**Avyakt Murli
Revision Course**

**Together with doing all types of service, be co-operative with one another and spread a wave of intense effort into the atmosphere.
Become a conqueror of the mind and serve souls with your mind.**

Today is the special day of love. All the children everywhere are celebrating a meeting with their loving form. All of you are also absorbed in the form of love. Today, even before amrit vela, all the children from everywhere reached here in their loving forms carrying their garlands of pearls of love in their hearts. They were describing to the Father the many various types of feelings in their minds. You know how lovely the love of the children is. The children were speaking to BapDada of the things in their hearts in their different languages and different feelings and also expressing their feelings very clearly through their eyes and mouths (words). Seeing the feelings of love of all the children everywhere, BapDada became merged in everyone's love and the words that emerged from His heart were: Wah children! wah! And the song from the children's mouths was: "Wah Baba! wah!" Seeing every child, BapDada was lost in the children's love and the children were lost in the Father's love.

Today, the Father was seeing the children with the vision of making the children into masters. Today is the day of the children receiving the tilak of sovereignty. Today is the day that BapDada Himself stayed in the angelic form and made children into instruments for world service. He Himself became the *backbone* and revealed the children on the world *stage*. Now, seeing the children's service, seeing the *result* of the responsibility that BapDada gave to the children, He is very, very pleased with the children and is congratulating them from His heart. Congratulations! Congratulations!

BapDada saw that even now, every child has received the blessing that the Father gave of being a world server with a lot of love from their heart and is doing that too. BapDada also saw the *result*. Every child has this deep love in his heart for "My Baba" and the Father has love in His heart, "Wah My children!" At present, the *majority* of the children at big and small *centres* have the enthusiasm to reveal the Father everywhere quickly. Touring around, BapDada saw this zeal and enthusiasm. The children at small and large *centres* have lots and lots of enthusiasm for service and will continue to have it in the future too. Today, on this day of love, BapDada is giving all the children from this land and abroad as the *return* of love and service, multimillion-fold love and remembrance with His dristhi and love from the heart.

According to the time the enthusiasm now to reveal the Father is gradually entering the hearts of souls as well. They understand that the Brahma Kumaris have attained something and that transformation is taking place. Previously, they used to think: "We don't know what they are doing", whereas now, they are thinking: "You are doing good work. What we are not able to do, you have done successfully in your gathering". This is why BapDada is giving special love from His heart to all the children who are sitting in front of Him and all the children everywhere who are listening and watching Him. What do we have to do now? BapDada has already congratulated you for service. BapDada now wants every child to have this zeal and enthusiasm and determined faith for making intense effort: I definitely have to become an angel, equal to the Father, because everyone has now to make the *return journey* with the Father. You definitely have to become an angel, equal to Him because all of you have promised: We will return home together and come to rule together. Father Brahma has already become an angel. So, how will you return with Him? Father Brahma showed his angelic form in his life. He had so many responsibilities. Everyone has to be made into a yogi. However, all of you saw that, even through he had so many responsibilities, he remained loving and detached. He always remained a carefree emperor; no worries, but a carefree emperor. In the same way, you children also have to become equal to the Father, carefree emperors, angels. You must have this determined thought: I definitely have to become this. Or, do you think that you will become that at some point!

BapDada saw that, according to the time, to the extent that you have zeal and enthusiasm for service in a *practical* way, you also now have to have zeal and enthusiasm for yourself to become an intense effort-maker and to make others the same. Become complete and make others complete and also have enthusiasm

in yourself and spread that zeal and enthusiasm into the atmosphere. Be co-operative with one another and now spread a wave of intense effort into the atmosphere. Just as you spread enthusiasm for service among yourselves and into the atmosphere, in the same way, BapDada now has the pure hope that children will spread this wave into the atmosphere. BapDada is pleased, but, even now, you are just making effort whereas you now have to make intense effort.

BapDada has this hope in every child and so each child is a star of the Father's hopes, are you not? Are you? Those of you who feel that you will become the stars of the Father's hopes and spread this zeal and enthusiasm into the atmosphere, raise your hands! Achcha. You raise your hands very well! Seeing the hands, BapDada is pleased. The *majority* of you raised your hands. Baba cannot see the hands of those at the back, but He can see them for those at the front. Those at the back are now raising their hands. Congratulations! Congratulations! Achcha. BapDada has seen that when someone's mind has zeal and enthusiasm for something in particular, then that thing is put into a practical form very well and this is why, this time on the day of love, BapDada is giving you this *homework*. Every child understands that time and thoughts are *wasted* because of the mind. If you have ever had any waste thoughts then you would have experienced how so much of your *time* and *energy* is *wasted*. So, BapDada wants to give you this *homework*: For two months, each child should create a method for the self to stop the wastage of thoughts and time that take place through the mind. Each one of you should keep your *chart* for the next two months: How much *control* did I have over wastage of time and waste thoughts? Because, now, according to the time, it will be time for all of you to serve souls with the power of your mind. For this, it is necessary to pay constant *attention* to your mind. It is said: Those who conquer the mind conquer the world. So, in the atmosphere of manmanabhav, you have to finish all wastage. Are you able to do this? Will you do this? Those who can do this, raise your hands! BapDada will give you a prize. You have to look at your own *result*. If your mind is happy, you will share the happiness of your mind. All of you should pay *attention* to claim a number ahead of all in this effort. Then all wastage will finish! Both the wastage of thoughts and time will finish! Then, in the time to come, powerful thoughts and powerful time will spread into the atmosphere.

Seeing the children, BapDada is pleased about one thing. What is that? That every child has done service, but, together with that, BapDada's signal is: Become a double king. You know that, do you not? One is to be a self-sovereign, a master of the self and the second is to have a right to the future kingdom. Be a master of the self... The Father has the intoxication that there is no other father whose every child is a master of the self. All of you are masters of the self, are you not? The soul is ruling the self. You are not influenced by the physical organs and senses, but you have a right to the kingdom. The Father wants every child to be a constant master of the self, not just sometimes. Can you become this? In the two months that you have been given, *note* down whether you remained a master of the self, or whether you were influenced by your physical senses. Now, you have to become karmateet. Time is coming close. So, what are you going to do? While walking and moving around, you definitely have to become a master of the self. This sanskar is definitely of you Brahmin children. A *double* kingdom is self-sovereignty now and then the world sovereignty in the future. While touring around, BapDada *notes* down the *results* of the children. Now, there is a need to pay more *attention* to being a constant master of the self. BapDada has given you two tasks: 1) To what extent you remain a master of the self for the next two months. You have to look at your own *result*. 2) With the *controlling power* and *ruling power* of the mind you have to finish all wastage. BapDada will give a prize to those who claim a *number* in this. Do you like this? You are going to do it, are you not? Will you do it? Nod. Achcha.

Today, BapDada accepted everyone's love. At amrit vela, there was a beautiful splendour of the children in the subtle region. Today, even the *advance party* came to the subtle region to give the love of their heart and to receive love. They are now asking the Father: Ultimately, until when are we going to have this *part*? What response should Baba give? Those sitting in the first row, what reply should Baba give? What would you say? (Dadi Janki replied: I am ready.) Will you return alone? (Everyone will return together.) You have love, do you not? How can you just leave them and go to rule the kingdom? (Why did those of the

advance party leave me alone and go away?) It was their *parts*. They had to go. Now, you have to try and quickly prepare a gathering. The work that you have been given for two months, if you make everyone do this work and give the *result*, it will happen quickly. (Out of love for Baba, they will do it.) There is love. All of you have *passed* in the subject of love. BapDada sees that everyone has love, but, together with that, you also need power. For this, make amrit vela *powerful*. You sit for remembrance and BapDada is congratulating you for that, but a powerful atmosphere is needed to sit in. Some sit like this, some sit like that. If you were to take a *photograph*, you yourself would feel: Something else is needed now. BapDada has spoken of volcanic yoga and you now have to pay deeper *attention* to that. Everyone does make effort, but now, add the word 'intense' in front of the word 'effort'. BapDada has now given every child two months. The more *attention* you pay, through your *attention*, the more help BapDada will give you. Masters of the mind, make your minds function just as you make your hands and feet function. You can do whatever you want, can you not? If you want to put something in a particular place and not anywhere else, you can do that, can you not? Have such *mind control*. Your mind should only have the thoughts you want it to have. Every night, check your *results*: To what extent did I have *ruling power and controlling power* of the mind. You should now put an end to waste very quickly. Now become powerful and spread the power of being powerful into the atmosphere. Seeing and hearing the children's sorrow and suffering, BapDada now wishes completion to take place soon. You were told that everyone is making effort, but now add the word "intense". "I have to do it", not that I will do it or that I will see about it. This language of postponing something for the future will not work any more.

Today, you all saw the scene of love. Each of you has so much love in your heart, but, to the extent that there is love, so there also has to be power with that. Now, fill yourself with power. None of you sisters should consider yourself to be just a Shakti, but consider yourself to be a Shiv Shakti. You are a Shiv Shakti: the Father is with you. The Father of the Pandavas is with the Pandavas. So, what will you do now? BapDada has told you to add the word "intense" in front of the word "effort". Create such an atmosphere. Be co-operative with one another and, while staying at your own places, make your place powerful. Make your companions powerful. So, what will you do now? You will do something new, will you not? Since you say "My Baba", you have to become like the one who is "Mine" (Baba), do you not? Each one should have this determined thought in your heart. You have very good thoughts. At amrit vela, BapDada sees that you create very good thoughts, that you will do this and that, but when you become a karma yogi, when you come into connection and relationship, then it becomes different. You now need to pay greater *attention* to the stage of being a karma yogi. Achcha.

All of you are happy, are you not? Are you happy? So many new ones also come. Those who are new and have come for the first time, raise your hands! Look, there are so many. Half the class is of new ones. BapDada is pleased to see the new ones who have come because you have at least come here before the final completion. However, to the extent that you have come *late*, to that extent you will have to make intense effort because in this short *time* you have to accumulate enough for your full 21 births in the future. You will have to pay this much *attention*. Save your time! Do not *waste* even a *second*. Remain an intense effort-maker. With ordinary effort, it will be difficult to reach your destination. Nevertheless, BapDada is congratulating from His heart the children who have come. Congratulations! Achcha.

It is the turn of Indore Zone to serve: (7000 people have come.) Achcha. *Teachers* of Indore Zone, raise your hands! BapDada is congratulating the *teachers*. Why is BapDada congratulating all the *teachers*? BapDada saw that those who have become instruments for service in Indore are showing a good *result* of service. You have a good *connection* with those special instruments who are living outside (the centre). You have given the message very well. What more do you have to do now? You are fine in this, and BapDada is congratulating you for this. However, you now have to make those who are in connection and relationship with you into heirs. There are some in contact, but now bring the heir-*quality* souls in front of the Father. You can bring them – you have a good *connection*.

(BapDada was coughing.) Today, the health of the chariot is not so well. Even so, BapDada still came to meet all of you. BapDada is pleased to see the children: Wah children! Wah! This emerges from the heart. To the extent that you say “Wah Baba! Wah!”, BapDada says “Wah children! Wah” even more than that. So, those from Indore, bring closer those who are in *connection* with you. You can do that. There is hope in them. Bring those in whom there is hope in front of Baba. Achcha. You have come here for the sake of service. BapDada is also pleased that each *zone* gets a very good *chance*. You take the *chance* to bring the maximum number of souls. So, you have made this *programme* very good because each *zone* gets a *chance*. However, after taking the *chance*, also bring the *result* of bringing souls in front of BapDada. Achcha.

Speaking to double foreigners (400 have come.) Very good. The *double* foreigners are the decoration of the yagya. Whenever you come, you are the decoration of the yagya. Everyone becomes so happy because you have one very good speciality. Whatever you have to do, you do that instantly. You don't wait too long to do it. BapDada sees that your zeal and enthusiasm is increasing a lot more. There isn't a single *turn* in which *double* foreigners are not present. So, BapDada gives the *double* foreigners the *title* of being *double* effort-makers. Now, demonstrate this! Show the *result* by becoming *double* effort-makers. BapDada knows that service continues to increase and He continues to receive the news. Your service is good. Now, according to what Baba said today, always add the word 'intense' in front of the word 'effort'. Intense effort-making children always keep BapDada in their hearts and BapDada also keeps every child in His heart. You all have BapDada in your hearts, do you not? Raise your hands! Who stays in your hearts? BapDada. And you children are in BapDada's heart. BapDada is giving special love and remembrance to all the children who have sent special love and remembrance. Daughter Jayanti has sent love and remembrance from her heart. Daughter Gayatri has also sent love and remembrance. There were others too. Those who have sent special love and remembrance, BapDada is also giving them special love and remembrance. If someone has a particular desire, you should fulfil that desire and continue to make that one move forward. Their desires are not bad, they are good. They have good enthusiasm for service. Those who sent special remembrance, BapDada is specially giving them multimillion-fold love and remembrance. They are good *all-round* servers. Do not say that Baba does not remember anyone else. Baba remembers everyone. However, these ones have sent special love and remembrance so Baba is giving specially to them. It is a wonder that, in the turn of the different zones, the *double* foreigners are never missing. (Dadi Janki said: Wajeeha has written a letter with a lot of love.) The daughter stays in remembrance very well. BapDada has seen that the illness of the daughter has brought benefit to so many people. *Doctors* are also pleased when they see her because she doesn't appear to be ill as ill as she is. She remains happy. This is known as being victorious over the illness. The illness is doing its own work and the daughter is busy in her own work of remembrance. She is also an *example* of the *double* foreigners. BapDada is giving the *double* foreigners love and remembrance from His heart and also giving them special congratulations for coming to Madhuban as its decoration. You all like this, do you not? All the children are also happy when they see you come. “Wah! Wah!” emerges from everyone's heart. You have already performed the wonder that you have given your message to many different places. However, now prepare heir-*quality* souls. Having prepared heirs abroad, bring them here. You can do this because you are those who go *fast* in everything. So, you can also do this. Achcha.

Teachers: (Many have come.) Seeing the *teachers*, BapDada is very pleased because the instrument *teachers* have become instruments to reveal BapDada. Seeing any *teacher*, everyone is happy because a *teacher* means the one through whose *features* the *future* is visible. What is your *future*? Your *future* is to remain always happy in the heart, always to have a right, not to be dependent. So, the *features* of the *teachers* give a vision of this. Each *teacher* should always think: Whether you speak something somewhere or not, your *features* and face reveal the attainment of the present and the future. Always pay this *attention*: Is my face always such that it grants a vision? Any who come in front of a *teacher*, seeing the *teacher*, they would firstly become happy and happiness would then become visible in their lives. You are so happy and you also have the fortune of happiness. BapDada saw that the aim of each and every *teacher* is good: “I have to do this. I have to become this.” It is like this, is it not? What is your aim? This is your aim, is it not? So, this aim is visible in your qualifications but it should be even more visible. Whoever comes should

definitely take that happiness away with them because every human being needs happiness. They want it, but they are not able to become that. So, '*teachers*' means those who serve through their *features*. They should experience: What has this one become? Now, as you progress further, your faces and activity will do this service a lot more because as the times become more delicate, you will have less time, but their desire to receive something or other will increase. This is why *teachers* should always remain *ever-ready* so that anyone who comes should definitely take away something. They should take away something or other from your faces and activity. You are the children of the Bestower, are you not? BapDada is very pleased on seeing the *teachers*. He sings their praise in His heart: Wah *teachers*! Wah! Each *teacher* definitely does do service and you must be checking your *result* at night as to what service you do each day. You look at your own *chart*: Did I fulfil the aim of service that I had? If not, due to one reason or another, then do *double* service the next day. Do not just leave it, because a *teacher* means an instrument bestower, a child of the Bestower. So BapDada is pleased no matter whether you are from a small centre or a big centre, because to come to a service place, having renounced everything, is also courage, is it not? BapDada is pleased with your courage. Now make more companions. Make more teachers emerge because service is going to increase. Now, wait for a little upheaval and everyone will come to you with a longing! Service is going to increase; it is not going to decrease. It is good. The *majority* of the teachers are of this *zone* and there must be a few others too. (2000 teachers have come.) Congratulations to the *teachers*.

Those from Calcutta have done beautiful decorations. Those from Calcutta have taken on this service very well from the hearts. BapDada sees that it does not matter what the decorations are, they do it with their hearts. BapDada sees their heart in this, not the decoration: that is visible while walking and moving around. Congratulations because you do everything from your hearts. Congratulations. It is good. In any case, Calcutta is the place of Father Brahma's divine birth. It is good. Your "*in-charge*" Dadi is also playing a *wonderful part*. BapDada is saying to all *zones*: Now, bring heir-*quality* souls here through your service. Claim a number in this. You have already received congratulations for increasing service places and increasing the Father's children. However, every *zone* should now keep the aim to increase heir-*quality* souls. BapDada always says: Increase the *quality* of those who are *mikes* and also heirs, so that when one of them says something, many can become influenced. This is known as *quality*. Achcha.

To all the extremely lovely, co-operative and *serviceable* children, BapDada is giving love and remembrance filled with love on this day of love. Together with that, BapDada is telling every loving child: Now, each child definitely has to become *number* one by keeping that aim and making intense effort, and the drama will definitely make you that. It doesn't matter where you are sitting, BapDada is seeing all the children everywhere and how you are sitting with zeal and enthusiasm. You are listening and also watching. Love-filled love and remembrance and congratulations to each and every child. Congratulations.

To the Dadis: Look, all the instrument Dadis are very lovely. (Dadi Janki said: Dadi Gulzar is also very good.) What would they do without you? All the Dadis are lovely and detached. (We have many blessings from Baba.)

To Mohiniben: You are courageous, you will be fine. BapDada is making you move. You are also moving along. BapDada is making you move. You are at least moving along having settled some of your accounts and you have been able to come here. Very good.

(To everyone.) BapDada loves every child so much. Even though the Dadis come in front and you don't, Baba loves every child. Do not think that you are those who simply observe from a distance. You are those who stay in the heart. Achcha.

To Par Dadi: Your *zone* has come. Did you see how so many good people have come? Achcha.

(Each of the three senior brothers presented a bouquet to BapDada.) Your trimurti (trinity) is also good.

(Rameshbhai presented a photograph of “Godlywood Studios” to BapDada and informed Baba of the inauguration that is to take place on 26th January.) Very good. Now, use that place a lot. Everyone should use it with great force. Do new things! It will happen. Service means to eat the fruit. You are not just doing service, you are eating the fruit. (Dadi said: Ushaben had a lot of enthusiasm to serve.) Her feelings (bhavna) will do the work. Whatever bhavna she had in her heart to serve, that will do the work. She had a lot of enthusiasm for service and that is why she was loved by the family and the Father.

To Rameshbhai: Is your health OK? Make yourself move along with it.

To Bhopalbhair: Is the officer OK now? He continues to do something or other even now. Put him right with yoga. Go and serve him a little through which he feels that you have pure and positive thoughts for him. He should experience this. Then everything will be fine. Achcha.

To Golakbhair: (He works very hard.) He is receiving internally the fruit of his hard work. Hard work never goes to waste. The fruit of your hard work is that you receive everyone’s love: this is the fruit. If something happens, that is a different matter. However, you have love in your heart. Achcha.

Speaking to Narayan Dada and Manoj: Both have come. Very good. It is good that you have come. You should come in every *turn*. Previously, you used to come, but now you only come sometimes. Baba does not like “only sometimes”. You should come in every turn because Baba wants every soul to move forward the most. You will come, you will go, you will meet everyone and experience happiness. Your face will become happy and all thoughts will finish. You do have many thoughts, do you not? You will become happy, because you have received the knowledge. You will also be happy. Both of you have to remain very happy so that anyone who sees you asks: From where did you receive this happiness? It should be like that. It is good. If you remain happy, all *problems* will finish; that is a *guarantee*. You do think a lot, do you not? Remain happy! To the extent that you remain happy, your health will remain good and everyone who sees you will also become happy. Even so, you have a relationship with the family. How many relatives do you have? Wherever you may be living, serve through your face. Whoever sees you should ask: “Who are they? Where have they come from?” You have taken that sustenance, have you not?

* * * O M S H A N T I * * *

**Now, become an *authority* of the experience of being an embodiment of remembrance.
With volcanic yoga, give everyone the co-operation of the rays of *light* and *might*.**

Today, BapDada is seeing His small world of souls in front of Him and of everywhere else and is pleased. Although this world is small, it is very lovely because each and every soul of this world is an elevated soul. It is these souls who are a handful out of multimillions. It is these souls who have a right to the Father's inheritance. BapDada is pleased to see every child: each and every child is a king child. BapDada has made each child one who has a right to self-sovereignty and a right to the sovereignty of the world. At this time, all are those who have self-sovereignty, that is, they are the kings of the mind, intellect, sanskars and the physical senses. You are not influenced by the senses. You are also masters of your minds. In the same way, does each one of you children consider yourself to be a master of the mind and also a master of your sanskars? It is not that sometimes you are the master of your mind and sometimes your mind is your master, is it? You say, "My mind"; you do not say, "I, the mind". So, you are the master of that which belongs to you. Check that the mind does not become the master sometimes. At this time, BapDada has seated each one on the seat of those who have a right to self-sovereignty. You are self-sovereigns at the present time and the future kingdom is yours anyway. You have a right to *double* sovereignty. BapDada is seeing that, together with having a right to self-sovereignty, every child also has self-respect. So, sit with the awareness, "I am a soul with self-respect", and you will see how such a long list of titles of self-respect comes in front of you. A garland of many types of self-respect comes in front of you, does it not?

BapDada has garlanded every child with a garland of self-respect. As soon as you hear of the word 'self-respect', the different titles of self-respect come into your awareness, do they not? Just remember how great your self-respect is in the eternal form. Have you gone into your eternal form? Each one's self-respect is: I am a sparkling soul with the Father. Because of having the Father's company, you are especial sparkling souls. Can you see that? In the sky, too, some stars have a special sparkle. In the same way, because of being with the Father, you are sparkling souls. Do you remember your eternal form? Can you stabilise yourself in your eternal form in a *second*? Now, stabilise yourself in that eternal form in a *second*, for one *second*. You become so intoxicated! Now move forward; you have now come to the beginning of the world cycle. Perform this drill: See your form at the beginning of the golden age. It is such an elevated form: An embodiment of happiness. It is a form of being an embodiment of all attainments. There is no name or trace of sorrow. Even the elements are beautiful and satoguni. Just experience your deity form! Can you see your own form? Whether someone is a king, a great soul or a politician, have you seen anyone who is an embodiment of all attainments? So, stabilise yourself in your deity form for a *second*. You enjoy being in your self-respect, do you not? I am a deity... BapDada is conducting this *drill*. Then, come down - which age is it? In the copper age, too, your self-respect is of being worthy of worship. Your form is worthy of worship. Can you see your worthy of worship form? Everyone worships you with so much devotion and discipline. No one else is worshipped with such discipline. Whether someone is the founder of a religion, a guru, a politician or an actor, no one else is worshipped with such discipline. So, did you see your self-respect? Did you experience it? Now, come to the confluence age. Are all of you going around the cycle? Are those who are sitting at the back going around the cycle? Raise your hands! Look at your self-respect, because you are those who have a right to self-sovereignty, are you not? At the confluence age, God Himself, the Master Himself, fills the lives of you children with the speciality of purity. This purity is the mine of all types of imperishable happiness. Who made you become this? God Himself! Even now, you have received as practical proof the property of purity from the Father. Now, *check!* Purity is the basis of all attainments. All of you have become *master* almighty authorities through purity. So *check!* Have I attained all powers? Some children say: The Father has given all the powers, but the power that we need sometimes comes a little time later; it comes when the situation is over. What is the reason for that? The Father gave it to you as a blessing but, in spite of that, it doesn't come to you at the time of need. What is the reason for that? You are not seated on the seat of the awareness of being a *master* almighty authority. An order is only obeyed when it is given by someone seated on the seat of his position. Whenever you order any power, first check: Am I seated on the seat of awareness? Am I seated on the seat of self-respect? Stabilise yourself on the seat of awareness and all the powers are bound to come to you at the time of need because the Almighty

Authority Father has made you into *master* almighty authorities. So, you are moving along while having imbibed such *powerful* self-respect, are you not? Have you seen your self-respect? Where will you go after the confluence age? You will be on the *return journey*, will you not? This is why BapDada wants each one of you to continue to perform this *exercise* throughout the day. Make time for this again and again. By garlanding you with the garland of self-respect and by your experiencing it, BapDada has given you a right to self-sovereignty. Therefore, it is not possible that that self-respect would not obey your orders. Simply remain seated on your *seat*.

BapDada saw that everyone does pay *attention*, but now, *set* your daily timetable on a regular basis. Every now and then, stabilise yourself in the form of the awareness of your self-respect. For instance, just as you do *traffic control*, in the same way, for the awareness of self-respect, fix a time regular time in your routine to have the awareness from the beginning period till the *return journey*. You can do this while walking and moving around because it is only your mind that you have to sit on the *seat*. BapDada saw...and you were told earlier too that all of you do have yoga, but what is needed now? Seeing the conditions of the delicate times, you were also told earlier that volcanic yoga which will do *double* the work is needed now. Firstly, you will be able to cremate your old sanskars. At present, you kill your sanskars, but you do not burn them. Even after killing them, they sometimes awaken. Just as Ravan is not just killed, but also burnt, in the same way, you have to cremate your old sanskars, which, every now and again, reduce your intense effort. For this, you need to have volcanic yoga. Firstly, for yourself. Through volcanic yoga you become a form of *light* and *might* and secondly, because you are in that form, you can give others co-operation through your rays. So, now, have you all transformed your yoga into volcanic yoga? Now, according to the time, all souls need your co-operation.

At amrit vela, BapDada gives love to every child. BapDada sees that you keep a very good aim and you also maintain courage. However much *attention* you have at amrit vela reduces during the day. What is the reason for this? When you are engaged in performing action, and you do have to perform actions as a karma yogi, there is a difference. You are not those who simply have yoga, but you are those who have a yogi life. A life is for all time, not only sometimes. So, what does BapDada want now? Generally, many of you have *passed* in the subject of love. In the *subject* of love, the Father saw that the *majority* of you experience love by saying "My Baba, my Baba". The *majority* of you have *passed* in the *subject* of love. What do you have to *pass* in now? In becoming equal to the Father. What do all of you want? Do all of you want to become equal to the Father or will the Father remain the Father and you are just the children? So, you will have to become equal to the Father. What does it mean to have love? It means you definitely have to do what the person you love tells you. All of you love the Father and the Father loves you; if so raise your hands! You have love? Good. So, now, just as you have love, BapDada wants you to have the aim of becoming equal to the Father. Raise your hands for this! You have this faith and you raise your hands very well too. BapDada is seeing this.

BapDada wants each and every child to be visible as one who is happy and has the fortune of happiness through your face and activity, because, according to the time, your face will do a lot of service. There will be a need for this. BapDada wants you to keep the aim for this from now. As it is now the Platinum Jubilee, everyone has the zeal and enthusiasm to do service. In the same way, you should have the enthusiasm to serve through your face because, day by day, delicate times are definitely going to come. At such a time, your face should make souls *cheerful*.

Today, BapDada toured around at amrit vela. What did He see? You all sit with your own interest, but the greatest authority of all is the *authority* of your own experience. Baba saw that you sit, but you have to be an *authority* of experience. You sit with that awareness, but you should experience being an embodiment of that awareness. You experience the bliss of being an *authority* of experience for a short time. You think that you are seated on BapDada's heart-throne, but to experience yourself as an embodiment of that awareness and be lost in that experience: this has to be increased even more because the *authority* of experience is the greatest authority of all. To remain as an embodiment of awareness is said to be an experience. So, become lost in that experience. Stay in the experience of the form that you have in your awareness: this is needed a lot more because an experience is never forgotten. Sometimes, you try to relate

something through someone else's experience because experience has an impact. You keep yourself as an embodiment of the awareness of a particular form, so become lost in that experience. That experience helps a lot in your efforts too. BapDada saw that you are numberwise in being *authorities* of experience. So, now, pay greater *attention* to the practice of being an *authority* of experience. The stage of being an embodiment of experience is always merged within and the face and activity of such a soul does service.

Today, BapDada was seeing the *record* of the children. Firstly, pay more *attention* to having volcanic yoga through which you will receive help in transforming your nature and sanskars. Even now, your sanskars, which you call your *nature*, do their own work every now and then. BapDada is otherwise pleased. With what? Do you know what BapDada is pleased with? BapDada saw that as you have been listening to the murlis, nowadays you are paying more *attention* to your timetable. Your *attention* has increased and the *tension* of your sanskars will continue to be reduced. BapDada also told you earlier that whenever there is *tension* - simply add an "A" and there will be *attention*. Everyone has to return. This is a firm promise. We will return together and we will rule together. Are all of you happy? Or, are you happy only sometimes? Those of you who believe that you are always happy, not sometimes, but always – raise your hands after thinking carefully! Achcha. You are raising your hands after consideration. Happiness is something that belongs to you. Why should you lose something that belongs to you? So, what will you do now? You have to move forward. What shall we do now?

Is it possible for every centre to remain free from obstacles and free from waste thoughts? Is it possible? Or, do you need time for this? Until now, BapDada has not received a *report* from any centre that their centre is constantly free from obstacles and their companions as well. Not just yourself - but your companions too. That *time* will also come. It will happen because it is you children who have to become this. There isn't anyone else as an *example* who has come at the end and will become an intense effort-maker and go ahead. It is all of you as the *majority* who have to go ahead. BapDada saw the *majority* of you have love for the murlis. However, just as Jagadamba demonstrated in her practical life, whatever the Father says has to be done. She kept that aim and also paid *attention* to that effort. Your Didi and Dadis who have gone into the *advance party* also paid that *attention* and they are now waiting for you. They are all asking: When will the *gates* to completion open? It is not just one or two who are going to open the gates. So, now, make effort to bring the time close to open the *gates*. To become complete means to bring the time close. Achcha.

BapDada is giving love from His heart to all the children everywhere. Together with that, BapDada is also reminding all of you about the homework that He has given for two months. Why? Generally, these waste thoughts make your efforts ordinary instead of making them intense. Therefore, together with love and remembrance, BapDada is reminding all the children everywhere: now, the time of the confluence age is so beautiful and elevated! It is only at the confluence age that you receive all the treasures from the Father. Every second of the confluence age is great. Therefore, always keep the value of the confluence age in your intellects. One second of the confluence age enables you to have so much attainment. What would you reply to someone who asks you: What have you received? There is nothing lacking in the hearts of us Brahmins. We have attained that which we wanted. Now, use that, become an intense effort-maker and bring time close. Achcha. BapDada is seeing that everyone has enthusiasm. So, constantly continue to increase this enthusiasm. Achcha.

It is the turn of Punjab to serve: Half of those in the hall are from Punjab. It is good. Those from Punjab have taken the opportunity to do service in Punjab very well and have increased the number of centres and students. One speciality of Punjab is that you have made very good effort to enable everyone to receive the message. You have also brought VIPs from there into contact and relationship and this is why BapDada is pleased with the serviceable children for the service of Punjab. Courage. The *teachers* also have courage. Even teachers are too many in number. Now, Punjab will bring their *quality* souls. Is this all right? Bring the *examples*. You claim the first *number*. Bring someone co-operative whose sound can put enthusiasm into many others. Prepare such their-*quality* souls and bring them in front of the Father. You can bring them. It is not that it is difficult; it is easy. So, what will you do now? You will bring theirs, will you not? Will you? The instrument *teachers* are good. You can do this. Now claim a *number*. First, Punjab should

bring the heirs, and everyone will see this. Now, there are still some more meetings in this *season*, and so in this *season*, bring such a person that Punjab becomes *number one*. It is not a big deal. It is a matter of just creating a thought. You are good and the students are also good. BapDada saw that even the *students* have zeal and enthusiasm. Where there is zeal and enthusiasm, there is definitely going to be success. BapDada speaks of the lions of Punjab. Baba is pleased with the children who are the lions of Punjab. When you go back, make *plans* so that Punjab brings the *number one* heirs. There is a *margin* for this. It is good. You are able to fill yourselves with power in the *chance* that you receive. BapDada is pleased that each zone in turn alone becomes instrumental for *all round* service. You receive a *chance* and you also create your fortune. Until now, whichever *zone* does this service, BapDada has seen that mostly you make everyone content. Is that right? The *report* is good, is it not? It is good. BapDada is pleased. Achcha.

Meeting of the four Wings: (SpARC, Media, Sports and Religious). Achcha. All these four wings are very helpful for service. They are and can be because all the four Wings can bring many others into connection. For example, the Media Wing is there. Media Wing is now making very good *plans* to make the message reach every home. BapDada is pleased that you are doing everything while being co-operative with one another. You have moved forward and are moving forward. BapDada now wants the media to give the message: Now, according to the time, every soul should have the inspiration to claim an inheritance from their Father. People hear this, but Baba should now receive a *list* of how many heirs have emerged through the media. BapDada has heard that it has a good impact and that the number of *students* is increasing. However, now make a *list* of how many have emerged through the Media service at every centre and in every zone. In the same way, all the other Wings also have to make this *list*. Many have given a *list* today of those VIPs who have come into their *connection*. Baba has received that *list*, but now create sicj a gathering and make them move forward by giving them zeal and enthusiasm. They do come into *connection* with you, but make such a *programme* that they also understand what they have to do in the future. They have heard this, but now, explain to them a little more clearly how they have to move forward. Also make a *list* of how many have been *added* from each Wing. Although they are added, you may not know. BapDada is congratulating those from all the Wings because each wing is trying to increase service and also makes very good *plans* for expansion. All four Wings are doing very good service because each Wing considers itself responsible. The wings also try very hard and this is why BapDada is pleased with them. Just as you are engaged in the task of the Wings with *attention*, in the same way, continue to move forward even more. BapDada is congratulating you. You are moving forward; continue to move forward! BapDada is saying this to all four Wings. None of the wings is weak. You are all moving forward in your own ways. You must be paying attention to the homework that BapDada has given. Now prepare sensible VIPs that come in every Wing. Make a *group* of such sensible courageous ones from the different Wings who can all together make one thing clear. Definitely do this work. Those who are sitting at the front can do this work. You can give them courage. Now, the sound should emerge in a *practical* way of what the Brahma Kumaris want. The service of the Platinum Jubilee has made the importance of the Brahma Kumaris very clear to everyone. It is necessary and you can do it. You have come so far, and there is co-operation from all the Wings. However, they should now understand that God has come. They have reached as far as the Brahma Kumaris. They have begun to understand that God has already come. When they hear this knowledge, they are intoxicated, but they are only just courageous enough to come onto the field. It will come; it has to come. They now have the courage to come. You will see that not a single programme will be *dull* (attended by only a few people). It will always be a *success*. Earlier they used to run away on hearing the name. Now, they understand that the Brahma Kumaris do very good work and they do it systematically with the right method. Their *attention* has been drawn to this extent. BapDada saw the names of those from all four Wings, those who gave the names. There are very good souls in *connection* with you so bring them more in front now. Have a *programme* with them. Give them a *plan* of what they can do. The field is prepared and the fruit is now going to emerge and so BapDada is pleased. Baba is pleased with your effort. Congratulations, congratulations, congratulations to all four Wings! You are making very good effort. Achcha.

Double foreigners and the main instrument brothers and sisters from abroad have come: The double foreigners have been given the *title*, “the Decoration of Madhuban”. You bring splendour to Madhuban and you have made a good difference. BapDada is pleased to see both the effort and the transformation. Earlier,

you used to ask “Why? Why?” and now you say, “Wah! Wah!” You have brought about a good change. You now don’t find anything difficult. You are *ever-ready* for anything, any discipline that is sent in the murlis as a *direction* from BapDada and you also give good co-operation. You are loving and also very good in your co-operation. BapDada is seeing the *record* and seeing that many good incognito co-operative souls have emerged. So, you also have big hearts. You are not those with small hearts. BapDada is pleased. Service everywhere is going along well. BapDada wants two things: Firstly, an increase in service and secondly for everyone to be free from obstacles. BapDada saw that there has been quite a change in both these things. BapDada likes it very much that all of those who have become instruments get together in Madhuban. Firstly, you become the decoration of Madhuban, and secondly, everyone comes to know from where each one has come and the transformation that you have brought about. Everyone listens to your experiences and that also has an impact. If those abroad can do it, why can’t we do it? And so there is enthusiasm. Those from abroad should claim number one in what BapDada wants – in volcanic yoga because the foreigners have the sanskar of definitely completing whatever aim they have. Claim a *number* in two things: 1) Finishing all wastage and 2) Becoming free from obstacles in service. The whole family also has love for you. It is not just BapDada’s love but the whole family has love for the *double* foreigners. Now, those from abroad have to claim *number one* in both these things. Will you do this? It is not a big deal. BapDada also tours around abroad. Baba also tours around at amrit vela. Now, sit as an embodiment of experience. Pay more *attention* to this because the *authority* of experience is huge. You sit with a good aim, but the power that you receive in the morning should also have an impact on your karma yoga and the atmosphere of the centre – this little *addition* is required, but otherwise, BapDada is pleased. You do not lose courage. You remain courageous and you also encourage one another as you move along. The Father also helps. You are not those from abroad, but your original land is Paramdham. So, have good experiences of that and bring the time close. Take the initiative for this. We will demonstrate this by doing it first. We will show it by becoming the instruments for this. It is good. BapDada is pleased in any case. It is not that He is not pleased.

Everyone is pleased on seeing the teachers (double foreign teachers). You remain courageous, you enable others to remain courageous and make them move forward. BapDada loves the scene when all the special teachers get together. Everything becomes clear. You go back filled with zeal and enthusiasm. Seeing all of you, those of Bharat also receive zeal and enthusiasm and so they too do the same. It is good. BapDada is giving each jewel love from His heart and, together with that love, He is also giving your mind waves of zeal and enthusiasm. Achcha.

Have all of you taken love and remembrance for yourself or is it just those of the Wings and the double foreigners who have taken that? BapDada is seeing everyone. He casts His vision and so He gives love and remembrance through His vision. Achcha.

Those who have come for the first time, stand up. You have come for the first time and so now perform wonders. What wonder should you perform? Make first *number* effort. Demonstrate that you are the ones who have come *last* and are going *fast* and will be *first*. It is possible. Such jewels are going to emerge and so you can show that. All of you have BapDada’s help. Make intense effort! Do not make ordinary effort as coming, but make intense effort. You have to do this. You have to become this. You have to go ahead. Have this determination and some such *examples* will definitely emerge. BapDada is pleased that you have reached here before time. You have at least claimed a right to your inheritance. Achcha. BapDada is pleased that you have come. Welcome! It was your *season*, and now demonstrate by going ahead of all. Do not think that you have come *last*. You can go ahead. You will receive help from BapDada and the drama. It is good. Look how many have come! Half the *class* is of those who have come for the first time. BapDada is pleased that you have at least recognised the Father and claimed a right to the inheritance! Achcha. Congratulations, congratulations, congratulations to all of you from BapDada and the whole family!

To Mohiniben: As there is a large gathering, there is enthusiasm because of that. Because of having that enthusiasm, you force yourself a little. Do not do that! Look after yourself! You have Baba’s help. There is nothing to worry about. You will be fine. Take every step while considering your health. Remain carefree.

To Dadi Janki: You are *refreshing* everyone very well. You have to do that. (The One who is doing everything is making me do it.) That is there, of course, but you are doing it. You have to do that. It is fine. You are playing your *part* well.

To Hansaben: This one is also playing her part well. Everyone is happy.

To Par Dadi: You too are an *example*. Seeing you, everyone remembers Father Brahma. You are OK. You don't have any difficulties, do you? Continue to move along in this way. You are fine and will be fine.

To Rameshbhai: Everything is fine, but also keep your health good. Do not get caught up in anything *too much* because you have to do a lot of work in the future too. There isn't just the work of the *studio*. You have to do a lot more other work too and so pay attention to your health. (The Solar project is going on.) Can you not do something for the Solar project in the papers, as you do for other projects? There are many big *firms* who *advertise* things. There are many in *connection* who are not even aware of this. You can go to them because this is service, this is not for your eating and drinking. You are not asking anything for your food or accommodation. This is a means of serving. Try this with those with whom you have a connection.

Nirwairbhai related that the kitchen is also nearing completion. It will happen.

To all three senior brothers: Consider it to be your responsibility. Discuss this among yourselves and if someone's advice is going to make some difference, then clarify everything among yourselves, come to some conclusion and all of you together put it to the Dadis. Consider this to be your responsibility.

(What aim should we keep for service in the meeting?) For service, now let there be the difference that others should invite you. There are many people whom you have served and they can do this. Now, they should give you the *stage* and you just go there and do service. You have done a lot on your own *stage* and the *result* has been good. Now, try *changing* this a little.

(Is Media the only means of enabling the message to reach every home?) That can only be done through the Media. Let it be legal. You have taken the TV channel and are doing so much in that. What is the *result* of that? (Half the number of brothers and sisters that come have come through the TV.) That is good and everyone should know about what is happening. Otherwise they think: We don't know what is happening. There should be news of that. Everyone should know the *result*. There will then be zeal and enthusiasm. Otherwise, you will not come to know. You will just be moving along. (Brijmohanbhai asked about revealing the God of the Gita.) You have been given that work, have you not? First of all, get together four or five such ones who are special and well-known to some extent. Four to five such souls can emerge. First of all, prepare them and have a *meeting* with them and ask them what they believe. Make them instruments and ask them how it is possible to do what we want. There are four or five now. Also look after your health.

Speaking to the senior sisters from abroad: It is good that you take enthusiasm from one another. Pay a little attention to everyone and everything becomes fine. Tour around or send someone else. Continue to have someone tour around and everyone will have enthusiasm and will move forward. The news that you are free from obstacles is good. All of you do get together but, when you do this, share good news with everyone. For example, tell them of the place where there are eight centres which are moving along together very well, and that is good, is it not? You have courage, do you not? Give this news to everyone.

Sister Gayatri sent flowers and the whole family has sent their remembrance: There are two to four families who are very *lucky*. Like that one who is not well (Sister Wajeeha). She may have come *last* but is going *fast*. Some such good ones have emerged. It is good. Look, all of you are from India, all of you belong to India. You are the *heads*, are you not?

*** O M S H A N T I ***

In order to open the *gates* to the home, renounce the “I” of body consciousness with the attitude of unlimited disinterest. On your *birthday*, let your speaking and doing become equal with determination and become an image of success.

Today, BapDada is pleased to see all His children everywhere. The sound emerging from the hearts everywhere is, “Wah Baba! wah!” and the sound from the Father’s heart is also the same “Wah children! wah!” Today, everyone is celebrating the happiness of the divine birth with zeal and enthusiasm. Today, you are celebrating with happiness, and together with that, the Father is also celebrating the children’s happiness. It is only on this day of the unique birthday when it is the same day of the divine birth for the Father and the children together. All of you are giving congratulations and also receiving congratulations because the Father has taken birth in order to create the sacrificial fire. So, only Brahmin children are needed in the yagya. So, this is the only birthday where the birthday of the Father and the children is on the same day and this is why this Shiv Jayanti is said to be a birthday as valuable as a diamond. So, the Father is seeing how each child has come to give congratulations with so much love and the Father has also come to give congratulations. This birthday is a birthday of deep love. The children are loving, the Father is loving and it is a lovely birthday.

The love of all the children in this land and abroad everywhere is reaching BapDada. The Father is giving each and every loving child congratulations filled with multimillion-fold love. This love will easily make every child a karma yogi. This love constantly makes everything easy; it makes you powerful. It is not the birthday of BapDada alone, because the Father always stays with the children. We will stay together, return together and come into the kingdom together. This is also the promise of all of you, is it not? You have to stay together, fly back together and rule in the kingdom together.

Today, BapDada is also especially remembering your devotees because your devotees have *copied* very well what you have done because in the copper age when they first come from the supreme abode, the first birth is always satopradhan, and this is why they have *copied* you very well. So, on this day, together with all of you children, Baba was also remembering the devotees. Today, in the subtle region, there was a lot of splendour of the children at amrit vela. Every child was feeling: I am going to congratulate BapDada, and BapDada also accepted the congratulations from every child with deep love. So, today, this meeting (mela) was taking place in the subtle region. On the one side there were you children and on the other side, your companions who have gone in *advance* had also come. BapDada saw that the *list* of your Dadis and the special senior brothers was a big one. Each of the Dadis was congratulating BapDada and, together with that, they were also congratulating you fortunate children. So, today, in the subtle region, there was the mela of congratulations. All the special Dadis and brothers of the *advance party* were especially remembering you instrument souls who were their companions and were congratulating you from their hearts. So, BapDada is congratulating all of you on behalf of everyone. Did you accept it? There was just the one sound from everyone, from the sisters and brothers: When will you open the *gates* to go home? So especially Didi and Dadi were saying: Ask our friends and our brothers on our behalf: “What date have you *fixed* to return home? You will all return together, will you not? You will not return separately, will you? Everyone will be present together to open the gates. So, they were asking for a *date*. BapDada smiled because even the Father wants this: Now, in order to open the *gates*, all the children need to have an attitude of unlimited disinterest. This is the key to open the *gates*. BapDada continues to say: Become one who has unlimited disinterest and as quickly as possible renounce *wasting* both thoughts and time, that is, become one with unlimited disinterest because BapDada has seen that the biggest obstacle is that of body consciousness. To renounce that body consciousness and to be soul conscious while walking and moving around is unlimited disinterest.

Everyone says, “My Baba, sweet Baba, Beloved Baba!” When you say “Mine” from your heart, then the body consciousness that comes in the form of “I”.... the Father always says, “The consciousness of “I” that you always have, such as “Whatever I am doing..., whatever I say is right”. One “I” is *common* - I am a

soul and this is my body. The other is a subtle “I” – This has already been told, “I did this, I am doing this, I am right in myself” You have to finish this subtle form of “I”. Body consciousness comes in this form. So today, this subtle form of “I” which sometimes makes you consider the Father’s speciality to be yours and you then have the consciousness of “I”: this has to be finished. Just see, in the memorials that have been created; when they make a sacrifice, they don’t actually sacrifice themselves, but what do they sacrifice? A goat. Why did they choose a goat to sacrifice? Because a goat always says, “Mai, mai” (I). The devotees have *copied* you very well. So, on this day, are you able to make effort and finish this “I” of body consciousness? You have come here on the Father’s *birthday*, and so you will give a gift, will you not? The Father does not want any other gifts, but this subtle consciousness of “I”. The Father says: Give this gift to the Father on this birthday. Are you able to give it? Do you want to give it? Do you have this courage? Raise your hands! You pleased Baba by raising your hands. So, by raising your hand, you have given the gift. Would any of you take back something you had given as a gift? Some children say: Baba, we do not want it, but it comes back. What is the reason? When you are asked the reason, you give a very good reply. You say that you know and you accept it, but what can you do when it comes back? Just think about it! If something you have given away comes back to you, would you then keep with yourself something that you had already given away? So, if you have given it from your heart, then, even if it does come back, will you keep it with you? What is the reason for that? You have love for the Father and because of love, whatever the Father says, you want to do that - this *result* comes to Baba, but what happens is that you lack determination. So, *use* determination! You do have the thought, but it is one aspect to have a thought and another aspect to have a determined thought. So, again and again, put determination into the thoughts you have. This *attention* is lacking. Determination is the key to success. So, what will you do today? Will you simply have a thought or will you have determined thoughts? When your thoughts are determined, the sign of that is: determination is the key to success. Because there is something lacking in applying the key, you are not able to have total success.

So today BapDada is seeing that it is the *birthday* of the children and the Father. So, this is a special day, is it not? Throughout the whole cycle, for the Father and children to have a *birthday* on the same day is the speciality of this birthday. So, on this day, the Father wishes that every child to put determination into their hearts today and create a determined thought to finish having waste thoughts and to finish wasting time. You have to *check* with *attention* throughout the day, every now and again, whether your time and thoughts are being wasted. BapDada of course looks at everyone’s *register*. To save time and thoughts means to bring the time of completion close. Are you ready? Or, would you even now say “What can I do if they come?” It is the duty of waste to come, but what is your duty? To welcome the thoughts? It is because you make them sit there that they have made their home there. They (waste thoughts) have also understood that you do not have that determination. Therefore, on this day of love, what do you all have in your hearts now? From amrit vela until now, what repeatedly enters your hearts? My Baba, my Baba, my Baba! In the Father’s heart too, this is, “My children, My children, My children...! The *majority* of you have stayed in remembrance of the Father. There is the impact of this day. BapDada has *noted* this. Because it is a day of love, everyone has been repeatedly remembering, “My Baba, My Baba”, for a long time. Is it like that? Raise your hands for this! It is a matter of today. Do you remember “My Baba”? Did you remember anything else? No. You are raising your hands in this way. Very good! So, repeatedly *check* yourselves every day because every day of the confluence age is the day of the Father’s love. Today, you remembered the Father more because it is a special day. In the same way, at amrit vela always maintain the awareness of how great every day of the confluence age is. In this short birth, there is the *guarantee* of attainment for 21 births. So, there is so much importance of every day. There is so much difference between 21 births and this one short birth.

So, today, BapDada wants this as a *birthday* gift from the children. Will you give this gift? Will you? Raise your hands! Raise them with determined faith! Not that you will see about it or that you will do it later. No matter what happens, renunciation means renunciation. This is not renunciation but fortune. So, if you raised your hand correctly today, then it is a significant day of importance. On your face, there should be the finishing of all waste and the glimpse of constantly being an embodiment of remembrance should be visible on your face and in your activity. These words of Maya, “Why? What? When?, How?”... should

finish for only then will your face and activity do service. At present, there is a greater impact from lectures. BapDada is pleased that you give very good lectures, but, day by day, just as you had very good enthusiasm for service through lectures and words and you attained success, in the same way, now, according to the time, greater service will take place through your faces and activity. You have to practise this, in the same way as you became clever in giving lectures by practicing. Similarly, now give someone the blessing of happiness through your face and activity. Practice this because you now have very little time. Maintaining the importance of time and thoughts and continue to move forward. Everything is to happen suddenly. Therefore, you do remember your *birthday*, do you not? The *birthday* is going to come, it is going to come... for how long did you remember that? BapDada is going to come, He is going to come, we are to meet Him – for how long did you remember that? Now have this thought: With determination, we have to finish having waste thoughts and wasting our time. Merging, “My Baba, my Baba”, in your heart – to simply say this is a different matter, but merge this into your heart, because matters of the heart are never forgotten. You can forget something you have said, but, matters of the heart, whether they are good or bad, are never forgotten. So, today, you gave a gift to BapDada, did you not? Raise both your hands! Oh! wonderful! Take a *photo* of this. BapDada is not just seeing at your hands, but BapDada is also seeing your hearts.

So, you gave a gift for today to yourself as well as to the Father. If your time and thoughts that were going to be wasted are saved, then how would your day be spent? You will constantly have the fortune of happiness and a happy state. Every day after celebrating a meeting with BapDada at amrit vela bring your thoughts into your awareness and, throughout the day, continue to *check*. BapDada is not *fixing a time* but you can *fix* your own *time*. Every now and then *check*: Am I fulfilling the promise that I made to BapDada on our *birthday*? *Check* this by yourself. Everyone wants this. Today, BapDada was looking at the faces: Yes, we do want to do it, we will do it, but then this *waste* comes, and it makes us forget the promise we made to the Father. So, now finish all *waste*! For one *minute*. So, now, for one minute become a *powerful* soul and have the thought: I definitely have to finish all *waste*. Achcha.

BapDada does not want to leave out even one child from making that child to be equal to Himself. He has love for you. Look at the sign of love on this day. Throughout the whole cycle, there isn't a day like this when the birthdays of the Father and the child are on the same day. The Father has love in His heart for every child: My child! God's child!. Whatever thought you have, may it be successful. Let there be power in every thought. Your speaking and doing should be the same. To say it means it has happened. Have pure thoughts. Then, waste will automatically finish because the *advance party* wants a *date*. Your senior Dadis, your senior brothers, you have love for them. You remember them so much. Dadi, Didi, Chandermani Dadi.... Continue to take everyone's names. You remember all of them. So, demonstrate this practically by doing what they want. So, what was today's thought? Your speaking and doing should be the same. Is that OK? So, on this day, BapDada is giving all the children everywhere this *birthday* gift: Let your speaking and doing be the same. BapDada is giving every child the gift of determination on this day. Make an auspicious task successful with determination.

Those who have come for the first time, stand up! Wave your hands! BapDada is giving many, many congratulations to those who have arrived and come to know Baba; My Baba. BapDada is pleased that you have at least come here before the upheaval that is to take place, and so congratulations for that! All the children who have come - have a determined thought, not an ordinary thought. Have a determined thought that you definitely have to become an intense effort-maker. Fast, not ordinary! So, those who are to come will come in your kingdom. Therefore, the time for having ordinary thoughts has now finished. It is now the time and the *chance* for making intense effort. At least you have become the *chancellors* who take a *chance*. BapDada is pleased to see every child and is telling every child: If you make intense effort, you will return with the Father and also remain with Him. So congratulations, congratulations, congratulations!

It is the turn of UP, Banaras and West Nepal: Those from UP have been fortunate because from the beginning of establishment, apart from Delhi and Bombay, Father Brahma and Jagadamba have not been anywhere else as much to meet the children. So, you children are *lucky* that you have received the love of

Father Brahma and Jagadamba by their setting foot on your land. You have received *direct* sustenance from Father Brahma and Jagadamba and this is why UP is fortunate. BapDada has seen that you have a speciality of service, in that you have opened good service centres. Many kumaris have received the fortune of becoming a *teacher* and this is why many *teachers* are engaged in service and have also spread the sound. You also know what BapDada wants, and that is: BapDada is telling all the *zones* to bring heir-*quality* souls in front of the Father. BapDada is now asking all the *zones*: How many heir-*quality* souls are there in every *zone* and in every *centre*? Every *zone* and the *double* foreigners from every place have to give BapDada a *list* of the heirs in their zones - the time is now coming close, so now intensify the speed of service. There are many *regular students* in all the *zones*. However, heir-*quality* means those who are co-operative in every task with their body, mind, wealth, relationships and connections. Not just co-operative with your own *centre*, but heirs are those who are loved by the yagya. An heir doesn't mean one who is very good in serving the *centre*; no. An heir means one who has love, who is co-operative and serviceable. So, send this *list* from every *zone*. All of you from Madhuban, look at this *list*. Ask for it. Then BapDada will give you the *result* as to who can be called an heir and what does an heir have to do. Those from UP who have come to play their parts in their *turn*: you have taken a lot of benefit from this *turn*. Every *zone* takes this benefit and those from UP have also taken a good *chance*. You have given a *chance* to many souls, and therefore, congratulations, congratulations!

BapDada is giving every child, all of those who are standing here, greetings for the *birthday* and, together with that, also giving you the blessing, "May you be an intense effort-maker!" Achcha.

1300 double foreigners have come from 95 countries. Very good. The decoration of Madhuban has reached Madhuban. Double foreigners have so much love for Madhuban and those of Madhuban also have love for the *double foreigners*. The *double foreigners* are the decoration of Madhuban. All the *conferences* and *programmes* that you have had, you have all done them very comfortably. You have had little space, that will also be fine in the future. BapDada is giving this blessing to the double foreigners, the few words of Jagadamba: The Father speaks and the children do it. Always remember this gift of Jagadamba. BapDada knows that all of you have love for the murli. You also have love for the family. You have love for the Father anyway. Now, each of you has to have this speciality: to be an image of success in imbibing everything and in doing every form of service. Each one should have both these specialities so that BapDada can show you as an example in service and put enthusiasm into others. Make such effort and become an *example*. In doing this, you have a right to success with your determined thoughts. Therefore, become an *example*; become an *example* in being an intense effort-maker. Everyone is ordinary anyway, but you have to become a *sample* of intense effort. There are hopes in you. BapDada saw that the *double* foreigners have the original sanskar of whatever they think, they will definitely do that. So, now, become such a *sample* for making intense effort, that BapDada can give your example and also put zeal and enthusiasm into others. There are hopes in you. You can do whatever thought you have. This is why, on this day, BapDada is giving you multi, multi, multimillion-fold congratulations.

BapDada hears about all the things you do. BapDada is pleased and gives congratulations for reaching the atmosphere of Madhuban. Congratulations. Congratulations.

(There was a national co-ordinators and centre co-ordinators meeting. A ceremony of 150 surrendered teachers who have been living at the centres for more than 25 years took place.) Whatever all the *departments* together have *finalised* with co-operation from the Dadis, Baba is pleased that you have made an accurate decision and that you will continue to move forward. Om shanti. Your Dadi also makes you say "Om shanti" a lot, does she not? Achcha.

Seeing every child, whether they are sitting at the back or in a corner, BapDada says that each and every child has constantly to be an intense effort-maker and make others in your company into intense effort-makers. If any soul wants co-operation, give that co-operation from your heart and continue to make them into intense effort-makers. Every child should be an intense effort-maker; not numberwise, but an intense effort-maker. At the very least, those who stay in connection with you and those who come, each place

should be a place of intense effort-makers. Each one should maintain this thought and then BapDada will see the *result*. BapDada will give a gift to those of the centres who are intense effort-makers – not just some, but all companions at that centre. This is possible, is it not? Or is it difficult? No. At least you can make your own place like this. You can make your centre like this. BapDada now wishes to see such an *example*. There is the story of being victorious over attachment. Whomever they met, they became conquerors of attachment. You enjoy hearing it, do you not? In the same way, whomever you see, it should be a group of those who are intense effort-makers. Have this aim for, the qualifications will automatically develop with the aim. Every *centre* should be a *centre* of those who are jewels of contentment. Achcha.

BapDada wants from within His heart that not a single child should be left behind. Everyone should return together. It does not feel good to follow behind; there should be the company and His hand. You do want to return to your home. It is now the *return journey*. For that, just as Father Brahma is an angel, so *follow the father*. Even whilst in the corporeal form become an angel. Whomever you look at, you should see angels and nothing but angels. Then the *gates* will open. Achcha. To all the children, love and remembrance for remaining constantly fortunate and embodiments of happiness.

Meeting the Dadis: (Dadi Janki said: I will stay with Baba, I will not go to the golden age.) Father Brahma will be with you. You have to experience the reward of your efforts. Father Shiva has kept this *time* for you.

(Today, Sister Wajeeha of Kuwait (having left her body this morning) went to the subtle region): She was loved by God and therefore also loved by everyone. It is the *luck* of her relatives that she forged their *connection*. She was *number one* in using everything in a worthwhile way and enabling others to do the same. Achcha.

Today, Baba is also giving love to child Neelu. Why? She is looking after Dadi very well. Of course it is the wonder of the chariot, but, together with that, it is this one's wonder too and this is why you will receive everyone's blessings.

For Dadi Gulzar: Whomever BapDada has made instruments, they are constantly carrying out their work as instruments. She is giving everyone the experience of happiness, peace and power. This soul has this *part* in the *drama*; she has a unique *part*. Dadiji always used to tell this chariot: You got trapped while walking along the path, minding your own business. Each one's *part* is invaluable. Congratulations, congratulations.

(Brijmohanbhai did not come for this meeting but has sent his remembrance.) Also give him the Father's love and remembrance. Give him multimillionfold congratulations. (Rameshbhai told Baba that the equipment for the studio has arrived and that recording will start from tomorrow.) It is good. Gradually, everything will be fine. You just remain carefree and continue to do everything.

(Today was the inauguration of the new bhandara in Shantivan). It will happen and everyone will receive happiness. (All the labourers and carpenters have worked very hard.) Give them love and remembrance. BapDada sees everything as He tours around. Also give them *toli*. (Those who prepare Brahma bhojan are working very hard.) There is praise of Brahma bhojan anyway and so those who are instruments to prepare Brahma bhojan are special souls. No matter how much work there is, they are always ready. Many many congratulations for that. Congratulations. Congratulations. Congratulations.

(A birthday gift for all three brothers.) Congratulations are for all of you to constantly co-operate with one another at the time of need and run all the activities easily in such a way that there is no need to work hard for anything or have to *discuss* anything. Everything should continue to become easy. It is happening, but it needs a little more *attention*. Continue to work together. Giving *regard* to the ideas of one another, continue to *finalise* them. Although there will be a difference in your ideas, you have to unite those ideas and through this make everyone content and spread contentment.

To Hansaben: You have given your life in service, so haven't you received the fruit of service? You already have congratulations. To meet BapDada means to give congratulations. There is no need to say it. You are receiving many congratulations in a subtle way because you are looking after that chariot. This one (Neeluben) is looking after this chariot, and you are also looking after that chariot. So, there is *value*, is there not? And, you receive congratulations every day. At amrit vela every day, BapDada gives you congratulations. You are doing very well.

BapDada hoisted the flag for the 76th Trimurti Shiv Jayanti and congratulated everyone.

BapDada's many, many, many, many multi, multimillion fold congratulations to the children who, with their heart, hoist the flag for world service. Father Shiva is sitting in your heart. He is the Comforter of Hearts. He is the Comforter of Hearts (Dilaram). So, continue to take congratulations from this Dilaram of the heart and so continue to give congratulations in all four directions. It is for service of the people that flags are hoisted everywhere, and so their hearts should become aware of who their Father is. They don't recognise Him, do they? So, you are hoisting the flag so that they can recognise Him, but, otherwise, the Father Himself is sitting in your hearts. The memorial of that is here, in the form of the Dilwala Temple. So, multi, multi, multi, multimillion-fold congratulations.

***** O M S H A N T I *****

Sorrow and peacelessness are increasing everywhere now. Therefore, reveal your world benefactor form. Increase service through the mind. Become *double holy* (pure) with the colour of the Father's company.

Today, BapDada is seeing the lines of fortune of each child. He is seeing the line of the sparkling star on the forehead, the line of love and power in the eyes, the line of the smile on the lips and the line of multimillions at every step on the feet. All of you are also happy to see the lines of your fortune, are you not? In your heart, you are singing the song, "Wah my fortune!" Seeing each one's forehead sparkling with the divine star, BapDada is pleased and is singing the song in His heart: Wah children! wah! What is the song He is hearing from the hearts of the children? Wah Baba! Wah! So, children are wah and the Father is also wah! So, what does that make this whole gathering? Wah! wah! wah! So, seeing your fortune, always remain just as happy as you are now. Only now, at the confluence age, do you receive this fortune. Every moment of the confluence age has great *value*. Each moment of the confluence age becomes imperishable because every moment is connected with 21 births. One moment of the present time is connected with 21 births. So *check*: If one moment is wasted, it is not a matter of just one birth, but it is a matter of 21 births, and this is why BapDada draws the *attention* of you children from time to time: Do not waste a single moment or a single thought of the confluence age because it is not that you have wasted one birth, but you have wasted 21 births. Remember the importance of the confluence age at every moment.

BapDada gave everyone the *homework* of not wasting time or thoughts. So, did all of you do your *homework*? Those of you who feel that you paid *attention* and also attained a lot of success, and that you reached the qualifications of your aim, raise your hands! Achcha. Are the Pandavas raising their hands? Raise your hands high. Now, not everyone has done this work. If you constantly keep the importance of the confluence age in your intellect, that you have received this task from the imperishable Father, and that every moment is to become imperishable, it will happen easily because it is the imperishable Father who has given you this blessing.

The Father has told you that every Brahmin has a line of multimillions at every step. Just think: If you have a line of multimillions at every step, then of how many multimillions do you have a *golden chance* at the confluence age? Each one of you has to keep this fortune of yours in your awareness. Some children wonder what BapDada wants. BapDada wants each child to become a *double* king: a master of the self at the present time and a ruler of the world in the future. No child should be any less in becoming a *double* king. Each of you children has a right to *double* sovereignty, do you not? Nod your head! Does every child have a right to the *double* sovereignty? The Father is then so happy.

BapDada sees the *record* of every child daily. What does He see? Each one of you must know this in your heart. You have become masters of the kingdom, but, at present, you only have self-sovereignty. Self-sovereignty means that you are able to keep your mind, intellect and sanskars under your *control*. They should stay under your *control* as and when you want. For instance, the physical limbs, the hands and feet stay under your *control*. In the same way, you should have *ruling power* and *controlling power* over your mind, intellect and sanskars. At present, it is visible that many are numberwise in this. These too are mine. I am not the mind, it is "mine"; the sanskars are "mine"; the intellect is "mine". Therefore, the *controlling power* and *ruling power* are numberwise. From time to time, BapDada continues to warn you of the time. According to this time, the self-respect of each one of you is that of a world-benefactor. Now, according to the time, it is time for each one of you children to reveal your world benefactor form. Sorrow and peacelessness are increasing everywhere. Your brothers, your sisters, your family, are all experiencing sorrow, so do you not feel mercy for your family?

BapDada is now giving this signal: Together with self-service, also do world service in the same way that you are doing service through words very well with a lot of splendour at present. BapDada is pleased. The 75th Platinum Jubilee has brought about a lot of enthusiasm for service in the minds of the *majority* of you. Seeing this BapDada is pleased, but service through the mind is now also needed because you have to

become world benefactors in all ways. Service through thoughts, words and deeds, that is, through your face and activity - all three types of service is now necessary. *Check* daily: What *percentage* of service did you do with all three types of service? BapDada has already given you a *certificate* for serving through words, but now, through the subtle *vibrations* of the mind, you have to become a support for souls in their sorrow and peacelessness. Do you not feel mercy? BapDada feels mercy for the children, because no matter what they are like, they are still children. So, every child now has to become, not just a benefactor of the centre, or a benefactor of the *zone*, but a world benefactor. BapDada is now drawing your *attention*: Become a benefactor for your devotees because this confluence age is very important. Now, at the confluence age, you can receive as much co-operation as you want from the Father. So, did you hear what you have to do now? Increase service through the mind. According to your own duties, just as you have *fixed* the *times* for *traffic control*, in the same way, each one of you should also *fix* a *time* for doing service through the mind. When sorrow increases, everyone's *attention* at that time will be on that upheaval, but it is now time for serving through the mind and this is why all of you children have to make your world-benefactor form emerge. Benefit for the self is automatically and easily included in world benefit because waste will come if your mind is *free*. However, if your mind is *busy*, waste will then easily finish. So, when BapDada tours around everywhere in this land and abroad and sees the children who do not have knowledge, He feels mercy and this is why all of you now have to become removers of sorrow and bestowers of happiness.

Today, all of you have come to celebrate Holi. Your Holi is so different from the Holi of the people of the world. However, BapDada has told you earlier too that your devotees are clever in *copying* whatever you have done, because all of these rituals have been created by souls who have come from the copper age. It was their first birth and that was why their intellects were also satopradhan. It is the law that everything is at first satopradhan and then goes through the stages of rajo and tamo. So, at that time, in their own way, their intellects were sato and that was why they copied your every speciality. You constantly stay in happiness with enthusiasm and so they began to celebrate that as a festival. You were told on Shiv Ratri how they are very clever in *copying*. In the same way, now, at the confluence age, you have constant enthusiasm and so they have created a memorial of your enthusiasm in the form of a festival of enthusiasm. So, what do they do at Holi? You too have coloured your lives, but what is your colour? The colour that all of you have is that of the Father's company. You stay in the colour of the Father's company all the time, do you not? So, they have also created colour, but, because they are *body conscious*, they have taken the colour to be physical. However, all of you constantly stay in this colour at this benevolent confluence age. You remain coloured with the company, do you not? You have coloured yourselves, have you not? You have been coloured by the colour of the company; in *English*, *holy* is said to be purity. So, you become *holy*, that is, pure in the colour of the company. You have become pure, have you not? All of you are observing the vow of purity, are you not? Is this firm? You may be numberwise, but to be a Brahmin means to make a vow of purity because the Father is ever pure. He is the form of purity. He does not have to become that. His form is that of purity. So, do you know what the speciality of Holi is? You become pure but, in the colour of the company, you become *double* pure. Founders of religions and great souls become pure, but they only make their souls pure. You become pure with body and mind in the future. From the beginning, all those who have come from the copper age can make effort to become pure, but no one has become *double* pure: pure body and pure soul. When you have a right to the kingdom in the future, then both the soul and the body will be pure. Go around the whole cycle. Those who have come from the copper age – from the copper age till now, has anyone become *double* pure? So, how did you become *double* pure and so great? What colour are you coloured with? You are coloured with the colour of God's company. So, just as the Supreme Soul is pure, so you also remain *double* pure for 21 births. Even the founders of religions who came are not *double* pure. This is your fortune because you stay in God's company. You stay in the colour of the company so strongly that you become *double* pure. Another meaning of Holi is "ho li" (it has happened). It has happened, the past is the past; it is the past. Do you know how to let the past be the past? Whatever has happened has happened. What is the meaning of the words "ho li"? The past is the past. Through that, you remain *double holy* for 21 births, not just for one birth because every *second* of the confluence age has a *connection* with 21 births. If you use one *second* or one *minute* in a worthwhile way here, then your 21 births will be worthwhile. That is a *guarantee*. So, did you celebrate such a Holi? Do you know how to let the past be the past? Whatever has happened in the past has happened. So, what is the third thing that they

do? First, they burn and then they celebrate. So what did you do? With the fire of yoga, you burnt your weaknesses and sanskars, which had been wrong sanskars for many births, did you not? Have you already burnt them or are you still burning them? Have you burnt them? Those of you who think that you have burnt your sanskars with the fire of yoga and that they are now burnt, raise your hands! Have they been burnt or do they still come back? Do they come back a little? When you send your chart to BapDada, you say that the majority of them are gone. You are clever in saying this. You say that the majority have finished, but that they sometimes emerge a little. However, to burn means to burn, because after something is burnt, no name or trace of it remains. After something is killed, there is still the memorial in the form of the body that is visible, but, after it is burnt, it is completely finished. For instance, look at Ravan, he was not just killed, but also burnt so that all name and trace was completely finished. So, all of you should also note down whether you have just killed your sanskars or whether you have burnt them. Have you burnt them? If you have not burnt your old sanskars, they will *emerge* every now and again. However, the devotees have *copied* everything. You burnt them and so they also burn everything and then celebrate. They do not celebrate anything without first burning it. You have become *holy* by burning your sanskars. Some are becoming that and some have already become that. So, did you celebrate Holi? That of the colour of the Father's company. You are now sitting in His company and so you celebrated the Holi of the colour of His company, did you not? Did you celebrate it? Raise your hands! You celebrated it. To celebrate Holi means to become *holy*, to become pure. As is the Father, so are the children. If, for instance, a sanskar that is not burnt emerges again, would you like it? You have the thought that, you definitely have to burn it with intense effort. You do not just have to kill it. In some cases, you have just killed that sanskar, and that which is killed sometimes takes new life. However, if you burn it, it will never emerge again.

So, today, are you going to burn them or is it fine just to kill them? Do you have the power to burn them? Do you have this power? Can you have this thought? Some say that they have heart-to-heart conversations with BapDada. They have very sweet heart-to-heart conversations. They say: Baba, I tried a lot, but they emerge again. I don't want them to, but they emerge again. Do you know what the reason is for this? You burn them, and BapDada sees this. You make a lot of effort, but, together with that effort, you also need to have determined thoughts. Determination is the key to success. Whatever determined thought you have, "determined" means that it does not come back again. Then, you know - you speak of very sweet things. Do you know what you say when they come again? All of you have this heart-to-heart conversation, do you not? You have a very sweet heart-to-heart conversation. You say: I don't want it to come, but it comes. So, this means that you don't have that much power or determination. Become one who has determined thoughts: I have to do this. Then *check* daily that determined thought and see what the reason is for weakness in that determination, and continue to pay special *attention* to that circumstance so that it does not emerge again. Sit on the seat of a *master* almighty authority and have a thought to finish that sanskar and then finish it! Some children say that they sometimes experience a particular power not coming at the time when they want it. They do have the powers, but sometimes, when they want to make a particular power emerge at a certain time, it doesn't come. You are *master* almighty authorities. What is your *title*? *Master* almighty authorities. And, what do you say? That that power does not appear at that time. What is the reason for that? You are not seated on the seat of a *master* almighty authority, one with all powers. Even now, if you go to the office, you have to obey those who issue orders with that authority, do you not? Would you obey someone else who might give you those orders? Your *seat* is that of a *master* almighty authority. When you are not seated on that seat, then, even if you invoke a power, it will not come at that time. For this, BapDada has repeatedly told you to keep your mind *busy*. Throughout the day, make one power *emerge* and then sometimes make another power *emerge* and see what its strength is. If you continue to experience this and remain seated on your seat, the powers will then always be present in front of you. They are your powers, are they not? So, did you celebrate Holi? You always continue to celebrate Holi. You always colour yourself with the colour of the Father's company. You are coloured with that colour, are you not? Achcha.

If someone has not yet done the homework that BapDada has given, then BapDada is giving one *extra* week. The date that has already been given still stands, but you are now being given one *extra* week in which to definitely complete the *homework*. Is it possible? Is it possible? Raise your hands! Since you have raised your hands, you will have to do it. You raise your hands so well that BapDada is pleased, but you also have

to do it because you can now see the speed of time. BapDada has been giving you the *warning* of “suddenly” for a long time. This is why BapDada is now giving each of you children this self-respect: Each child has to become a special soul with this determined thought. You have a thought and it happens: this is known as a determined thought. Some of you say that you had a determined thought, but determination means success. If you do not have success, it cannot be said to be determination. So, now, may you have determination! Bring this special self-respect into your awareness every day at amrit vela and continue to move forward with this method. Now, two *turns* still remain and so what will you do in these two *turns*? What will you do? Speak! Those sitting in the front row, speak! What will you do? You definitely do have to do it; not that you will do it at some point, but you do have to do it. To belong to the Father over a long period of time brings attainment over a long period of time. The time of the confluence age is very lovely. A second is not just a *second*, but one *second* has the attainment of a year. This is why BapDada continues to say that not a single *second* should go to waste. Not a single thought should go to waste. Become powerful and make others powerful. Is this all right? Is this OK, *teachers*? *Teachers* are nodding.

BapDada has a lot of love for the *teachers*. He has love for everyone, but the *teachers* are responsible. Who is going to fulfil BapDada’s desires? Who? You should say, “We *teachers*”. Raise your hands! Look, there are so many *teachers*! Wonderful! Achcha. You have also celebrated Holi, so what do we do now?

It is the turn of Rajasthan to serve: (There were 4000 from Rajasthan.) It is not small, Rajasthan is big. You can say that Rajasthan is a room of Abu (being the headquarters). Abu is big and so its room would also be big. BapDada is pleased with Rajasthan because those who have emerged there from their childhood are immortal. They are immortal in service. Not with their bodies, but in service. Heir-quality souls had emerged from Rajasthan in the beginning and so it was easy for BapDada to give the example of heir-quality souls; and, just as Gujarat is close, so, Rajasthan is a big room of Abu. What do you say whenever you are called? Present! Present my Lord! BapDada is seeing the speciality of every *zone* and the *system* that you have created is very good. Who created it? Munki (Dadiji created it). Dadi was Dadi. The speciality of all the maharathis who have departed is that they become present at amrit vela; they have not renounced their *meeting* of amrit vela. They were very firm in their discipline here with themselves and for others too. They didn’t just tell others, but they themselves observed that discipline and put zeal and enthusiasm into everyone. This system is very good. All of you like it, do you not? You have a *chance*. Those who have come for the first time from Rajasthan, raise your hands! Those who have come from Rajasthan to Madhuban for the first time, raise your hands! You have a good *chance*. There are so many from Rajasthan. Generally, you have to come according to the *list*, but you now have *freedom*. Servers also receive a *chance* and so should BapDada congratulate Dadi or all of you? Dadi created the system and you are putting it into a *practical* form. Therefore, congratulations to you too. Achcha.

Now, Rajasthan has to perform one wonder. You have to bring first-number, heir-*quality* souls in front of Baba. BapDada has seen that all the Wings have given a *list* of their contacts. They are co-operative, but what are they going to do in the future? Make those who are co-operative have love for the yagya. When they have love for the yagya, they will all be co-operative in every task of the yagya. You have written very good *lists*. The *majority* of you have continued to give a *list* from time to time. The majority of the *lists* are good, and, even today, Baba received two *lists*. However, now make them loving, that is, make them have the firm faith in the intellect that they belong to this yagya. They are co-operative and they would say that they are co-operative. However, those who are loving would love the tasks and disciplines of the yagya. Those of the wings have performed very good tasks. BapDada also gave congratulations to those of the wings. Rajasthan means those who become kings and make others into kings; not those who make subjects, but those who make kings. It is Rajasthan, and so Rajasthan will perform wonders, will it not?

Two Wings have come - Medical and Transport Wings: Congratulations! BapDada has seen that all the wings that have been created are doing very good work in their own fields. Both the Wings have sent their own *lists*. BapDada saw the *list* and is congratulating you on the basis that good souls have come into connection and relationship. However, according to the time, BapDada has also said today that although they are co-operative, you must now make them loving to the yagya. Make them into heir-*quality* souls. Baba has received a *list* and that is good. However, BapDada told you earlier, that each *zone* should bring

all the co-operative and loving souls together from different places in your own *zones*. Bring them together for three days so that they can stay there, have *meetings* and also make *programmes* for the future. Bring together all the co-operative souls from each *zone* to a main place for all the *zones*. Have a *meeting* and fill them with special power to move forward. Congratulate them for whatever they have done so far and give them a *plan* to move forward because you also have to tell them the method to move forward. So, all the *zones* should bring together souls from all the wings to a special place and we shall then see how many come to that gathering and what they will want to do in future. If you bring them into contact in this way, they will become heirs. BapDada also saw the result of the two wings that are standing here and it is good. This is why BapDada is congratulating both wings.

BapDada has also told you earlier that delicate times are now about to come. So, now, at the very least, make those who are in contact with you have love for the yagya. Baba also heard news about the doctors. You are doing well. However, now, doctors have to make *doctors* who are in contact into loving and co-operative souls. You have made a good *plan*. BapDada has heard about it and expansion can take place through it; your name can spread through it. Those of the other Wings who have also made VIPs emerge from everywhere have proved that you have maintained good *connections*. Now bring those who are just in connection into relationship; they should not be left out. It should not be that the time for completion comes and the co-operative souls just remain co-operative. Therefore, bring them into a relationship now; bring them into a close relationship. BapDada has seen that, from the time the wings were created, service has spread everywhere very well. You have made good facilities. However, BapDada is now telling those of all *zones* to intensify the method of creating heirs. Otherwise, you will receive complaints that they just remained co-operative. Definitely make a *plan* now and it is then whatever is in each one's fortune. Many more can emerge. BapDada saw the *list* that everyone gives at their own time. So, according to the *list*, they are close and some can emerge from them. So now, try this. Achcha.

(The medical Wing is celebrating its Silver Jubilee and eight service groups have been created within that.) It is good that you have created that. Continue to move forward. Achcha.

1000 double foreigners have come from 65 countries: Look everyone! Seeing all of you, everyone is so happy. The Father has found all of you from the corners of 65 countries. All of you are also happy and intoxicated that the Father found you, are you not? BapDada saw this time that those who have become instruments have done very, very, very good service as instruments. BapDada is not mentioning each one's name but those who have become instruments have brought about such enthusiasm in everyone's heart for success in service so that when they go back to their own places, they will refresh their own places in the same way. BapDada is giving many, many congratulations to all those who have become instruments for service. You have created good *systems* and child Janak has also filled everyone's heart with *extra* zeal and enthusiasm. Each one's face is showing that whatever power you have accumulated, that is visible on your face. Everyone's face is visible as very happy. The result of the service that has taken place, by Bharat and the foreign lands working together, is also good. Those from Bharat will inspire those from abroad and those from abroad will inspire those from Bharat. By working together, you have enthusiasm in yourself. Those who hear about this also have the enthusiasm: they have the feeling that people abroad are doing so much whereas they are not doing even that much while being in Bharat. And, when people from Bharat go abroad, they also *feel* that while living here (in Bharat) they have not made this their own; so they have enthusiasm and continue to move forward. BapDada has seen that the *plan* that you have made together of three to four big *programmes* makes a difference in the atmosphere because all types of people come. When they see the Christians, Muslims and those of other religions together, they feel that the world truly can become united and become one. This is why BapDada likes the *training* you give. BapDada is giving special congratulations to those who have made the effort. Now, those from abroad also have to bring heir-quality souls because it is now the time of everything happening suddenly. However many souls you can benefit, and however much you can do, continue to do that because you will not have time later. Now, you have the time and so they can at least see the Father's home and take the Father's introduction. You do feel mercy for them, do you not? You are doing very well, but BapDada is now remembering one thing. In the beginning, when you used to bring a VIP to Bharat, your name would appear in the newspapers and the media people used to come to you with interest. The Government also had to provide for them and so they

were also impressed, but that has not happened for some time now. Congratulations to all of you who have come, and it is good that you become companions in the *programmes*. Now, bring them (VIPs) so that the ears of the Government open, just as they now see that it is our 75th Platinum Jubilee, this Jubilee has really awakened those from Bharat very well. Initially, they used to think: We don't know what the Brahma Kumaris are doing. Now, it is emerging from their lips that it is a wonder that the Brahma Kumaris are celebrating their 75th year, and, the other wonder they speak of is that the instruments here are sisters and it is the sisters who have done so much work. So, they are amazed by this and have the desire to come close. They want to come and meet you and listen to you and, because of this Jubilee, they understand everywhere that by understanding your main subject - "You are a soul" – they can all become united. So, just as this Jubilee has performed wonders, similarly, continue to do that more. BapDada is also congratulating the media, the TV and radio that has helped make the message reach everyone. While sitting at home, everyone can watch this. Otherwise, they used to make excuses and would say that, although they want to, they don't have the time, whereas now, while sitting at home, they are able to watch it and slowly continue to awaken through that. So, whatever you are doing is good and will continue to be good. Congratulations for that.

BapDada saw that there is enthusiasm for service awakening in everyone: We also want to do this, we also want to do this. They have this enthusiasm. So, now that there is enthusiasm, where there is this zeal and enthusiasm, there is definitely also success. This is why all of you who are sitting here in person and those who are watching and listening everywhere, BapDada is giving lots and lots of love from His heart to all the children and also congratulating them for constantly staying with Him in His heart.

Now, your hearts are attached to stay here in Abu. It is good. Seeing those from abroad, the family is also happy, and how have all of you come from 65 countries? You have come in the plane of love, have you not?

Many have come for the first time: *Double* congratulations to those who have come for the first time. Why? Why are you being given *double* congratulations? Because you have created your fortune before the cries of distress of time. Instead of saying, "O God, O God", you have at least said, "My Baba!" and this is why BapDada is pleased to see those who have come. The children have come, they have come, they have come. Look, half the class is of those who have come for the first time. You will now have to make intense effort. Do not just become an effort-maker, but become an intense effort-maker. Even now, if you make intense effort, you can move forward. There is a *margin* for making intense effort. The time for making ordinary effort has now gone and BapDada tours around and sees all the children who are to come, whether they are moving forward or moving forward very slowly. BapDada tours around everywhere. You cannot go everywhere, but BapDada tours around every day. Those who have gone into the advance party also tour around with BapDada. Seeing all of you, they are pleased that their brothers or sisters have come. Therefore, continue to move forward. Congratulations to you from the whole family. Achcha.

BapDada is specially congratulating those from Madhuban for one special thing. What is that? Until now, everyone has done service very well with a lot of love. No matter how big the family is that comes, those from Madhuban become instruments for service. All *zones* become co-operative, but nevertheless, they cannot do anything without the help of those who stay here permanently. This is why, each resident of Madhuban, whether you are staying down below, or up the top, in the hospital, whoever gives their co-operation and is giving it tirelessly, BapDada is giving love and remembrance to each child personally by name. Achcha. Those from Madhuban, stand up - Those who are sitting here, stand up! Special congratulations to you. Achcha.

To the *holiest* children everywhere who say "My Baba, my Baba" at every step and are flying, to those who are moving forward with their intense effort and continue to make others move forward, to the jewels of light merged in BapDada's heart, Baba is giving lots, lots, lots and lots of love from the heart. Together with this, Baba is also giving congratulations for Holi, because you are the ones who are holy – in fact no one else becomes *double* holy. Only you become *double holy*; therefore, multimillion times congratulations, congratulations.

To Dadi Janki: You have very good love for the family. All are very happy. When you do something with your heart, there is happiness. You are doing everything tirelessly. Continue to move in that way. BapDada gives sakaash to every child. He is making every child move and the children whom BapDada is making move also give a *response*. They give a good response.

To Mohiniben: You are fine. You know how to look after yourself. You may not have much strength healthwise, however you are moving along slowly, little by little. You are doing that well and everything will be fine. Do not think that it will not work. It will. BapDada is pleased that you now know the method. (A service programme was made but I was unable to go.) That is because you were touring before that too. Before you make any *programme*, take a rest and then make a *programme* to go anywhere. You have now understood yourself. You will do service, it is not that you won't. Whenever you have to go, take a rest for 15 days prior to going. You have to go, but prepare yourself. Do not do anything extra. Continue to move along according to the directions. You will do well. You will be able to go.

To Neeluben: (Neeluben will be going to hospital) You have remained courageous and you also have that power. You have power, do you not? BapDada has given it and you have also accumulated it by yourself. With that power, nothing is a big deal. It will be as though nothing has happened. It is not anything difficult. You will receive the fruit of your service. It is good.

To Par Dadi: This one is "Wah! Wah!" is she not? Look, now take a photo! Does she look ill? Congratulations for your birthday. It is a wonder that her face always looks like there is nothing wrong. Your face is beautiful. You say that He is your *double* Father and so you have *double* blessings.

Nirwairbhai, Brijmohanbhai and Rameshbhai: (Nirwairbhai gave remembrances of those from Cuttack) Give love and remembrance to everyone. Everyone has enthusiasm. It is good. The sound spreads, does it not? (The Maharaja of Puri wants to come to Madhuban.) Now, they will come, many will come.

Do all of you three discuss everything together? First of all, discuss it among yourselves and then tell the Dadis. First of all, discuss it among yourselves. You do this well, just as you have done today. First of all, discuss it among yourselves and then relate it to them (Dadis) together. You are doing well.

To Rameshbhai: Is your health OK? Look after your health. Do not become slack with it. Always think that you are walking with Baba. I am working with Baba, I am not alone. (He gave remembrance of Anilaben, (Rameshbhai's sister), who is in hospital.) She is a little unwell.

(We are going to increase the work on the land at Sonipat.) It is good. At least service should begin in that direction. Make a *programme*. It is good that service is expanding.

To Bhupalbhai: Be a detached observer and continue to do all the work of the yagya as an instrument. You have Baba's company, anyway. No one can do it alone. The Father is with you. It is good.

The sisters who look after Mohiniben: Baba knows. See, whatever service you do, it is service given to you by Baba. The Father has given that service. So, the Father first and then service. It is good.

***** O M S H A N T I *****

Imbibe the power of contentment in your face and activity and become the same as Father Brahma. Remain constantly happy and share happiness.

Today, BapDada is seeing His children, the jewels of contentment, who are in front of Him and also those who are in distant places. Each child, sparkling with his power of contentment, is smiling and celebrating a meeting. This power of contentment is the greatest power of all and this is why there are all attainments within it. The jewels of contentment who imbibe the power of contentment are loved by the self, loved by the Father and also loved by the family because, where there is contentment, all the powers are merged in that contentment. The atmosphere of the power of contentment spreads everywhere. Souls who are jewels of contentment can never be defeated by Maya; Maya herself is defeated. Souls who are jewels of contentment can make everyone's heart belong to them. Jewels of contentment souls experience the different forms of upheaval of Maya and matter as though they are watching a *cartoon* show. So, does each of you children experience yourself to be full of the power of contentment in this way? Ask yourself: Am I a jewel of contentment? Some children say that they are this sometimes; not all the time, but sometimes. BapDada does not like this word "sometimes". BapDada constantly gives love, remembrance, and happiness to each and every child. So, BapDada does not like this word "sometimes" – "always" happy. BapDada wants to know if you can transform this word "sometimes". The word "sometimes" does not even exist in the *dictionary* of Brahmins, only "always". So, today children, you who love the Father and have become free from the influence of Maya, can you finish this word "sometimes"? Can you finish it? BapDada has been telling you for a long time that any type of upheaval is to come suddenly. In order to prepare for that, if you still now have the sanskar of "sometimes", would you be able to claim a right to the fortune of the kingdom for all time? You all have love for Father Brahma in your hearts. You have promised Father Brahma: We are together, we will return together and we will rule together. This is a firm promise, is it not? Nod your heads! Is it firm? How firm is it? Did Father Brahma ever use the word "sometimes"? He always gave all of you love at amrit vela, and, together with the Father, always spoke of matters of knowledge, matters of love and matters of zeal and enthusiasm. If Baba were to ask you to raise your hands if you have love for BapDada, all of you would raise both your hands. Isn't that right? Are you sure? When you love someone, you also have love for every word that the loved one speaks. Father Brahma never said to Father Shiva that it happens only sometimes. He always *followed the Father* and also made you follow Him because Father Brahma has deep love in his heart for you children. Therefore, what is your name? Brahma Kumari, your name is not Shiva Kumari. To have love for Father Brahma means that whatever Father Brahma says, the Brahma Kumaris follow. Love means surrender. So, what will you surrender to? To His directions. Whatever He (Shiva Baba) said, he (Brahma Baba) did, because Father Shiva is also with Father Brahma. He is not alone. You say, "Bap Dada, Bap Dada", do you not?

Today, BapDada wants every child to finish saying the word "sometimes". All of you children are the Father's companions. You do love Him, do you not? Out of love you also surrender yourselves to Him, and here, it is just a matter of surrendering this word because BapDada wants to make every child a victorious jewel of the rosary. Do you consider yourselves to be beads of the rosary? Do you consider yourselves to be victorious? Some children say that the number of Brahmins is huge and that the rosary is only of 108 and so only 108 can become part of it. Do not think that it is a rosary of 108. If you become complete and victorious, BapDada will add more strings in the middle. However, you do have to become victorious. Some children think: I don't know whether I will receive a *number* or not. If you become complete, the Father will give you a *number* because the Father has love for every child. You were told earlier that even if it is the *last* child, the Father has love for him too, because even if that child is influenced by his sanskars, he has recognized the Father and said "My Baba". There are people in the world with such high positions who have not recognized the Father, but that child has recognized Him. Even if he is influenced by some weakness, he has at least recognized the Father. At least he says "My Baba" with love and this is why, Baba had also told you earlier that, the Father not only loves even the *last* number child, but that He also has a vision of benevolence, an attitude of benevolence for that child to

continue to move forward. Today, BapDada is telling you clearly: Do not think about other things: “How will these happen? What will happen?” Simply make yourself into a worthy soul. Make yourself a karma yogi soul. The Father will give every child who makes himself worthy the blessing of all attainments and make him move forward; He will not keep that child behind.

Today, at amrit vela, BapDada went on a tour everywhere, in this land and abroad. Generally too, when BapDada tours around you were told earlier, your special ancestor Dadis also go on the tour with Baba. So, what did Baba see while touring around? You know that too. You have very good thoughts: We will definitely do this, we will definitely become this. We will move along holding on to Your hand with our hand. So, what is the hand? Father Shiva does not even have an angelic form, so what hand is it? It is the hand of shrimat. Abroad, they have the *fashion* of walking hand in hand. So, here, the hand is of shrimat, and so all of you are those who move along with your hands in His hand, are you not? Do you have that power? Father Brahma took every step according to shrimat and demonstrated that to all of you. He is the *example* of what you have to do and how you have to do it. He was the *example* in the corporeal form. Let alone the Incorporeal, but Father Brahma was your companion in the corporeal form. Just as Father Brahma gave his hand to the Father’s hand of shrimat and became an angel, so, you are *following* the *father* in the same way, are you not? You remember to *follow* the *father*, do you not? So, what do you have to *follow* him in? He showed you everything very clearly. All of you know Father Brahma’s face and his activities, do you not? You can make Father Brahma *emerge* with your intellect, can you not? Whatever the timetable was, Father Brahma did that. While in the physical body, he experienced everything here in the corporeal. All of you know Father Brahma’s character. So *follow* the *father*. Every step of Father Brahma’s has been revised by you to make it firm. You have read about his eight steps, of what he did, have you not? You simply have to follow him, that’s all. To follow means to become equal to Father Brahma. So just think: You have love for the Father, you have love for both Fathers. You were told earlier too, what it means to have love. The practical form of love is that Father Brahma says and the children do exactly the same as the Father. This is the love of a true heart. What do some children do? They think that they have to do the same as Father Brahma, but they first do it and then think about it. So, they did not do the same as Father Brahma. But you did whatever you did. If you are going to follow, then first think. Think before you have a thought: Is this the Father’s thought? If it is, then do it *practically*. Do not think about it after doing it. First think about it and then *follow*. To *follow* Father Brahma means to become equal to Father Brahma. Do you have this courage? Do you have the courage to follow Him? Those who think that you are going to do it, raise your hands! First think and then do. Do not do and then think.

Today, BapDada specially wants to see every child have the power of contentment the same as Father Brahma. All other powers will come with this one power of contentment. So, today, BapDada’s special blessing is: May you have the power of contentment! No matter what happens never let go of your contentment. Some children say when they have their heart-to-heart conversations: It is easy to become content, but difficult to make others content. When someone is doing something and you know that that is not right, why do you keep it in your heart? This one is doing this. That one is doing that. This one’s nature is like this, that one’s is like that. Do not keep this in your heart because you have made the Father sit in your heart. You have seated Him in your heart, have you not? Nod your head. Have you sat Him there? Are you sure? Or do you also remove Him and then sit Him there? If you have sat Him there, and then you have also kept these things in your heart, then together with the Father, you would have also kept these things in your heart. So, do not keep these things in your heart. BapDada has told you this method earlier too, that you must always have good wishes and pure feelings for such souls and use your good wishes. And in any case, you understand that what that one is doing is not good, and so it is bad. If someone gives you something bad, will you take it? Since it is something bad, then why should you keep it in your intellect or in your heart? Why did you take something that was bad? While keeping your Father in your heart in this way, you will become equal to the Father. This is your promise, is it not? You

are going to become equal to the Father, are you not? You are definitely going to become this, are you not? Or do you have doubts: I don't know whether I will become equal or not? You do not think in this way, do you? To have love means to follow the Father. BapDada now wishes to see each child filled with good wishes and pure feelings.

Will the *teachers* become this? BapDada has special love for the *teachers*. Why does He love you? Because you have maintained the courage to sit on the Father's gaddi. So, *teachers* you have courage, do you not? The Father wants from each *teacher*, the *future* to be seen through your *features*. BapDada is speaking to the instrument teachers, but all of you are companions too, are you not? 75 years ago in the boarding school, BapDada had given these teachings to the little children – happy and fortunate. Each one's face should be like that. Even now BapDada wants each child's face to be seen as that of a soul who has happiness and is fortunate. You have done a lot of service through words and you have done it well and you have the *certificate* of that, but now, move forward in service through your face and your activity. When a poor person wins a lottery, his face and activity speaks! Seeing his face, everyone feels that today he has received something special. In the same way, seeing your face and activity, they should believe that you have attained something special.

What does BapDada want today? Become equal to Father Brahma. *Follow Father* because, when one sees the condition of the time and how upheaval is coming, and it will come and this is why BapDada wants to give each child the teachings: Always remain happy and share happiness. The more happiness you share, the more your happiness will increase. Seeing you happy, others will at least become happy for five minutes. If unhappy souls become happy for five *minutes* when they see you, they would then love that very much. Today, BapDada is specially drawing your attention so that each child imbibes the power of contentment in his face and activity and makes others imbibe it also. Achcha.

All those who have come for the first time today, stand up! Look, you can see them. Half the *class* is of those who have come for the first time. Raise your hands! Look at all their hands! Your new brothers and sisters! Look, how many have become your companions! Congratulations! Many, many congratulations! You have all reached here. You have all reached here to meet BapDada. What are you going to do next? *Follow Father* Brahma. BapDada is also pleased to see you all. Wah the children have come! The whole family is happy: Our brothers and sisters have come, they have come, they have come! Now, *follow Father* Brahma. Whenever something happens, when you have a *question* or any *problem*, after all, it is a world of problems, then instantly find a solution for it from your *teacher*: Do not wait for two days and then say this problem is still there. You have come very late, haven't you? And, you want to go ahead, don't you? Do you want to stay behind? No. You want to go ahead, then to go ahead, just do this one thing: Do not keep any wasteful matter in your heart. For this, after meeting the Father at amrit vela, first, you have to do amrit vela, and after that, BapDada has taught you many *drills*, keep doing one *drill* or another during the busy routine of your whole day. BapDada is speaking to everyone. Take time out every now and again – whether you are old or new, everyone definitely has to perform the *drill* to become bodiless instantly because in the times to come, you will have to become bodiless in a *second*. So, perform this *drill*. Some say that they don't have time. No matter how busy someone is, if you are thirsty for water then will you not get up to get some water? You consider that essential and so you will get up to get water. So definitely practice this *drill* for a *minute* to become bodiless. At that time you will not be able to *practice* it. Some think that they will do it when the time comes. However, no; this practice of *body consciousness* for birth after birth will not allow you to become bodiless at that time. Therefore, take some time out from now on. Whatever time you are able to fix for this during the whole day, fix that from time to time for a *second*: I am a bodiless soul. Become stable in the form of a soul. *Body consciousness* should not pull you towards itself. Everyone has to practice this – whether old or new because BapDada has been telling you this for some time. However, it is essential for you to do it. Otherwise, you will not be able to make your hand hold onto the hand of shrimat and move along. Your promise is: We will return

home together and come in the kingdom together. So, everyone has to perform this *drill*. To all the new ones who have come, “May you be happy, prosperous and keep on moving forward.” Achcha.

It is the *turn* of Maharashtra, Andhra and Mumbai for service (14,000 people have come.): Achcha. The numbers in this *zone* are also big. The name itself is Maharashtra and so it would be great. Just as its name, so the numbers are also big. BapDada has seen that Bombay and Delhi have zeal and enthusiasm for one thing. You do *service*, and one doesn't need to say anything about that; you are doing that well and will continue to do so. However, BapDada wants Delhi and Bombay to find a group out of those special souls who are in connection and relationship with you, who can become *mikes* and then also become heirs. Find such a *group* because the *majority* of all the Wings sent a *list* to BapDada; Baba has seen that *list*. On that list there are good names who can glorify Baba's name. Now reveal them. Instead of you, they should give lectures. They should share their experience of what your knowledge is. They should speak about the difference it has made in their lives. Whenever you have a *function*, some people relate very good experiences, but that is sharing them at *functions*. However, they should experience this constantly in their lives. If you pay *attention* to this, they will emerge because there are such worthy souls in the *list* that BapDada saw, but you do have to make some effort and make them move forward. In fact, every Wing should bring this *list* of people in front of the family and the Father. The Wings have done this work. BapDada has seen that you have done this work, but you have been doing this for a long time; so now bring some newness. The newness is that you create heirs. At the very least, those who are in connection with you should come into relationship, and, after coming into relationship, they should become engaged in service. Not a relationship of just coming and going, but they should become companions of the Father and the family. This also has to happen. BapDada has seen that if Brahmins have one thought together, then it is already accomplished. However, everyone should have the same thought because the atmosphere has now changed. Since you have been celebrating the 75th Platinum Jubilee, people have begun to understand that you are saying and doing very good things. That much *change* has now taken place and this is why if you make a little more effort, then your family will increase so much on seeing that *change*. BapDada wants you to have a gathering of such souls somewhere. When they come to Madhuban to meet Baba, that is a different matter, but they should now come as part of the family and this will bring newness in *service*. Achcha. BapDada is pleased because you have all stood up. Seeing you all, BapDada is pleased, but, BapDada still has one more desire that still has to be fulfilled. It is for the *zones*. What is it? Every *centre* should give the good news that their *centre* is obstacle free, that it is harmonious. The news that all of Baba's children are accurate, busily engaged in service and obstacle-free has not come from any *zone*. So, Maharashtra will carry out a great task, will you not? None of the *zones* has as yet sent this good news. You have to become that. It is you who have to become that, who else is going to become that? Your tapasya is no less. Whether it is the *teachers* or the *students*, in terms of the people of the world, each one of you is a great soul. Now just see – become a little free from obstacles and everyone will see you in the same way they see your non-living images – with pure feelings and in the form of living goddesses and deities. Everyone has done very good service. BapDada is congratulating you for that.

Nizar, stand up! (BapDada asked Nizarbhai, who organizes the Future of Power programme, to stand up.) BapDada heard the news about the plans you have made. They are good. Good plans will continue to be made in the future too and therefore, continue to move ahead. BapDada heard the news.

IT Group: You make good images and *boards*. BapDada has said earlier too: BapDada has seen that each zone is doing something new, and, in each Wing, the sound has spread outside too. For example, in the service of doctors, in the Medical Wing, an official book for the heart cure has been created that is good for advertising. In the same way, there are good instruments in other zones too, who can spread the sound. You have to keep a *connection* with them, and then there will be *results* from that too. BapDada is telling those of all Wings: Just as you have moved forward, if you continue to move forward even more, then

everyone's vision will fall on you and gradually, you will become known in the world. This is why BapDada is congratulating this Wing too. All of you are making good effort and together with your effort, BapDada is also with you. Achcha.

Double foreign brothers and sisters (400 double foreigners have come.): *Double* foreigners are becoming *double*. BapDada has seen that you are paying good *attention* to yourself, to your self-respect and to your attitude and you are also drawing the attention of others. You are playing your *parts* of being loving to the yagya and co-operative with the yagya very well and this is why BapDada is congratulating the *double* foreigners many times. BapDada continues to hear the stories of all of you. You are not just loving, but, together with being loving, you are also co-operative in every task and you are also clever in accumulating for your future. This is why all of you have come here from so many countries. Seeing this gathering of those who are loving and co-operative and who extend their hands for every task, BapDada is pleased. He is happy. You are happy, the Father is happy and the family is happy. Those from Madhuban say that the *double* foreigners are the decoration of Madhuban, and it is the foreign lands that have proved the Father's title of being the World Benefactor. This is why all of you have to remain intense effort-makers. Not just effort-makers, but intense effort-makers, because it is now the time for everyone to become an intense effort-maker. The time for making effort has gone. It is now the time for making intense effort. So, never become an ordinary effort-maker. Constantly *check* whether there is that intensity. You have not become ordinary, have you? In any case, even time is now giving you notices of becoming an intense effort-maker. BapDada is pleased, the family is pleased and Baba is congratulating everyone. The Father is pleased. Look how many countries you have come from! Achcha.

BapDada is seeing all the children everywhere who are sitting far away and merging everything in their hearts. The fragrance of everyone's love is reaching Madhuban. So, now, everyone has to move along at a fast speed. You have to make intense effort. You have to give happiness to people in the world at a fast speed. You have to make unhappy ones happy. By giving everyone the message to make them happy, make everyone happy. There is intensity in this service and you also have to bring about more intensity. Achcha. Everyone, accept lots of love and remembrance from the heart!

To Mohiniben (A few days back, she was in ICU.): In the same way, make intense effort in an *emergency*. Make such intense effort that everyone who sees you is amazed: Wah! this one has performed wonders. Continue to have it *checked* in advance. You stopped doing this. Continue to have your checking done every now and again so that you can get a cure before it happens again. Just consider that you have to have your *checking* done every fortnight or every month. Then you will be fine. Very good.

To Neeluben (A few days back, she had a surgery.): The pilgrimage is easy, is it not? It is not difficult. (I passed.) Remain close (pass – close). (Gulzar Dadi gave very good sakaash to Neeluben and Mohiniben) Everyone gave it. No one can forget Madhuban. Madhuban is merged in everyone's every vein. Achcha.

To Dadi Janki: You are going to London, are you not? (In America they are making many preparations for me to come.) If your health is such that you can go, then go, otherwise, do not go. No matter what preparations they make, if you are able to make yourself function, then do so. If, seeing your health, you are able to go, then go.

To the three senior brothers: BapDada heard the news about your *meeting*. Whatever you have thought is good, so continue to move along according to that. You will receive help. If you spread it a little, those who want to help will come. Whatever you have thought is fine.

(Rameshbhai asked Baba about the plan to open a University.) BapDada feels that you first have to serve the different *universities*. You have made a *connection* with one *university*, so in the same way, first serve other *universities*. Serve them and make them your companions. So many universities are still left, serve them first. Then they will automatically make an *offer* by themselves. They will say: You don't

need to spend so much money. Just as you have done this in one *university* and it has become well known from there, in the same way, take up 10 to 12 such *universities* and see. They themselves will make a university and give it to you. You won't need to incur any expenses. BapDada is pleased. Continue to meet in this way and *finalise* everything.

(The Platinum Jubilee programme in Chandigarh took place very well. Another programme is going to take place in Puri.) In all places, you have done programmes according to your own methods with happiness and a big heart. The *result* of every place is good.

Brother Ram Narayan Mina – Deputy Speaker of Rajasthan Assembly:

Now play a special part in the Brahmin family. (I am Your child.) The best children are the children who are the masters. Children are always masters. Wake up at amrit vela every day at whatever time you can, and remember the Father and take blessings from Him every day. You will receive blessings from the Father with which you will remain happy and free from obstacles. Everything will be fine. You will be filled with power and so they will also be filled with power. It will happen. Simply wake up and remember the Father and continue to take power from Him. Say “My Baba” and take power. You saw Madhuban and you saw the family. You liked it, did you not? Now, the closer you come to this family, the more you will benefit.

To Br. Suresh Oberoi (who interviews Sr. Shivani on TV): Continue with the service you have taken up.

To Sr. Shivani: You are blessed. You have received very good blessings from the Father.

***** O M S H A N T I *****

Transform “mine” into “Yours” and become a carefree emperor. Make your mind so busy in love for the Father and His service that there is no *margin* for any waste to come.

Today, BapDada is seeing His carefree emperors from everywhere. From the time of waking up in the morning, every child remains stable in the carefree stage while performing every action. Every child has the experience that this life of being a carefree emperor is one of sovereignty and also of being carefree. It feels so lovely because all of you have given your worries (fikar) to the Father and taken spiritual intoxication (fakhur). The spiritual intoxication you have taken is imperishable spiritual intoxication. Each one experiences how lovely this carefree life is. Day and night, you have no worries about anything, but you just have spiritual intoxication. You know that the Father has given you this life to remain carefree - not just for this one birth, but He has made you a carefree emperor for many births. Now, your experience is that, if you have a carefree life, then a divine light is constantly sparkling on your forehead – and if you have worry, you then have a basket on your head that is filled with many types of sorrow. This method of a carefree life is very easy. You have made all the limited “mines” into “Yours”. There is the difference of just this one letter in “mine” (mera) and “Yours” (tera). M and T. However, by changing “mine” into “Yours”, your life becomes so happy. It has become that, has it not? Nod your heads. It has become that, has it not? Your lives have become carefree.

Now, this is what BapDada wants from every child: The basis of a life filled with worry is waste thoughts. Therefore, not even a trace of waste thoughts should remain in any child because you have changed “mine” into “Yours”, so then what do you become? You become carefree emperors and this life of a carefree emperor is so lovely. You are a carefree emperor while performing every action. You don’t have any worry about ‘Why?’, ‘What?’, ‘How?’ or ‘Until when?’ All of those questions have now finished. Today on the *last* day of this *season*, BapDada wants every child to change the wasteful “mine” into “Yours”. The Father Himself will burn it. You simply have to make the change of one letter. Do you agree? Is it possible? If it is possible, then raise your hands! Very good, because in the next five to six months, through your *powerful* attitude, all of you have to give rays of happiness and peace to the unhappy souls of the world. You have to keep your mind *busy* in this. Where do wasteful thoughts arise? They arise in your mind, do they not? So, BapDada wants every carefree emperor child to keep his mind, that is, his attitude so *busy* that there is no *margin* for any waste to come. You should not have to labour (mehnat), but should remain so *busy* in the Father’s love (mohabbat) and keep your mind so *busy* in serving through your attitude that you don’t even have to battle. Some children say: “I don’t want these to come, but they come.” What would you call that? It is that you did not keep your mind *busy* in the Father’s love and His service. When everyone is asked how much love do you have for the Father, what do you say? It is unlimited. So, it is not difficult to listen to whatever the one you love says to you. So, all of you have unbroken love for the Father, do you not? Or, do you have it only sometimes? Is it always or only sometimes? Those who say that you have love all the time, raise your hands! You have love all the time? See, think about it! If you have constant love, then, whatever the Father says, the children do. You know this, do you not?

So, now, in this *season*, BapDada wants to make you children have this determined thought. You are ready for this, are you not? Nod your head. Are you ready to make a determined thought? Those at the back, are you ready? Are the mothers ready? Are the Pandavas ready? Raise your hands well! Raise both your hands for this. When you raise your hands, you please BapDada. Just as you raised your physical hands, in the same way, raise the hands of your minds: I will never allow any waste thoughts to come. It is their duty to come and what is your duty? To finish them. BapDada has also told you earlier in this *season* about the two things that you have to pay *attention* to: One is thoughts and the second is time. You know this. The time of the confluence age - every minute has a *connection* with 21 births - and at this time, BapDada has love for the children and the children have love for the Father. So, one *second* of time in the confluence age is not a *second* - because it has a *connection* with 21 births. If not now... if you save your time now, then as you have love for the Father for 21 births and each one wants to remain with the Father even now and also to return with Him.... You now have to return to your home, do you not? You have to return home together and then come into the kingdom with BapDada - you will come close together in the kingdom, specially

with Brahma Baba. Father Brahma is in the angelic form, so if you want to go back with him, what will you have to do? You will have to become an angel, will you not? You will become an angel. You definitely have to become this.

You have to move along holding Father Brahma's hand in your hand, and so what is the hand? An angel does not have physical hands. So, what are Father Brahma's hands? Shrimat. BapDada's shrimat is: Now become a carefree emperor and, just as your Jagadamba made effort – the Father said it and Jagadamba did it - you now have to *follow* Jagadamba in the same way. You definitely have to use your time and thoughts in a worthwhile way - they should not go to waste. You were told that each thought has a *connection* with 21 births, were you not? So, BapDada wants you to keep your mind constantly *busy*. Whether it is in churning the murlis or in service, remain *busy* at every moment. Keep your *chart*. Every now and then, perform the *drill* that BapDada has told you about from time to time. You know the *drill* to become bodiless, do you not? The *drill* of the awareness of your three forms. You know this, do you not? Just as the Father has three forms, in the same way, you also have three forms - Brahmin, angel and deity. Keep your mind *busy* in the awareness of these three forms through the *drill*. What is the great mantra for this? Manmanabhav.

BapDada has lots and lots of love for every child and this is why BapDada wants every child to take the blessing: "May you be victorious!" You were told that some children think that they will become victorious, but that rosary is only of 108, and so they will not be able to come in the rosary even if they are victorious. However, BapDada has so much love that, if you become victorious, BapDada will add extra strings to the rosary. You just have to become victorious. So, what is your thought? You are definitely going to be victorious, are you not? Or, will just 108 become victorious? No. Every child of the Father is victorious. What is BapDada seeing on the forehead of each child? A tilak of victory, because you have recognized the Father in His ordinary form. Even if it is the *last* child and he may be weak in effort, he still has the speciality of having recognized the Father who came in an ordinary form and of saying "My Baba". This is why every child has to maintain courage and attain victory. What do you simply have to do? It is not a matter of any effort; it is a matter of love. You have love for BapDada, you have love for the family, and so you cannot keep yourself separate from the one you love. So, how much love do you have for Brahma Baba? Those of you who feel that you have unbroken love for Father Brahma and Father Shiva, raise your hands! Unbroken? Unbroken? Very good. So what does BapDada want to see in the next *season*? You know it. You are going to receive five to six months to transform the wasteful thoughts into powerful thoughts.

So speak! Those from Madhuban, stand up, whether you are those staying up at the top or down below - there are many. BapDada loves those from Madhuban. This does not mean that BapDada does not love others. They too are loved, but BapDada has special love for one thing of the Madhuban residents. What is that? All of you have remembrance in your mind. All of you are yogi souls. All of you are also gyani souls. However, those of you from Madhuban have received a *lift* to create your future easily. What is that *lift*? You are instruments for service for anyone who comes to Madhuban. For instance, those who cook or those who perform any other *duty* - BapDada says: Even if someone sweeps the floor, he too is fortunate. Why? Anyone who comes here sees the atmosphere and becomes happy when they see the power of love in your heart. Whether it is those who prepare the food or it may be any other *duty*, but those from Madhuban have a *chance*. Seeing the love of Madhuban and the powerful atmosphere created here, BapDada is congratulating the Madhuban residents very, very much that you have now completed this *season*, and you will continue to become instruments in the future too to make souls content and give them powerful experiences through your mind and therefore, everyone should applaud the residents of Madhuban. Achcha.

Today, at amrit vela, the servers of Madhuban came in front of BapDada. BapDada met each one in the subtle region and just as Baba has already told you previously, at 4.00 am, your special Dadis who have gone in *advance* definitely come. Today, special Dadis and special brothers had also reached there and they specially requested to make the Madhuban residents *emerge* there. Specially, both Didi and Dadi, and the

special brothers too remembered those from Madhuban. Dadi gave special remembrance and, together with that, they gave mangoes from the subtle region. You know the fruits of the subtle region are of very good quality – you don't have to bring them down with a stick. Whatever fruits you want, you can pick those with your hands. So Dadi said: Today, we are going to have a mango *picnic* with those from Madhuban. There were other Dadis and special brothers also with her. BapDada said: Ask them what comes into their minds about Madhuban? What did Dadi say? You know, you already know, you know Dadi, do you not? Dadi said: I still have the desire that each one from Madhuban, even if there is still something lacking in your efforts, you have to make effort for that but I want one thing from the Madhuban residents. What do I want? It is that each and every resident of Madhuban becomes equal to the Father. In fact, everyone has to become that, but Madhuban is special. Those from Madhuban had love for Dadi. Dadi used to say – I know this. So, in *return* of love, I want it to be just as Mama had kept the aim - that whatever Baba said, Mama did. Those from Madhuban definitely know this. In the same way, from amrit vela until night, if each one from Madhuban has love for Baba and for me and for the Dadis, then just as Mama put every piece of the Father's advice into her life, so we too did the same. So, if you have love for the Dadis, then demonstrate it by doing this: From morning till night, do not have any such thoughts, words or deeds that the Dadis, the Father or anyone else does not like. Specially give this message of ours to those from Madhuban. So I (Dadi Gulzar) asked Dadi: Dadi, when do you tour around in Madhuban? I (Gulzarben) am now relating the news of the subtle region to those from Madhuban. I, Gulzarben, said to them: Dadi, those from Madhuban will do whatever you tell them to. So, did I speak correctly? Will you do that? Raise your hands! Raise both your hands. Will you will do that? Very good.

Today is the *last* meeting of this *season*, and so there was even more splendour in the subtle region. All of you residents of Madhuban met Baba and became *merged*. However, Dadis even made the *double* foreigners *emerge*. *Double* foreigners, stand up! So, instead of all the Dadis, Dadi was saying: I like this one thing of the *double* foreigners a lot when I was there and their *season* began, I saw that they used to begin to accumulate their *ticket* money to come to Madhuban in such clever ways. When I used to hear how they had come, having accumulated their money in these various ways, I would to have so much love for them. I also saw that the *double* foreigners had very good zeal and enthusiasm. As soon as they came, they would say, "Mera Baba" and become so happy that, as soon as they said "mera" (mine), they would become mine. Their faces, their enthusiasm was visible very well. This is why I and BapDada used to say that the *double* foreigners are the decoration of Madhuban. Even now, whatever task of Madhuban has, the *double* foreigners carry it out with a lot of interest, and so give them lots, lots, lots and lots of love and remembrance from myself and tell them: You are always in the heart of the Father and the Father is always in your hearts. Give this blessing to them on my behalf. So, this was the news of the subtle region at amrit vela today.

Those everywhere, who are sitting far away and those who are personally in front of BapDada, how is BapDada seeing you all? BapDada is seeing that a sparkling point is shining on the forehead of each one of you. Each one of you has this thought in your mind: What do we have to become like? As is the Father, so are we. This zeal and enthusiasm is in everyone's mind.

This *season*, BapDada especially wants to make the *teachers* stand up. All *teachers*, stand up! Look how many *teachers* there are. A quarter of the hall is filled with *teachers*. Seeing the *teachers*, BapDada is pleased because you have received the fortune of the *seat* of being equal to the Father. You have received the *seat* to read the Father's murli. The Father always says that the *teachers* are companions. BapDada now wants one thing from the *teachers*. Should Baba tell you? BapDada wants each and every *teacher's* face to be seen as happy as that of Father Brahma's. It should be seen like this. Internally, there may be effort, but your face should reveal the Father. Whomever anyone looks at, the Father's sparkle should be visible in them. Those who serve with their faces in this way will definitely reveal the Father. The time has now come for you to reveal the Father through your face. The *teachers* always remember naturally "Mera Baba". Now you have to reveal the Father through your faces. You can do this, can you not? If you can, then do it! Look at what everyone says in the *result* up to now! That the Brahma Kumaris are doing very good work.

The Father is not yet revealed - He is still incognito. So, the time is now coming close through you – whether it is the instrument *teachers* or any child - you now have to reveal the Father. “The Brahma Kumaris are doing very good work”. That has already happened. You have reached this far. However, now show that God Himself has incarnated in the body of Brahma and is making the Brahma Kumaris so worthy. This *point* is now still left. You sing the song, “Mera Baba aa gaya – My Baba has come”. However, it should now be revealed to souls that God Himself has incarnated and is carrying out this task through the sisters and brothers. You have to bring about this revelation, do you not? When will you do it? What will you say? “Now”, will you not? (We will begin it now and it will be completed by next season.) Do all of you agree? Will it happen by next *season*? Those who agree with this, raise your hands! Few people are raising their hands. Those who are not raising their hands will simply watch, and you will do it. You *teachers* have had this thought, have you not? Because you can see that BapDada is saying that everything is to happen suddenly. Some children think that Baba has been saying, “Suddenly, suddenly” for a long time, and now it should happen. However, it will happen suddenly when the children become equal to the Father. Your faces, your images, your every word should reveal the Father. This is definitely going to happen. It has to happen and you simply now have to be instruments for it. What will you do in the next *season*? Firstly, you will make yourselves equal to the Father. Whatever weaknesses remain, you will remove them. And what is BapDada pleased about? At all the small and big *centres*, children have revealed what work they are doing through words and have *changed* the atmosphere through that. BapDada is congratulating you for that. Whoever has done *programmes* at any place, you have done them well and it has come to everyone’s *attention* that the Brahma Kumaris have truly completed 75 years of their work in an incognito way. Now, they should say that God, the Baba of the Brahma Kumaris, has come. You have this aim, do you not? So, this work should begin by next *season*. Make a practical *programme* for this. You do make *programmes* and have *meetings*, do you not? In the *meetings*, make this *programme*. All the children have to become aware that the Father who gives the inheritance has come. They should not remain deprived. Seeing the sorrow of the children, the Father feels a lot of mercy. When they cry out in sorrow, the Father feels mercy for them. They are also calling out a lot for you gods and goddesses. So, by the next *season*, there should be no name or trace of any waste. Agreed? Do you agree? Raise the hand of your heart. Raise the hand of your heart. All knowledge of what waste is should disappear. When the princesses of heaven come (in trance), they are not aware of sorrow or peacelessness at all. They say: What are they saying? What is that? In the same way, no one in the Brahmin family should even know what waste is. Pure and positive thoughts for the self, pure and positive thoughts for others. Achcha.

It is the turn of Delhi and Agra to serve: It is good. Everyone, look at the splendour on *TV*! (Everyone is waving a heart-flag of “My Baba”) Very good. You can put the flags down now. Achcha. Those from Delhi will have to make their hearts bigger. Why? Where will all the Brahmins go when they become deities? They will go to Delhi, will they not? So, those from Delhi will have to make their hearts very big. Look, when Father Brahma comes as Krishna, where will he come? He will come in Delhi. Even now, those from Delhi will have to open their hearts and increase the number of Brahmins in Delhi. The number in Delhi should be greater than that of all the other zones. You have hoisted the flag here, have you not? In the same way, hoist the Father’s flag in the heart of every unhappy soul. These flags should not go to waste. Hoist these flags in their real form in the hearts of the unhappy souls. Service is continuing to take place. You do perform service, but BapDada has seen that this year, no *zone* has been left behind in service. All of you have done all the *programmes* happily with big hearts. You have done them beautifully and you have also made it clear for people: You are a soul, not a body. The *majority* have accepted this. Just as you have revealed the soul, in the same way, now make the revelation of God firm. BapDada will see who claims *number one* in this! Many have made the lesson of the soul firm. Now, they should understand that God is giving an inheritance and that they should at least claim a little inheritance. They are your family, are they not? They should not remain deprived. So, what do you have to do? You have been told that too. Delhi is the *foundation*. The day will also come when the whole *ministry* will think that they definitely have to accept what you say. Show this wonder. Delhi or any other zone can claim *number one* – BapDada will give them a prize. Now, you have to complete the things that still remain. You do have this enthusiasm, do

you not? You do have enthusiasm, do you not? Those of you from Delhi have this enthusiasm, do you not? Achcha.

Double foreigners: BapDada wants that, just as you have received the *title* of ‘double foreigner’, in the same way, you have the *title* ‘double effort-maker’. Intense effort-maker. Intense effort-making, *double* foreigners have come. Is this possible? Just as you are *double* foreigners, in the same way, you are intense effort-makers. No one is an ordinary effort-maker. BapDada is pleased that you maintain courage and arrive here. There wasn’t a single meeting this *season* in which there weren’t double foreigners. Just as you do this with courage, in the same way, show the *example* of *double* foreigners meaning intense effort-makers. Is this possible? Raise your hands! So, whoever comes in the next *group*, that will be the *group* of intense effort-makers. Whoever moves forward, next *season*, BapDada will make everyone stand up. Whoever has been an intense effort-maker and has not had any obstructions in-between will be made to stand up. So, *double* foreigners will definitely stand up. Make even more intense effort and make such intense effort that you are able to raise your hands in front of BapDada. Is that OK? Do you agree? First row, do you agree? Do those from Madhuban like this? All those sitting here who are from Madhuban, do you like it? Those from Madhuban, stand up again! Achcha. This is being recorded on *TV*. If BapDada were to ask who was present, you can extract that from the *TV*. Achcha. All those who have come, everyone is listening anyway, but will those who are from Madhuban raise their hands for being intense effort-makers? Will you? Raise your hands now! Achcha. Multimillion times congratulations to you. Very good. BapDada will *note* how many intense effort-makers there are from each *zone*. You can give the *list*. Those from every *zone*, and even those who have not come, definitely bring a *list* of those who are making intense effort. Bring a *list* of the names of such ones. Is this OK? Those at the back, do you feel this is OK? Do you feel this is OK? Very good. BapDada likes intense effort-makers very much. Until when will you make ordinary effort? You have to return, you do want to go home, do you not? So, you have to go back having become intense effort-makers. You were told that BapDada likes every child to be victorious. “This happened, that happened” - Baba does not like to hear such news. So, at the very least, all the *zones* can give the *result* of everyone who made intense effort in these next six months. If you make intense effort for six months, you will then develop the habit. You will develop the habit, will you not? So Baba will ask for the *result* of how many became intense effort-makers in six months. BapDada will also give a prize. The *zone* that has the most intense effort-makers will be given a prize. Do you agree? Those from Madhuban, do you agree? Achcha.

Many have come for the first time: Very good. BapDada is giving many, many congratulations to all those who have come for the first time. Why? Because you have crossed the atmosphere of sorrow and reached the side of happiness and comfort. Each one who comes here can at least give an introduction to other souls through your own life. Those who have come here should know that although you have come *last*, you can go *fast*. You can also become effort-makers and go very high because you have accepted the Father, have you not? So, you have received a right to the inheritance from the Father. BapDada is pleased that you have at least reached your home before the time is up. The Father is pleased that the children have reached their family. You have reached your home. That is the place to do your work, but the home, God’s home, is your home, and this is why BapDada is multimillion fold happy that those who had become separated have come to their family and reached their home. You can now become *last so fast*. There is a *margin*. If you make intense effort, you can move forward as much as you want. You will simply have to pay *attention*, that is all, and BapDada will be pleased: Wah children! wah! Welcome! As you have now come, continue to make yourself move forward. Continue to make intense effort. Om shanti. Achcha.

To all the children everywhere, love and remembrance from the heart of BapDada. Together with that, the Father is pleased on seeing every child with faith and intoxication of their self-respect. Never let go of your self-respect. To be one with self-respect means to be one with all attainments. The *list* of self-respect is a long one. Keep one point of self-respect in your awareness every day, put it into your practical form, be an intense effort-maker and continue to move forward. Make BapDada sit in your heart and seat yourself in

BapDada's heart. Be fearless and a *master* almighty authority and continue to move along. Continue to fly and make others fly. Om shanti.

To Mohiniben: You now know how to move along. Continue to move along. You have the company and the hand, what else do you need?

(Today, Dadi Janki has not come on to the *stage* because she is unwell.) BapDada is seeing her in front. Wherever the daughter is, she is in the Father's heart. BapDada is giving the child rays of all powers. You are a soul who is an instrument for service and this is why all souls and the family are giving you love and remembrance. You are an instrument. You have to be an instrument. This is just a little karmic account which will be settled. You have the good wishes of BapDada and the family with you and these will always be with you. Achcha.

To Par Dadi: Are you OK? Cheerful. It is very good. No matter how much difficulty there may be, it is not visible on the face. You are moving along as a detached observer. You are clever in moving along as a detached observer. You will claim a *number*.

To the three senior brothers: This method of meeting is very good. Now, specially make the atmosphere even more *powerful*. Anyone who comes through the door should experience which place they have come to. They experience peace anyway, but they should experience power and that they can receive whatever they want here; that they have never seen such an atmosphere anywhere else; that this is a unique place. They should experience this. Together among yourselves, meet those from the different *departments* once or twice a week. Make *time*, select a topic and ask about their welfare and if they need any arrangements or facilities etc. Together with that, also give them *homework* on one *point* or another that you can ask them about next time you meet. This should happen in every *department*. Otherwise, they simply do their work and remain *busy* in that. There should also be some heart-to-heart conversations among themselves, just as the intense effort-making *group* does. So, can you not do this much? You can keep this *programme* once a week or a fortnight and you will then know about what there is and what there isn't in every *department*. If they want any salvation (help), they should tell you. Then you can consider it and give it to them. The meaning is that there should also be some discussion of knowledge in the *department* and not just work all the time. Is this possible? Is it possible? Then do it! Those at the *centres* sit together at night, and they should do that. Whether you sit once a week or a fortnight, if you do something *positive*, then anything *negative* will be reduced. Everyone should give their advice in this *meeting* (Annual Meeting) that is to take place.

(The Government has passed the film, 'Who am I?' as an educational film.) Give this news to everyone. Continue to spread some sound or another because, at present, the atmosphere is OK. Whatever you do now, it will have an impact.

(Now, we will not meet for six months.) We will continue to meet. We will meet at amrit vela.

*** O M S H A N T I ***

**The fortune of the jewels of contentment, and the song of the heart:
“I have attained that which I wanted to attain”.**

Today, the children’s love and remembrance have called BapDada into this corporeal world with their attraction. BapDada too is seeing the children in their corporeal forms in the corporeal world. Children everywhere are seeing also the Father and the Father is seeing the children in their physical forms. In His heart, He is pleased on seeing the children from everywhere, Wah children! He is pleased to see the worthy children of cycle after cycle. He is celebrating a meeting seeing the fortune and attainment of every child. And in His heart, He is pleased to see the fortune of every child. The sparkling fortune is visible on the face of each child. The *light* of attainment is sparkling on the foreheads. The treasure of knowledge is visible in the hands and the Comforter of Hearts is visible in the hearts. In the feet, multimillions are visible in every step. Each one’s face is sparkling and shining with such fortune. The form of all the children everywhere is visible as content. All the rest of the souls who see such sparkling faces wonder what you have received, and what would you reply? I have attained that which I wanted to attain. All are sparkling in the form of jewels of contentment. You are seeing your image in this way too, are you not? What song does BapDada sing on seeing such souls who are jewels of contentment? Wah My contented souls! Wah!

So, today, Baba has come simply to finish the complaint in the children’s hearts. The complaint of all of you has finished, has it not? In the future, we will continue to meet as the drama makes it (us) instrumental. Today, there is just this much, this meeting, in the drama.

All the children have looked after the chariot very well. BapDada is giving all the souls who are instruments for that service special congratulations. Now, Baba has come simply to finish the children’s complaint about wanting to meet Baba. So, are all of you OK? Are all of you OK? Raise your hands! Congratulations from the heart to those who served the chariot. Wherever the chariot had to stay, BapDada saw that Gujarat is no less. Where are those from Gujarat? BapDada and along with that, the instrument Pandav Nirwair child, also gave a lot of support. Come!

Speaking to Sarla Didi: You did very well. Many, many congratulations to you and your companions for being instruments to look after all the Dadis.

(For Dadi Janki): You heard very well. Everything will definitely be fine.

To Dadi Janki: All of you together played a good part. Dadi’s voice is also coming. Today Baba has come just to meet. Now Baba will continue to come and meet. Achcha.

To the three senior brothers: BapDada now wants to see wonders. What wonder does He want to see? The family has many hopes in all three of you. Now, BapDada understands that there are different ideas, but to unite those ideas is in your own hands. BapDada wants to see this wonder in you instrument Pandavas, that, though there are different ideas, they also have to be united. So, now, all three of you should show this wonder; that you are not three, but all three of you are one. Everything else is fine and you are looking after everything as instruments. Achcha.

Many, many congratulations to the brothers and sisters from this land and abroad, for taking care of both instrument Dadis very well. Special congratulations for that. Baba is giving special love and remembrance from the heart to the brothers and sisters from everywhere. You are constantly merged in the heart; therefore, constantly stay in remembrance and continue to inspire one another to have remembrance. Achcha.

Today, the thought that everyone had was: We want to meet, we want to meet, we want to meet, that has been fulfilled in terms of the body. Now, whatever is in the drama for the future, we will continue to meet. BapDada can never stay away from the children. Just as the children cannot remain far from the Father, the Father also cannot stay far from the children. BapDada is pleased to see all the children. Baba is also

congratulating you because each of you should now consider yourself to be an instrument for the unlimited task, not just for the self. Along with the self, you are also instruments for service. Now show such wonders. There may be upheaval in the world, but you are instruments to transform upheaval into stability where there is upheaval. They do not leave their work, so you too should consider yourselves to be instruments. They create upheaval and you remain unshakeable: both of you have to play their parts together. Achcha. Today, Baba has just come to meet you.

It is the turn of brothers and sisters from Maharashtra, Mumbai, and Andhra Pradesh to serve: All of you are waving their hands. Each zone has a part to become an instrument. BapDada has seen that each and every one have played their parts and will continue to do so.

Four Wings: the Education, Religious, Scientist and Engineering and Cultural and CAD groups has also come. Whichever Wings have come, each wing is ahead of the others in paying attention and making the task move ahead. Congratulations for that. Congratulations.

Congratulations to all the children everywhere for carrying out their respective tasks and, in the future too, each Wing or each zone will continue to move still ahead of all. These are the congratulations from BapDada.

All the double foreigners who have come, stand up! BapDada now does not say double foreigners, but double effort-makers because, even now, the double effort-makers are increasing everywhere. You are paying attention even in the small places. Therefore, congratulations for service and also congratulations for double effort. Now, do not say double foreigners, but say double intense effort-makers. Is that OK? Double effort-makers. Double means intense effort-makers. BapDada remembers where double effort-makers have come from, but who is the farthest of all? Who is the farthest away? Those from America. They also come from this world, but where has BapDada come from? The children called and the Father became present. No matter what happens to the body, children are children; the Father always becomes present. Achcha.

All the children everywhere played their parts very well. The Father said something and the children did it. Such children always remain in the Father's heart. So, multimillion-fold love and remembrance to such children everywhere. Achcha.

To Dadi Janki: (Dadi Janki had hurt herself on the head.) This continues to happen. It doesn't matter. In fact, you have become even more beautiful. (Dadi Janki had her head covered.) You say 'Dadi, Dadi', do you not? So you should see yourself in the form of Dadi too.

Are you OK? (To Hansaben and Pravinaben) You don't get tired, do you? It is good. (To Hansaben) You are doing good service. Whoever does service, seeing you (Dadis), they also get enthusiasm. Therefore, all of those who become instruments continue to receive congratulations. Send remembrance to the doctors too.

(Neeluben: Why did this have to happen to both Dadis?) The drama would give the reply to this. Drama! No one can say anything in front of this. Drama is drama! Whatever you want to say, you can say.

Achcha. Everyone, become stable in the point form!

***** O M S H A N T I *****

Dadi Janki conducted class in Om Shanti Bhawan, Pandav Bhawan at 7.30pm, then met the double foreigners separately, gave them toli and then went back stage and suddenly fell down and was badly hurt on the back of her head. The class that Dadi Janki conducted is being sent to you:

In the morning, I was in the Diamond Hall in Shantivan, during the day I was in Gyan Sarovar, and now in the evening, I am sitting here (Om Shanti Bhawan, Pandav Bhawan). How great is my fortune!

Through Raj Yoga, you receive happiness and peace. All of you have received it, have you not? Because all of you are Raj yogis, you are not hatha yogis, are you? You are not those who have disinterest in the world. You have received happiness and peace. Amrit vela in the Diamond Hall was very powerful. Here, we have a programme of three days bhatthi and I have an opportunity to meet Dadi Gulzar twice every day. I go and meet her every morning and evening. How can I share the benefits I have experienced in these meetings! My face and image can reveal that. I say "Om shanti" and Dadi Gulzar says, "Baba, Baba". We give her the mike so many times, asking her to say something, say something at least, and even then, she only speaks a few words. So I asked myself and also asked Dadi Gulzar: Dadi has so much peace, love and happiness, and so there shouldn't be any difference between Dadi and myself. This is not a competition because each one's fortune is their own, but Baba has given permission, that however much effort one makes, Baba will definitely help them. So, that chariot is the instrument and Baba has kept it that way in order to give us avyakt sustenance, and Dadi Gulzar herself has kept herself that way. Her face is like that. So, my feeling is that our faces should also be the same.

Who has the experience that bhavna works a lot? If that bhavna has worked on you, then you should also have such elevated bhavna so that many others can have that attainment through that bhavna. It is a wonder how all of this happened! With bhavna... No matter what happens, if you go into the depth of bhavna, you will see yourself as great too. Nothing is a problem. It is my bhavna and I am seeing how Baba is getting everything done. Drama is wonderful and it is predestined.

We are God's children. The whole of the path of devotion works on bhavna. It is with bhavna that they have visions. When someone receives wealth or has a son, that is with their bhavna, but we don't want wealth or children. We want truth and love, we don't want happiness and power, but we have received it. How did we receive it? With Bhavna. God gave it to us and we took it. Our fortune has opened that we are sitting in Madhuban. In the world, a person alone by himself cannot remain peaceful and here, in Madhuban, in Baba's unlimited home, sitting in the midst of hundreds and yet we are peaceful. Whose wonder is this? It is the wonder of the atmosphere of this place. It is said that even walls have ears. This means that the atmosphere is created through the walls. When you go to the temples, mosques, churches or gurudwaras...Brahma Baba has made his memorial place like that. How sweet and how lovely is my Baba ... He is the most unique. Our Baba pulls us here. Children, whatever you want to become, become that now. I am sitting here to make you that. Now is the time to become that. You simply have to have the thought: I want to become this. It is possible, is it not? He is making me that. Therefore, we don't have to make any effort. I want to become that and Baba is making me that. For that, I simply have to remain present in front of Baba.

Throughout the day, I remember many of Baba's very good words. Baba comes in front of me and says: Child, do you have any order for Me? I begin to smile. What would my stage be at that time? I simply say, 'Yes Baba' from then onwards. The Father will always remain present in front of us. I have this experience until today. Do you have that experience? Baba is with us and where God is with us, nothing is a big deal. When God is with us, we have so much power, so much happiness and very good experiences. Sometimes, we set foot somewhere and sometimes at another place and at every step we have an income of multimillions. Wherever I set foot I have an income. In that too, Baba had said: When your health is not so good, then from time to time, just go and rest, but once, Baba had said: Child, matter will co-operate with you. That was 22 years ago. God's versions were 'There is benefit in your presence'.

Each one should check within themselves: Do I have an attitude of renunciation, an attitude that is free from temptation, an attitude of remaining beyond? Attitude is connected with vision. Because of the attitude of renunciation, whatever I have renounced, I have never touched that again. Body, relations... the intellect should not be pulled by any of these. There should be no attraction but just an attitude of remaining beyond. Baba is doing everything and getting it done. This is my bhavna. By creating such a stage, you will colour others with your company and they will also go beyond. Otherwise, it doesn't happen even when making effort for it. We stayed in Baba's company and by receiving avyakt sustenance, it became easy for us to stay up above. It is as though we are not here at all, but that we are residing up above.

Baba says: Always remain cheerful like the deities. I was rehearsing for that, and thinking that the smile of the deities' is filled with bhavna. Just as they are always happy, let me also take that happiness. Those deities' don't give that happiness, but you become happy on just seeing them. We take from Baba and become bestowers and so we are so fortunate. We are the children of the Bestower of Happiness and Peace. By doing this rehearsal purposefully, we don't remain ordinary nor do we fluctuate being one thing at one time and something else another time. Internally, we are changing from Brahmins into angels. Angels do not have parents. Angels are the direct children of God and they are few. They are subtle and very light, very clean, and truthful. Others receive the power to fly from them. Seeing such angels who are flying, people believe that at the time of dusk, the angels are wandering above us. My stage should also be such that I just wander up above, and not remain sitting down below. Is my stage like that? Am I rehearsing this? My bhavna is that your stage should be good, and then whether you are alone or in a gathering, your stage will always be the same. Achcha. Om shanti.

* * * * *

Transform “mine” into “Yours” and become a *double* crowned carefree emperor.

Today, the whole gathering is visible as that of carefree emperors because you have given all worries to the Father and have taken spiritual intoxication. From morning till night, all of you are carefree emperors because you have received self-sovereignty. So, you *check* yourselves because the sign of a carefree emperor is that his forehead sparkles with light and, as carefree emperors, you are *double* crowned. Only those who are *double* crowned are carefree emperors. So, do all of you experience yourselves to be carefree and emperors? If you do not have a *double* crown, that is, if you are not carefree, then what have you placed on your head? A basket of rubbish! So, what do you prefer? So, today, BapDada is pleased to see every child as a *double* crowned carefree emperor. So, all of you who are BapDada’s companions, do all of you experience yourselves to be like that? Or, is it that you sometimes experience it and at other times you do not? In the whole cycle, only you children receive this *double* crown. Many become kings – many become kings from the copper age, but it is only you who receive the *double* crown.

So, BapDada has come to meet such children who are carefree emperors. Have you given all your worries or does some worry still remain? Give your worries. You know how to give your worries to the Father, do you not? The method to become carefree is very easy: simply transform “mine” into “Yours”. It is so easy: mine (mera) and Yours (tera). It is a difference of just one letter – t and m. So, have all of you given your worries? Have you transformed mine into Yours? Those who feel that you are carefree emperors, raise your hands! Raise your hands high! Yes, raise your hands! BapDada will see them. Then, you do not sometimes change “Yours” into “mine”, do you? If, even now, a little worry still remains, then give it away and take spiritual intoxication because, day by day, the fear in the world is going to increase. However, you children of the Father will become carefree emperors and remove the worries of others too. The easy way to do this is: From amrit vela till night, *follow* Father Brahma because while even being in the corporeal body, Father Brahma remained a carefree emperor while fulfilling every responsibility. Even if many children did not see Father Brahma in the corporeal form, yet his activities and his *practical life* was as you saw in the corporeal form: while having such a huge responsibility, he remained a carefree emperor. Even until the end, you saw signs of his being carefree from his face. Even on the last day, without taking any support, he conducted the *last class*. He stayed *healthy* and *wealthy* in his intoxication. So, have all of you also become carefree emperors? Even though there may be karmic accounts of the body, the stage is that of constantly carefree emperors.

Today, BapDada wants to see every child equal to Brahma. So, *check*: No matter what the condition of your body is, your mind should always be a carefree emperor. So, *note* down in the morning when you wake up, *check*: Are there any worries in the *sub-consciousness*? *Check* every now and again. So, you will transform “mine” into “Yours” because, throughout the whole cycle, apart from you children, no one else has become a *double* crowned carefree emperor. You constantly have a *double* crown in your images. Many became kings in the copper age, but no one became *double* crowned or a king who had self-sovereignty. So, constantly remember your *title* of today: a carefree emperor.

Today, also, many children have come. BapDada has especially come to meet all the children. Now, you will not complain, will you? Because the Father has so much love for the children, He cannot stay without the children. So, keep this *title* in your awareness from amrit vela: Who am I? A carefree emperor. Achcha.

Baba celebrated a meeting with all the children who came. The Father is happy and the children are also happy. However, never forget this blessing of yours. No matter how you are, the body knows its karmic accounts, but the mind is constantly a carefree emperor. No matter what type of test *paper* it is, the paper makes you even more experienced and enables you to move forward. So, do not be afraid! Never be afraid of any *paper*. Achcha.

Today, it is the *turn* of the Gujarat zone to serve. BapDada loves those from Gujarat. Baba loves all the zones, but today it is their *turn*. Those from Gujarat, stand up! Wave your hands! Very good! BapDada heard all the news of what efforts you are all making. Children have shown a very good chart.

BapDada wants every child to be a *master* Brahma constantly, the same as Father Brahma. Every zone comes to their hearts' content. BapDada is also pleased: it is only now at the confluence age that BapDada finds such children. You will be companions in the golden age too, but now, you meet with that recognition. There, the recognition will *change*.

So, to the children from everywhere, although Gujarat is in the front as the instruments, children from abroad are also in front of BapDada - and there are also the children from small villages. BapDada says to each and every child: Both Fathers are saying: Constantly continue to move forward and enable others to move forward. Continue to bring your kingdom closer. Children from everywhere are in front of BapDada. In the corporeal form, it is you, but in Baba's heart are merged all the children from this land, from abroad and from the villages. Achcha.

Two Wings have come: Medical and Security. Those of the **Medical Wing**, now make such preparations and also inspire them, so that everyone becomes a carefree emperor, as BapDada has said. If there is no worry, there is then no illness. So, make such *plans* that, while sitting here, everyone remains happy. They should not lose their happiness. Invent such medicine that if someone is a little unhappy, either physically or in the mind, then, as soon as they remember that medicine, they become happy. What is that medicine? My Baba. So, let there be "My Baba" in everyone's mind and this will be the medicine. Achcha. You are doing very good service. Continue to do that. Victory is definitely with you.

Security Wing: Those from the Security Wing are making effort and working very hard, but while making such effort, invent such an easy and successful mantra, that is, medicine, that their minds become happy. Day by day, sorrow is going to increase, and there will be upheaval, but they should be able to make themselves unshakeable in the midst of any upheaval. Invent something so easy that, when any such situation comes in front of them, their minds become happy and they do not feel the illness of the body. Invent such a cure for security in short - just as Brahmins become happy when they read the blessings - in the same way, invent some facility for their salvation that, by studying it, they are transformed. Invent some small means for security because the times are going to become even more delicate, this would be useful at such a time.

You are *ever ready*, are you not? You are *ever ready*. No matter what times come or when they come, all of you Brahma Kumars and Brahma Kumaris remain constantly happy at every moment. Is it possible that the happiness of the Brahma Kumaris and Brahma Kumars will not disappear? If it is possible, then raise your hands! Achcha. BapDada saw everyone's hands. Raise your hands! That time will continue to come and BapDada will see the *result*. All of you have raised your hands, and so remain carefree emperors at that time too. Be carefree and an emperor too. Trivial things and major things are definitely going to come, but for the Brahma Kumars and Kumaris, nothing is a big deal! You have seen it every cycle. You have passed through it every cycle. Become experienced and you will pass through that now also as though it is a game. You do have such courage, do you not? Do you have courage? Raise both your hands! Those at the back are raising their hands.

Double foreigners: Do you *double* foreigners remember your *title*? Who are you? *Double* effort-makers. BapDada has seen that you have good courage. The *majority* of you also *pass* on time. BapDada receives the news and your instrument Dadi also relates everything. She continues give empower to everyone. Achcha. You should constantly remember one thing: We definitely have to be victorious. No matter what the *circumstances* may be, our name is "victorious". Victory is the support of our life. Victory is already guaranteed. Achcha. BapDada receives the news that the results of service abroad is also good and BapDada is pleased. Achcha.

Today, Baba is celebrating a meeting with all the children from everywhere. There is just Baba, Baba and Baba in everyone's heart. Even the Father is experiencing this, but the body knows about its karmic accounts. All of you, and BapDada, have seen that everyone remembers BapDada a lot more: When will we meet? When will we meet? When will we meet? Because of this, you forget less. However, the time of the confluence age is for meeting and so we shall continue to meet.

Baba continues to receive love and remembrance of all the children from everywhere. To the extent that children remember Baba, Baba too remembers the children a hundred times more. Just as the children continue to say, “Wah Baba! Wah Baba!”, in the same way, Baba says to the children in all directions: Wah children! Wah children! Baba continues to give love and remembrance through His thoughts. Achcha. Achcha, in the future, whatever is in the drama will continue to take place.

Mohiniben has sent lots and lots of remembrance: She is having good remembrance and also settling her accounts. BapDada also continues to give power. Her remembrance reaches Baba.

To Dadi Janki: (Dadi embraced BapDada) To embrace one means to embrace everyone. BapDada will continue to meet. The confluence age is the age for the meeting of the Father and the children. This age is for that and so we shall continue to meet.

(Nirwairbhai gave Baba remembrance of some brothers and sisters): Multimillion-fold love and remembrance to all those who sent their remembrance.

Rukmani Dadi has also sent love and remembrance. Also give her multimillionfold love and remembrance.

(In the last three to four days, some brothers and sisters have had an accident). Give each and everyone who have had ups and downs (been involved) love and remembrance. But in future, someone should personally explain to the *driver* separately. They rush a bit, and they should not rush. They think that they will reach there first and they would reach there first, but what would be the *result* of that? Therefore, you should give a signal especially to the driver. OK?

In connection with the God of the Gita: What you have done for non-violence is good. You will have many companions in this. In any case, many do not believe in violence. So, bring those people close and the God of the Gita will automatically then be proved.

* * * O M S H A N T I * * *

To Baba’s sincere, beloved children around Bharat and the globe,

Greetings of love and power from the holy land of Abu, on the special day of 12.12.12!

As Dadi Janki sits in the lap of Baba’s unlimited Shantivan, Dadi is remembering you jewels of hope, light and success in Bharat and around the globe. Just as 12.12.12 will never come again this cycle, each day of the Confluence Age is so precious and empowering. Take time to go into sweet silence and create a fortress of renunciation, tapasya and service.

We are so blessed to be receiving constant, dependable support of the Supreme. Whether we are facing challenges through the chariot or from the world, no whatever scene comes before us, remain immovable and unshakeable by keeping alive the attainments of spiritual virtues and powers. There are hundreds of thousands of enlightened Brahmins around the globe, but the support of each one’s life is just one loving Baba. Baba is our Benefactor, drama is beneficial, and we are world benefactors – what more do we need...

As we step into the holiday season and end-of-the-year celebrations, Dadi wishes you quality time in intense effort-making and secure divine relationships.

***In Baba’s loving remembrance,
On behalf of Dadis and Madhuban Niwasis,***

BK Janki

In this New Year, each one has to become a jewel of contentment and become problem-proof and an embodiment of solutions with the power of contentment.

Today, BapDada is seeing His jewels of contentment everywhere. The *light* of each one is sparkling very well because the power of contentment is most elevated. Other powers also come to where there is contentment. The power of contentment easily finishes any type of problem. Where there is contentment, no other power is lacking. The power of contentment easily transforms any type of atmosphere or *circumstance*. Contentment transforms the upheaval of Maya and matter. Each one should check the self to see: Have I become a jewel of contentment? Am I able to transform the atmosphere by changing the situation of any human soul?

Especially today, BapDada is very pleased to see the souls who are His jewels of contentment. BapDada saw that the power of contentment transforms the atmosphere in service and among companions. So, do you experience yourselves to be such jewels of contentment? Those who believe that they have the power of contentment and also experience success by using it at the right time, raise your hands! Achcha. Raise your hands high! You raise your hands very well. Seeing everyone's hands, BapDada is pleased. However, when there is any upheaval among companions, check whether this power brings about transformation at that time. Is the result of this successful in making your own places powerful?

BapDada saw that even now, there is a need in many places to make them free from obstacles with the power of tolerance. BapDada gave a task to each place, that is, every centre and *zone* should give the *result* of being free from obstacles. Do you remember? Do you remember? According to that and according to the need of the time, it is necessary for every place to be free from obstacles. Whether it is a service centre or your household, each place should be free from obstacles and filled with the power of contentment. You see the speed of time. Whether it is for the self or for a gathering, BapDada saw that there is a need to pay *attention* to the power of contentment.

Father Brahma tours around everywhere. Do you know what the easiest way is to become complete? *Follow father!* From the beginning to the end, Father Brahma gained victory over every situation with the power of contentment. So, today, BapDada is giving a special signal: each one should become a jewel of contentment and specially continue to use the power of contentment.

The New Year is now coming and so each of you has to check the power of contentment in this way: Am I content with myself? Are my companions content in the way that BapDada wants? Were the problems finished with contentment? Discontentment in the world is going to increase day by day. Therefore, for that, look at the self: Did I remain a jewel of contentment throughout the day? The easy method for this is to *follow Father Brahma* because discontentment in the world is definitely going to increase.

BapDada has made a *plan* to give all the children a blessing for the New Year specially at amrit vela. Everyone is asking: What is going to happen in the New Year? Those who have determination will receive special help from BapDada in their efforts. So, everything will become easy with this New Year *gift*. Do you like this blessing of amrit vela? Do you like it? You do do it, but you will specially attain co-operation, love and power from BapDada. Is that all right? Is it OK? BapDada has seen that everyone has very deep love. You have very good love for having to do something, but specially use the power of contentment this year for the *circumstances* that come in between. Check this and you will automatically continue to move forward. Achcha.

You have all come from everywhere. Everyone continues to remember Madhuban with a lot of love. So, what will you become? Jewels of contentment. Do you like it? If you like becoming a jewel of contentment, wave your hands. If everyone remains content, what will there be everywhere? The songs of "Wah!, Wah!" will be played everywhere. So, who are all of you? Who are you? All of you are jewels of

contentment. Are you jewels of contentment? Or only a little? Say: If we don't become that, who else would? If BapDada were to go on a tour, what would He see? The lights of the jewels of contentment are sparkling everywhere because it doesn't take BapDada long to tour around. So this year, BapDada will see the *result* of how much the *lights* of the jewels of contentment are sparkling everywhere.

This year Baba specially wants to see the *result* of your becoming *problem-proof* and an embodiment of solutions. The *majority* of all the children everywhere have reached Madhuban with their minds. BapDada is seeing how all the children everywhere have reached Madhuban with their minds with so much love. All of you have reached here physically and BapDada is giving special love and remembrance to all the children everywhere. BapDada is giving all the children everywhere the special blessing of the power of contentment. Remain content, make others content and spread the *vibration* of contentment into the world with the power of contentment. Achcha. Are all of you happy? If you are happy, then raise both your hands! BapDada is also pleased to see the children in Madhuban. If anything happens, if any small or big problem arises, just come to Madhuban through your mind, not with your body, but with your mind. BapDada will fill the minds of the children with *extra* nourishment of happiness. It is good. To come to Madhuban means to take a step forward in your efforts. Even now, check how much help you have taken in moving forward now that you have come to Madhuban? What do you easily remember throughout the day in Madhuban? Baba, Baba, Baba... Whatever you listen to, it is things of Baba. When you are walking, it is on the pure land of Madhuban. You are eating Brahma bhojan and it is *powerful* because those who have this special *duty* are reminded of it. Therefore, to come to Madhuban means to take a step forward in the self in knowledge, yoga, dharna and service. So, did all of you take all these benefits of Madhuban? You have taken benefit. Did you take benefit? Because you don't have any responsibilities here. You simply have the responsibility of making yourself move forward. Achcha.

It is the turn of Delhi and Agra to serve: Those from Delhi, stand up! (Everyone had a battery operated candle in their hand.) Those from Delhi have come as the form of *light* and *might*. It has created a beautiful splendor in the hall. Achcha. Those from Delhi have to prepare the kingdom because all of you are going to rule, are you not? You may not sit on the throne, but all will have a right to the kingdom. It is good. Those from Delhi have very good enthusiasm for *service*. Now, Delhi has to give the *result* of being the *number one zone* that is free from obstacles. You have good enthusiasm, but you now have to give the *proof*. Those of you from Delhi will do this, will you not? Raise your hands because, as yet, BapDada has not received this *result* from any *zone*. So, Delhi will claim *number one* in this too, will you not? Yes, teachers, raise your hands! Will you claim it? You raised your hands with a little slackness. Did the brothers raise their hands? Achcha. All are sitting in various places. It is good. BapDada has seen that all the *zones* have very good enthusiasm for service and that everyone has had very good programmes everywhere this year, according to their capacity. There is zeal and enthusiasm for service everywhere. Therefore, what will happen when you continue to increase this enthusiasm for service? Bharat will become great. Achcha. Congratulations to those from Delhi.

Double foreigners: Raise your hands! Very good. BapDada has seen that those from abroad have taken very good benefit from Madhuban. Whether you had retreats or you had any other programmes, the result of the co-operation and courage that you all received from one another is good and this is why BapDada is congratulating the *double foreigners* a hundred times for taking benefit. What *title* has BapDada given the *double foreigners*? Not *double foreigners*, but *double* effort-makers. Whenever anyone says *double*, say that you are not just *double* foreigners, that you are *double* effort-makers too. Also check yourselves. BapDada knows that you do pay attention and that your attention is also specially drawn and this is why BapDada likes to see that though you have come late, you are not behind in your efforts. You are moving forward and will continue to move forward. BapDada sees this. BapDada is pleased and so you may applaud.

Jurist and IT Wings: BapDada has already said that all Wings are doing good service. Whether it is the Jurist Wing or any other Wing, from the time that the Wings have been created and you took that

responsibility, it has been seen that, by taking the different responsibilities, you make good effort. BapDada has also heard that whatever programmes the Wings have had, the *results* of all the programmes were good. So the service of the Jurists taking place is good. BapDada is pleased that each one is paying attention to service very well: We have to do something, we have to do something. And you are doing something. So, service by the Jurists is taking place in different places and will continue to take place. Very good. Achcha.

BapDada has already congratulated everyone for service, whichever Wing it is. This is the *progress* that BapDada wants in each one's effort and, for that, BapDada has told you that each *zone* should make itself free from obstacles. Baba has not yet received this *result*. Not just your own centre, but the *zone* should be free from obstacles. Make such a plan that no one in any *zone* remains weak in effort. Just as you are companions now, move along in the same way and become the best of all of companions in effort too, because, if you become free from obstacles now, that atmosphere will spread into the world. The whole world has to transform. Achcha.

BapDada has given love and remembrance to everyone everywhere, but, this year, everyone everywhere should be *number one* in their efforts. Now be co-operative with one another in this way and bring about this *result*. Whichever *zone* you see, it should be free from obstacles. Is this possible? Is it possible? Dadis speak! Is it possible? Yes, speak! Is it possible? (Dadi Janki – if we don't do it who will? We are the ones who will do it.) Raise your hands! You will become *double* effort-makers. Wherever you are and whoever is listening and seeing, all of you should have the thought that you definitely do have to do this. Those who are brave and courageous will say: Baba, it is not a big deal, it is already accomplished. (Nizarbhai's group is doing very good service through the Future of Power.) Bharat is doing it and the lands abroad are also doing it. Everyone has enthusiasm, but become free from obstacles! Baba should receive the report that every *zone* is free from obstacles and has number one effort-makers because your vibrations have to reach the world. Nowadays, sorrow is increasing so much. The reason why everything is happening is that such sorrow and only sorrow spreads everywhere. Achcha. Do all of you remember what you have to do next year? So, make such effort and move forward and enable others to move forward. Achcha.

(Nirwairbhai asked if there was a new plan for Godly service.) Baba will tell you; that is fine. It is good. Achcha.

Speaking to Dadis: (This time the heart-to-heart conversation among the teachers was how to make the gathering powerful.)

Speaking to Mohiniben: Even now, she has a part and also has co-operation. Are you OK now? It will be OK. Do not think about anything. Everything will be fine. This happens a little in between. You have now received good *directions*, and so everything will be fine. You are happy, are you not? There has been a little upheaval and so this happens, but it will be fine. The illness has increased and so this happens a little. Now, continuously put everything right, one by one, and that's all. Everything will be fine. Nevertheless, you are fine. Once you are ready, you will run. (Tomorrow is her birthday and she will be 72).

Speaking to the three senior brothers: All three should make such a *programme* together that Madhuban remains constantly free from obstacles, that everyone remains both content and also a renunciate. You are paying attention, but continue to pay a little more attention! All three of you should discuss things among yourselves and become those with one thought. Let there be one wave among the three of you. Although you have different ideas, you have to unite those ideas. So, all three should have the same idea. By coming together you will have similar thoughts. It is good. Just as the sisters are together, in the same

way, the brothers have to have one direction. Whatever anyone's direction or idea is, continue to move along as one.

BapDada gave all the children greetings for the New Year 2013

Congratulations, congratulations, congratulations for the New Year to all the children everywhere! In this New Year, you have to bring about one newness or another in yourself. The transformation that you have not yet brought about in yourself and what you have been finding difficult, do that in the New Year and write your news to Baba. Make yourself free from obstacles and also be co-operative in making others free from obstacles. All you jewels of contentment should remain sparkling. This is what BapDada wants to see. Achcha.

Lots, lots and lots of love and remembrance to all the children everywhere and congratulations, congratulations, congratulations for celebrating your transformation.
