh, continue to work, but do not forget Baba. When you forget Baba, you receive sorrow. Therefore, it is simply: My Baba, my Baba, my Baba! Simply Baba and I. What will you do now? You have to work. Do your work, but do it happily. Do you understand what you have to do? Do not let go of your happiness. Keep this happiness with you.

Rameshbhai has sent remembrances from the Shantivan Trauma Hospital. Rameshbhai has been a good server from the beginning. He has sent remembrance even now. All of you must have also received his remembrances, and all he wants is that none of Baba's children should be troubled. "What can I do? How can I do it?" – not like this. Whatever day it is, celebrate it in happiness. When you celebrate in happiness, you will receive more happiness and with your happiness increasing, the atmosphere will be constantly filled with happiness.

Om shanti. The programme for the day – 18/01/2017 Madhuban

Beloved Avyakt BapDada's deeply loving instrument teachers, the ones who are experienced in the avyakt meeting through your avyakt stage, to all of those who are images of tapasya, to all brothers and sisters who are the decoration of the Brahmin clan, please accept Godly love filled sweet remembrance.

Today, it is the 48th Day of Remembrance of our Beloved Pita Shri Brahma Baba. Brothers and sisters from Calcutta stayed up the whole night to decorate all four pilgrimage places of Madhuban with beautiful garlands of many varieties of flowers. Approximately 25,000 brothers and sisters have arrived in Shantivan to celebrate a personal avyakt meeting with our beloved BapDada, and many came to Pandav Bhawan last night for tapasya. From amrit vela onwards, all went on a pilgrimage of the four places and continued to have sweet heart to heart conversations with Baba. Then, after hearing the sakar and avyakt murlis, Shashiben offered bhog to BapDada. On the day of remembrance and power, Baba gave all the children a blessing to be an embodiment of success and said: Children are constantly under the canopy of protection of remembrance. After that, all of the Dadis, senior brothers and sisters, Madhuban niwasis and everyone else continued to go around the four pilgrimage places. In Shantivan too, there were long queues of brothers and sisters for Baba's room, Tapasya Dham (Lotus room) and Prakash Stambh. Everywhere, angels dressed in white were visible, walking and moving around in the avyakt atmosphere. In the afternoon, after bhog, all of the Dadis, senior brothers and sisters had Brahma Bhojan together. In the evening, everyone came together in Diamond Hall for the invocation of BapDada, where yoga tapasya had already been taking place. Then Avyakt BapDada came for a short while, in the midst of the gathering of the children to give His drishti of blessings and take all of us beyond with His drishti. Having given everyone drishti with love, BapDada was happy to see the unlimited family and gave everyone the blessings: Remain constantly happy and donate happiness to everyone. Having spoken such elevated versions and given everyone the experience of the canopy of love with His hand of blessings, Baba then went back to the subtle region.

Dadi Janki's message for 18th January, 2017, the Day of Remembrance

Om shanti. Today, the 18th January is my beloved Baba's day of remembrance. Sakar Baba has given us children love, study and sustenance. He has given us so much love, sustenance and taught us such an elevated study in such a simple way. The study is such that each of Baba's elevated versions has touched my heart. This awareness enables us to put Baba's elevated versions into our lives. We are with Baba in Paramdham, Nirvanadham and Shantidham. Though Baba himself has become avyakt, having become avyakt, Baba is giving us a lot of sustenance and we are receiving wonderful sustenance. Today, the gathering was full. In remembrance of Baba, each one feels: Who am I and who is mine? Baba gives a feeling of Himself in such a way that love for Baba is deep in every bone, every vein. It is through this sustenance of Baba's love that each one is able to be conquerors of attachment and embodiments of remembrance. We have become free from body consciousness and attachment.

What can I share in remembrance of such a sweet Baba? Heart and head – do you know where the heart is and where the head is? In our heads we have the study and in our hearts, we have Baba.

Baba said: Incorporeal, viceless and egoless. We have to create such a stage. First we have to be incorporeal, where Baba himself resides, having become avyakt. That is not the incorporeal world, but the subtle world, from where we too can also draw from Baba now. Baba is our Mother, Father, Teacher, and Protector too. He is also the Satguru, giving us shrimat which we place on our head with so much regard. Baba's each elevated version is shrimat for us children. On the day of remembrance, each of Baba's elevated versions, each scene and scenery with Baba in the avyakt form also comes in front of me. Even in the avyakt form, we have very good experiences of Baba's avyakt sustenance.

See how all the vibrations go from here, from Madhuban, to the whole world. Even sitting far away, everyone has the experience of Baba's company. Although I am not able to tour around everywhere, the vibrations, the atmosphere and Baba's elevated versions are reaching everyone everywhere. Thank you. Om shanti.

What more can I share of this day of remembrance? Baba is in my eyes. Baba is in my heart and head. Baba has said: If you want to, you can become part of the 8, 108 or 16,000. What do I want to be a part of? I want to be one of the 8. The more remembrance you have, the more power you receive from Baba in your effort. Baba says: Remember the one Father. Those who come to Madhuban: Let your attitude, awareness

and stage be such that you can move along according to the hopes that Baba has in us. We don't need anything else.

The Lord is pleased with an honest heart. When the child has courage, the Father helps. This has been my life. When your intentions are pure and clean, your desires are fulfilled. Whatever thoughts you have, Baba makes them happen practically. Thank you. Om shanti.

**The garland is your special memorial. Wear this garland and remain constantly garlanded.
This sparkling garland is today's special gift.**

(On the occasion of Shiv Jayanti, the whole of Diamond Hall was decorated very beautifully with garlands and Shiv Baba flags. Seeing the unlimited gathering of the children, BapDada garlanded all the children with the sparkling garland of His arms.)

Congratulations, congratulations, congratulations for Shiv Jayanti. How much happiness do all of you have in your hearts? Baba has entered everyone's heart. Who is in everyone's heart now? Baba. Look, there is Baba and only Baba. Wherever you look, there is Baba and only Baba. Baba and only Baba. Baba and only Baba. So, today, everyone is very happy. Why? Baba Himself has come to garland all the children. How will all of you look when Baba garlands each of you with a garland around your neck? So now, Baba has put a garland around each one's neck, and all of you are wearing your garlands and looking so beautiful. Seeing each other's garland, you are all so happy, and each one always has a garland from BapDada. Our decoration of the garland is remembered a lot and this is why even today, that memorial came to mind and all who are wearing the garlands of beads are sparkling so much. Wah! It is a wonder that everyone has put garlands here and there. The whole hall is decorated with garlands. So, whose memorial are the garlands? The Father's and the children's. No matter how much someone says that the remembrance of Baba is very, very good, there is Baba's remembrance anyway. What would you do without the Father? It is the memorial. So, the first *number* memorial is of the brothers and sisters. Truly, you have worked hard and decorated yourselves and you have also decorated the *hall*. It feels as though there is this mela of happiness everywhere. So, this *function* is looking so good. It is as if Baba has decorated all of you with garlands, made you ready and made you sit here because the children are also with Baba. Along with Baba, all brothers and sisters will also have to be decorated a little. Your garlands are looking good even from a distance and Baba is also very happy to see all the garlands everywhere and says: Wah! Today, all the children have been decorated and are wearing garlands of beads. So, seeing the decoration of the gathering today, Baba is happy: Wah, My children, wah! You have become happy on seeing each other's decorations. Baba too is experiencing so much happiness. Seeing each and every child, the Father is also smiling so much and you can see that. These are garlands of real flowers, but what *original* garland has Baba garlanded each one of you with? Look, there is a sparkling garland around the neck of each one of you. Whether or not you decorate yourselves with flowers, "Wah, wah" is emerging from everyone's lips. It is the same garland. The garland is looking so beautiful. The garland is the decoration. What is the greatest decoration in this country right now? It is of Baba. Look, there is a garland around everyone's neck. Baba Himself has garlanded you. You are garlanded with *common* garlands anyway. That is *common*, but the meaning of this garland is good, it is great. This garland is a garland which is a memorial. Look at everyone. Everyone's shoulders are sparkling. Look at one another, and see how so many necks are beautifully decorated. Seeing each one's neck, each one is so happy. Wah! Wah! So, Baba is also happy to see the garlands around your necks. Wah! All of you who are garlanded, just look at your faces! Completely red. So, such ones who are decorated with the garlands, the sparkling, garlanded children, if you could see everyone from here you would see the completely sparkling garlands. Everyone's garland is sparkling so much. Everyone has a garland that they have received from Baba around their neck as well. It is around everyone's neck and it looks beautiful around each one's neck. Baba is sparkling around each one's neck and so look at each one's neck – it is sparkling so much because the garland is remembered as your memorial. So, today, the Father has *directly* garlanded all of you. Look at how these garlands are sparkling so much. The sparkle of the garlands is unique. Seeing each other's garlands, you are so happy. Today, the *hall* is decorated with garlands. All of you can see your own garlands, can you not? Look how the garlands in the whole *hall* are sparkling so much; look at this as a detached observer. Now, when you get up, definitely look only at the garlands. All of you who are decorated with the garlands are looking so beautiful. Because you have a garland (haar), Maya is also defeated (haar khana – to be defeated). Seeing the garlands, Maya runs away and you become victorious. So, you are seeing your sparkling garlands, are

you not? Those sitting at the back, those sitting on the right, all of you are decorated so well, and that is whether some of you have a garland or not. Because today, Baba has brought the garland to all of you and made you sit here. Each child is decorated with the garland in such a way that it is as though this is a garland of beads around your neck for all time. Are you seeing your garlands? Look how much the garland is sparkling around each one's neck, and you yourselves are happy to see this. There is a *rush* everywhere.

Today, the garlands are sparkling very much. Each one of you can see your sparkling garland, can you not? Come here and look at the sparkle of each one's garland. There is praise of each one's garland. Who is decorating you so much? "My Baba." What would all of you say? "My Baba." Look at each one from the front and the back, from here and there, look at everyone – the garlands have come so quickly and are put around everyone's neck. The garlands around each one's neck are looking so beautiful. You are all seeing each other's garland; all are garlanded. At such *functions*, Baba likes these thin garlands very much. Now, you have all come and some of you are wearing your garlands which are visible. Seeing the garland, it enters each one's mind "My name is in the rosary, is it not?" Is it? All of you who are sitting here: are the names of all of you in the rosary? Raise your hands! All of you have this faith. O! Baba has created the rosary for all of us. Look, how the faces of all of you are decorated so well. Physically, no matter how much you decorate it, the garland of each one is sparkling and the picture of the sparkling garland of all of you is very good. It is worth keeping it with you. Take this *gift* from Baba when you go. Today's gift is this garland. Does each one of you consider yourself to be such a sparkling bead of the rosary? Those of you who believe that the beads are around your neck, raise your hands! Wah, wah! Look, you are looking so well decorated with the garland. And Baba has especially made the garland for today. You will get it and then you will see its sparkle. Look, how the whole *hall* is so full of all the garlands. Now, each child is looking to see: it is around my neck, is it not? The more you look at them, the more the garlands increase. Seeing the gathering and each one with the garlands around them, BapDada is very pleased: Wah, wah, garlanded ones. Wah! These garlands are your memorial, are they not? Of the garlands. Whether you are garlanded with flower garlands or garlands made of anything else, the garland is the memorial. And, seeing one another, you are so happy. Wah! So-and-so is also wearing a garland. Seeing the children wearing the garlands, everyone is smiling. And each one has put it on in a *second*. Look, it looks so beautiful. Seeing the garlands, you remember the One who has put the garlands on you.

Today, all of you are the especially garlanded children. Just as there is the memorial of a garland, similarly, this garland is also a memorial. All of you look so good! The garland is sparkling around each one's neck. Look how each one's neck is looking so beautiful. There is a garland on Baba's idol as well. The garland is a very good memorial. Where are all of you sitting? In the *hall*? All of you are sitting around Baba's neck. You have seen the garland, have you not? The garland is sparkling a lot, but if you constantly move around up and down, what will be the *show* of the garland? So, now all of you are to be the ones who wear the garland and so look at your own picture. Each one's neck is so beautifully decorated. Who will be garlanded with all these garlands? Baba will be. At the confluence age, Baba does not wear the garland. The Father wears the garland with the children. If someone does not have a garland, if the beads are lost somewhere, then, you must take the beads of your garland before you go.

So, today, seeing the sparkling garlands around each one's neck, Baba is so happy. Wah, you are seeing one another's garland, are you not? Wah, wah is emerging from each one's heart. Achcha. Now, it is getting late and this is why all the children have been shown as garlanded and in the rosary.

It is the turn of the Eastern and Tamil Nadu zones to serve: 15,000 have come from West Bengal, Bihar, Odisha and Assam. In total, 26,000 have come. All of you have been decorated on seeing one another. Wah, seeing all of you, the Father is also smiling. Wah, children, wah! Even now, let all of you take your picture before you go. Do not run away just like that.

Nepal (2500 have come): All of those who are wearing the garlands are seeing how much their garlands are sparkling. See how much sparkle there is. Look at how each bead of the rosary is sparkling so much.

Tamil Nadu (3000 have come): The sparkle of each one is good and it has been made well. Everyone, look at it in your hands. These sparkling garlands everywhere are looking so good. All of you, sit and show the *show* of your own garland. Now, sit down. Do not decorate yourselves too much but show however much you have done.

Double foreigners (1000 have come from 75 countries - The maximum number of double foreigners have come in this group.) The sparkle is so good. Look at the sparkle in the whole hall! It is so beautiful! All of you who are with the garlands, if you wish to keep your own token with yourselves, then BapDada will give you the memorial of the garlands, and if you turn your hands (palms) up, that is decorated so beautifully. It is sparkling as though it has come from heaven just now. All of you - look at your garlands, just shake it a little and look at it. Do not look at others, only look at yourselves - and you are sparkling so much. All of you sitting here, you change by wearing the garland. Firstly, you yourselves are the masters who are sparkling and, secondly, you have also been given the garland (of flowers); that too is sparkling a lot. Thirdly, you also have this garland (of the arms) and its praise is the greatest of all. Now, just look at it, and then, another time, Baba will look at it with you holding it up..

Now, the garlands are sparkling, so hide everything else and simply put the garlands in the front and see what the gathering looks like.

BapDada hoisted the flag with His hands and gave everyone greetings for the 81st Trimurti Shiv Jayanti.

Om shanti. What have all of you come together for now? What is your main work here? That of transformation. So, have you brought about transformation? Now, all of you have to remain *ever ready*. You have to do it. It is accomplished. If you don't want to do it, then go around and then come back. Everyone, look! You are looking with love, are you not? You saw it comfortably, did you not? Congratulations, congratulations, congratulations for Shiv Jayanti, for the whole year. Today is a special day to celebrate. So each of you has lit this lamp within you; you hoisted the flag. You lit the lamp and a sparkle came on everyone's face. You are happy, are you not? There is the sparkle of happiness on each one's face. What do those who are sitting at the back think? Is Dilaram, the Comforter of Hearts, in everyone's heart? Simply Dilaram and Dilwale, the One who has won the hearts. There can be as many things as you want, but until now, those who are residents of the confluence age are still studying. You do not know everything yet; you are still learning. However, when Baba says 'Om shanti' once, Baba wants all of you to become so happy, just as the sun and the moon look so beautiful. You have seen how beautiful they look, so, congratulations, congratulations to everyone on this day.

***** OM SHANTI *****

Change your ordinary form and try experiencing your confluence-aged, angelic form for some time. This smiling and sparkling form of yours is very good.

Om shanti. Today, BapDada is especially pleased to see His yogyukt children, who are yogyukt when they are with everyone and who also make others yogyukt. He is giving lots and lots of loving remembrance from His heart with a lot of love. BapDada wants all these many children to sit in yoga together, and even in yoga, to have such a *stage* of yoga in a *practical* way. Seeing this, BapDada is very pleased. Just as the Father is pleased to see you, similarly, the children too are happy in their heart to see the Father smiling and are giving a *response*. Even now, seeing the great splendour of the gathering, of everyone smiling, the Father is also smiling, seeing a glimpse of love on the children's faces. So, what are the children doing? The children are also smiling, are you not? The Father says: Wah children, wah! Both the children's smile and the Father's smile look very beautiful. Seeing what BapDada wanted to see everywhere, the Father is also smiling. Seeing the children smiling in this whole gathering, the Father is also smiling in His heart even now. Wah children! Wah! It is a wonder – the incognito strength and its impact- both are visible. Each of the Father's children is smiling in such a way that there is a very good sparkle of happiness on each one's face. Seeing each one's smiling face, the Father is also smiling so sweetly.

The *majority* of today's gathering is of smiling, carefree emperors such that even from a distance the smiling faces are looking very beautiful. You too are seeing one another in this form, are you not? You are all looking at one another as if it is someone you know very well who is smiling. Today's gathering especially seems to be one that is smiling a lot. Why? In everyone's mind is just the one tune: Sweet Baba, lovely Baba. The sign on each one's face is indicating: O sweet Baba, lovely Baba. Today, it is as though Baba is seeing such a gathering of the children after many days. From each one, there is the *feeling*: Sweet Baba, lovely Baba. Even if you look at the faces of those sitting right at the back, they are also sitting in this manner.

So, today, at night time, while you are awake, continue to look at one another with a sweet smile. Each one of you, see the smiling faces of Baba and of everyone in the gathering. The smiling faces of those of you sitting in this corner can be seen and there is its impact on the whole gathering. No matter what the stage may be like, at this moment, each one's face is visibly smiling. Everyone's face is smiling in such a way that in one *second*, the whole gathering has changed. No matter what someone may be like, Baba changed that one and is showing everyone the same face. Everyone's face is visibly sparkling. Just as each one's face appears to be sparkling in Baba's subtle region, similarly, today, you are also visible as sparkling lamps. Baba is speaking very slowly, through the lips, what is He saying? Each child's face and image are sparkling, just as they are shown in the picture now. Similarly, the sparkling stars are sparkling very well, because the sparkle of each sparkling star is very beautiful. Why? All the children are visible in their sparkling form. This is your image, but it is such a sparkling star now, such as was visible before – a white sparkling form, not an ordinary form, but a sparkling *face*. This gathering is looking very good. All are sparkling. There isn't anyone who doesn't have a sparkle, because now all are seeing Baba sparkling and so, like Baba, the whole gathering is sparkling. What BapDada is describing, the whole gathering is sitting in such a way, as though the angels have truly come down here on earth from up above. This form of yours is also very lovely because now there isn't anything else. All of you have become the perfect idols and many are able to see this form of the children. All are very happy. All are very happy seeing themselves in the angelic form. Baba is also showing you Dadi too in her angelic form. Each one is visible as being worthy of worship. You cannot sit here for long now because all of you can see your confluence-aged form sparkling very well. Just as earlier you *emerged* in the angelic form in a *second*, so you are even now visible in your angelic form. Come here and see how the whole gathering has changed in such a short time. Where will all of these crowned ones go? Just as you are now in the incognito, *merged* form, you will see the same in an *emerged* form. Look at how the whole gathering is visibly sparkling. Someone may be bent over or sitting crooked, but all are sparkling and all are happy to see themselves. What do you like? You like your sparkling angelic form, do you not? You began to sparkle in a *second*. Look, the whole gathering is sparkling. See your own sparkling form very clearly. Seeing your own sparkling form, you are very, very happy. Baba has made your sparkling form *emerge* and has shown it to you for a short time: Like this, all of

you are angels. Baba has shown all of you in that angelic form. You changed in a *second*. The whole gathering is looking so beautiful, each in their sparkling *dress*. Look at your own face and see how lovely it looks because it is complete. So, you are looking so beautiful. You have changed your ordinary form and are seeing your angelic form, are you not? What can you see in front of you and behind you? Angels - and the whole gathering is visibly sparkling. No one is in an ordinary form; everyone looks similar, in their angelic form. Internally, no matter how much difference there may be, the self knows it, why would we go into that? All we have to do is especially show our own angelic form, the complete angel. So, just see when you *change* into your angelic form, see how the gathering changes completely. Your own angelic form has *emerged*. Your sparkling form will remain with you for some time. So, has your angelic form become firm? I am in my angelic form. Experience this for some time and just see how sweet it is.

Now, Baba is emerging the angelic form: May you be in your angelic form. Now, become an angel in a *second*, and be ordinary in a *second*, and, by *practising* this, you will become angels. Now, stay in the angelic form. Stay longer in the angelic form. The confluence-aged, angelic form will remain in this world for some time. This angelic form will remain with you for some time. You will also experience very well how good this angelic form is. You can stay in the angelic form for as long as you want, however, that angelic form (of the subtle region) is not in our hands. This angelic form is in your *life*. Achcha.

It is the turn of Gujarat and Bhopal to serve. (In total, 24,000 have come. 1,000 Double foreigners have come from 75 countries. (13,000 have come from Gujarat and 4,000 have come from Bhopal.) Very good.

(Munniben said to Baba: Baba, You met everyone very well today, You spoke a very good murlī.)

Some think, they have got to meet Baba in the *last* period, and as it is getting late, they are told to meet Baba quickly. But it is not like that. *Time* is not considered here. However, even Baba does not wait if someone comes late, except for when it comes to the Dadis. The Dadis are the *foundation*. Achcha.

(BapDada inaugurated the India One Solar Plant.)

Whatever has been made has been made in the yagya and so it will continue to be used in that way. As to the rest everything is fine.
