

**OM SHANTI**

**Avyakt Murli  
Revision Course**

**Experience the pleasure of the stage of liberation-in-life like Father Brahma while living this life. Give the gift of love of becoming a conqueror of the mind and, therefore, a conqueror of the world.**

Today is the special day of remembrance of Father Brahma, of when he became avyakt. Love for Father Brahma is merged in the eyes of all the children. Today, from even before 4.00 am, the children's love reached the subtle region, celebrating a meeting with Father Brahma. Symbols of love, signs of love from the heart reached Father Brahma as garlands. The love of the children is merged in the fragrance of each garland. Each and every child's eyes and smile spoke of matters of the heart. Father Brahma was also giving the *return* of love to each one. The Father saw that even now each child is giving the love of his heart through the language of the eyes. God's love makes each child easily belong to the Father. This alokik (spiritual) love makes Him belong to you through the experience that Baba is mine: "Mera Baba". Because the children said "My Baba", this love makes you the masters of the Father's treasures. As soon as you say "My Baba" you become a master of all the treasures. This love makes you forget the consciousness of the body in a *second* and makes you soul conscious. Nothing other than the Father attracts the soul. This day has great importance. It is not just the day of remembrance, but it is the day of power because on this day the Father Himself became the One who gets things done (Karavanhar) and gave the children the tilak of being the doers (karanhar) for world service. The "*Son who shows Father*" was made into the instrument to do the task. He himself became Karavanhar and made the children karanhar, for there to be success in service. The means of success in service is to have the awareness that "I am karanhar and Karavanhar is making me do everything." This awareness is essential because you had the awareness of "I" which brought you into body consciousness for 63 births. Karavanhar is making me do everything. I am karanhar, an instrument. With this awareness, considering yourself an instrument, body consciousness finishes. This is why he made the children karanhar and He Himself became Karavanhar. When you are karanhar you automatically become an instrument and humble. Even now, because BapDada made the children instruments for service, the Father saw that the fruit of service in the form of success is sparkling on the foreheads of the servers, the stars. BapDada is pleased to see the service of the *majority* of the children, and this is why Father Brahma is especially congratulating such children and saying "Wah children! wah!"

Father Brahma was especially happy and congratulating them for becoming instruments for service and moving service forward. Father Brahma is even now signalling the children to adopt the angelic stage, like him. BapDada saw that the children are paying *attention*. Father Brahma was constantly liberated in life. Although still having such a big responsibility to look after such a big family, to make everyone have a yogi life, to look after the responsibility of so much service, to constantly enable everyone to move forward in service, while having all these responsibilities, he still experienced the pleasure of liberation in life. This is why, on the path of devotion, Brahma has been shown on a lotus seat. He became liberated in life and experienced the pleasure of liberation in life at this time and he made all of you children the same too. Even now, he is showing you children various methods to make you angelic and wants you to become the same as himself.

BapDada saw that each child has a good aim. What do you say when anyone asks you what your aim is? Do you remember what you say? That you definitely will become equal to the Father. In what way will you become equal to the Father? In this life you will become a *sample* of a life of liberation in life. BapDada saw that you do pay *attention* to the *homework* that you are given. You have those experiences, but you do not do it all the time. Regarding the work you have just been given, Baba received a report that some children made effort and paid *attention* every month. Some *zones* have *reported* a good *result* for one month. BapDada says, "Wah children! wah!" to the zones who have sent their report, and congratulates them. What does BapDada want now? Though you stay all right sometimes, now BapDada wants every child to be like this all the time. You have become good yogis, but He now wishes to make

you constant yogis. BapDada had given children some work. Every hour create a method to be able to change “sometimes” into “all the time” in order to be constant. According to the saying “those who conquer their minds conquer the world.” BapDada now wants your mind to have only the thoughts that you ask it to have. Why? All your physical senses do what you want when you want, do they not? In the same way, your mind should also only do what you *order* it to do. You practise this, but, sometimes, you don’t practise it.

BapDada now wants you make you control your mind as you want using the reins of the powers. To whom does the praise “those who have conquered their mind have conquered the world” belong? It is the praise of you children. Because you achieved this every cycle, there is the praise. You say that all your physical senses belong to you. In the same way, you also say that your mind belongs to you. To say that it is yours means you are its master. Whatever thought you wish to have in your mind and for however long you wish it to be there, your mind is bound to do that because it is your mind. So, on this day of love, BapDada wishes to give you this *homework*: only create the thought that you wish to have. If you wish to have pure thoughts, then, if any waste thoughts arise your pure thoughts should finish them. If you wish to have yoga but, due to your sanskars, waste thoughts arise instead, or, if you are not successful in having yoga, you need to develop this *control*. If you wish to have yoga for one hour, your mind should not *disturb* you. The soul is the master; the mind is not the master. The mind is the companion of the soul. So, *order* your companion with love. Become a conqueror of the mind. BapDada receives news from many children that they have waste thoughts from time to time. You have waste thoughts even against your wish. Would you call this being a master? You have love for Father Brahma, do you not? So, today, the Father is telling you his heart’s desire with a lot of love. Now, you must definitely become a conqueror of your mind which makes you a conqueror of the world. Will you give Father Brahma this gift of love? When you have love, what would you give? A *gift* is given, isn’t it? So today, Father Brahma is asking you children to give this gift. Are you ready? Are you ready? Raise your hands! If from today you are given the instruction not to allow any waste thoughts to come, would you be able to do it? Today, are you able to perform actions while in a *stage* of yoga and also have yoga for two or four hours? Can you do this? Will you do it? OK, now let the past be the past! Now *order* your mind from today to put a *full stop* to all waste thoughts. You will have to do it, will you not?

Today, keep this aim in yoga and you will then have to make effort according to that throughout the day, will you not? Out of love for the Father, you will have to do what the Father says. The method to finish all waste thoughts is to remember Brahma Baba’s love in your heart. Whether or not you saw him in the corporeal form, all of you have seen him with the power of the intellect, have you not? Have you seen him or not? Those of you who say that you have seen Baba’s love and who have seen the sustenance of Father Brahma, are you moving forward according to that? If so, raise your hands! Achcha. You have pleased Baba by raising your hand. BapDada is pleased that at least you have had that courage. However, when you lose courage, always remember your relationships with the Father. How many relationships are there? Sometimes He is the Father, sometimes He even becomes the Child. Sometimes He is the Father and sometimes He even becomes your Friend. Either remember the relationship or the attainments. Remember the attainments and the relationships, just as you are remembering that in your heart today, are you not? If you remember in this way you will develop love. Even today, all of you are experiencing Father Brahma’s love in your hearts, are you not? Whenever something is not right, then remember the relationships and the attainments. The Father co-operates with every child. All you have to do is to remember Him. Have you understood what you have to do today? Become the embodiment of the praise, “those who conquer the mind are conquerors of the world.” Control your mind with your *orders*. Now, because you have left it a little *free*, it does its own work. Now, pay *attention!* Your mind has to work under your *orders*, not that you act under the *orders* of your mind. You wish to contemplate upon matters of knowledge but instead useless thoughts arise in your mind. So, what happened? Is your mind the master or are you the master? Has everyone understood the *homework*? You have to conquer your mind. Whatever your order, it will obey that; it will definitely obey that. All you have to do is to pay *attention*. Mothers and *teachers*, is this

possible? Is it possible? *Teachers*, raise your hands! *Teachers* are raising their hands. If you think this is possible, then wave your hands! At least those sitting in the first row, wave your hands! Brothers, wave your hands! Wah! It means you have given Father Brahma the gift of love. Congratulations for that. Congratulations.

It is good. Love for BapDada gives you a lot of co-operation. When you say “My Baba” from your heart, when you say “My Baba”, then, who is “I”? The Father’s long-lost and now-found child. How many times do all of you say “My Baba”? How many times do you say “Mera Baba”? The Father hears it and *notes* everything. *Double foreigners* are also listening, are they not? BapDada saw that *double foreigners* have been present for the *full season*. They have been present in Madhuban for every meeting. Even now, there are 350 here. They come for their own *turn* and then a few come from somewhere or other in every *turn*. Now, BapDada will continue to look at the *results* and all of you should also continue to look at your *results* as detached observers. Simply remember that you have promised BapDada that you will become the masters. BapDada can now give this work to at least each *zone*. This *zone* should give the *result* for this next week or 15 days: not only that you didn’t have any waste thoughts, but whether you carried out the topic you were given about the mind or not. Do you *teachers* agree? Do you agree? Should any *zone* be given this work? Raise your hands! *Teachers*! This is Maharashtra, is it not? Those from Maharashtra would be given some great work to do, would they not? BapDada has love for each *zone* and always has faith that this child will do exactly what the Father has asked. Is it so? Maharashtra, is it the case that the Father asked you to do something and you did it? Those from Maharashtra, raise your hands! There are many. It is three-quarters of the *class*. Each *zone* follows the instructions of the Father. Everyone is nodding. The Father also has the faith that My children have faith in their intellect.

BapDada wants you to use every day’s elevated versions (murli) as your *homework*. If you children do what the Father asks in each day’s murli, then it means you are acting as the Father’s long-lost and now-found children, the obedient children. What do you have to do? Read every day’s murli because BapDada has seen that the *majority* of children love the murli. Even if someone doesn’t love it, if a child says to BapDada: “Baba, I love You a lot.” but what does the Father love? He loves the murli. He comes from so far away to speak the murli. Would there be any other *teacher* who comes from so far away just to teach you? Since the Father loves the murli, then those who say “My Baba” and who have love for the murli, their first love should be for the Father’s murli as well as for the Father. Look, Father Brahma did not *miss* a murli for even one day. Even when he went to Bombay for one reason or another, he wrote the murli and Mateshwari would read that murli. Even on the *last day*, when his health wasn’t so good, he didn’t conduct *class* in the morning, but he became avyakt after conducting evening *class*. What did Brahma Baba love? The murli. Those who think that they love Baba, should also love what the Father loved, should they not? This is why the Father thinks that you should read the murli or study it in class. If it is not possible, and you are not making an excuse, but there is a valid reason, then get someone to read it to you. Raise your hands if you feel that you will give that much importance to the murli! Achcha, everything is visible from here. The Father is also seeing all of you sitting at the back. Achcha. Very good. The Father will take a test *paper* in between. The *teacher* should write to Baba the names of those who didn’t hear the murli today. You like this, do you not? Achcha.

Today, meeting every child, Father Brahma is giving them all lots and lots through his eyes; he is giving love through his eyes. Achcha.

Baba has received messages from children everywhere. Different letters have come from everywhere filled with sweet feelings of love and remembrance in different words. BapDada is *responding* to all of them: Each child is merged in the Father’s heart with love, and this imperishable love of the Father and the children is eternal. Throughout the whole of the confluence age, the Father and the children’s meetings are fixed. Achcha.

**Maharashtra, Bombay, Andhra Pradesh:** (14,000 have come). Everyone has love for BapDada especially on this day of love, and this love will remain eternal. All those who have come are already standing up. You like the *chance* that you have of coming here *turn by turn*, do you not? Do you like it? No one can have any complaints. Every *zone* receives a turn. So, do you like this *system*? Do you like it? You like this *system*, do you not? It is good. It has been seen that each *zone* brings their companions with an open heart (generously). It is a *chance* for serving the yagya and also a *chance* for meeting. Even though you get this chance to serve the yagya for only a few days, when you return home after having served the yagya, you experience the attraction of the yagya in your life, and this is why you realise what the family really means. The big family gets together here. Even in your *zone* you would not get together as such a big family. When you come to Madhuban to meet BapDada you also meet the family at the same time. When you have served the yagya once, the yagya will constantly continue to come in your mind all the time. There is a vast difference between something you have seen and something you have only heard about. Madhuban is the home of every child. You have been sent to different places for service because you have to become world servers, do you not? No one should complain that they didn't know that their Father had come, and He left having given the inheritance, but they didn't even know about it! There shouldn't be this complaint. This is why BapDada always says: Definitely give this message to your neighbours, to those in all the villages and all the *areas* that your Father has come. Whether they believe this or not is their own fortune but they should not make this complaint. It is your job to give the message; to believe it and to create their fortune is in their hands. However, there shouldn't be any complaints against you. Very good. Service in Maharashtra has expanded very well. BapDada is giving special congratulations for this to the teachers and those who are doing service. Your work should reflect the meaning of your name. You have brought about expansion. Delhi is making *plans*. The Father gave an instruction and they are putting that into a *practical* form. Similarly, Maharashtra should also make some new *plans*, not the same plans, but make *plans* for service in a new way and spread the sound everywhere. You are spreading it in Maharashtra but now make one *plan* or another to spread the sound everywhere through which the sound of your service reaches different countries. It feels good. To remain *busy* means to become a conqueror of Maya. BapDada is pleased with Maharashtra. *Teachers*, you are also happy, are you not? Achcha.

**Double foreign brothers and sisters:** When they hear the word “*double* foreigners”, it inspires a lot of love in their heart for you. There is also a wave of love within the Brahmin family. No matter how far away you may be, the love in the heart makes you come close. This is the speciality of double foreigners. You are spreading service everywhere. BapDada continues to hear this news. No one should be left out; no one should complain that they didn't get the message. BapDada has seen that those from abroad are now working with those from India and are giving the message in a *practical* way. No religion should be left out. The message has to be given. From the beginning of foreign service, the means to spread service abroad was that everyone would sit on the one *stage* together: Christians, Muslims, all the people of different religions would sit on the *stage* at the same time, so that it was visible practically that the Father of all is One. No one should be left out. It should be the same in Bharat as well as abroad. It doesn't matter which branch it is, everyone should definitely receive the message. Now the times are changing and everyone's opinions are also changing. Waves of sorrow and peacelessness are spreading abroad too. This is already present in Bharat. This is why people's desire to listen is increasing. Now, when you invite them, your *hall* becomes full, but some still remain. So, people's desire is increasing and this is why you have to expand service a lot more. You are also being given a *chance*. Those from abroad have zeal and enthusiasm for service; day by day this is more visible. Whether someone has come from a village, from abroad or from anywhere, BapDada is telling everyone: Do a lot of service. The time can change at any moment and then even if you want to do service, you will not be able to. Such a time will also come. This is why you must do what you want to do now. Not later, but now! BapDada always says: Do not leave it till tomorrow. Do not leave it for today, but do it now. Because time and the five elements come to the Father and ask: Tell us how much longer this sorrow will continue. They themselves are experiencing sorrow and so what can they do? They will cause sorrow for human souls too, will they not? This is why all of you who have come

have to think: Just as Brahmin life is essential, in the same way, according to the present time, it is essential for each one to do service. Do it or get it done through others. Seeing the double foreigners, the whole family is happy, you yourselves are happy and BapDada is also happy. The *homework* that BapDada has given: You definitely do have to become a conqueror of your mind and, therefore, a conqueror of the world. It is your praise and you simply have to *repeat* that. Achcha.

**Brothers and sisters from Calcutta have set up the flower decorations everywhere:** It is good. You have to work very hard, and the hard work you do is seen through the flowers as the love in your heart. Whether you work hard with your own hands or you work hard to inspire others, you definitely receive the strength (bal) of your hard work and you also receive the fruit (fal) of your hard work. BapDada is giving lots and lots of love especially to those from Calcutta because the Father first incarnated in Father Brahma Baba in Calcutta. This is why those from Calcutta have become instruments to give the *response* of love. Congratulations, congratulations, congratulations for doing everything with a lot of love. All of you also like it, do you not? There has to be some transformation. They show their love in a practical way. Achcha.

Now, regarding all the children who are personally present here and those who are watching from afar, BapDada has heard that a lot of effort was made for the centres in every country to see and listen to Baba. It doesn't matter what time of the night it may be for some countries, they also watch Baba. These means of *science* were invented for you and are benefitting you. Though destruction takes place through *science*, it is for your kingdom. To all the lovely children everywhere, special love and remembrance, accept affection from the heart and lots of love from the heart of Father Brahma.

**Speaking to Dadis:** Your fortune will not allow you not to do service. However much fortune someone has, that fortune pulls him. You have fortune, do you not? It is good. Now, the time is bringing the fortunate ones here. The Father has told you that anything can happen suddenly at any time and so time will continue to awaken some souls or other. Very good.

**To Par Dadi:** (The daughter is meeting her father.) You are now going to become equal to the Father. You will now begin to serve. Make her do service; keep her *busy*. So many people come here, and so let her continue to share her experiences. Let her continue to do service. Very good.

**To Didi Nirmala:** (Health is fluctuating a little.) You have understood why it happens. Once you have understood the reason "why" something happens, do not allow that to happen. You know it. You are a gyani soul. Know it and step away from it. Do not allow it to come.

**To the three senior brothers – Nirwairbhai, Rameshbhai and Brijmohanbhai:** You continue to meet the Pandavas (brothers) and that is very good. Now, all of you three have to pay attention to service, make new *plans* about what means to use so that everyone receives the message quickly and no one is left out. Make such *plans*. Yes, the *zones* and the *centres* can also continue to make *plans* but the intellects of all of you should also work on what newness you should bring about in service, and, as well as that, every now and again, from time to time, continue to tour around the whole yagya. Give everyone zeal and enthusiasm for *service* at all the places. Some *zones* continue to do service and some places are such that they never have big *programmes*. Give them enthusiasm and make them instruments because when you meet among yourselves here, you first make *plans* here. Then, wherever they are, each one should tour around the places that are close to you. Understand that the responsibility of service lies upon you. As well as getting it done, you also have to do it. Is that OK? Baba heard about your *plans*; they are fine.

Just as you have become instruments. There isn't anyone else who comes. It is only you who come. You are instruments and so teach the instruments how to have dharna and also give them love. Not just love, but when someone has a need, to enable their need to be fulfilled or give them something yourself is also love. Become instruments in this way. Is this fine? (To Rameshbhai): Your health will be fine. Do not

think too much. Whatever is going on, make a plan to deal with it in a *second*. That is all. Do not think: “There should be this and this.” No. Make a *plan* in a *second*. You were told about it just now, and so give less time for everything. Finalise everything quickly because *time* nowadays is *valuable*. Each Brahmin is *valuable*.

**A retreat centre is being built in Africa and Baba was shown the plan:** The enthusiasm that all the instrument children have is reaching here. BapDada is pleased. The more *centres* are built, the more the children who have become separated will create their fortune. So, you are not inaugurating this, but you have become instruments to open the fortune of many.

**To Hansaben:** Baba received the news that you wrote. Now, do the work that Baba has given everyone today of how much to think and what to think. Claim number one in this.

**BapDada speaking to the Core Committee Members of Shanti Sarovar, Hyderabad:** All of you have become instruments for service. This service is world service. It is not service of Hyderabad alone but it is world service. Souls become happy when they serve the world because you are doing charitable work. Where there is charity you receive blessings. These blessings enable you to fly high in your life. BapDada has received the news that all of you are instruments for service. Very good. Continue to do that and continue to receive blessings because to receive blessings for this task is a very huge, subtle attainment. This is why do not consider whatever service any of you is doing anywhere to be service, but that you are accumulating your charity, because by accumulating charity you *automatically* receive the fruit of your motive of serving; you also receive power. So, happily continue to invoke and have good wishes for those souls who come so that whosoever comes goes back prosperous and full of all treasures. Continue to move forward in service with such good wishes and pure feelings. Continue to move forward and enable everyone to move forward and you will receive success as your birthright. However, only if you have good wishes and pure feelings for service will you receive power from service. You will receive happiness, and souls that come to you will receive happiness through whatever you do. Very good. Whatever service you are doing, you are doing it for BapDada’s yagya. There is a lot of charity earned in serving the yagya. You are very good. Continue to move forward and enable others to move forward too. Achcha. It is good. Wherever you all are, it is good. Continue to move forward and make others move forward too.

**At the time of farewell:** (Brijmohanbhai sang a song: Do not go now as our hearts are not fulfilled.) The heart’s desire is never going to be fulfilled. We are always together, we will remain together and we will return home together. (We will be with Baba for our 84 births.) Do that! It is good. Lots and lots of love to everyone on behalf of Father Brahma. (Baba, do You feel like going?) It is in the drama. Achcha.

\*\*\* O M S H A N T I \*\*\*

**Constantly remain cheerful and content by remaining aware of your fortune and attainments.  
Give the experience of contentment through your vision, attitude and activity.**

Today, BapDada is pleased to see all the children. Each child has reached here through God's love. Today, BapDada is seeing the lines of fortune on the forehead of each child. No one else has received such fortune, such great fortune, throughout the whole cycle because the Bestower of Fortune Himself has bestowed fortune upon you. In the first place, the star of fortune is sparkling on each one's forehead. The line of sweet speech is sparkling on the mouths. The line of a sweet smile is sparkling on the lips. The line of being absorbed in love for the Father who is the Comforter of Hearts is sparkling in the heart. The line of greatness of attaining all treasures is sparkling on your hands. The line of achieving multimillions at every step is sparkling on your feet. Now, think: has anyone ever received such fortune? This is why is your fortune is described in the images of your memorials. And the Bestower of Fortune Himself has given this fortune to each child.

Seeing the fortune of each child, BapDada is congratulating each one: Wah child! wah! You receive this fortune only at the confluence age and it operates only at this time. The happiness of the confluence age is more elevated than that of all other ages. The fortune of the golden age is the reward of the effort made at the confluence age and this is why the attainment of the confluence age is greater than the reward of the golden age. Lose yourself in your own fortune! It doesn't matter what is happening, but what emerges from you when you bring your fortune into your awareness? Wah! my fortune! The Bestower of Fortune Himself is your Father. Each one of you has received your fortune from the Bestower of Fortune. Do you realise how fortunate you are? Or, do you only realise it sometimes? Do you constantly have this intoxication? When the people of the world see you they ask what you have received. What do you reply? We have attained everything we wanted. Have you attained it? If so, raise your hands! Have you attained it? Achcha. Have you attained it? With spiritual intoxication you say that you lack nothing. You have this intoxication, do you not? So, how did you get it? You simply came to know the Father, you accepted Him and you made Him belong to you and you received your fortune. The more you make yourself aware of this fortune, the more cheerful you will be. The face of a fortunate soul will be constantly cheerful. It is not that it will be, but it is always so. The vision, attitude and activity of such souls will always be content and they will inspire others to be content. Are you all intoxicated with your contentment? The basis of contentment is to have all attainments. Discontentment comes from a lack of attainment. What do you experience? Is anything lacking or have you attained everything? Are you intoxicated with your attainments? Are you? Are you all the time or only sometimes? In fact, you claim you have attained what you wanted. Where you have all attainments, there is no mention of discontentment.

BapDada is seeing the children from this land and abroad. From how many countries have all the children gathered? Who has come from the furthest place? Have those from America travelled the furthest? Those of you from America have come from the furthest land, have you not? However, where has the Father come from? America is in this world, but where has BapDada come from? He has come from Paramdham and Father Brahma has come from the subtle region. So, who has come from the furthest place? Who is the furthest away? This is a scene of the love of the Father and the children. You said, "My Baba" and the Father said, "My child." You received such a great inheritance simply by knowing the One. People of the world are searching for peace and happiness and wondering where they will find peace and happiness, whereas your life is full of happiness and peace. What does BapDada want now? BapDada wants every child to be a self-sovereign, to be a master of the self, always, not just sometimes. This is because the Father has given the full blessing of self-sovereignty at the confluence age. It was not just a little and not just for some time, but for all time. Are you a master of the self all the time? BapDada has told you that you are masters of all your physical senses and your mind, intellect and sanskars. You say "mine" regarding all of these things. You do not say "I" for these things, but you say "mine". Since the mind, intellect and sanskars are "mine", "I" have a constant right to what is "mine". In the same way, maintain full rights over your mind, intellect and sanskars. This is what it means to be a master of the self. Whatever orders you give them, they are instruments to carry out those orders. However, in order to accomplish this, you maintain the intoxication of being a master while walking and moving around. Faith and intoxication.

Now, it is time to serve souls through the mind. They are crying out: O ancestors, give us a few rays of happiness and peace. O ancestors, you can hear the call of the unhappy ones, can you not? BapDada has signalled to you that any calamity can occur suddenly. For this, put a *full stop* within a *second*. You are practising this now because at that time you will not have time to make effort. You may try to put a *full stop* but you put an exclamation mark instead. This is why you have been given time now to make effort. Then, it will be the time to do something *practically*. You are practising this from now. BapDada is seeing your *result*: You are paying *attention* to doing it. However, you need to pay more *attention* and *underline* it. Look how easy the effort is: I am a dot and I have to put a *full stop*! I simply have to pay *attention*. BapDada is specially giving children a gift: Children, I am always with you. As soon as you say, “Baba”, the Father is ever present in front of you. It has been said: The Lord is ever present. He is not omnipresent, but the Lord is ever-present in front of the children. Always be victorious. When God is with you, how can it be difficult to be victorious? Victory is your birthright. Simply by saying “My Baba” you definitely become victorious. Therefore, be constantly victorious; this is extremely easy for those who stay in remembrance; it is not difficult. Where there is God, there is definite victory. Today, BapDada is pleased to see all the children: You have come with so much love. How did you reach here? Physically, you have reached here by *train* or by *plane*, but it is the love that brought you here through your heart. It is your courage and the Father’s guaranteed help. Now, BapDada wants every child in every action to stay stable on the seat of self-sovereignty. Achcha.

**Those who have come for the first time today, raise your hands!** Stand up! There are many. Achcha. Just as you have come for the first time, in the same way, you must claim number one. Do you wish to claim this number? Baba’s blessing is that those who have courage will definitely receive the Father’s help. With courage, you have a chance to progress as much as you want because the board saying “*Too late*” has not yet been put up. Stay in remembrance and serve others through your attainments. You will accumulate blessings according to how much service you do, and those blessings will keep making you move forward. Continue to give the message, and it is then up to each one’s fortune. However, you just keep giving the message. Continue accumulate your charity. Your charity will keep making make you move forward. It is good.

Achcha, this one has come from Karachi (Dada Atmaram). Look, you have come from the original place. You have come from the original place where establishment took place. BapDada’s blessing is that you consider yourself to be an original jewel and share your experience of being constantly happy, constantly *double light* with others. BapDada saw that you have unshakeable faith. You can move forward. You are moving forward and you can move forward even more. You can claim the blessing of moving as far forward as you want. Achcha. These people have accompanied you. You are happy, are you not? Take happiness with you from here. Take so much happiness that your happiness never decreases, and that when others see you happy, they will also become happy. So, what will you share when you return? Whenever you go somewhere, you share something, do you not? What will you share? Share happiness, imperishable happiness. Those who attain happiness will also become constantly happy. Whoever comes, BapDada is pleased anyway, but you are also going with happiness. You are going back with happiness; so, have you accumulated that much happiness? You have, have you not? Share lots of happiness. When you share your experience, tell people where you have just come from. You have come from the place of happiness and you have also brought happiness for them. It is very good. Many people come nowadays. Half the class is usually those who have come for the first time. All of you have come for the first time. Good! Very good. BapDada and the whole family are congratulating you for coming to your home for the first time. Simply remember “My Baba”. Do not forget “My Baba” because you receive an inheritance from Baba. You attain whatever was not yet attained. Achcha. Everyone is happy that our brothers and sisters have come home. You may applaud. Achcha.

**It is the turn of the Eastern Zone (Assam, Orissa, Bengal, Bihar), Nepal, Tamil Nadu and Bangladesh to serve:** (17,000 have come from these places). Those who live at the centres remain standing and the others can sit down. Very good. This *zone* is the biggest *zone* of all. However, the other zones are no less and this is why BapDada is specially congratulating the teachers and those who live at the centres. The servers have brought the live image of your service. BapDada is pleased because it is seen that all of you have kept a very good aim of making service grow at your own places. You have worked hard and you are receiving the fruit of your efforts; congratulations for this. What are you going to do now? BapDada told

you earlier, too, to find heir-quality souls and “mike” souls who can have an impact on the world; the bigger the zone, the greater number there should be of both these types of soul. They may be from any of the wings. Your zone is very big and, therefore, a big zone should get together and bring such souls to your home in Madhuban. Now prepare such souls so that the number of your zone comes ahead. You may already be doing this. The Father knows that instruments cannot avoid doing service, but BapDada wants to see you achieve this *result*. You are the best of all because you have become masters of the Father’s gaddi. Baba calls the teachers “guru-bhais”. O guru-bhais, these should now come from all the places. Is this all right? It is good that you are making effort and you will definitely achieve success. It is not a big deal. Hold a big programme through which the *connections* can increase. Regardless of the zone, the result of service BapDada hears of nowadays is that growth is taking place easily and mikes are also getting ready and this is why it is said that this zone has already achieved success. Achcha.

**Double foreigners:** BapDada likes it very much that you come to Madhuban and meet one another. You meet the Father and you also exchange service news. BapDada told you earlier too that He likes this method. From how many countries have you all come? (76 countries.) When you come here to Madhuban, children of how many countries do you meet? If you were to calculate how many states of India everyone has come from, there would be many. Those from India are happy to see you and you are happy to see those from India. The meeting of the two is good. To meet one another means to fill yourselves with enthusiasm. Nowhere else can you see such a big family together. You can only see such a big family in Madhuban. What do you feel in your hearts? Wah Baba! and wah my Godly family! BapDada is so pleased to see His children. In fact, BapDada tours around everywhere at amrit vela. It is not a big thing for him to go everywhere. BapDada has already told you that the speciality of meeting at 4.00 am is also that at that time BapDada gives blessings to all the children easily. The part of the Bestower of Blessings is specially at amrit vela. BapDada gives you whatever blessings you want. Just try it and see! However, in order to claim a blessing, all of you have to stay *alert*. If you don’t stay *alert*, BapDada will visit and leave and you will just be thinking about it. You do give importance to amrit vela, but now pay more *attention*! BapDada has seen that, according to the time, service is growing. Because of service you cannot stay away from the Father in order to claim your blessings. The *majority* of *double foreigners* do make effort, however you have to *underline* paying *attention*. BapDada congratulates all the children for reaching Madhuban, no matter how. BapDada has heard that children understand that they definitely have to fulfil the signal that BapDada gave regarding sanskars. In order to accomplish that, just as you use a point for self-respect at amrit vela, together with that, pay attention to one particular sanskar in a specific way: “Today I am going to pay special attention to this sanskar.” Then, at night, when you give BapDada your chart of the whole day, also tell Baba the *result* for that sanskar and that will specially draw your *attention*. You have to pay *attention* to one sanskar or another. Just as you pay *attention* to remembrance, at the same time, together with that, give BapDada this *result*. If you wish to finish the sanskar, but cannot succeed in finishing that sanskar on that day, then congratulate yourself from BapDada. Every day, continue to receive congratulations from the Father for that particular sanskar, and you will then see that the use of that sanskar will decrease. You check yourself in yoga, but you don’t check your sanskars in the same way every day but only sometimes. Effort-makers get this *paper by chance*, not every day. However, the *checking* will take place every day, and this *attention* will finish all *tension*. BapDada saw that when children from abroad begin any task, they definitely do pay *attention* to it. Only those who pay *attention* are able to attain liberation. You also have Baba’s blessing. Do you understand? When all of you engage yourselves in this fully and check yourself daily, the *result* will be that that sanskar itself will become slack. BapDada wants you to claim *number one* in the *subject* of sanskars, so that you only use the sanskars that you want to use. This will happen. Once your *attention* is drawn to it, it will happen. However, you have to pay *attention*. It will not happen just like that; you will have to pay *attention*. Why do these sanskars only emerge within the gathering? Those who worship your images sing such wonderful praise of your sanskars. It was because you became that practically that they speak about it. Make your deity images emerge. What do people sing? You have to become such deities, do you not? Achcha. All of you double foreigners keep experiencing success in your efforts, do you not? Do you? Those who experience success, raise your hands! Wah! You are all raising your hands very well. So, you will keep the aim that you definitely have to pay *attention* to this. You definitely have to claim a number in this. Seeing you, others will also be enthusiastic because you are the instruments, and instruments receive special help from BapDada. BapDada is pleased that the number of centres is increasing. You are paying *attention* to making effort, but now become those who are instruments to bring

about transformation. Seeing you, others will also have enthusiasm for the power of transformation. Although it is *understood* that it is numberwise in making effort, BapDada is pleased that you are paying *attention* to making effort; so you have to increase that now. You continue to receive BapDada's love and remembrance every day. Look, even while sitting at home, you don't miss out on receiving BapDada's love and remembrance for even one day, if you are reading a murli with discipline every day. He doesn't miss out on giving love and remembrance for even a single day. You do receive it, do you not? Do you? You receive love and remembrance every day. All of you receive it, do you not? This is a sign of BapDada's love. If you *miss* a murli, you *miss* His love and remembrance. You then don't just *miss* that murli, you also *miss* out on BapDada's love and remembrance and His blessings. You can catch up on the murli, but the time that is fixed for receiving love and remembrance from BapDada was missed, was it not? BapDada is pleased that you are enthusiastic about this. Achcha. Is there anyone who misses a murli? Among the *double foreigners*, is there anyone here who misses a murli? For any reason? There isn't anyone. No, they don't *miss* it. One person raised her hand. Now, do not *miss* it! Do not *miss* the murli! You can even listen to it over the phone. If you can't read it, then, somehow definitely listen to it. Definitely give your present mark. Achcha. All those who have come to this gathering, new as well as old ones, note down very, very, very well that you must not *miss* the murli. BapDada comes from the supreme abode every day; He comes from so far away; He comes for the children. Just as the Father never misses the murli, in the same way, children also should not miss a murli. Achcha. Now, just as those who come to Madhuban are asked to fill in a form, you should also get them to fill one in as to whether they listen to the murli every day, or how many days they have missed. Do you agree? Those who agree with this, raise your hands! Even those from Madhuban, raise your hands! You must not *miss* a murli due to any reason. Just as you never miss out on your meals, in the same way, this too is food, is it not? That is food for the body and this is food for the soul. Did you like this? All you new ones were allowed to come. You too have to follow this discipline. Just as there are other disciplines, this too is a discipline. A Brahmin means one who listens to the murli, one who does service. Achcha. Get each of the zones who have come to stand up individually.

**Tamil Nadu:** You have come for service. Very good. Service means to eat the fruit.

**Nepal:** Very good. BapDada liked it very much that so many have come just to serve. To come for service means you have love for the yagya. BapDada is congratulating all those who have come since all of you have love for the yagya, and you souls are co-operative with the yagya.

**Bengal:** It is good. BapDada saw all of you who have come. It is a good number. You have come with good zeal and enthusiasm. Always continue to love the yagya and serve the yagya, whether you serve it with your body, your mind or your wealth. Who created the yagya? The Father created it. Whom did He create it for? He created it for the children. If it were not for you Brahmins, the yagya would not have been created. All of you have done very good service. All of you are receiving a *certificate* from the instruments. You have done very good service and will continue to do so in the future. You are immortal.

**Bihar:** Your name itself is Bihar; look how good your name is! Bihar means a place where there is constant Spring (bahaar). Achcha.

**Orissa:** Each one has brought a good number of people. BapDada is pleased to see the numbers that have come from all the zones which have come here because you have love for service. Constantly continue to move forward. You are moving forward and will continue to do so.

**Assam:** BapDada saw that all of you are ahead of one another. All those who have come, you have more zeal and enthusiasm than one another. You have earned charity through service. You are souls who have earned charity because you receive blessings through service. You are not just doing service, but you are going away having accumulated charity. Achcha.

**Bangladesh:** There are a few. However many of you did service, you put a stamp on yourself for having love for the yagya and for serving the yagya. Your title is "yagya snehi" (one with love for the yagya). Achcha. You did very well.

**Jharkhand:** Even though you are few, you have love for service. However many there are, you have created your future. Continue to create it. The more you serve the yagya, the more you will accumulate. The more service you do, the more you will accumulate. Achcha.

All of you are sitting here personally in front of BapDada, but BapDada is seeing a greater number in front of Himself. Those sitting at different places are even more numerous than you are. You are here personally, whereas they are merged in the heart while sitting far away. You are already merged in the heart and this is why you have come here physically. BapDada saw, even at a distance, they are listening with love and they are seeing everything very clearly. BapDada had said at the beginning that *science* would be useful to you. Look, it is with the instruments of *science* that you are able to experience being close while being far away. It will also help in destruction. That is also essential and it has given you a *golden chance* too, here, in this Brahmin *life*. *Scientists* are also helping you. Do not consider them to be bad, and think: What are they doing? No. They have to perform their task. *Science* is helping you and will continue to help you in the future as well. Achcha.

The teachers from abroad who are here for the meetings and sitting here at the front, you are instruments. BapDada hears everything. He definitely tours around and, while touring around, He understands the essence. Whenever something essential is being finalised, BapDada goes there and hears everything and also congratulates you. However, you keep yourselves very *busy*. BapDada likes it because small and big centres are spreading everywhere. There are different languages all over the world and also there are many languages in the different places of India. However, in spite of your different languages, you all come together and become one. Everyone likes this and this is why BapDada is pleased. Come, let us have a meeting and unite everyone with one discipline, one system. Let us all become one. BapDada is pleased about one thing: Previously, you used to say, “*Culture, culture, this is Indian culture*”, but now this expression is not heard any more. All of you now belong to the Brahmin *culture*, and therefore, congratulations! You have made effort. Those from India also have many *conferences* and *meetings*. BapDada is pleased with all the children. However, every night, give yourself love and remembrance and congratulations from BapDada. Every day give yourself congratulations from BapDada. BapDada gives it and you have to give it to yourself. BapDada does not miss doing this. Whether it is India or abroad, just as He tours around at amrit vela, in the same way, He also says *good night* to everyone at night. Therefore, congratulate yourselves before going to sleep. Achcha.

Together with love and remembrance, BapDada is also congratulating all the children who have come from everywhere. You are constantly moving forward with zeal and enthusiasm and this will continue. Never allow your zeal and enthusiasm to decrease for any reason, under any circumstances. Situations may arise, but your effort and the Father’s love is your own; therefore, never let your intellect be *busy* with anything other than the Father. The Father, the Father’s murli and the service you have received from the Father: continue to do that. Achcha. What can Baba say now? We will remain together anyway. Baba cannot say that He is taking leave. We will stay together, return together and come back together. Achcha. Now, finish!

**Speaking to Mohiniben:** When something unexpected happens there is one form of tiredness or another, whether of the intellect or the body. So, take rest! Do not do too much running around. If you feel interested, do it, otherwise not. Sometimes, you feel alone and so go on a tour, but first make sure your health is fine. Pay more *attention!* Now, it happens more quickly. Have a rest. Have a mental rest. Physical rest is not a big thing, but give your brain a rest.

**Dadi Ratanmohini gave love and remembrance from the Dubai family:** Give remembrance to everyone.

**Par Dadi:** Look, your zone is so large. (Baba is sitting there.) However, you are the instrument. You established it. It would be said to be the zone of Par Dadi. Everyone believes this.

**Aunty and Uncle have sent remembrance:** All three or four of you who stay on service, and specially Uncle, BapDada is giving lots, lots and lots of congratulations from the heart. (Aunty’s health is also not so good.) Look, you also have to look after yourself. Do service, but also look after yourself because you are a soul who is a special instrument of the yagya’s. No one has as yet come into knowledge while holding a

position, but you were the first couple from abroad who brought your family into service while having a high status. It wasn't just the two of you who came, but you brought the whole family and both of you are therefore *special*. How much can BapDada say? BapDada remembers you a thousand times, a hundred thousand times, with lots and lots of love, and even now, is giving you lots, lots, lots and lots of love and remembrance.

**Sister Pritam's health is not so good. Kuldipben (Hyderabad) gave her remembrance to Baba.** Let her just continue. This signal is fine for her. BapDada is helping her.

**Dadi Janki:** You became well on time. This is the Father's help. (To Sister Hansa): You do good service. BapDada is congratulating you too. Where is the other one? (Sister Pravina). BapDada is congratulating both of you because you made effort and made Dadi well on time and so everyone benefitted. No one was deprived in any way; they had a class. Congratulations to those who look after Dadi.

**Neeluben:** To look after the chariot for so many years, to give a chance for service at the right time, congratulations for that. BapDada saw that it was a wonder of the chariot too. Service has been taken from the chariot for 42 years. Of course, it was BapDada who made it happen, but it is the greatness of the chariot that it remained present on service on time. Not a single time was missed. Because of having an easy nature, you know how to look after your chariot. (To Dadi Janki): This one also has lots and lots of enthusiasm for service and this is why she puts herself right at the time of service. (Baba makes me well, and this is also Baba's cleverness).

Brahma Baba managed himself while being so old and is even now continuing (in the subtle form). We shall continue to see in the drama for as long as He continues. Continue to watch BapDada's wonders (kamaal) and continue to hear about the upheaval (dhamaal) going on in the world. You don't have any worries; you are carefree emperors. Whatever happens, for you Brahmins it will be good. For you, this is the amrit vela of the confluence age. What comes after amrit vela? It is the day. The day has to come. What will happen? You don't have even this concern. The day has to come. Your kingdom has to come. It is predestined. Anything that is predestined cannot change.

**Kunj Dadi:** Yes, you are all settling your accounts. Are you OK? Are you getting well? Achcha. It will be fine. Sit comfortably. Have a rest. Give a rest to the brain and also to the body. Nowadays, you need to give a rest to both because fluctuation in the head affects the body. It will be fine. Everything will be OK.

**Dr. Ashok Mehta sent remembrance:** (He is to undergo heart surgery.) It is good. He is courageous. Courage gives you help and also brings you help. He is not one who loses courage. Whatever little thing he is going through will be fine, but he must definitely *rest*. Whoever is going through such a situation definitely needs to take a *rest* for a little while. Do not think that you have to go to *hospital*; no. By taking a little rest now, it will be helpful in the future. Otherwise, that tiredness will show itself. He should definitely *rest* for a few days.

**Rameshbhai told Baba:** It is Ushaben's birthday today. Baba calls her to the subtle region sometimes. She is happy. There are no problems.

BapDada is seeing in His heart the children sitting at the back of the hall. Though you are sitting at the back of the hall, you are close in terms of your love and also close to the heart.

**Some VIPs meeting BapDada:** Wherever you are carrying out a task, never lose your happiness in life. Always remain happy hearted because when there is happiness – it is said: There is no nourishment like happiness. So, the art of living, many are living, but to live with pleasure, to enjoy life, that is only possible when there is happiness. If there isn't happiness, then it is sometimes one thing and sometimes another. (I want Your blessings.) For that, whenever you open your eyes, even if you are in bed, as soon as you open your eyes, say "*Good morning*" to God. You can do this much, can you not? If you remember God first thing in the morning, your whole day will be good. And, you won't have to work hard for that. You have to wake up. Simply say: *Good morning*, Shiv Baba. You are an instrument, are you not? Seeing you, others

will also become happy. There has to be some attainment in life. So, the greatest thing is happiness. Never lose your happiness. Even if you lose your money, your happiness should not be lost. The money will come back. With happiness, you will have double the money. Continue to come. Wherever you are living, stay in connection by phone. Whenever you have any problems, then think about whatever you have heard, even the blessings you have heard.

2) Always say *good morning* to Shiv Baba in the morning. It is said: Whoever's face you see first thing in the morning, your whole day will be like that. So, always remain happy. When any situation comes, overcome it with happiness.

**Meeting brothers and sisters of the double foreign Regional Co-ordinators' meeting:** (25 years of this group has been completed.) Congratulations! You have been having these meetings for 25 years. Whatever meetings you have, by putting those things into a practical form you continue to achieve success, do you not? You have success, do you not? Whatever you do, the *result* of that should be the best of all. Whatever you do, you give time to that. The time of the confluence age is very valuable. So, check to see what the *result* has been. *Results* bring happiness. You said it and it happened because knowledge means to do it and for it to happen at the same time. Whatever you have done in this time, you have done well. The Father also understands whatever tasks the instruments carry out, they are always good. This is why you have been made instruments. Otherwise, you would not have been made instruments and there is also the loving devotion to do this every year. Whatever you do, check the *results* of that. Of course there are problems, but the problems should be solved. The problems should not remain problems. To find a solution is success. It is because everything has worked so well that it has continued for this many years, otherwise it would have finished. It has continued. No matter what situations arise, do not worry about them, but simply continue to move on for you have definitely received some success or other. So, continue with this, and the time that you maharathis have given, your time is also valuable. Continue to bring about *results* to that extent. If it doesn't happen the first time, even if it takes some time, it doesn't matter, but, according to the time, definitely check to what extent you have become a maharathi. Everyone's time is very valuable, and so, are your *results* according to that? Repeatedly bring the results in front of everyone. This is still remaining. We have to accomplish this. Next year have a meeting for that and make plans definitely to accomplish that. It is essential to pay attention to this. BapDada likes it that you meet among yourselves. That is also good, because you remain distant for a long time. So, it is good that you come and meet in Madhuban. There is no loss, only benefit. BapDada is pleased. Continue with it.

**It has been 40 years of service abroad:** There has been good expansion. Whatever efforts you have put in, they have definitely brought you the fruit. Therefore, continue to move forward. BapDada is pleased. (A big programme is to take place in Delhi.) As much as possible, it is good if the countries abroad and India work together. (We have kept the programme: One God, one family.) In the beginning, the programme in London had created an impact where they had people from all nationalities and all religions sitting together on one stage. The impact created from it, that there is no discrimination here, and that everyone works in a united way was good. Now, service is taking place everywhere, and so the impression that you believe in everyone (all religions) is good. You say that *God is One*, and you make it one. The programme is in Delhi, and there should be all varieties represented on the stage there. In Bahrain, people came in their different costumes; so they should come in their national dress. Whatever is their national dress, they should all be visible on the stage. (To Gayatriben): You also work hard, you become an instrument. The Father is anyway the Companion.

**\*\*\* OM SHANTI \*\*\***

**While doing service through your mind of giving souls even a drop,  
make intense effort over a long period of time and remain *ever-ready*  
and you will become a bead of the rosary.**

Today, the Father, the Ocean of Love, has come to meet His loving children. The children remembered “My Baba, come!” and so the Father says: My loving children, love has such an attraction that every child has made the Father belong to them and the Father said “My child” to every child and merged each child in Him. It is a wonder! The children said “My Baba” and the word “my” is filled with so much love that the Father also said “My children!” Love is such that it completely changes you from what you were. Waves of love are flowing from the forehead of every child and BapDada is pleased to see this. Love is the means with which to make someone’s heart belong to you. Seeing the waves of love flowing from each child, BapDada was very pleased.

BapDada is now going to conduct a five *minute drill* with all of you. Save all your devotees and unhappy and peaceless souls who are remembering you and calling out: “O our ancestors, give us peace for even a short time. Give us a drop of happiness”. With the power of your mind, while sitting here, make those souls *emerge*. Can you hear them calling out, “Save us! Save us!”? Enable rays of happiness and peace to reach such souls with the power of your mind. Repeatedly continue to serve through your mind in this way because, together with the Father, you children are also world servers. Just as you become instruments to serve through words throughout the day, in the same way, every now and then, continue to practise serving through the mind. There is also benefit for you in this because if your mind remains constantly *busy* in service, you will then be saved from the useless and wasteful thoughts that Maya creates in between. You will not have to work hard. What response would you give if BapDada were to ask you now how you are? “That you are making effort, but that sometimes...” So, you are not making effort all the time. BapDada now wants to see the end of the word “sometimes” in the *record* of all the children. Is it possible for the word “sometimes” to finish? Will you be ready when the time comes? Instead of “It is happening or “It definitely has to happen”, can you become *ever-ready*? Why? If you make the sanskar of being a conqueror of Maya, a conqueror of the mind and a conqueror of the world your practice over a long period of time, then in the final moments, this practice over a long period of time will also make you victorious and make you a bead of the special rosary. You will then *pass with honours*. Not just *pass*, *pass with honours*. So speak! Do you have this courage? You want to *pass with honours*, do you not? They are the ones who become worshippers from the copper age till now, that is, they become beads of the rosary. You have the pure thought to make yourself a bead of the rosary, do you not?

Every day at amrit vela, BapDada looks at the beads of His rosary and has a special celebration with them. Do all of you consider yourselves to be beads of a rosary? There is also another rosary of 16,000, but that is the *second* rosary. The special rosary that is worthy of praise and worship is the first rosary. Today, BapDada was seeing those beads, because, together with Brahma Baba, it is they who specially claim a right to the kingdom. Today, Father Brahma was seeing his intense effort-making children of the present time and, of course, only two would sit on the future throne of the kingdom, but the first rosary is of those who are companions in the kingdom. Have you *checked* yourselves? You will return home with BapDada because it is now the *return journey* for all of you. Since you have to return anyway, you will return with the Father, not alone. So, who will be the beads that are close and return home with the Father? Those who are intense effort-makers over a long period of time. Not just effort-makers, those who only do something sometimes. Only those who have been equal to the Father over a long period of time will claim a right to the kingdom. So, what do you think? Are you making intense effort? Those who feel that they are in the *line* of effort-makers should raise their hands. Those who are intense effort-makers, raise your hands high! You are raising your hands very low. Achcha, many of you are raising your hands. Raise your hands high once again! Not just like that. Achcha.

BapDada sees the children’s *chart* every day. The *majority* are intense effort-makers but they also add the word “sometimes” to it. However, what is the Father saying? *Attention please!* There should not be any upheaval even in your subtle thoughts. You definitely have to be unshakeable, immovable and one with

pure thoughts over a long period of time. Some children have a very sweet heart-to-heart conversation. They say: Baba, we will definitely become ready because as the time comes closer there will be more situations of upheaval and so there will *automatically* be disinterest. However, then who is your *teacher*? Time or the Father? Time is your creation. The Father is now signalling to you that intense effort over a long period of time will make you *pass with honours* at the end. Everyone will *pass*, but, in order to *pass with honours* it is essential to make continuous intense effort over a long period of time. Therefore, *note* down today's date. If, even now, it is "sometimes", if you think that *something* will happen, if you continue to use these words in the future..... The Father's love is always there. He has love even for the *last* bead. Why? They have said "My Baba" from their heart. Even great souls of today do not say "My Baba" but they at least believe "My Baba", and so the Father loves them too. The Father constantly has love for the children; till the *last* moment and even for the *last* one. It is love that has made you belong to the Father. BapDada has also said that the *majority* of you have love for BapDada and it will remain, but you don't need just love, you also need power. You also need to make intense effort. Therefore, now, even Shiv Ratri is about to come. Together with the incarnation of the Father, it is also the incarnation of the children. On this Shiv Ratri BapDada wants every child to have the determined thought to become an intense effort-maker instead of an ordinary effort-maker. Is this possible? Have this determined thought by yourself on Shiv Ratri. You don't have to write it; you don't even need to show it to anyone in the *class* but have this determined thought in your heart with the Father: by Shiv Ratri we will remove the word "sometimes" from our *dictionary* of effort. Is this possible? Those who feel that this is not a big deal, that you thought about it and it happened and have that courage, raise your hands! Achcha. You pleased Baba.

BapDada has *faith* in the children and this is why He is giving multimillionfold congratulations to the children from now. Wah children! wah! You are courageous. With your courage, you will definitely receive the Father's help. Now, do one thing. In order to keep your mind *busy*, just as the Father had earlier told you to put a *stop* in a *second*, you are a dot and you have to put a stop and see everyone as a dot. When you see everyone as a dot you will not have any other thoughts. Pay *attention* to serving through your mind! So many unhappy souls are crying out and so you have to focus your mind on *extra* service of giving them rays. Service through the mind is very elevated service. It is beneficial for those who are unhappy and also beneficial for you. There is *double* benefit. You serve through words and that service is increasing; you are doing that from your heart. The numbers are increasing, the number of centres is increasing. The *majority* of you are good in serving through words; not everyone, but the *majority* of you. In the same way, now continue to do the service of giving a drop to special souls. Do not keep your mind *free*. Keep your mind *busy* in one service or another: in giving powers through your mind, in serving through words, serving with virtues in your actions, in the service of giving happiness to your relatives and contacts. Keep your mind *busy* in all these different types of service, because who are the *richest* souls in the world? It is you, is it not? How many treasures have you received? So, serve with every treasure. The more you use these treasures for service, the more they will increase and this is why just as you pay *attention* to serving the self, in the same way, pay *attention* throughout the day to serving by giving rays through your mind to unhappy souls and your devotees. They are crying out a lot; you are not able to hear them. In the *majority*, there is one reason or another for sorrow in every home. Who will give such unhappy ones happiness? Speak! Who will give it? It is you, is it not? So, throughout the day, *check* your service through the mind. How much time are you giving to it? Just as you give time to yourself, in the same way, how much time do you give to serving through your mind? You are merciful, are you not? So have mercy for those who are unhappy. You have a song, do you not? "O mother and father, have mercy for those who are unhappy!" BapDada has to hear a lot of this. You can't hear it as much, but now, listen to it. Where would those people go? They are your brothers and sisters. So, benefit yourself and keep your mind *busy* and also remove the sorrow of unhappy ones. They are crying out, their hearts are crying out. BapDada hears this and remembers you children. O My beloved children, my long-lost and now-found children, now have a merciful heart. Be cooperative with Brahmins too. No matter what type of sanskars someone has, what is your duty? To have conflict with that sanskar or to free that soul from the conflict of sanskars? The *title* "Remover of Sorrow and Bestower of Happiness" is your *title* too, is it not? You are the Father's companions, are you not? Father's companions, what thought have you had? You are going to transform the sorrow and peacelessness of this world and bring happiness and peace, are you not? You have to do this. Raise your hands! You are going to do this? Or, are you just going to watch? It is happening, but it has to change now. Even if it is Brahmin souls, do not just continue to watch and think that they are doing it, but also transform them

through your words and thoughts in the mind. You should not have to do it. BapDada continues to hear that that matter has reached BapDada. Since you have given this situation to Him, then you yourself should follow the Father's *directions* because BapDada is responsible and the special beloved companion children are His instruments. So, instead of having waste thoughts in your mind, now constantly give co-operation to the unhappy and *disturbed* souls, whether they are Brahmin souls or anyone else. Be co-operative. Achcha.

**Those who have come for the first time today, stand up!** Did everyone see? BapDada is celebrating the *birthday* of those who have come for the first time into this gathering. You may be in *connection*, but you have come to celebrate a meeting with the Father and Baba is therefore celebrating your *birthday* here with the Brahmin family. BapDada is pleased. He is not saying this of those who have been in *connection* from before, but of those who have come to Madhuban for the first time and this is why He has held a ceremony among the Brahmins. You are receiving congratulations from so many Brahmins. However, for the future you have to think that because you have come here so late after establishment, for the remaining time you have to make intense effort and not waste time but do ten *minutes'* work in one *second*. You have to pay *attention*. You can make your effort intense and go ahead as much as you want. These are the good wishes and pure feelings on behalf of all the Brahmins and the Father. Achcha.

**It is the turn of UP, Benares, West Nepal to serve:** Those who have come for the first time, sit down! Achcha. The teachers from UP are standing at the front. It is good. Devotees from everywhere come to UP a lot. Those from UP definitely have to give the message to the devotees. It is your duty to give the message and then it is in their hands for them to create their fortune and how much of it they create. However, they should not complain to you that you did not give them the message "Our Father came and He came to give us the inheritance. We would have claimed some inheritance, at least!" You do do this because the Father receives the news. In any case it is easy for you to give the message to everyone whenever possible. Father Brahma and Jagadamba, the World Mother have had a lot of love for UP. Father Brahma went to UP just as much as he went to Bombay. The place where Father Brahma placed his footsteps is so fortunate! Both Lucknow and Kanpur have had a right to this fortune. Bombay also became that, but it is now the *turn* of UP. Drops of teachings from the mother and father have fallen *directly* on UP. What does UP have to do for the future now? You do service through words in the melas, but, according to the present time, BapDada has been telling everyone until now to bring heirs and well-known *mikes*. "Well known" means those whose words create an impact on the ones who hear them. Prepare such *mikes*. There should be a *group* of such heirs at every centre. How many centres are there in UP? There are many. So, you should bring that many heirs. Count how many centres there are and how many heirs have been created. So, according to how many there should be, have that many heirs come or are they still to come? If you still have to create them, then there is no guarantee about time. Create heirs and *mikes* as quickly as possible from whose sound the line of fortune of many souls opens up because you have done a lot of service. The older ones have done a lot of service. Now, get service done through others. Prepare those who will do it. You can do this, can you not? *Teachers*, raise your hands! Achcha. There are many *teachers*. So prepare that many. Each centre, whether small or big, if it is in the *list* of centres then they definitely have to give the proof because there is no guarantee about the time. Anything can happen at any time. This is why BapDada is telling all the zones, and even those who have not come. Baba is telling all the zones: Now, move forward! *Classes* continue to take place. The numbers are continuing to increase but now prepare those who will become instruments. In order to create them, BapDada has seen that there are such souls in all the *zones* who can become instruments. Those from UP have to benefit the devotees. Though there may be few who call themselves devotees they are devotees. Enable them to receive the fruit of their devotion. They make a lot of effort, but it is good. BapDada has seen that each *zone* is moving forward in their effort, but, even now, there is a *margin* to move further ahead. There are very good daughters of the Father who have taken sustenance *directly* from Father Brahma. You are doing it. It is not that you are not. You are doing it. You are doing it, but now increase your *speed* a little. Achcha, it is your *turn* to do service. To serve the yagya means to do service to create your fortune. No matter how many *students* come to you, how many come together in the yagya. To serve so many Brahmins in the yagya is so much charity. You come to do service but, in fact, it should be said that you come to accumulate your charity. BapDada is pleased that this is also a *chance* to accumulate your charity. You are doing good service, are you not? In fact, all the zones are doing good service. BapDada has not received any *reports*

(complaints) about anyone. You are good and you are doing good service. It becomes easy. You are doing service well, are you not? All the Dadis are also congratulating all of you.

So many Pandavas have also come. The Pandavas are no less. There are many types of service which only the Pandavas can do. This is why BapDada and all the Madhuban residents are congratulating all the Pandavas. Achcha.

**Ten Wings have come.** Achcha, stand up! BapDada has seen your *boards* and flags and so you can put them away. BapDada has seen that all the Wings that have come have had a lot of enthusiasm for service from the time they were established. Each one has considered it their responsibility to do this. This is why each Wing is doing service and increasing the number at their centre. Baba receives *reports* about everything. All the Wings should serve the special souls whom you call the special instruments and fix a day and place and have a gathering of such special instruments. First have a gathering in your zones and then we will see about it in Madhuban. However, first, all those from the different zones should select a zone where there are many servers who can do everything and have a gathering of special souls there. You have enthusiasm on seeing one another do this: They are doing this and so we shall also do it and increase service. Whichever zone has the service of a special wing, then discuss this among yourselves and *fix* a place to have a gathering there in order to create that zeal and enthusiasm and then you will be called to Madhuban. You haven't done this yet. Then we will know how many mikes have been created and how many co-operative souls have been prepared and how much you can help one another. One wing can help another wing in one zone. When you see or hear one another's news there will be enthusiasm. Before coming to Madhuban, first gather them together there and then we shall see. Is that all right? Do you think this is good? Then, raise your hands! All of you have been made to stand up at the same time. BapDada is congratulating each Wing individually. BapDada is pleased. BapDada is pleased to see your zeal and enthusiasm. Is that all right? Achcha.

(BapDada made those of each Wing raise their hands.)

**Business Wing:** BapDada saw all of you and also congratulated you and gave you *service plans*. *Special* congratulations to you.

**Education Wing:** BapDada is specially giving you all the sweet (toli) of zeal and enthusiasm.

**Youth Wing:** Youth, prepare a *group*. These are sisters, are they not? Prepare a *group* of those who for some time, or from the time they have come till now, have been following the codes of conduct. There should be a *record* of how many codes of conduct they have been following. Prepare a small *group* that can be presented to the Government as the Youth who follow the codes of conduct. Then service will be done.

**Religious Wing, Politician Wing:** Achcha, they have also come.

**Sports Wing:** Did you hear what needs to be done now? You now have to do that. Then, seeing the result of that, you will be called to Madhuban. BapDada has heard that all the Wings are moving forward in service and that they are making very good *plans*. Congratulations for that.

**Womens Wing:** In the Women's Wing, how many have you made emerge who are like a lotus flower, living in a household and yet living like a lotus flower from the beginning? Have you made a *list* of how many women at the centre have come from the Women service? Who is the *Head* of this? (Chakradhariben) Achcha. Take a *list* from every zone and then tell Baba how many families have emerged, because people have been thinking until now that they have to renounce their homes. Now, it is a little less than before, but they still think this in some places. So, take the *result* of how many have emerged from this service because the Government has different departments for each Wing and they ask what *results* your Wings have shown. This is why you should have these *results*. You should extract them. If each of the zones finds their own *results* and then gives them to her to gather together, that would help them. Is this all right?

**Rural Wing:** Rural service is the best service of all because those from the rural areas are not so much into their comfort and luxury. They remain busy in their work to a greater extent and so you should give them the special experience of happiness. You do give lectures but those from the rural villages should experience being given a lot of happiness by those who do rural service. We remain happy and joyful. You should make a *record* of how many villages you have served and how many had such experiences because

one never forgets an experience. Experience this and give that experience to others. Show the *result* of how many souls you made happy and who stay in *connection* with you in this many villages. It is good.

**Cultural Wing:** Those of the Cultural Wing are doing good service of those in their Wing. BapDada saw that many souls of the Cultural Wing have come to help the yagya and are playing their part of service. They also bring others through their own experience. They are moving forward in service. That is very good. Those of the Cultural Wing can experience what the Father had said at the time of establishment and make others experienced in that. You are doing that and have to continue to do that in the future too so that the sound spreads that the Brahma Kumars and Kumaris are doing service and making those of the Cultural Wing experienced in *character building*. Many good ones are coming forward and are making others come forward by sharing their own experiences. Therefore, continue to move forward and make others move forward.

**SpARC Wing:** Sparc Wing is also doing its own work. BapDada saw that each Wing is making souls experienced in their own service. They are making people's intellects very good with their very good ideas and they are also inspiring people to imbibe everything. This is why Baba said that each wing is doing service and making companions. Having made so many companions, now prepare a *group*, a gathering, which you can present to the *Government* and tell them about your work and show them your *results*. Each Wing has its own Government branch and so they too should be served and people should also be served. Achcha.

### **750 double foreign brothers and sisters have come from 80 countries:**

BapDada saw the programmes of the double foreigners this time. Each group has made a lot of very good effort with a lot of love. In the atmosphere of Madhuban, many have had many good experiences and you have been making intense effort with zeal and enthusiasm and this is why BapDada saw the *group* this time of those who were taking the *training* and those who were giving the *training* – both had zeal and enthusiasm; you all took so much benefit at the same time. For one family to meet - apart from Madhuban, there is no other place where so many *groups* can meet. So, you were all very clever and you made the *programmes* in Madhuban itself. BapDada is pleased. Baba also heard the experiences of transformation of some of them. Whatever teaching you receive in this land, you are able to have realisation of that very quickly because of the atmosphere. So, you had the atmosphere and the gathering. After how long does each group come together? You stay here, you have company, BapDada and your own *refreshment*. So, BapDada liked this very much. However many benefits you have received here, put all of those into a *practical* form and become instruments to increase the zeal and enthusiasm of others. You can become that because whatever *plans* you have made, BapDada has heard about them briefly, and He liked them. The method of doing that is also good. The Father is pleased that the *double foreigners* are paying *attention* to themselves and that you have now become like a sandalwood tree. The branches of different countries have come to Madhuban, and by coming here you have become a sandalwood tree. Baba saw that all those who have come have created a very good Brahmin *culture*. It is continuing and will continue; there is this faith and it is guaranteed. It is also fixed in the drama. Om shanti. BapDada is giving special congratulations to the main *teachers*. Congratulations! Congratulations! Congratulations!

**Those who are in Madhuban, those up, those down below, and the brothers and sisters who are living outside and studying in Madhuban, all of you stand up!** How many have come? (Seeing Rajubhai typing the murli.) You also stand up! You do so much work. You do the biggest service of all. You instantly make the murli available to all Brahmins. Congratulations to you, congratulations. If it were not for the Madhuban residents, who would offer you such hospitality? You come comfortably, you eat, drink and become refreshed and so, applaud the Madhuban residents! BapDada knows that because of not having enough space, those from Madhuban have to listen to the murli sitting far away. This is also service of those from Madhuban. This too is service. You give happiness to others and so you become bestowers of happiness. It is the duty of those from Madhuban to give happiness and receive happiness. You share your experiences with the experiences of all those who come and so all receive benefit from those experiences. There are many benefits, but, because of a shortage of time, you don't share that much. What is the *title* of the residents of Madhuban? To give happiness and to receive happiness. The children of the Bestower of Happiness are those who *follow* the *Father*. Achcha.

Everyone has now met. You come having made lots of preparations. Every Wing comes having made a lot of preparations. BapDada does know that, but He also has to consider the *time*. Baba is giving lots and lots

of *in advance* multimillionfold congratulations to all of you for becoming intense effort-makers from now. Now, on Shiv Ratri, whether you come here, whether you listen to the murli at home or at the centres or those who simply hear the murli, all of you should hear the murli. Of those who have come this time, you must be hearing the murli regularly. Is there anyone who doesn't hear the murli? Raise your hands! No one. Achcha. Those who do not listen to or read the murli, stand up! There are a few. It doesn't matter, but from now, for the remaining time..... These are the Father's elevated versions. BapDada comes from the supreme abode and Brahma Baba comes from the subtle region and they speak the elevated versions, so do not *miss* a murli for even a single day. You would then get off BapDada's heart-throne. Those who *miss* the murli should understand that they are not the masters of the three thrones and that they will only become masters of two thrones according to their capacity. Therefore, MURLI, MURLI, MURLI, because the murli has *directions* for every day. There are *directions* for all four *subjects*, and you have to receive *directions* for every day. All those who are *missing* it for one reason or another should make a *programme* for themselves so that they can hear the murli. Find one method of *salvation* or another. Inventions of *science* nowadays have been made for you. *Science* was invented about 100 years before Shiv Baba entered Brahma Baba. It has to be useful to you and this is why you should *use* it. Take benefit. Achcha.

To the children who are sitting in front of Baba, or wherever you are hearing the murli, love and remembrance from the depths of the heart, with deep love, and namaste.

**To the Dadis: (To Dadi Janki):** You do service from your heart. You do special service. Where the heart is, one has an experience. If someone just speaks superficially, then it doesn't touch the heart so much. The service you do brings fruit. This is a blessing. (Gulzar Dadi is very good.) Everyone is very good. All are good.

**Mohiniben and her doctors:** BapDada heard. Think less! You are smiling, but you also think. Your face is red, but your thinking too much has an *effect* on your health. Just think that Baba will make everything all right.

Now become *double doctors*. There are many who are *single doctors*. *Double doctor*. Dr. Prem is a *double doctor*. It is *blank* on the back of the cards you have printed, and so write on it about illness of the mind and write the address of a centre that is nearby: Learn meditation there and make your mind healthy. Hearing the name of the *doctor*, they would feel that if the *doctor* says so they should do it. You can do service while sitting at home and you will become *double doctors*. You will not have to do anything. Others will do it. It is very easy. When anyone comes and asks for the *address*, give them this. Have the printed *cards* available. Become a *double doctor* in this way. Medicine and blessings! Having both will make a difference. They will receive both from Baba. This is the gift for becoming a *double doctor*.

**Par Dadi:** Your speciality is that your face is always cheerful. (I am Baba's daughter.) You are a *double* daughter. You are his lokik daughter and alokik daughter. You are also the Parlokik's daughter. All three.

**To the three Senior Brothers:** Do all of you meet? (A little.) Not a little, you can meet via the *phone* too. This system abroad is good. Any task is discussed over the *phone* and the *meeting* is accomplished. Look at their system. Continue to meet. You can also have a *meeting* over the *phone*.

**Bhopalbai:** The yagya is being looked after very well everywhere. Pay attention and continue to tour around.

**VIPs from Indore:** You enjoy coming here to your home, do you not? You have come to your own home. You haven't come anywhere else. This is God's home and so it is also the children's home. You have come to your home. Always keep yourself as a carefree emperor. Do not worry; a carefree emperor! All the work will continue to take place, but make yourself a carefree emperor.

You will remember the Father when you wake up in the morning, will you not? Your whole day will then be good. As soon as you awaken and open your eyes, remember "My Baba."

**Religious leaders:** Seeing you, others will also have enthusiasm. Why? People will wonder what you have received, and your experience will give others an experience. You will become instruments. (Brahmdev Swamiji from Trinidad will reveal who the God of the Gita is.) Now, listen to the murli.

**BapDada was shown the map of the Solar Project (Brother Golo).** Do it with faith in the intellect. All of you together just have the one thought: It has to happen. (To Rameshbhai): You were told that all Brahmins should know about this. Not everyone reads the *articles*.

\*\*\* O M S H A N T I \*\*\*

**On this *birthday*, giving one another zeal and enthusiasm, being co-operative with one another surrender the uck flower of waste thoughts. Remain seated on the *seat* of the self-respect of a *master* almighty authority and claim the *number one* prize.**

Today, all of you and also all the children everywhere have been giving your greetings of love and happiness with a lot of love from amrit vela. The Father has also come to give you long-lost and now-found children greetings for this birthday. Each child is very much loved by the Father and is dear to the heart. BapDada is giving all of you greetings with the garland of His arms.

BapDada is seeing that all of you who are in front of Baba are giving greetings and also receiving greetings. All the children in the many places everywhere are giving greetings and the Father is also giving all the children from this land and abroad greetings filled with a lot of love. BapDada is seeing that all the children with their happy faces are moving along in the waves of the ocean of love. The Father is happy that He does not come alone; He comes with the children because He comes to create the yagya (sacrificial fire). So, who is in the yagya? Brahmins. This is why the Father does not come alone but has come with the children because this birthday is the most *wonderful* of all the birthdays. Throughout the whole cycle, this is the only birthday in which the Father's and the children's birthdays are at the same time and this is why this birthday is said to be as valuable as a diamond. The Father is also giving special greetings to all the children who are the original jewels. So, have all of you come here today to give greetings and also to receive greetings? The Father says: We will remain together, fly back together, come together and rule (with Father Brahma). Baba has promised to remain with you. What do you also say? We will also be with him where the Father stays. This is the promise of the children to the Father and Father to the children. Physically, you may be living elsewhere, but in your heart, the Father is always with you and this is why the Father is called Dilaram (The Comforter of Hearts). Even the memorial here is the Dilwala Temple. So, the Comforter of Hearts is with all of you in your hearts, is He not? The Father always tells you children never to remain alone. You always have to be together. You have to remain together. If you remain alone, Maya will take her *chance*, whereas if you are with the Father, then the *Lighthouse* Himself is with you. When in front of Him, Maya will run away from a distance. She cannot even come close to you and this is why the children have promised the Father and the Father has promised the children to remain constantly together. This is the promise of all of you too, is it not? We are together and we will remain together. You like being together, do you not? Yes, you may raise your hands.

BapDada saw that at amrit vela, all the children tell Baba about the matters of their hearts a lot. Otherwise, you don't have time but at amrit vela all of you tell many sweet matters of your hearts and the Father too hears about the matters of the hearts of all the children and gives a response to all of them. All of you are very happy about one thing: You say from your heart: Mera Baba (My Baba) and the Father becomes present; the Lord becomes present. This is a matter of just the heart. There is no need to do anything else. You said with your heart "Mera Baba" and the Lord became present.

Today, a sweet song was playing in BapDada's ears from everywhere. Which song? "My Baba, lovely Baba, sweet Baba!" BapDada, too, was and is, merged in the love of the children. Seeing the divine activity of your love, the intellect of your devotees is no less. They have *copied* your memorial very well. They come in the copper age, and their first birth is satopradhan in any case because those souls come from the supreme abode. So, today, Baba's vision also fell on the devotees. They have *copied* you accurately because whatever your *practical* actions are, your special devotees of the beginning period have *copied* your memorials very well. However, yours is *practical* whereas theirs is a memorial. You have made a vow. What vow have you made? Of purity. They also make a vow. They have *copied* making a vow, but when you make a vow for one birth, it continues for many births. They remain pure for one day and also have pure food and drink. Your vow is for 21 births whereas theirs is for a temporary period. It is the same for jagran (staying awake through the night): you came into the light and dispelled the darkness throughout the whole world. Darkness cannot come for half the cycle. You dispelled the darkness of the mind and, externally, you dispelled the darkness and sorrow of matter. They have also *copied* that by staying awake through the night. And, another thing: you surrendered yourselves to the Father; you sacrificed yourselves.

You *surrendered* yourselves completely and so they have also *copied* you, but they don't sacrifice themselves. They don't sacrifice themselves, but whom do they sacrifice? Do you know that? They offer a goat. Why did they only find a goat and not anything else? All of you are laughing because you know why. The Father has repeatedly been signalling to you: Renounce the consciousness of "I" and adopt the consciousness of being an instrument, and so they found a goat because it always says "meh, meh". So, the intellects of the devotees are wonderful. They are, after all, your devotees. They are the devotees of the Father and you. This is why the Father gives one fruit or another to your devotees who worship you with a true heart. The fruit of devotion is that they too always remain true and sattwic. They remain happy. They do not experience sorrow at times of sorrow because they perform their devotion with a true heart. So, nowadays, the Father too is also signalling to you children to renounce the consciousness of "I". "Only what I am saying should happen. I am the only one who is right, and so only that should happen." One is the ordinary consciousness of "I" – I am a bodily being; I am a physical being. However, one is the ordinary "I" and the other is the subtle "I". In that, you even consider the Father's gift to be yours: "I did this; I said this; I am doing this." You have the consciousness of "I" for the specialities given to you by the Father. There is the subtle "I" even for the understanding of knowledge and the understanding of your specialities. BapDada is signalling to you that for "I" and "mine", always think "My Baba". Your heart should be attached to just that One. Finish the limited "mine" of "My name, my honour etc." and just let it be, "I belong to Baba and Baba belongs to me." Then there will be so much happiness: "God is now mine. What more could I want?" One is the ordinary "mine" and the other is the subtle "mine". This subtle "mine" makes you dirty (meela) whereas "My Baba" makes you full of all treasures (maallamal).

Today, you have come to celebrate the *birthday*. You have come to celebrate your own *birthday* too. The Father does not do anything without the children. This is why the Father has come today to give birthday greetings: Wah My children! wah! Now, shall I say something? Are you ready for it? Should Baba tell you? You will then have to do it. Raise your hands if you are going to do it! *Double foreigners*, will you do it? *Teachers*, will you do it? Until now, in the memorial of today, they offer an uck flower to Shiva, the Supreme Soul. They do not offer a rose or something else, but only an uck flower. Today, what does BapDada want you to surrender? This is your homework. You are ready for it, are you not? Achcha.

BapDada likes it very much when all of you children say: Ha ji (yes indeed). So, today, on the birthday, the Father's thought is: while giving zeal and enthusiasm to one another and being co-operative with one another, offer the uck flower of waste thoughts. You mustn't have waste thoughts. You mustn't hear anything wasteful, nor must you colour yourself with the company of waste thoughts by going into someone's company. This is because, wherever there are waste thoughts, you will not be able to keep in your awareness pure thoughts of remembrance, sweet words of knowledge, which you call the murli. You may be listening to a murli, you may be reading it and that is essential. It is the discipline of Brahmins, but it will only remain with you up to that point (just until hearing it). There won't be any churning in your mind. You will think and also say: Today, the murli was very good. I am thinking about it. The blessing was also very good, and yes, I will remember it shortly... Waste thoughts will attract your mind and intellect towards themselves. Do you know what you say to the Father? Baba, we should listen to *interesting* news, should we not? We have to be *knowledge-full*. However, wasteful matters cause a loss in the attainment of a status. So, are all of you children promising the Father not to have waste thoughts? You would say: We don't want them to come, but they come. We don't want them but they still come. So, you have to give them to the Father with determination. First of all, do you know how to give? You have given them to the Father. If something you have given away comes back to you, would you keep it or return it? What would your *title* be if you were to keep something you had already given away? Just give it to the Father once and for all with your own interest and with determination. Then, check again and again: Something that I have given away is not coming back to me, is it? It is not considered good for you to consider something that belongs to others to belong to you. So, every night, before going to sleep, go to sleep afterwards, but first *check* yourself: Today, throughout the day, did I have any waste thoughts? Did I do anything wasteful? I haven't taken back something that I gave away, have I?

Today, do you have the courage to give the *birthday* gift? Do you have this courage? Raise your hands if you have the courage! Where there is courage, BapDada will give you a gift. Say from your heart: My Baba, merciful and compassionate Baba, take this! If you say it from your heart, then the Father will give an

*extra gift.* With your courage, the Father will give you *extra* help. Where you have courage, you will definitely receive help from the Father. You have experienced this, have you not? Because BapDada has been warning you for some time that the way to make intense effort now is to apply the three dots: I am a dot, remember the Father, the Dot, and put a dot, *full stop*, to the past. For this, BapDada says: Churn this, become a dot, see a dot and put a dot. That is why the dot has a lot of importance. The bindu (zero) has a lot of importance in today's world too, when people count money. What is it that people love the most nowadays? Money. How does money increase? Continue to add a zero. Add a zero to 10 and it becomes 100. Add another zero and it becomes 1000. They give importance to a zero, but they have forgotten what the real zero is. So, today, did you give the Father the birthday gift? Did you? Did you give it from your heart? You will not ask "Why?" or "What?", will you? "How can I do it? Why should I do it?" This language of questioning is bad. "Why should I do it? How should I do it?" Do not ask these questions. Have you raised your hand happily or out of compulsion to give this gift because of the gathering? Those who do it out of compulsion are not able to do it permanently; it will only be sometimes. Those who do it from their hearts will say: I have to do this. I have to become this. Have you given the gift or do you still have to give it? If you have this thought happily, then it is not a big deal for you *master* almighty authority children of the Almighty Authority Father. Remain on your *seat*. Always remain *set* on the *seat* of a *master* almighty authority. Do not forget it. This is self-respect, is it not? You cannot leave your self-respect. Because of self-respect, people fight one another. This is why BapDada has love for you: Do not lose your self-respect over trivial matters. This self-respect is given to you by God. People have so much intoxication because of the respect they are given by people, whereas you here have received self-respect from God: You are *master* almighty authorities. You can do whatever you want. You have this courage, do you not? Nod in agreement! Do not wave your hands, but nod in agreement! Do you have this courage? *Teachers?* You will have to make them do it. You will have to pay attention. You will do it and also pay *attention* and make others do it. You are instruments. We will then see which *class* and whose *class* claims a *number*, and will then give them a good prize. Baba is not going to tell you what prize He is going to give. Baba will give a beautiful gift. The whole *class* should try to do this. It should not be just one who does it. The *majority* should do it.

Today, BapDada was feeling a lot of love for each of you children, that you should claim *number one*, not even *two*. You will not sit on the first throne as only two will sit on the throne, but you will come in the first kingdom, in the first royal family. *Two numbers* have been fixed, but you have to rule and claim a right to the kingdom and so you come in the first kingdom. BapDada has love for you children. He feels that each child should claim *number one* in one speciality or another: not numberwise, but *number one*. Do you have this enthusiasm? Do you want to claim *number one* or are you satisfied with whatever you receive? Do not say, "It is fine, it is fine." The Father's hope is that each child should claim *number one* in showing one wonder or another. There are four *subjects*, and you definitely have to be *number one* in any of the four *subjects*. *Underline:* I definitely have to become this. Baba is not giving you a lot of hard work. Claim *number one* in one *subject* or another. This is easy, is it not? Today, all the children who were celebrating a meeting at amrit vela, appeared to be very happy. They were smiling with happiness. The Father gave each child the blessing of being constantly in the flying stage: not the walking stage, but the flying stage. So, remember this blessing of today from BapDada. What blessing did BapDada give you on your and His birthday? May you be in the flying stage! Today, throughout the day you celebrated the festival of Shiv Ratri in your hearts, did you not? All of you are good. You will remain good. You will claim the best of all royal status. All of you are fine, are you not? The Father always sees everything as good. Achcha.

All the children everywhere, whether they are sitting personally in front of Baba or sitting and celebrating at their own places, BapDada is pleased on seeing all of you and the children are also happy to see the meeting with the Father. However, from today you must have the thought: Constantly happy, not those who are happy only sometimes, but constantly happy. Anyone who looks at you and sees your face should think that you appear to be a very fortunate soul. Your fortune should be visible from your activity and face. Do not think that you have a lot of it in your mind, no! Your happy and fortunate face will give others an introduction. Your face will tell them that you have something. Your face should do *service* and bring them to the Father. Remain happy! This too is a means of service. To all the children from everywhere, multimillion-fold congratulations, congratulations, congratulations on your *birthday*. Achcha.

**It is the turn of Indore Zone to do service:** Achcha. All of you are from Indore. Those from Indore are waving their flags. (They were waving flags with all five forms.) What you have made is good. By seeing each *group* separately when it is your *turn* we can tell how much love you have for the yagya, because the Father first created the yagya as soon as He came. It is also the duty of the lovely children to make the yagya constantly move forward and to keep it full. Just as you pay attention to your centre in every way, in the same way, to look after the yagya is the duty of every child. BapDada has seen that everyone has *passed* up to now in taking these *turns*. There hasn't been anything lacking from anyone. Similarly, you pay attention to the yagya when it is your zone's *turn* and also experience everything. Even while living at your centres, each one of you is a protector of the yagya. It is not just those who are living in the yagya who are this, but every Brahmin child has love for the yagya and is a protector of the yagya. Constantly move along while considering yourself to be responsible in this way. This turn has finished, but, while living there (at the centres), pay attention to here too and always ask about it. For this *turn*, you have come having brought everything with you. In the same way, always consider the yagya. A Brahmin means a protector of the yagya. Each Brahmin has to pay this much attention. First comes the yagya and then the centre. You do pay *attention*. BapDada knows who is paying *attention* and in what way they are paying attention and making it move forward. BapDada is simply giving a signal, but you are doing it and will continue to do it. This place of your yagya will give all souls the prasad (holy offering) from the yagya. So, who are all of you? Protectors of the yagya or protectors of the centre? Protectors of the yagya. You are BapDada's companions. BapDada is the Protector of the Yagya, is He not? What is your *title*? You are protectors of the yagya, are you not? You are doing well and will continue to do even better. There are four things: body, mind, wealth and service. A protector of the yagya means that just as there are the four *subjects* of gyan, yoga, dharna and service, so here too, there are the four *subjects*. Baba continues to receive the *results*. BapDada sees all the *results*. He looks at them with *interest*. What is each child doing? It is good. BapDada does not have a *report*, but He is giving a signal for the future. Achcha.

What wonders are you showing? You must be performing one wonder or another. BapDada has heard that you have many different *programmes* and different methods of *service* and are also putting them into a *practical* form. Baba heard this *result*. You have *passed* in this, have you not? Raise your hands if you have *passed*. You make new *plans* and put them into a *practical* form. It is good. Practise this on yourself and then invent a way to give that type of experience. Achcha. BapDada is congratulating you: Congratulations! Congratulations! Congratulations!

**1100 double foreign children have come from 60 countries:** The people of Bharat are very happy to see the children from abroad because the Father's *title* is the World Benefactor. Baba is not just the Benefactor of Bharat. Baba sees that those from abroad have also become those with *Indian* sanskars because you are going to rule in the golden age. You are those who are going to claim a right. The Father's Godly *culture* has become your culture. They are pleased: Our brothers have gone so far away from Bharat for service. However, the seed is that of being residents of Bharat. Your seed is not that of being someone from abroad. The first original seed is Bharat. Therefore, though you have come from so many different places, you all belong to the one *culture* of Bharat. It is not *Indian culture*, it is God's *culture*, and you all do it happily. BapDada has seen that, having come to India, you have also learnt how to prepare Indian food. You take back things from here. The seed is the same, but who would learn so many languages for service? In one turn, you come from so many countries. Who is going to learn so many languages? This is why you were sent for service. You are originally from Bharat and have now become those who have the *culture* of Bharat because here, in Bharat, it is God's *culture* that is followed. It is not *Indian culture*, but God's *culture*. You learn it with a lot of happiness and also follow it. You have made yourselves very good instruments to bring about transformation. Congratulations for that. You belonged to us and now you belong to us. You remember this, do you not? Do you feel it? We are not Indians but we belonged to God's *culture* and, now, at the end, we have become this. You have perhaps taken four or five births there for service. Those who come here belonged to Baba and have now become Baba's. They belonged to the yagya and have now come to the yagya. Some children ask: Were we in the yagya or not? The Father says: All of you were there. Many good *serviceable* children have emerged. BapDada very much likes the system of having a meeting in Madhuban. Look how large the family is! A large family is a happy family. Generally, if a family is large, there is unhappiness, but it feels good to have a large family that is a happy family. You like

the family, do you not? Do you feel happy on seeing the family? You belonged here, did you not? Achcha. Today, there will also be celebrations because it is the day of the incarnation.

**Speaking to the Dadis:** (Dadi Janki is going on a four-day tour of Gujarat.) You have courage. You have already had the thought. (Baba is making me dance on His fingers.) This is why you are going. Achcha.

**Mohiniben:** This one has to continue. You have to fulfil the responsibility of love. Carefree! Do not think. It is good. Everything has to be good. Everything will be fine. That is all.

**Ishu Dadi:** This one is also a companion.

(BapDada put a tilak with His finger on the forehead of each one.) Everyone received the tilak of congratulations. (looking at the TV). They are so happy!

**(Uncle and Aunt have sent many greetings.)** Give them the tilak on behalf of BapDada. They will experience the Father giving them the tilak.

**(Kuldeepben and family have come to offer bhog for Pritamben.)** She also played a good *part* and she served everyone from her heart. The family is a *lucky* family. Her father who was an instrument was a well-wisher from childhood. On one bicycle, he would seat four people and come to listen to the murli. No one else has that much love for the lokik family. Their family has a very good blessing because of him.

**Kunj Dadi has sent her remembrance.** She is in Ahmedabad Hospital. She is not getting any better. It is happening again and again. What is the reason for that? Many people are old. Is she being treated? She is one who can do *service*. Find something for her to do and make her a little active. She has been in the *bed* for a long time. Achcha.

All BapDada's long-lost and now-found *serviceable* stars sparkling in the world, *birthday* greetings to you too. You are with the Father, you will remain with Him, return with him and rule with him. Father Brahma has a lot of love. He will not do anything alone. *Personal* greetings to each one of you. Achcha.

**BapDada personally hoisted the flag and gave everyone greetings for the 75<sup>th</sup> Shiv Jayanti:**

BapDada is merged in the hearts of all of you. However, this flag is being hoisted to let others know and give them the news: Your Father has come. Whatever inheritance of liberation or liberation-in-life you want to claim, come and take that. To hoist this flag is world service. Let there be this attraction. Everyone should sing. You should not be singing alone. Everyone should sing the song: Our Baba has come. Now do service quickly. There is very little time and there is service still left to be done. Even your neighbours don't know yet. You haven't created their fortune and so give all your neighbours this message: Your Father has come. Wherever you are staying, just see how many there are around you who do not know about the Father. No matter how, even if they are not coming or accepting a leaflet in their hands, then put it through their *post box*. Give them the message. They should not complain: Why did you not tell us? No matter how, through anyone, definitely make them receive this message. Everyone still has to do service. Has everyone in your area received the message? If they haven't, then do so. Everything will happen suddenly and you will then remember: I didn't do this, I didn't do this. Do it! Do you understand? You definitely have to do it. Achcha.

\*\*\* O M S H A N T I \*\*\*

**Do the service of making the elements pure (satoguni) by serving through your mind. Have good wishes and pure feelings and perform the dance of harmonising your sanskars. Burn your old sanskars and, by colouring yourself with the colour of God's company, celebrate the true Holi.**

Today, the *Holiest* Father has come to celebrate Holi with His children. All of you have also come to celebrate Holi. All the children everywhere, who are sitting far away, are also sitting down to celebrate Holi. Which colour Holi have you come to celebrate? You know that the most elevated colour is the colour of God's company. This colour makes you constantly the most elevated of all. Just as the Father is the Highest on High, in the same way, God's company also makes you the highest on high. He is seeing a star of fortune sparkling on the forehead of each child. Throughout the whole cycle, this star of fortune is attained by no one except you fortunate children. The elevated fortune is that it is only you children who become *double* pure, that is, *holy*. There are also religious souls but their bodies are not pure. In the future, you Brahmin souls will be pure and you will have pure bodies. The sign of being *double* pure is that you receive a *double* crown. In the whole cycle, only you become *double* crowned. At the confluence age, by having the colour of the Father's company, you become *double* pure. God's colour of the confluence age makes you *double* pure. Because of staying with the Father and because of being *combined* with the Father, you become *double* pure on this Holi. You constantly have the Father's company in your heart. This colour is so elevated that it makes you as elevated. People celebrate Holi with physical colour, whereas you become holy with the colour of the Father's company. This too is *double holy*. Your Holi is unique in the world and it is loved by the Father. You have the intoxication that, because your Holi is coloured with the colour of God's company, it makes you pure for half a cycle in such a way that, even now, your images are worshipped with discipline. No one else's images are worshipped with so much love. You yourself can see your own images. Others are also worshipped, but they are not worshipped for this duration nor are they worshipped in this disciplined way. You constantly maintain your zeal and enthusiasm. You do maintain it, do you not? Do you stay in zeal and enthusiasm? In that case, raise your hands! Do you maintain it sometimes or all the time? Those who say that they constantly stay in zeal and enthusiasm and also give zeal and enthusiasm to others, raise your hands! Not those who do this only sometimes, but all the time! You have *underlined* the word "constantly", have you not? However, whatever has been your stage, your devotees celebrate it in the form of a festival. You coloured yourselves with the colour of God's company and so they also apply colour, but, because they are *body conscious*, they apply a physical colour, which costs a lot of money, and its *result* is that some things are good whereas other things are not so good; they celebrate this way. They definitely celebrate the memorial of your enthusiasm. In order to belong to God, you first of all burn your old sanskars and then, because of being coloured with the colour of God's company, you celebrate all the time. They too first burn something and then celebrate, but there is the difference of day and night in the way that you celebrate and the way they celebrate. They are *body conscious*, whereas you are soul conscious. They have the awareness of the body and you are aware of the soul.

You have BapDada's *direction* that Holi means to let the past be the past. They also speak of "ho li" (it has happened already) but they do not put the meaning of it into a *practical* form. All of you let everything be "ho li", that is, you let the past be the past. You do this, do you not? Or, do you only do it sometimes? When you remember the past, you have many waste thoughts. Your time is also wasted. Since your sanskars over a long period of time continue to work, even against your conscious wish, then every *minute* of this confluence age, which help to create a reward for 21 births, every thought and every *minute* are so *valuable*! That is not just one *second* that has gone by, but it creates a difference in the reward of many births. BapDada has told you earlier too that you must not waste any time or thoughts of the period of the confluence age. If you are constantly coloured with God's colour, that is, if you constantly keep the Father as your Companion, you are then able to make every thought and every moment, that is, every *minute* of the confluence age, worthwhile. So *check* whether your every *minute* and every thought are worthwhile. Or do they go to waste? Because it is not just one *minute*, but every *minute* and every thought have a *connection* with 21 births; they have this much *value*! So, think about whether you constantly keep this much *value* in your heart. It is said for the period of the confluence age: "If not now then never." Always have this *value* in your awareness. So, all of you celebrated Holi today, that is, you coloured yourself with the colour of the

Father's constant company. So, did you *check* throughout the whole day whether you remained coloured with the Father's colour? Did you stay in God's company or did your time and thoughts also go somewhere else? Did you *check* this? Nod in agreement. Do not wave your hands, but nod.

BapDada constantly signals to you: With the pure satoguni thoughts of your mind, continue to make matter (the elements) satoguni (pure). Do you remember that service of the mind? Because the elements are now going to carry out their work in a big way. This was just a small matter, but human souls have troubled the elements a lot and so they will also begin to cause trouble, and this is why the Father says: Just as you are paying *attention* to become conquerors of Maya - you do pay attention to this, do you not? You have promised Maya: It is your duty to come and our duty to attain victory over you. All of you have promised this, have you not? Have you? You want to become a conqueror of Maya, do you not? Similarly, you also have to become a conqueror of the elements, because you want to rule the kingdom, do you not? Your kingdom is coming, is it not? Do you have this intoxication? People are wondering about what will happen and they are afraid, whereas you all know that it is now the amrit vela, the confluence age, and what comes after amrit vela? Morning. "Our kingdom is going to come in that morning." You have this intoxication, do you not? Is it "our kingdom" or just the kingdom for the maharathis? It is the kingdom of all of you. You are not worried about what will happen. You know that the best of all will happen. In your kingdom, even matter has to be satopradhan. Who is going to make the impure matter pure? Or will it be OK for matter to be as it is? Will it do in your kingdom? Will it? Say "yes" or "no"! Will it do? So, who will make matter pure? You will do this, will you not? That is why the first scene of "suddenly", just a small one, has just begun. Now, more and bigger scenes are yet to come, and they will come suddenly. What you never even thought of is going to happen.

BapDada has been teaching you the lesson of "suddenly" for a long time. However, now, seeing this in a practical form, you have to begin your work and not be afraid. You tell the story of how there was fire all around and yet God's children remained *safe*. So, even now, the children are *safe*, are they not? Test *papers* will definitely come, but you have to carry out *double* work. First, you have to face everything while being fearless. Second, who is going to serve your devotees and your unhappy brothers and sisters? You are coloured with the colour of God's company and, so, whatever you have attained by being coloured with the colour of God's company you have to distribute that to your brothers, sisters and devotees with a lot of love. Who is remembered at a time of sorrow? Whether they consider Him to be God or not, even out of compulsion, they would definitely say, "Oh Father! Oh God!" So, you children of God now have to become supports for those who are in sorrow. Become their support with your good wishes, pure feelings and the rays that you have received from the Father. After all, they are your family, are they not? In a family, co-operation is given to one another. The very name is "sah yoga" (co-operation), elevated yoga. This is the means of giving support. You were given a message to *fix* a time for yourself. Do not think: It will happen. You have fixed times for *traffic control* and amrit vela, have you not? In the same way, according to your task, now, according to the time, this service through the mind is extremely essential. So, make time for this. Be merciful! Be benevolent! What is your self-respect? World benefactors. So, do you feel mercy? Or, do you think, "It will happen"? You mustn't be careless in this, because whomever you give sakaash to will become your devotees. So, what must you do? Do you pay this *attention*? Those of you who feel that you are paying *attention* to this and that it will increase, raise your hands! You are putting your hands up and down. It is all visible on the TV. If so many of you put your self-respect into the *practical* form then, even now, at the confluence age, souls will sing songs of your praise: Wah God's children! Wah! You have given us so much support! For you, it is a matter of giving support at this time and they will continue to sing your songs for half the cycle. You will become their ancestors. You are ancestors. Where are Brahmins sitting in the picture of the tree? You are sitting under it, are you not? So, you are the ancestors, too, are you not? Can you hear the sound of the devotees? Caution yourself a little. You have to become a support for those who are in sorrow. When you think that you have to become a support for those who are in sorrow, you will hear their sound.

So, did everyone celebrate Holi? For you, the whole confluence age is Holi. You remain constantly in the colour of God's company. The memorial is celebrated for one or two days, whereas you stay in God's company for the whole confluence age. You have this intoxication, do you not? The poor, helpless people are constantly begging: God, do this for us! Do that for us! However, you have received a *guarantee* for 21

births that you will not have any scenes of sorrow, even in your dreams. No waves of sorrow will come, even in your thoughts. If each one of you wants to claim the kingdom for all time, then you can create your companions of the family of the golden age, the *royal* subjects and the ordinary subjects at this time. You have a *guarantee* for 21 births. Do a little service and make some time, because you have the power of thought, anyway. Simply, also give what you have received from the Father to your brothers and sisters.

BapDada had told you earlier too: Constantly check that you are performing the dance of harmonising sanskars in the midst of the Brahmin family. BapDada had asked you to *fix a date* for when you are going to perform that dance. Can it be *fixed*? Can it? Those in the first row, speak! Raise your hands! Can it happen? Even you Pandavas have to raise your hands. There cannot be salvation without the Pandavas. Achcha. It is now the last *turn*. One more meeting still remains. For that, each one of you has to *fix* and write down the determined thought that you are going to have for yourself. How long will it take for the whole Brahmin family to stop using their old sanskars? “Whether it is my own sanskar or the sanskars of others, these should not influence me.” Can this *date* be *fixed*? Can it? Raise your hands! Achcha. Take everyone’s photo, because, just as you saw that *scene* of “suddenly”, in the same way, everything is going to happen suddenly and this is why BapDada wants to see the preparations. You give good wishes and have pure feelings for others – BapDada saw that you made a *programme* to serve others. So, if you have good wishes and pure feelings constantly for every soul..... it has to be numberwise, anyway. In the memorial of your rosary, is everyone number one? They are numberwise and yet they are threaded in the rosary, are they not? Why did they get a *number*? They have different sanskars but, instead of seeing their sanskars, you have to have good wishes and pure feelings. Ultimately, they are also part of the Brahmin family. “It does not matter what they are like, they are my family, are they not?” Just as you say “Mera Baba” (My Baba), in the same way, it is also my family. It is good that the *majority* of you have raised your hands. So, all of you have this zeal and enthusiasm and that is why you raised your hands. So, be co-operative with one another and, by having a vision, attitude and awareness of good wishes and pure feelings, it will not be a big thing to perform this dance. Whoever claims a good *number* in this and carries this out *practically* by the *date* will receive a unique and lovely prize. Baba will not tell you what the prize is now, but He will give a prize. Why? You have to make time to do service, do you not? The complication of sanskars takes away your time and this is why there is a need for your time. Is this OK? All of these are residents of Madhuban, are they not? Do you like it? Because those from Madhuban are special. BapDada also has a lot of love in His heart for the residents of Madhuban, and those from Madhuban also have love for Baba. Baba even says: You have love for the Father and it will always be there; it cannot be erased. You are immortal in this. This is why you have become residents of Madhuban. Wherever people from Madhuban go, with what vision do people see them? That they are from Madhuban; they are from Madhuban! Therefore, pay *attention* to this and, before the *last turn*, fix a place in Madhuban where everyone can put their notes. However, this has to be before the *last turn*.

Did everyone celebrate Holi? You have Holi every day. Even now, this is just something you have to celebrate externally. Where will you go to celebrate it? You will celebrate it here, will you not? However, that is according to the custom and system. All BapDada’s deeply loving, beloved children everywhere, the long-lost and now-found ones, who maintain their self-respect, BapDada is giving multimillionfold love and remembrance to every child, as well as love and affection from His heart.

BapDada is seeing that those who are seeing and listening to Baba everywhere are happy. Achcha. **Who has come for the first time today?** Stand up! All of these have come for the first time. Achcha. You have received the fortune of becoming residents of Madhuban for the first time. All your brothers and sisters and BapDada are all congratulating you for coming here for the first time. Now, BapDada will see that even now you still have a *chance*, because although you have come a little late, if you want to, even though you have come *last*, you can go *fast* and claim the *first number* and come in the *first division*. This is BapDada’s blessing for all those children who have come today. If you simply continue to follow the shrimat as per the Father’s elevated versions, then shrimat can and will take you into the elevated *division*. You have received the Father’s blessing in such a huge family, and there are the good wishes and pure feelings that you can move forward as much as you want. They will all give you blessings from their hearts. Wherever you go, you will continue to receive blessings, and these blessings will make you intense effort-makers and make you go ahead; have this faith! Achcha.

**It is the turn of Punjab zone to serve (Punjab, Himachal, Hariyana, Jammu Kashmir and Utaranchal).** Punjab is the lioness. So Punjab will make the lions, that is the heirs, emerge. Every *centre* has to send a list of their heir-*quality* souls. From the beginning until now, how many heir-*quality* souls have emerged from every *centre*? Heir-*quality* souls can never remain hidden anywhere. In fact, even today, BapDada wants to see how many loud “*mikes*” there are. Hearing the sound of their hearts, the hearts of others also become attracted to the Comforter of Hearts. However, BapDada has heard that many wings are to meet and so He will ask the wings. How many heir-*quality* souls are there in all the small and big centres of Punjab? Since when did they come? Punjab is also one of the first zones. A lot of mahavirs and maharathis have claimed a right to service and have received sustenance. Even some ancestors have done service there. BapDada has love for Punjab. Why? Why does He have love? Because there are many rivers in Punjab. Therefore, just as the rivers of Punjab are well known, in the same way, the servers of Punjab, who have been sent by BapDada, are well known. They are clever in renouncing and inspiring renunciation and this is why it is easy to make heir-*quality* souls emerge. BapDada wishes to give every zone *number one*. BapDada has seen that in all the zones that have come so far, there hasn't been a small number for any of the zones. They are all ahead of one another and this is why those who have emerged from Punjab through service, have to do special service and make them heir *quality*. You can bring them. If you pay attention, they will emerge. Simply understand “*quality*” and make a little special effort over them with your good wishes and pure feelings. You will have to make a little special effort, because there is that *quality*. Now, there is a little disinterest at this time; there is temporary disinterest everywhere. At such a time, every zone can understand the *quality* of souls and easily make them move forward. You can make them have love for the yagya and they can become protectors of the yagya. There is now fresh disinterest. Today, it is the *turn* of Punjab and so Punjab should claim this *number one*. It is good. BapDada is seeing everyone's face. Even though you may be far away, you are close through the TV. Baba is seeing you. Achcha.

**Eight Wings have come today. (Social Service, Transport, Media, Administration, Science & Engineering, Medical, Security and IT.** All brothers and sisters of the different Wings were made to stand up.) The *majority* visible are those of the different Wings. All the Wings that have come and are doing service, BapDada has seen that the *result* of their service is becoming the best of all because you had become separated by doing service everywhere. However, each of you is now progressing day by day in your own wing and bringing souls closer. This is why BapDada is pleased with each wing and their service. You may clap.

What do you have to do in the future now? Service is growing, but every wing should now gather together all those who have come close through service and enable them to have love for the yagya. If they have come to the yagya (Madhuban) once, that is a different matter, but tell them about what the yagya is and what the love is that they receive from the yagya and bring them close. Make them a little more at home. They listen to the lectures and give lectures – you have *passed* in that - but they should now become companions of the family. Now make that *list*. How many have come into contact with the yagya through each wing? BapDada was told that some souls have even started coming for the murli. That is also good. Just as they have started to listen to the murli, in the same way, now make them understand what it means to have love for the yagya and what an instrument soul who has love for the yagya can do. They can make themselves move forward. Now, make such instrument souls emerge. They have become helpers in giving lectures and in becoming instruments to give the introduction to others, and BapDada has given you congratulations for that. Enable those who have reached the murli to move forward so that they consider themselves to be not just co-operative souls, but also those who have love: one who has love for the yagya, one who co-operates with the yagya and with a member of the family.” Even if they are VIPs, they are members of the family; they are close to the family. Just as you are instruments and are doing service, in the same way, they should also gradually consider themselves to be responsible. There has been growth in service since the Wings were created. Many souls who didn't know anything about this organisation have come to know. They have come to know what the Brahma Kumaris do; they now know about your work. Now, move forward in this. One is for them to have a *regular present mark*. Even if they are not able to come to you every day, they should have their *present mark* through the phone or any other method. If they are members of the family, they have to have their *present mark*. BapDada had asked you all earlier to make

a *list* of such souls, create their gathering, and put zeal and enthusiasm into them. In every zone, do not do this just at your own *centre*, but the *Head* of the Wing should prepare such souls from every zone. They should make a gathering of such souls. There is enthusiasm created on seeing one another. Baba has not yet received the news that you had a gathering of this wing from all zones and this was the *quality* of souls that came. BapDada is pleased that your *attention* has been drawn in a *common* way. You are paying attention and doing this, so now prepare this gathering. Whoever has come into connection (VIP or IP) with you, how much service have they done? How many have they given a message to? You will have to get this information. Their interest will also grow because their *result* is being sent to Madhuban. BapDada has already told you earlier that you have enthusiasm for service. BapDada has already congratulated you for the service that you are doing. Achcha.

Just as each Wing has got up one by one, similarly, each wing has to understand that all the wings are in front of BapDada and, even if you are at the back, you are in front of Baba. BapDada is seeing all of you from each of the wings as being close to Him. Therefore, multimillionfold congratulations! Congratulations!

**600 brothers and sisters from 50 countries have come:** BapDada especially remembers those from abroad. He remembers all the children, but when the names of those from abroad are heard there is this enthusiasm in the people of Bharat: When those from abroad know God and claim a right to their inheritance they have the enthusiasm that they should not remain deprived. This is why those from abroad and the people of Bharat have begun to have *programmes* together. They have this enthusiasm: Since those from abroad have come to recognise God, we should not be left behind. So, you are instrument souls to make the people of Bharat move forward and to give them enthusiasm. This is why each wing is also making effort, just as there was the programme in Delhi. Whether it is a small programme or a big one, if even one or two people from abroad share their experiences from their hearts with enthusiasm or they speak on a *topic*, then people who hear it become happy, because BapDada has already told you earlier that those from abroad will become instruments to awaken the people of Bharat. It has been seen that, day by day, souls from abroad are doing this service and the people of Bharat are trying to work with them. Whenever there is a big programme then, just as in the early days there used to be a special *VIP* from somewhere or other from abroad who would come, try to do this even now, that wherever there is a programme, a *VIP* should definitely be invited to come. In the beginning, this was a very good part. Even now, one is the experience of Brahmin souls and the other is that a *VIP* should have a special part, and so Bharat and the countries abroad – the foreign lands will awaken Bharat and Bharat will awaken the foreign lands. As this service takes place, it will eventually become known who from abroad is going to come into your kingdom because, when special souls come, this sound reaches the Government. They have to look after the guests, and so this is put in the newspapers. This is an easy method of increasing service. The foreign lands are doing service – BapDada has this record and now those of all the wings want someone from abroad to take part in their programmes and awaken Bharat. Then, seeing such a big gathering of the people of Bharat, those from abroad should also awaken. BapDada is pleased that those from abroad are *ever-ready* in every respect. You are playing a good part of being *ever-ready*. You do not say “no”. The wings of Bharat should also make such programmes. Those of the different zones should have such *programmes* in which both (Bharat and foreign lands) come together. BapDada has seen that those from abroad are *ever-ready*. The people of Bharat are also ready. Now make such a *programme*. Seeing the children from abroad, BapDada is pleased: My children had become separated and gone to so many different places. BapDada still found all of you, did He not? You have come from so many countries. The Father found all His children in all the countries, did He not? You are happy, are you not? You were not able to find the Father, but the Father found you in the different corners because you are those who have a right every cycle. BapDada continues to find you every cycle. You cannot be *missed*. The Father’s children have to come to Him. The Father is pleased to see the children who had become separated. Wah My children! Wah! You also continue to decorate Madhuban. BapDada has seen that He has received a lot of co-operation from the children abroad, through their body, mind, wealth. They have love for the yagya in every way and they also have love for BapDada. You are continuing to move forward and will continue to do so. Achcha. BapDada is giving each one of you love and affection from His heart. Achcha.

**Dadi Janki:** Achcha. Everyone is happy. You have two means of making everyone happy. *Classes* and *toli*. You are playing a good *part*. BapDada is pleased.

**Mohiniben:** In the *yagya*, each and every one's individual part is necessary. If any instrument *actor* were *missing*, then it isn't that you would not know that. Each one's *part* has its own importance. If anyone's *part* is *missed* out, it creates a difference. This is BapDada's blessing for each and every common *actor*. Like those in the kitchen. It is a *common* part, but you would not be able to continue if those people were not there. Nothing could continue if those who do the cleaning were not present. If those who conduct *classes* were not there, things would not continue. Each *actor* should understand the part he or she has received according to the drama and understand: I am a special instrument. Even if someone has a small part in the drama, it is still essential. There are five fingers and if even one finger were *missing* it would make a difference. This is the speciality of the *yagya*: whatever *part* each one has received, that is very, very, very essential. Achcha. Would you be able to go if the *doctors* were not there? That is also necessary. Each actor is an instrument in the *yagya*. Each soul is needed in the *yagya*. Would you all have liked to sit here if those who did the cleaning didn't come today? It is necessary.

**Par Dadi:** Your *part* is also essential. Whether you do anything or not, seeing your face, everyone becomes happy. (Holi is the birthday of Par Dadi.) Wah! It is Par Dadi's birthday. Congratulations. Congratulations. Congratulations.

(All three senior brothers congratulated BapDada for Holi as they presented their bouquets.)  
Congratulations for Holi to all the *holy* souls. Congratulations.

**Four senior sisters from abroad (Mohiniben, Dr. Nirmala, Sudeshben, Jayantiben):** The Father gives many, many thanks to the children for revealing the Father. (Karankaravanhar made it happen.) However, it was the children who did it. So, *thanks* to the children. What would the Father do without the children? (Baba made us do it.) Both are companions of one another. Achcha. (BapDada presented a bouquet to all of the sisters). All four of you, take it. Put your hand on it. (Baba gave a bouquet to Dadi Janki) This one's part is also continuing. It is a special *part*. BapDada has seen that you have your *attention* on Bharat. You are *ever-ready* to help in any way. Bharat helps those abroad and the lands abroad help Bharat. Continue to give this co-operation and do everything together; this aim is good. (Jayantiben is going to Karachi for one week.) The *result* is now good. It is increasing. Now, some *quality* souls should emerge.

(The radioactive gas from Japan is now moving towards the Philippines and America.) The *gas* that emerges has to go somewhere, but you have to look after yourselves. Continue to observe the *directions* that the *Government* gives. Do not think: It is nothing, it is nothing. Pay attention to the *directions* they give.

**BapDada played Holi with the children and gave everyone greetings for Holi:**

All of you celebrated Holi. You have Holi all the time, that is, you stay with the Father and you are being sustained by Him. You wake up with the Father, you converse with the Father, you take blessings from the Father and then give blessings. You took a blessing today for Holi: never become alone or separated from the Father. You are with Him, you will go back with Him, and then come and rule in the kingdom with Father Brahma. So fulfil the responsibility of that companionship. Do not leave His company for even a *second*. You will stay with Him and go back with Him. Now, always have this in your awareness. Achcha. Now, BapDada is saying a very wonderful and beautiful *good night* to everyone. Achcha.

\*\*\* O M S H A N T I \*\*\*

**With your determined thought become an example of being *tension-free* and become an image of support for everyone. With the power of your mind give souls who are experiencing sorrow the blessing of happiness.**

Today, the *Great-great-grandfather* is seeing the lines of fortune of His children who are the few out of multimillions and the handful of that few. He is seeing the sparkle of the divine, sparkling star on each one's forehead. He is seeing the line of love from their eyes. He is seeing the line of knowledge through their mouths. He is seeing the line in the heart of being lost in love for the heart of the Comforter of Hearts. He is seeing the line of the treasures of knowledge in their hands. He is seeing on their feet the line of multimillions at every step. Each child is full numberwise in each of these lines. No one apart from you can have this fortune. Such elevated fortune of each one is visibly sparkling, and this fortune becomes imperishable. Why? Because it is the imperishable Father who gives it to you. Only at this confluence age do you attain this elevated fortune which continues in the future too. This confluence age is the age of all attainment. To the extent that each one of you accumulates your fortune, so you continue to receive the fruit of fortune for many births. Only you children know the praise of this confluence age. The attainments of the confluence age are the most elevated of the whole cycle.

BapDada is seeing how full each child is with the attainments of the confluence age. Do all of you constantly experience all the attainments of the confluence age or only sometimes? The Father is imperishable and so the attainments are also imperishable. You know in which form BapDada wishes to see all of you, do you not? BapDada wants every child to be a self-sovereign king, to be a king and rule over the self, that is, over your physical senses and your mind, intellect and sanskars. Of course, you will have a right to the kingdom in the future, but you should now become a king who has a right to self-sovereignty. All your physical senses should be under your control because you have received the treasure of all powers from the Father. BapDada wishes to see every child in the form of a king who has a right to self-sovereignty. Have all of you become self-sovereigns, masters of the self? Have you developed *ruling power* and *controlling power* over your mind and intellect? There isn't any dependence, is there? You have a right. When you keep BapDada with you and you do not become alone, when you constantly keep the Father as your Companion, then neither your mind, nor intellect nor sanskars has the power not to be under your *control*. This is why BapDada always says to the Shaktis: Which form of yours should you always remember so that you never forget the Father's company? That form is: I am a Shiv Shakti. Shiv and Shakti are combined. This awareness automatically makes you a conqueror of Maya and a conqueror of matter because BapDada has already told you that at present the elements of matter are continuing to do their work. Because human souls have troubled the elements of nature, they are also troubling human souls. Nowadays, you are seeing that the elements are carrying out their work somewhere or other but you are becoming conquerors of matter and making the elements satopradhan. People are afraid on seeing the upheaval of the elements and are wondering what will happen tomorrow. You know that the best of all will take place because it is now the confluence age, the amrit vela of the world cycle. What comes after amrit vela? Morning. Darkness finishes and there is light. You are now happy that your kingdom of the world of happiness, where matter also gives happiness, has now almost come. You have this happiness, do you not? In that kingdom, there will be no name or trace of sorrow or peacelessness because you are becoming the conquerors of matter at the confluence age. What is the happiness that all of you have? Say: Our kingdom is about to come. Do you have this happiness? Those who maintain this happiness, raise your hands! Very good. You remain happy and so, congratulations for that! However, are you enabling this happiness of yours to reach your brothers and sisters through the rays that you have received from the Father, because they are experiencing sorrow and peacelessness? BapDada had said: Each of you has to *fix* some time in your daily timetable to do such service through the mind. Just as you have fixed a time for other things, in the same way, through the nourishment of your happiness and with the power of your mind, give them some blessings and make them happy. Those who have fixed their time for doing service through the mind, raise your hands! Achcha. Those who haven't done this are few; so now fix a time for that because they are your brothers and sisters, are they not? Do you not feel mercy? Or, is it that you don't feel mercy for them? You do, do you not? BapDada wants to see the two special things of the confluence age that are invaluable: One is the power of thoughts and the second

is the time of the confluence age because in the one birth of the confluence age you have to create a reward for many births.

Nowadays, BapDada sees that many have fewer impure thoughts but that waste thoughts do continue to come. According to the value of this one birth, waste thoughts should now be *finished* because, according to the importance of the confluence age, one *second* gives you a right to so much invaluable time. This is why, each one of you has to know the value of these two things – time and thoughts – and use time and thoughts in a worthwhile way. Just as you use your physical treasures in a worthwhile way and you know that by using them in a worthwhile way in this one birth you will accumulate that attainment for many births, in the same way, pay *attention* to both these things; use them in a worthwhile way and become an image of success.

Today, BapDada is giving each child one special blessing. Can each of you children make yourself *tension-free* from today? Have the determined thought that, from today, there will be *attention, no tension*. When BapDada sees the children with *tension*, He feels He should immediately take their photograph and send it to them, and they will then understand what they have become. BapDada wants to make you a conqueror of the mind and a conqueror of the world. After all, where does *tension* come? It comes in the mind, does it not? You are kings. You are masters of the self, are you not? Is the mind yours or is the mind the master? What do you say? Throughout the day, you say “my mind”, do you not? It is not the master, is it? Who has the courage? You will easily receive the Father’s blessing, but you simply have to pay a little *attention*. Experience the help of the Father’s blessing and then see. Whenever you then look at anyone’s face, what will it be like? *Tension-free*, like a lotus or a rose in bloom.

BapDada saw that He has received news from some places of the work He had given you of writing down your *percentage*. You have the result from here too. BapDada is congratulating you for having paid *attention*. However, according to the time, you will not have so much time to listen and therefore, BapDada now wants you to do service with your mind, your face and your activity. The practice you have now will be useful in the times to come. Can you have the thought to remain *tension-free* from today? Can you do it? Can you do it? Raise your hands! *Tension-free!* Achcha, take everyone’s *photo*. Very good. Nowadays *tension* is increasing a lot in the world. When the souls who have tension according to the circumstances see your experience of being *tension-free* and that your activity and face are *tension-free*, you will become an image of support for them. Today, when you tour around in the world or hear the news, what do you see? They continue to invent ways to make themselves happy temporarily. Show those who have *tension* an *example* of being *tension-free*, and they will be able to see some support. Did you have the thought in your mind that you will remain *tension-free*? Did you? Is it a determined thought or ordinary? Where there is determination, success is guaranteed. Not that you will do it at some point, but that you are definitely going to do it. Do you like this? Raise your hands for this! BapDada saw one thing which is that you please Baba by raising your hands. You pleased Baba by raising your hands, but what are you going to do now? There is the difference of day and night between a determined thought and an ordinary thought: that you will do it at some point and that you definitely do have to do it. Today is the last day of this year’s season, but next season BapDada wants to see every centre, whether small or large – you have plenty of time till then – next year Baba does not want any reasons or excuses, but He wants to see you as embodiments of solutions. How much courage and enthusiasm do you have for there not to be any name or trace of *tension* in the Brahmin family? Is this possible? Each one of you can ask yourself; is this possible? BapDada wants to hear this good news.

BapDada saw that everyone has a desire to do this, but, when problems come, they make you belong to them. Then you say very sweet things: “This happens, does it not? This will of course happen. This continues all the time, does it not?” You tell BapDada many very sweet things. The solution to everything is simply to become a king, that is all. Become a master of the self, a self-sovereign. Baba is seeing all the children; whether you are sitting in front of BapDada or you are sitting far away but sitting in the heart, you are all in front of His eyes. BapDada is seeing in His heart those who are far away.

BapDada knows that there are small Gita pathshalas set up in Madhuban today. BapDada is first of all giving lots and lots and lots of love, affection and remembrance from His heart to those who are sitting on the floor and

in many different places. (More than 28,000 brothers and sisters have reached Shantivan today. Screens were set up in Madhuban, and various places in Shantivan.) BapDada saw that some children have had to face a little difficulty, but, because of happiness, you don't feel any difficulty. At least you had three feet of land to sleep comfortably. BapDada is giving special love and remembrance to those who have become "pat-rani" (queens sleeping on the floor). Achcha.

**Those who have come to Madhuban or to meet BapDada for the first time, stand up!** BapDada is giving many, many congratulations to the children who have come for the first time to the new Brahmin family on behalf of Himself and on behalf of the Brahmin family, because even though you have come *too late* you have at least come. You have now seen BapDada and the family. BapDada feels that, even if you have come today, you have a special blessing that if you want it in your heart, then, though you have come *last*, you can go *fast*; you can go ahead *fast*. BapDada and the family have love for all of you souls. They (the Brahmin family) will be co-operative; they will give you love and enable you to move forward. They will give you a *chance*. This is why those who have come today have a very good chance in the drama to go ahead. Wherever you have come from, the whole family will be co-operative with you and you just have to become easy yogis. Achcha.

**It is the turn of Rajasthan and Bhopal to serve:** BapDada is seeing that the zone that is serving this time has the most new souls in their group. It is good. Those from Rajasthan are half the class. Father Brahma liked the land of Rajasthan so much that he created Madhuban in Rajasthan. BapDada saw that very good expansion is now taking place in all the places of Rajasthan. Very good programmes of giving the Father's message to new souls are now taking place. However, BapDada is telling everyone: Each centre has to prepare a group of heir souls who have love for the yagya, those who move forward themselves and who make others have love for the yagya. Last time too, BapDada said this: There is expansion of souls who have love for the yagya, who have love for service and who are moving forward in constantly using everything in a worthwhile way. It is good. Everyone has a lot of zeal and enthusiasm in the task of giving the message. BapDada now wants to see the maximum number of those who have a balance of the self and service come forward from each centre. Not just service, but the self and service because there isn't that much time for self-transformation now. This is why it is first the self and service with that. Each centre has to become free from obstacles, all companions are to be free from obstacles - not just the teachers, but the whole class has to be free from obstacles - and all should pay *attention* to self-transformation. Now, increase this. Listen to each one and give them wings of zeal and enthusiasm so that you are able to give BapDada the news of the centre being free from obstacles. BapDada saw that Rajasthan is also moving forward and will continue to do so. BapDada is congratulating each child for moving forward. Achcha.

Bhopal zone: Achcha, this zone is also moving forward very well in transforming the self and bringing about expansion in service. BapDada is pleased that each child is making plans for the self and is also putting those into *practical* form. BapDada's pure hope is that you will constantly continue to move forward. It is seen that there is zeal and enthusiasm in every zone and this is why you are bringing about expansion in service at your own places. BapDada is congratulating you for the future too. Continue to move forward, fly and make others fly. Achcha.

**Double-foreign brothers and sisters:** The *foreigners* are given the title "*Double foreigners*". Not just *foreigners*, but *double foreigners*. It is seen practically, that, just as you are given the title "*Double foreigners*", in the same way, the *majority* of you have double intoxication. What is the *double* intoxication you have? That you have double zeal and enthusiasm, and BapDada sees that you have good zeal and enthusiasm. BapDada is pleased that, initially, there was establishment in just London, whereas today double foreigners are doing service in so many places and making everyone belong to BapDada and the Brahmin family. You have a very good aim of making them belong to Baba and this is why there is the *proof*. Earlier, you used to come in just your turn but you now come in almost every turn. BapDada is pleased that the people of Bharat have enthusiasm when they see the children from abroad going ahead of the Bharatwasis: "Those from abroad are moving forward and so we should not be left behind." The people from Bharat also have the enthusiasm, and in effort too. It has been seen that though those from abroad have test papers, they have the one speciality of speaking about them with an honest heart. They don't keep anything inside and they find a solution with an honest heart. BapDada is pleased

that when you have a clean heart the Lord becomes present. Seeing this good *result*, BapDada is congratulating you and also giving you a blessing: You will constantly continue to move forward. Teachers are also making good effort. BapDada is pleased that those from abroad are taking maximum benefit from Madhuban. BapDada is seeing that you have started doing service abroad in a big way in even the smaller places. Congratulations for service and congratulations for self-transformation. Continue to fly and make others fly. Achcha.

BapDada is specially congratulating the children from everywhere in this land and abroad for easily moving forward in their effort and enabling others to move forward. BapDada has already given a *direction* for the time that is to come: Become an intense effort-maker. Put a full stop in a second. The practice of putting a full stop is extremely essential. Do not be slack in this. Anything can happen suddenly and this is why BapDada's pure hope is that each child is with Him, will return with Him and will rule the kingdom with Father Brahma. Then Shiv Baba will become the detached Observer. You are going to become companions and so you definitely have to become equal to BapDada. Achcha. Congratulations from BapDada to each child for this year, and for next year (season), too, that you definitely have to be constantly equal to the Father. Achcha.

**Mohiniben:** You had the thought that you have to do it and so you did it. That is your strength. Understand that it has to happen.

**Dadi Janki:** You have love and your love reaches Baba. (To all Dadis): BapDada is pleased to see all of you. Why? Why is He pleased? Because you have become protectors of the yagya and are moving forward in running the yagya. All of you are instruments. (Dr. Nirmala): You did well.

**Rukmani Dadi:** BapDada knows that all of you are managing with your health, but you are instruments. Those who are instruments will enable them to work, so each one should consider the self to be an instrument and conduct yourself and also run the yagya. This is a responsible group. Do you understand? Each one of you is responsible.

**Par Dadi:** Your sitting in your room and spreading rays of co-operation is spreading throughout the yagya. You remain constantly happy and this is why your face is always cheerful. You are happy and have the fortune of happiness.

**Dr. Ashok Mehta:** Are you OK now? Is the weakness finishing? (They have just begun the treatment.) The more you walk the better you will become. You have played a good part, but now pay attention to one thing: Keep your intellect always connected to the Father. Other things should not influence your intellect because this is the income of the intellect's yoga. Let the past be the past completely; do not think or speak about it. In that too, seek the benefit from the loss because you are the Father's instrument soul. The Father should be visible in you. Everyone should say: "As is the Father, so this one is equal to the Father." Can you do this? Keep your intellect very happy, detached and loving and there will be wonders. You will become an *example* in the family. It is good. What you have done is good. Now, it will be the best of all.

**Acharya Pramod Krishnamji:** Look at your family! This is your home and your family. You have come to your home. The Father is pleased that the child has come to his home.

**Puneet Issar (An actor who played Duryodhan in the TV serial "The Mahabharata"):** Look, today you have come into your family. You like this family, do you not? (It is unique.) So, you have to become like them and make others the same. Those who reach Madhuban are very lucky. The *luck* of those who reach Madhuban is always open. Very good. (I played the part of Duryodhan in the Mahabharata.) You have now changed. You are not Duryodhan now. You have now become a companion in the Father's task. This one has also become a companion.

**Various VIP souls meeting BapDada (Bhagwati Prasad, Minister, Uttar Pradesh; Dhananjay Munde, M.L.A., Maharashtra and family) etc.**

If you feel that this is your home, then continue to come to your home. BapDada's blessing is: Constantly remain happy and share that happiness.

Look, the more co-operative you become the more yogi you will become. Continue to be co-operative in service and you will become yogi. Definitely study. Be accurate in the Godly study.

Continue to move along as you are doing and continue to move forward. You are good. Continue to move forward.

You are co-operative considering this to be your home. Co-operative and yogi. You are playing your part as a karma yogi and will continue to do so. Remember the word "karma yogi". No matter how many actions you perform, be a yogi. Do not forget yoga. This one is also a karma yogi.

Look, to have love for the murli means to also have love for the Father. Because you have love for the Father, claim a right to the inheritance. You will do this.

You have now understood this task and the more co-operative you become in this, the more yoga you will be able to have. It will not be an effort then because co-operation enables you to move forward. So, be a karma yogi. Not just karma, but also yoga. So remember: I am a karma yogi soul.

**Speaking to Karsanbhai (Founder of Nirma group industry) and his wife:** BapDada saw that you are playing your double part very well. You continue to have the murli and remembrance and are also moving forward in your business. This is known as being a karma yogi. To perform karma and also have yoga. Achcha. You are a karma yogi child.

**Mega star of Tollywood – Chiranjeevibhai and his wife Surekhaben:** Now, here, also, become a hero in service and yoga. Here, together with being a *hero*, you also have to be a *zero*. And this one is your companion. Both of you are together. You are now united, are you not? By having one direction, it becomes very easy and you remain very happy. Remember, just are not just a *hero* but a *zero*. You will move forward. Just do not forget the words "Mera Baba". By saying "mera" you will receive the full inheritance. You are each ahead of one another, you in your own way and this one in her own way.

Ashish Gupta is inaugurating his "Peace of Mind" channel. You are also not one who gets things done, but one who does things. You are a companion, are you not? It is an act of great charity to be a companion in whatever auspicious task that takes place. You are not one who will just run this, but you will also be a companion and put enthusiasm into everyone. Your duty is to give enthusiasm. You are just an instrument. Simply have good wishes, that is all. You know how to have good wishes, do you not? Your good wishes will enable many others to have good wishes. Achcha.

**\*\*\* OM SHANTI \*\*\***

**With the form of the volcanic fire of the power of yoga, have the cremation ceremony of the sanskars. Reveal the Father through your behaviour, face, vision, attitude and thoughts.**

Today, the love of the children enabled the children to bring the Ocean of Love to them. BapDada is pleased that the children have love for the Father in their hearts and, on the basis of constantly having this love, you will definitely become equal to the Father. In any case, BapDada has placed the children ahead in the *subject* of love. Today, the children have tied Him with the string of their love and especially called the Ocean of Love to Madhuban. Such love should always remain *emerged*. The love of the children's hearts constantly continues to reach the Father, the Comforter of Hearts, but it is definitely numberwise. The Father desires that the sign of this love should be that the Comforter of Hearts remains constantly in each one's heart, that no child should be alone, all should be *combined*. Check whether you remain constantly *combined* or whether you sometimes become alone. When you are alone, Maya takes her *chance* and this is why BapDada always says: Always let the Comforter of Hearts be settled in your heart. This is called true and constant love. Do you sometimes become alone or do you remain constantly combined? What is the promise that each child has made? You residents of Madhuban especially have the intoxication that you are together, that you will return home together and that you will come to rule the kingdom together. Similarly, those very, very sweet instrument children who are sitting here have promised the Father with their hearts - for the *majority* it is also a *practical* form - that you will always stay in the *combined* form. However, it is numberwise. BapDada wants every maharathi instrument child to grant a vision of the Father through their face, that visions of the Father's face filled with light and of His lovely and unique behaviour should continue to be granted through their face and behaviour.

You saw Father Brahma. Till the end, how many times, in every murli, did Father Brahma say "Baba, Baba" according to shrimat? Just count that! In every murli, he says, "Baba, Baba" so many times, and with his face, image, words and specially the eyes and forehead he revealed the Father. All of you children have experienced this. What do you experience when you look at Father Brahma? BapDada. No one just says the word "Father", but from each one's lips, the words "BapDada" emerge together and they are experienced together. *Follow the Father* in the same way. Anyone who looks at you should automatically remember the Father through your face, words, behaviour and vision. The Father saw just now that the *majority* of you have the thought to reveal the Father through your face, words and deeds. So, *follow the father*. Father Brahma constantly revealed the Father through his behaviour, face, vision, attitude and thoughts. All of you experienced that. It was not Father Brahma alone who was looking at you. BapDada was looking at you. The reason? Father Brahma constantly merged the Father in his eyes and on his forehead. Your eyes, mouth and behaviour should reveal BapDada as merged in you. The One who is teaching you should be experienced through your every word: whatever he is saying, whatever she is saying, the One teaching and filling them with power is the Almighty Authority Father, it is God. These are the children of God. These are the *students* of God. They are not the *followers* of God who *follow* God, but those who create multimillions at every step. Now, even time is ready to co-operate with you. Circumstances are changing and these circumstances are reminding everyone of God even against their conscious wish. So, one is time and the other is the speciality of both *groups* of instruments. This *group* that has come for this meeting is a ready-made *group*.

BapDada has seen that the *majority* of the children who have come have zeal and enthusiasm in their hearts: We are definitely going to reveal the Father - with your face, with the character of your face, through words, with connection and relationship to any soul. Nowadays, by your serving souls with the benevolent feelings of your mind, souls are coming into *connection* with you and want to come into connection with you. It has been seen that, in the task which BapDada has given you of serving through your mind, when you practise serving with your mind whilst being yogyukt, you definitely enable these vibrations to reach someone or other; they feel that rays of light and waves of happiness and peace are coming to them from somewhere, but it is not clear to them where these are coming from. These rays and waves are coming, but it is not clear to them that these are coming to them from BapDada's children from Bharat. Otherwise, they would all come running here. Now project even more powerful rays on to those souls so that it becomes clear to them. They are reaching them. It has just begun. Some rays have begun to reach some of them a little. Now make this even more powerful. The thing that creates an obstacle in this, that becomes a reason for not reaching

them clearly, is that you have yoga, you sit for amrit vela, but volcanic yoga is lacking. Because of this, the devotees and souls to whom you send these rays do not receive them so clearly. Secondly, because of your not having or because you lack the power of yoga of the volcanic fire, the sanskars that create an obstacle in between cannot be finished. You make effort for the sanskars to be transformed, and these sanskars do die, but they do not get burnt. It is just as Ravan is not only killed but after he has been killed, he is burnt, because even after he is killed, his body still remains. In the same way, you sit for remembrance at amrit vela, but the yoga of the form of fire, the volcanic form of fire, is lacking. You celebrate a meeting, you have a heart-to-heart conversation, and you also talk about the things in your life. You have a constant fire of yoga. You definitely do kill the sanskars, and those sanskars do die, but they get up again every now and then. When they are burnt, their name and form finish.

Now, even in their heart-to-heart conversations, all the children say that they do not have as much as they wish to have. BapDada is giving a signal today because the *special* Mahavir children have come to the meeting today and there are the Madhuban residents. What is there in Madhuban? Madhuban means Baba. What does everyone remember when you say "Madhuban"? Baba of Madhuban. So, those from Madhuban have to pay this special *attention*. When you say "Madhuban", do you remember Baba of Madhuban? With which vision does everyone look at those who are staying in Madhuban? Those from Madhuban, raise your hands! There are many. Whether at the bottom (Shantivan) or at the top (Pandav Bhavan, Gyan Sarovar etc.), the maximum number in today's gathering is of the residents of Madhuban. BapDada is pleased that the residents of Madhuban will definitely show the wonder that Baba and Baba alone is visible from the face and character of every resident of Madhuban. The Father should be visible from the situation because a lot of power (bal) and fruit (fal) is received by serving the yagya in Madhuban. Those who wish to take it can take it; you definitely do receive it. You need to pay greater constant *attention* to looking at your sanskars and in harmonising your sanskars. BapDada has special love for every child of Madhuban. Why? Because you have surrendered yourselves to serving the yagya that the Father Himself created. Firstly, the residents of Madhuban are receiving the fruit of the efforts they have made and secondly, serving the Brahmin souls or new souls that come to Madhuban is service of the yagya; it is not ordinary service. You receive *extra* charity for serving the yagya. If any resident of Madhuban is moving along accurately as per the shrimat received from BapDada, according to the shrimat from amrit vela till night time, then he definitely receives *extra* charity from that. Whether those from Madhuban know this or not, or even if they remain careless, nevertheless, they definitely do receive the charity of their service. It is not an ordinary thing to become a resident of Madhuban. No matter what type of work someone is doing, even if he is getting the cleaning done, even such ordinary work allows you to create a lot of charity because it is the yagya that has been created by the Father. It is from this yagya, from this Madhuban, that everyone receives God's love and this is why the Father does not go anywhere except here. Madhuban has recorded the Father's *part* of coming, of meeting you and of enabling others to meet Him. Each of you residents of Madhuban has to know your account of charity, recognise it and become an embodiment of that great attainment. No matter what happens, it is your duty to enable that thing to reach the seniors, because to make it reach them means to remove it from your heart. Then your responsibility is over. If you think that nothing is happening about it, you will then not accumulate sin in this; it will be the sin of those who are responsible. You simply remain carefree. Your duty is to tell them about it. However, to think about what happened and what didn't happen, why this did not happen, why that did not happen. You don't need to worry about it, or you would have even more wasteful thoughts. You just fulfil your responsibility and enable it to reach them. It has to reach them, and you have to make it reach them according to the custom and system. After all, you are Brahmins who are residents of Madhuban. You are elevated, you know your status and carry out such a task that when others see the tasks you carry out, they also learn. Everyone has a lot of faith in the residents of Madhuban. So, show the fruit of their faith to those who have that faith. Among the children of Madhuban, BapDada knows that there are some children who make effort on themselves with the code of conduct, they have love for the Father and co-operate with Him. BapDada desires - what is BapDada's desire for the residents of Madhuban? Every child of the Father who is a resident of Madhuban should be loving and co-operative to the yagya and give everyone the Father's introduction through their behaviour: "We residents of Madhuban have such great fortune!" Reveal your fortune because you are residents of the yagya. What did God create first of all? He created the yagya; and the land of the yagya is Madhuban. You know the praise

of Madhuban, do you not? Those who know the praise of Madhuban, raise your hands! BapDada is looking here. Achcha, very good.

BapDada is giving very, very powerful love from the heart and blessings from the heart to each resident of Madhuban. Seeing the maharathis, those who have come for the *meeting*, He constantly sings the song in His heart, “Wah children! wah!” All those who have come for the *meeting* have to make progress in one thing. Whoever they are and however many service companions you have, always keep them content with your happiness and attainment. If you have to give them teachings, then, together with the teachings, also give them love so that, on the basis of that love, they are able to move forward. Do not give them such love that they take advantage of that love, so that it doesn't matter what they do, they will be forgiven. Do not give such love. BapDada is pleased that you have become instruments. You do pay *attention*, but pay *attention* and make them content and let the rays of contentment reach the world. Those who have become instruments have to carry out this task too. The reason for this is that those who are instruments have their own *hands*. You will have to make a little effort in enabling them to transform their sanskars. You enable them to do service and for the *majority* of them, the *centre* provides their accommodation and food. However, now fill them with such power that they take power from the Father and create such an atmosphere in your service place that anyone who comes is first attracted by the atmosphere. This is because nowadays, everyone wants there to be some function which enables them to experience something as soon as they come, so that they have an experience just by seeing it. They experience listening and they experience yoga, but they should also experience the atmosphere. The souls who have become instruments have to pay *attention* to this: this is your special service. If you yourself remain yogyukt and maintain a good stage of atmosphere, it *automatically* creates its impact on the service place. There is the influence of BapDada and the senior instruments on the atmosphere and the *vibrations*. The atmosphere around BapDada changes. So, every child has to create an atmosphere, because only when you change the atmosphere of your *centres* will the atmosphere of the world change. It will happen from your service places. You are making effort, you have the aim but you now have to make this aim even more *powerful*. Nowadays people can understand you from your face and your *vibrations*. Their intellects are influenced by devilish intellects but they are also influenced by *knowledge*. This is why, whoever has come here for the *meeting*, each one of you is responsible. Otherwise, why did you put your name forward for the *meeting*? You have courage and this is why your name was included. Therefore, now reveal your duty. You do wish to do that. BapDada knows that you are making effort to do that, but now increase your effort a little more. Do you understand?

Today, you specially called Baba. You won in the lesson of love. Whether it was the thought of those from Madhuban – it was the power of their thought and the power of you all calling Baba *practically*, you spoke with love and with a right – those from Madhuban also said the same thing. However, by coming to meet you, it became *double*. Achcha. Do you want to say anything else now? Now, BapDada wants to see everyone's *result*. Whether those from Madhuban or those who have come for the *meeting*, Baba wants to see *results* from both. The special effort made by Jagadamba was: The Father said something and Jagadamba did it. Your Didi's words were: We now have to return home, we have to return home. The thought of your Dadi was: We now have to become karmateet. She used to conduct *classes* on becoming karmateet and give enthusiasm to become karmateet. Your Pandavas who have been and gone also had the thought: All of us Pandavas are said to be victorious. The aim that the Pandavas had, and still have, is that the memorial is of the victorious Pandavas. What do you remember when you speak of the Pandavas? Victory. Even though there was the unlimited army on the other side, when you remember the word “Pandavas” you remember victory. There were five Pandavas but they were victorious. No matter what the atmosphere was like, there was the atmosphere of the unlimited army, but the Pandavas became victorious with the shrimat of the Father of the Pandavas and victory was glorified. Now, those same Pandavas have become victorious and are enabling others to have victory. BapDada is pleased on seeing the Pandavas. In what respect is He pleased? That you are the companions of the Shaktis. You are companions in giving your co-operation to the Shaktis and making them move forward. Just as the Father gave the Shaktis the mantra of being Shiv Shaktis and made them *combined*, in the same way, the Pandavas, as per their speciality, are good in giving co-operation to the Shaktis and keeping them in front and constantly becoming the best of all and moving forward. Achcha.

Seeing your love today, BapDada is garlanding all of you with the garland of love. Now, all of you also simply have to garland one another with the garland of love and co-operation. Not the garland of arms, but garland one another with the garland of co-operation from your heart. BapDada has told you earlier too that there should be *notes* of co-operation in the pockets of each of you children. Your pockets should be filled with *notes* of co-operation, not *notes* of mistakes. Whenever you see that co-operation is needed somewhere, just give a *note* of co-operation. Do you have it in your pocket? Do you have *notes* of co-operation? Are they full? Your pockets are full. They are not empty, are they? You just give a *note* of co-operation and they will garland you with a garland of blessings.

When you come next *season*, what good news will you give? That you have had the cremation ceremony of your sanskars? Are all of you *ready*? *Ready*? Those of you sitting in the front row are not raising your hands. You raised your hands. All of you raised them. Those at the back raised them. So, you will give this good news in *advance*, will you not? You finish the sanskars, but you do not burn them and this is why they emerge again. This is why you were told to have the cremation ceremony of the sanskars. Do not bury them, but cremate them because you have to bring the time close. The special souls of your *advance party* and the father, who is a resident of the subtle region, are waiting. Does their thought reach you? They are asking for a *date*. Your senior Dadis and Dadas are waiting for a *date*. Will you give them a *date*? Will you? Those in the front row, speak! Will you give a *date*? Or, will you say, “*Wait and see*”? What is each one of you going to do for this? Each of you has to cremate your remaining sanskars, and time will then come close. This is the only method to bring time close. It is the remaining sanskars that are creating obstacles. Days are still remaining, many days remaining, before the beginning of next *season*. Every day cremate one sanskar or another. Continue to cremate them one by one; there are that many days remaining. Who feels that when BapDada comes next season, you will raise your hands for having cremated your sanskars? Those who feel this, raise your hands! That they have been cremated?

You are raising your hands. BapDada is giving you many, many, many congratulations in *advance*. Achcha. The Father fulfilled His promise. You are also clever in fulfilling your promise. The Father loves every child. None of you should feel that you are not loved by BapDada, that you are at the back, that you are this or that. Even those at the back are very, very, very much loved because you at least said “Mera Baba” to the Father.

BapDada is giving congratulations to all the children everywhere who know about this, even those sitting far away and is merging in His heart in *advance* the good news of your *response* of becoming victorious. Now, we shall see that in the corporeal form. Achcha. Today, we don't have to do anything else. Today's *part* is simply of meeting and making one another happy. BapDada is pleased. OK, continue to mention the names of the main places of Madhuban and wave your hands. (Pandav Bhavan, Gyan Sarovar, Shantivan residents, Hospital, Sangam Bhavan, *Peace Park*, Museum, Abu Niwasis, B.K. *Colony* etc. were all made to stand up separately and wave their hands). The maximum are from Shantivan.

**Neeluben:** You are looking after the chariot very well. You are serving from your heart and this is why the Father's help and your being an instrument is enabling the work to carry on. Look how much you are loved by everyone! With what vision does everyone see you? That you are the one who enables them to meet the Father!

**Munniben:** You are also looking after the yagya very well. You have the speciality of moving along and making everyone move with *economy*. BapDada sees this speciality from time to time. It is good.

**Mohiniben:** You have made yourself well with the power of your yoga and with remembrance of the Father and you will remain well. You have found the method with your intellect and this is why the Father is pleased with you. You have disciplined yourself well and are playing your *part* well and will continue to do so.

**Dadi Ratanmohini:** You have *success* in your *part* of looking after the service everywhere and will remain *successful*. Achcha.

**Ishu Dadi:** You are the one who has known the Father's secrets from the beginning. Having lived with sakar Baba, you have understood, but you remain incognito. It is good to remain incognito, but you sometimes have to appear and be revealed. Achcha.

**Dadi Janki:** You have the deep interest and also do the service to see the yagya successful. BapDada is pleased with this service. As much as possible, however many you are able to make equal to yourself, loving to the Father and detached, you are doing that and are moving along, considering it to be your responsibility for the future. BapDada is proud of this. (We shall be celebrating 40 years of service abroad.) Baba will send a message.

**Didi Nirmala:** Your duty is to demonstrate making the impossible possible. Demonstrate this by putting into a practical form what BapDada wants.

**Par Dadi:** You have the fortune of happiness and are very fortunate. This is visible from your face. This is your speciality.

**To the three senior brothers:** Now, the *attention* of all three of you has been drawn so that when anything happens, you have to clarify it. You have instilled the habit of making the Dadis and others your companions, but now continue to increase this habit. Come very close to the Dadis and share whatever ideas you have in your hearts. Do not hesitate. The Dadis should not hesitate and none of you should hesitate either. Be instruments for the yagya together.

**Brijmohanbhai:** Your programme will be very good.

**Rameshbhai:** (Rameshbhai had sent a message to Baba asking what BapDada's inspirations are about some land they are being given for service near the Somnath temple.) What you should do now is, firstly, have a meeting in Gujarat because there are two zones involved, Gujarat and Bombay. First of all, see the *result* of the service that is happening near by in Gujarat. Then from this *result*, also see the result of the service that is happening around that temple. There is a *margin* there, and you know where the temple is, that service is already happening there. However, for big service to happen there, look at the *circumstances*; five to six people from Bombay and Gujarat should get together and discuss this. Do not invite many people. Have a *meeting*. You share your view of what is happening there and those from Gujarat should also share what their *result* is of the service they have done there already and what the *result* of the area is nearby. First of all see this *result*.

**(Platinum Jubilee of BapDada was celebrated.** Everyone decorated BapDada, garlanded Him with garlands of roses, cut a *cake* and sang songs.)

\*\*\* O M S H A N T I \*\*\*

***Follow the Father, and like Father Brahma, become victorious over wasting your time and having waste thoughts. Become karmateet and become an instrument to open the gates to liberation. On this Diwali, each of you should meet each another and have the thought of having the dance of harmonising sanskars.***

Today, BapDada is seeing His sweetest and loveliest children from everywhere. Everyone is giving their remembrance with a lot of love. They have so much love for just the Father. This love from God is only received at this time. Each child is lost in love. The Father is also giving every child the *response* of his or her love. Wah children! Wah! Whether personally in front of the Father or far away, each child is merged in the Father's heart. The song "Who else would love me this much?" is playing in each child's heart. This soul-conscious love between the Father and children is such that it makes each child detached from the body and loved by the Father. And only at this time is this love received by the children. This love makes you children into something great from what you were! This love is received in only this one birth. Seeing the children's love, the Father also becomes merged in the children's love.

Today, BapDada is seeing three types of fortune on the forehead of each one. One is the fortune of the inheritance received from the form of the Father. The second is the fortune of elevated teachings from the form of the Teacher. The third is the fortune of blessings from the form of the Satguru. Each one's forehead is sparkling with these three types of fortune. BapDada is also pleased to see His fortunate children. Whether you are sitting personally in front of Him or far away, you are close in His heart. Such love between the children and the Father is only received at this time of the whole cycle. You are giving the experience of this love to others too. Now, some people think that you Brahmin souls have found something. What you have received is continuing to become clear to them. The Father saw that there is a great impact of the *Platinum Jubilee* everywhere, and that the children have served from their hearts and also made *plans* for the future. BapDada is congratulating all the children from everywhere: Wah children! Wah! For 75 years you have been doing everything according to your own effort. By becoming free from obstacles and making others free from obstacles, you have reached here. What does the Father now want from you children? The Father always hopes that each child will become equal to the Father. Just as Father Brahma became victorious, in the same way, every child should always be victorious. What did Father Brahma do for this? *Follow the father!* So, while taking every step, all of you also first of all have to *check*: Did Father Brahma do this? Even while knowing that a particular child was weak in his effort and in his service, he had even more feelings of mercy and benevolence for those who were weak. BapDada says to all the children: Similarly, have pure feelings and good wishes and, with the vision of mercy and benevolence, be co-operative to each brother and sister of your family. BapDada told you earlier too that, in the *subject* of love, each and every child has *passed* according to his capacity. It is because of love that you are moving forward. Seeing the children's love, the Father is pleased. Because of the *subject* of love, each child is moving along numberwise. BapDada now wants a sacrifice made out of love. You have love for the Father and so what sacrifice are you going to make? You have of course understood what BapDada wants. You do understand what BapDada wants, do you not? Do you understand? Nod! Do you understand? Then, do you have the courage to do that? If you have courage, then raise your hands! Do you have courage? Achcha. When the children have courage, the Father help is always there.

In the *result* that BapDada has seen until now, in terms of complete purity, even waste thoughts is a seed of impurity. BapDada saw that the *majority* of you still have the sanskar of having waste thoughts. One is waste thoughts and the other is wasting time: This is even now visible in the *majority* of you children. The basis of waste thoughts is your mind which doesn't allow you to become manmanabhav. BapDada has been giving you this signal for a long time: Whatever is going to happen is going to happen suddenly. In terms of something happening suddenly, BapDada saw that the *majority* of you children have the sanskar of having waste thoughts. Since Father Brahma became victorious over having waste thoughts and wasting his time and became karmateet, you have to *follow the Father*.

BapDada saw that the mind is your creation, that you are the creator of your mind and so you control the mind. You are the masters with the *controlling power* and *ruling power* of the mind, but, nevertheless, your mind still deceives you. It is your creation, you say, "It is mine!" However, because of not having enough *controlling power*, it deceives you. The mind is also said to be a horse, but you have the reins of shrimat. You do have these reins, do you not? If your mind ever takes you to any *waste*, then, by *tightening* the reins, you can finish the slightest impurity of waste thoughts that still remains. Become a master of your mind. Just as Father Brahma *checked* his mind every day, in the same way, *check* your mind every day and finish the waste thoughts. Today, BapDada wants you to finish these waste thoughts. There are few bad thoughts but more waste thoughts and these do take up a lot of your *time*. Become a master of your mind and keep your mind so *busy* that it cannot be attracted to anything else and make the reins slack. Is this possible? Today, BapDada is giving everyone the thought to finish all waste thoughts. Is this possible? Those of you who feel that you will finish all waste thoughts and have a *ceremony* for this, raise your hands! Also save your time from being wasted. You have to save both your time and your thoughts because BapDada is seeing each one's *chart*. BapDada saw this shortcoming in the *charts* of the *majority* of you. Only those who are the masters of the mind are to become the masters of the world. Just as Father Brahma became a conqueror of his mind and became a master of the world, so he is now invoking all of you children. Even the *advance party* is invoking you. You were told that even those of the *advance party* come to the subtle region at four am and they ask: When will the *gates* to liberation open? Who is going to open these? All of you are going to open the *gates* to liberation, are you not? Your becoming complete means the *gates* to liberation will open. Those of the *advance party* were having a heart-to-heart conversation with BapDada: Till when? So, the Father is asking you: Till when? So, what response should be given? Those in the front row: till when? You *fix* a *date* for every task, do you not? So, when will you fix a *date* for this task? Father Brahma is invoking you through his angelic form. Can you tell Baba the *date*? Speak! Are you able to *fix* the *date*? Is the *date* *fixed* now? Pandavas, raise your hands; have you *fixed* the *date*? You haven't! Why? Didi was saying: Baba, we had the deep desire: We have to go home, we have to go home, we have to go home. Dadi was saying: We have the deep desire: We have to become karmateet, we have to become karmateet. All of you have love for Didi and Dadi, do you not? You have love for everyone because all of you have love for all those who have gone into the *advance party*. Now, give a response to their question. Therefore, now have a heart-to-heart conversation among yourselves and prepare a reply. Will you do this?

Today, it is the day for the *double foreigners* to meet, is it not? So, *double foreigners* also have to discuss this among yourselves and tell Baba the *date*. Those from Bharat also have to discuss this and tell Baba. Do you have a reply. Yes, speak! Speak! Those who want to say something, raise your hands. (Mohiniben of New York – Baba, You fix the date and we are all ever-ready.) No, you have to *fix* it. You have to become ready, do you not? The Father would say: Have this Diwali on this Diwali. *Ever-ready*? Are you *ever-ready*? This is why Baba is saying: You have to tell Baba. (Dr. Nirmala said: Baba, give us one year, till next Diwali.) Achcha, do you agree? She is asking for one year. Those who feel that you want one year, raise your hands! Raise your hands high! Achcha. *Note* down the names of those who want one year. It is good. All others are smiling. Speak! (Nirwairbhai: Now or never! It has to happen today and now.) So, applaud! Achcha. Very good. Now, right now, each of you has to make a *promise* to yourself in your mind that you will never allow waste thoughts to enter your mind. Is this possible? You are saying from now: *Now or never*. So, at the very least, is everyone making the *promise* that you will not have any waste thoughts or waste your time? Those who are ready for this, raise your hands! The *majority* of you have raised your hands. Those who feel that this will take *time*, raise your hands! No one. There are a few who are saying they want some time. A few are raising their hands. Achcha, on this Diwali, have this one determined thought: All those of the *majority* who raised their hands, all of you have to make a sacrifice and, this is why, on behalf of all of you, we will cut a *cake* for the determined thoughts. Do you like this? Today's *cake* is a symbol of this determined thought because all of you and even those who do not have knowledge want something to happen now. Something should happen now, but they don't have the power. You children have the power to fulfil your thoughts. You are *following the father*, are you not? The birth of Father Brahma took place with the determined thought. I have to do this! Not that "I will think about it. Should I do it or not do it?" I have to do this. That one determined thought created the future of so many

children. One Father Brahma maintained so much courage. He received half his share and he created a sacrificial fire. He created the Brahmins of the yagya and now souls from this land and abroad have reached here because of the one determined thought of Father Brahma. So, what can a determined thought not achieve? There is this *example* in front of you. You have very good thoughts and these reach the Father, but they lack determination. When any situation comes in front of you, that determination reduces. Determination is the key to success.

Look, those from Delhi had the determined thought: We have to do this. So, it happened, did it not? They didn't say: We will think about it, we will see about it. It was everyone's determined thought. It was this daughter and this child who became the instruments, but it was everyone's co-operation and the determined thoughts that brought about the *practical* success. Everyone gave their hand in this and they were all united. They didn't say "yes", "no", "yes", "no". There was the determined direction, for determination has this much power. Whatever task you begin, first of all, sow the seed of determined thoughts and that definitely has to bear fruit. How did these 75 years go by? It was through the company of Father Brahma and the children and their determined thoughts that we have completed 75 years. They have continued to move forward and make others move forward with zeal and enthusiasm. This is how the 75 years have been completed. Today, have this thought: Today, I definitely have to finish all wastage of time and waste thoughts. When the waste finishes, the treasure of constant, elevated thoughts will show wonders.

So, today it is the special day for meeting the *double foreigners*. BapDada is pleased that the *double-foreign* children are doing very good *double* service everywhere. One is your own effort and the second is service of other souls. You have maintained very good courage in both of these things and are moving forward. BapDada is congratulating you for this *double* service. Congratulations! Congratulations! It is your special day today and so BapDada is congratulating you. Congratulations to you and congratulations to those from Bharat too. Just as Brijmohan and Asha became instruments for Delhi, so child Gulzar was also their helper in an incognito way, and by your being united in one direction and saying "Ha ji, ha ji", there was enthusiasm in the whole of Delhi and you achieved this *practically*. You weren't undecided. "We have to do this!" To be united in this way means to have success. Success is the birthright of each of you children. *Use* that! Do not be careless! Do not think, "It will happen, we will do it." But "We have to do it!" This is the language of Brahmins. BapDada is pleased with all the children, but today, those from Delhi showed wonders. BapDada saw that the important people of the *Government* who are instruments have now received Baba's message very well: They used to think of the Brahma Kumaris: What are they going to do?". They had some misunderstandings, but by hearing about the 75 years, they now understand that you can do whatever you want. This is why this sound has reached the instruments in the Government very well. This is the wonder of a united direction.

BapDada is pleased to see the *double* foreigners. You are progressing and paying very good *attention* to doing *double* service. BapDada is nevertheless giving this signal again: You have to perform the dance of harmonising your sanskars with one another. Do not think: The *centre* is functioning very well, good *service* is taking place. For, since this is one family, it is God's family, it is not a worldly family, but God's family. God's family means to have good wishes and feelings of benevolence for one another. Have the thought for one another: All of us together, with one another's company, will move forward and open the *gates* to liberation and return home together. This is why there should be such an atmosphere at every *centre* that people don't think that there are eight or ten people here, but that these ten are one (united). Now, each one of you has to have the thought in your mind for Diwali of performing the dance of harmonising your sanskars. Not a single soul should be distant from anyone; all should be united. On this Diwali, perform the dance of harmonising sanskars. Have this determined thought in your mind: Not a single person should be heavy with me; everyone should be light. When your sanskars are not in harmony, there is heaviness. The Father feels that through this thought you will quickly become ready to open the *gates*. *Check*: Not only should no one become upset with you, but no one should even become heavy. Is this possible? Is it possible? Nod if it is possible! If it is possible, then raise your hands! Then, there will be very good splendour on this Diwali.

**Double foreigners:** BapDada makes you *double foreigners emerge* in His heart every day. Why? Why does He make you *emerge*? Because the *double foreigners* have become instruments to glorify the Father's name in the whole world. Through what? Since they are not residents of Bharat, they are *foreigners* and they have created their fortune; therefore, why should they be left out? This inspiration has spread very well in these *programmes* in Delhi and this is why BapDada makes you children *emerge* as instruments for service. You will awaken Bharat. You are awakening it and you will prepare such *VIPs* in the future too who will awaken Bharat. Your (foreigners) experience will awaken the people of Bharat. BapDada remembers how you used to bring many *VIPs* here in the beginning. You used to have *programmes*. That service doesn't happen now. Prepare such *VIPs* who will share their experiences on the *stage*. Now, there have been more *cultural* programmes, and you also shared experiences, but there was little *time*. Now bring such *VIPs* who will awaken the fortune of those from Bharat. The service that took place now of the *foreigners* and those of Bharat created a good impact. Now, all of you should continue to increase such service together. The main thing is that each one, whether a resident of Bharat or from abroad, should make yourself complete so quickly that your completion opens the *gates* to liberation. Achcha.

(2400 double foreigners have come from 90 countries out of which there were 600 new brothers and sisters.) Congratulations! BapDada is pleased that the children who became separated are today meeting their family and their Father. Very good. Now everyone has to become an intense effort-maker because you have to claim a *number* ahead in a short time. So, become an intense effort-maker and continue to move ahead the furthest of all. Congratulations that you have reached here. BapDada is pleased to see each and every one of you. Now, with the very easy pilgrimage of remembrance, make yourself complete and make effort to go ahead of everyone, for you can go ahead of everyone. Even those who have come late should not be left behind, but should move ahead. Achcha.

**(Global Hospital Research Centre has completed 20 years.)** The Hospital has brought many souls to this family. Previously, people used to think: We don't know what they are doing. However, after the hospital opened in Abu, they began to think that you are doing *double* service. You are playing a *double part* of the body and the soul. So, for that, congratulations for wherever you are doing service. Congratulations! Congratulations! BapDada likes it that you have become *double doctors*, that you have become *double* servers. Now, each one of you has to continue to move ahead. Achcha. It is good that you are good in service. Achcha.

Whether you are sitting in front of Baba or wherever you may be sitting, everyone's *attention* is on Madhuban. All are seeing BapDada, the *majority* of you are seeing BapDada. To all the children from everywhere who remain constantly cheerful, to the constant, *double* effort-makers - *double* effort-maker means those who are making effort for the self and also making effort in service; to those who are such *double* effort-makers and those who have *double* intoxication and faith, to those who constantly stay with the Father, to those who constantly have feelings of benevolence and pure feelings of mercy, BapDada is giving love and remembrance personally from His heart to each and every child by name.

However, do not forget what Baba said today about finishing all waste thoughts. The *record* reaches BapDada anyway. BapDada will see how many intense effort-making children there are and there are also those who increase zeal and enthusiasm in one another and make them move forward. When someone is doing something wrong, you have thoughts of that one's mistake in your mind: He is doing this or that or this. Finish all of this! Give them your co-operation, give them your elevated feelings. By doing such service you have to make the whole gathering a gathering of those who have elevated thoughts. At any *centre*, there should not be any other feeling for anyone at the centre. There should only be good wishes and pure feelings; is that right? Very good. Together with congratulations, BapDada is also giving all the children love and remembrance from His heart.

**Speaking to Dadi Janki:** You played a very good *part* of *refreshing* both the land abroad and also this land. You are the instrument, are you not? The Father has made you like that.

**Mohiniben:** Your health is fine, continue to move along. Since it has lasted a long time it will now take some *time*, but the Father's vision is on you. (I have Your blessing.) For blessings, Baba is the Bestower of Blessings. It is good. All of you together are making this institution continue and so BapDada is pleased with each one of you. No matter where or how, you are making everything move. It is good.

(Gulzar Dadi does everything and remains incognito.) She has an incognito *part*. Do you know that an incognito person claims a *number* ahead?

**To Nirwairbhai:** BapDada is pleased. The Father is with all the children. You have His help.

**To Brijmohanbhai:** You did well. Delhi glorified the name. You did well. It is some who become instruments, but everyone's company and everyone's zeal and enthusiasm together made everything so grand and wonderful. And no one said "no" for anything. (**To Sister Shanti:** You know how to look after your body well. To get it to do what you want at the right time, that was good. However, one should be willing to take that help. The Father's help is always there, but one should take it at the right time. You did well. There will now be enthusiasm in everyone.

Those from Delhi will all together do this. We have to perform wonders. You have remained courageous. By having courage you have everyone's help, and you also have the Father's help. All of you did well. You did well in your own places. Congratulations to those from Delhi.

**To Par Dadi:** If you want to see Father Brahma, see him in this one. It is good. You maintain courage well and you have good zeal and enthusiasm, for this is why you don't look ill. (To Rukshmaniben – sister who looks after Par Dadi): You look after her well. Congratulations to all of you who look after her.

**Speaking to the senior sisters from abroad:** (They gave congratulations to BapDada.) And, to you too! If it weren't for you, how would all of these move forward. Now, bring *VIPs*. Earlier, you used to bring the *VIPs*. Now, do service there and prepare them because people nowadays receive a lot of news through the newspapers. Few come in front of you, but the news reaches many homes through the newspapers. The journalists definitely print news about *VIPs*. (We celebrated 40 years of service abroad.) All of you celebrated it together and so people understood that this is not a small organisation. Abroad, where you have *Muslim students*, let that sound spread. The sound should spread that *Muslim students* also come here. There is a *centre*, but it is incognito. The Buddhists have not been served yet. There isn't a *sample* of a Buddhist, there should be that too. (There are buddhists in Sri Lanka and China.) They have not come on the *stage*. (Wajeaha has sent remembrance.) Give lots and lots of remembrance to Wajeaha.

**To Rameshbhai:** (His knee operation went well.) You are well, are you not? When the main instruments are fine, everyone is happy. It is good that you did it before *time*. You are fine and you also have lots of good wishes from everyone. You have many blessings from all those who are instruments. (There should also be such service in Bombay and we would like Your inspirations for that). Yes, it will happen. It is not a big deal. Now, one place has set the *example* and so everyone will take inspirations and it will happen.

\*\*\* O M S H A N T I \*\*\*

**Do not look at situations, but make intense effort and become complete and perfect, the same as Father Brahma. Be free from obstacles and *ever-ready* and prepare the rosary of 108.**

Today, the Almighty Authority Father, the One with all Powers has come to give the treasure of all powers to His *master* almighty authority children. The treasure of all powers is attained so easily. In one second, you recognized “Mera Baba” (My Baba) and Baba said, “My child” and, through just that you became a master of the treasures. So, all of you children constantly have all the treasures with you, do you not? You have the intoxication that the Father’s treasures are your treasures. Now *check*: The Father has given all the children all the treasures; not a single treasure is missing. However, does each of you have all these treasures with you all the time or is it that you have some treasures while others are lacking? BapDada has given them but do all of you have all the treasures with you all the time and do you use all these treasures all the time? When you order them as their master, do they arrive on time? BapDada has seen and heard about the enthusiasm for service of all the children everywhere. Everywhere, you are celebrating the 75<sup>th</sup> anniversary with a lot of zeal and enthusiasm and you are issuing a *challenge* that now, transformation is about to take place. You are issuing a very good *challenge*. Seeing the zeal and enthusiasm of the children, BapDada is very pleased and what song does He sing? Wah children! wah! As well seeing the children issuing a very good challenge with zeal and enthusiasm, BapDada also saw the children’s form of dharna and the resulting success. All of you know your complete and perfect form of success. Have all the children who have become instruments become complete for all time and images of success or do you still have to become that? Because you children are the images of support for the world of happiness. So, BapDada saw the results of all the children. All of you are images of support. It is not just a few of you children, it is the *challenge* of all the children that you are the instruments to bring about the world of happiness.

So, BapDada is asking all the children: Children, who have become instruments to bring about the world of happiness, have you become images of support who are complete and perfect? BapDada has the hope for all the children that each of you becomes an embodiment of success because all of you are the Father’s companions. You had the thought and then issued the *challenge* with great happiness that transformation has almost taken place. So, children who are instruments for world transformation, ask yourselves: To what extent have I, the self, become complete and perfect? Because a kingdom has to be established, the souls who are to be instruments for the kingdom will first become instruments and only then can others become instruments. BapDada saw that there is still a *margin* in your becoming complete. You have done service, but how many have become your companions as a *result* of that service? Find out how many of those who have been listening to you have come close. BapDada is pleased with the courage of the children, but you now have to bring about more intensity in the result of service. Keep on bringing souls very close in relationship all the time. They also become very happy that they have now come very close in knowing the task of the Brahma Kumaris. However, BapDada also told you earlier that the inheritance is to be received from the Father, and so they should know the Father; they should know the time, they should know their own self-respect, for only then can they claim a right to the inheritance. The Father has now come and is giving you the inheritance. Only when this enters their intellects will they claim their inheritance and claim a right to the kingdom.

The sound should spread everywhere of the song that you sing: Our Baba has come! BapDada now wants to see this *result*. Transformation has taken place, there has been benefit from service, you have received the fruit of your hard work, but, as yet, they have not yet reached the Father. So, now make some *plans* for that. How will the Father’s revelation take place? Have those who are going to rule in the kingdom become free from obstacles? Should the drama now press the *button* for transformation? Are you *ever-ready*? Are you *ever-ready*? Should the *button* be pressed? What do you think? Should the *button* be pressed? Are you *ever-ready*? Because everyone has to be ready – those who have a right to the kingdom, the *royal family*, the *royal* subjects and the ordinary subjects, and then it will not be a big deal. BapDada is asking

you children for your *results*. What do you think? It will not take BapDada long to press the *button*. What do all those sitting in the first row think? What do the Shaktis think? What do the Pandavas think? Answer! Pandavas, answer. Should the *button* be pressed? Are you *ever-ready*? (Baba, You are the Master, if you have the thought to press the button, then press it.) But BapDada is asking the children. Why? Because the Father is not going to go into the kingdom. Father Brahma has to go into the kingdom. (We just want to continue to enjoy meeting BapDada longer.) That is good, but you also need to become equal to the Father and experience life with the Father, do you not? Do you have that? Are you ready? Not just you, it is a kingdom. Over whom will you rule? A kingdom is needed, is it not? (We are all companions.) Is everyone ready? (They are absolutely ready.) Are you ready to become complete? Achcha, all of you are thinking about it; however, it is not a big deal.

BapDada knows that you are all ready, but you still have to become *ever-ready*. BapDada has asked you these things: Children who can put a full stop in a second are needed. There should be no name or trace of waste thoughts. Whomever you give the message to should have zeal and enthusiasm to transform themselves. This is the result that BapDada now wants. BapDada is advising you children for this and also requesting this of you: You are doing service, but whomever you serve, serve them in three forms and in three ways at the same time. The three forms are to be *knowledge-full*, *powerful* and *love-full*. Serve through these three forms and serve in three ways; these three ways are through your thoughts, words and deeds simultaneously. Do not serve just through words but, together with words, also serve through your thoughts. Your *mind* should be *powerful*. So, now the need is for the mind to be powerful at the same time through which the minds of other souls can be transformed. Through words, all the knowledge should become clear and by serving through your actions those souls should feel that they have reached their family. By experiencing the feeling of a family, they will become close companions. So, now, BapDada wants the three types of service to take place at the same time. Is this possible? Is it possible? Raise your hands if it is possible! BapDada saw in the *result* that you do become *knowledge-full* in your words, but it still takes time for them to become companions in the family. BapDada saw that, together with the challenge of time, you have to do service in all three ways simultaneously so that they are able to experience attainment.

Everyone has arrived here to meet Baba with a lot of zeal and enthusiasm and so, seeing the children's zeal and enthusiasm, BapDada is pleased. You now have to pay attention to becoming complete and perfect because you should at least be able to prepare the rosary of 108. Are you able to do this? Is the rosary of 108 ready? Is it ready? This is because they are the ones in the kingdom who are going to have a right to the kingdom. Are you able to make a list of the 108 jewels? Are you able to? Can you do this? You are not saying, "Ha ji". There are 108 who have a right to the kingdom, and there will then be 16,108 who will be the companions of those who have a right to the kingdom. Then, after that, it will be numberwise. So, now, according to the time, BapDada wants the children who are going to bring time close so that the rosary of 108 is *ever-ready*, and that they become equal to the Father. There are that many, are there not? Can those in the first row make a list of 108? Say "yes" or "no"! When Father Brahma was in the *sakar* form, he tried many times to make the rosary, but was not able to finalise it. However, you are now completing 75 years, and so you will do something new in the 75<sup>th</sup> Jubilee, will you not? So, bring about the newness that each one of you makes yourself a bead of the rosary of 108. Therefore, when counted, you can say that the rosary of 108 is ready because when those who have a right to the kingdom are first ready, then those who are to come in connection with the kingdom will become ready. They also need their place, do they not? So, the essence of what BapDada is saying is that each one now has to make intense effort and have the determined thought: I definitely have to become equal to the Father because BapDada has already told us that transformation will take place suddenly. However, before that, at least those who are instruments for service, the zonal heads and those who are in charge of the centres, and, together with them, their close companion Pandavas, who don't become heads of the centres but who have become instruments for one or another special task, and who are seen as special souls, those Pandavas also now have to make intense effort

and bring the sparkle of their self-transformation onto the external stage. Are you *ever-ready* for that? Those of you who think that you have to do this work, that you have to make yourself equal to the Father, and that you definitely have to follow the Father, like Father Brahma, that you definitely have to do that, raise your hands! You all raise your hands so high and please the Father. You do that well! However, together with raising your hands, also have determination. The power of determination helps a great deal.

BapDada is pleased. All of you are clever in raising your hands, but you will now put determination into a practical form. You children are clever. You have determination, but that determination then changes into different forms. "This happened and so that happened. If this didn't happen, then that would not happen." You are very clever in making excuses. What does BapDada now want? Now, each of you has to become equal to the Father – thoughts, words, deeds, relationships and connections. Whoever sees you, whoever you meet should say: Wah transformation! Wah! BapDada also likes it. BapDada is pleased to see the children who have become instruments and there is also great happiness in meeting them.

So, what thought did you have today? That I definitely have to become this. I have to become equal to Father Brahma. Not that I have to become this, but I definitely do have to become this. No matter what situations come in front of you, instead of the situations, keep the Father in front of you. BapDada is pleased to see the children who are sitting far away and also the children who are close in front of Him. All of you children make very good plans. All of you have very, very sweet conversations at amrit vela. The *majority* of you speak such sweet things that even the Father who hears these things surrenders Himself. However, do you know what happens then? When you go onto the field of action, when you enter a relationship, when you go into service, you then change a little in those situations. The zeal and enthusiasm that you have at amrit vela changes a little when you come into action and relationships.

BapDada is now giving you a task. You are ready to do that, are you not? Nod! Raise your hands! BapDada has the thought that for one month, on the basis of determination, are you able to stabilize in the stage of being equal to the Father? Can you do that for one month? Or for longer? Those who believe that for one month, with determination – make determination your companion and always keep the Father in front of you. Keep Father Brahma merged in your eyes and whatever Father Brahma did, just do that in your thoughts, words and deeds. Whether you saw that in a *practical* way or not, you do have the *knowledge*, do you not? Before you perform any action, first of all, check: Was this Father Brahma's thought? Were these his words? Were these his actions? Were these his relationships and connections? First of all, think about it and then do it. Is this possible? Raise your hands for this. Is it possible? Raise your hands high. Mothers, raise your hands high! You do exercises, and so raise your hands high! Those of you sitting in the front will also raise them, will you not? All those from Madhuban should claim number one for this. Those from Madhuban are sitting at the front, are you not? Madhuban does not just mean Shantivan. Those who can remain free from obstacles for one month, every centre should be free from obstacles, teachers of Gujarat, raise your hands! The teachers of Gujarat who believe that this is possible, raise your hands high for this! Do not just raise them a little, raise them high! Is it possible? Achcha. Residents of Shantivan, raise your hands! There are a few. Whoever is sitting here, there are also some at the back. Will the four to five places of Madhuban do this? Those who will do it, raise your hands! Those from Madhuban, raise both your hands! The students from Gujarat, the instrument teachers, the instrument brothers, all of you raise your hands that you will do it! Raise your hands high! The hands of those sitting at the back are not visible. Achcha, those from Gujarat, stand up! There are a lot of people who have come from Gujarat. Half the hall is from Gujarat. (There are 15,000 from Gujarat and 3000 from other places.) Many, many congratulations to those from Gujarat from BapDada and the family. Just as all of you applauded, in the same way, after one month, Gujarat will claim number one in the result. It is good. This is a very good number. BapDada is pleased that the children have love for the Father and for Madhuban in their hearts. You are very good. Now, those from Gujarat will perform wonders. In the one month's result, demonstrate this by becoming *number one*. In fact, everyone has to claim *number one*. Those from

Madhuban, you will claim number one, will you not? Raise your hands! No matter what happens, what circumstances arise – and situations will come because Maya is listening now, and so Maya will show her form, but it is Maya's duty to come and your duty to become victorious. Then, do not say: This happened and that happened. Do not do this. They will come, and things will happen. BapDada is telling you about this in advance because Maya is listening and she is very clever, but you, no matter how clever Maya is, you are the companions of the Almighty Authority and so what can Maya do?

BapDada is seeing everything, Baba is seeing everything on the TV and so all of you must claim number one. No one should be number two, only number one. Achcha. It is the turn of Gujarat to do service: Just as those from Gujarat are close, who is the closest of all? Gujarat is the closest. So, keep the aim in your effort that you have to claim a right to the kingdom and definitely come close in the family. What is your effort? To *follow* the Father and not to forget determination. Wherever there is determination, there is definitely success. Even BapDada loves Gujarat. BapDada loves it because of one speciality. Whenever you call them at any time, whenever there is a need, Gujarat is ready. You take benefit of being close. Those who constantly follow the Father in this way, constantly remain close. Continue to do what the Father did. *Follow the father.* Achcha.

**Four Wings have come: (Social Service, Women, Administrator, Youth):** BapDada receives the results of all the Wings and BapDada has seen that since service through the Wings has begun, service has grown everywhere. BapDada has seen that every Wing thinks that there should be some newness in their Wing so that everyone continues to receive news. Because of having this responsibility and because each Wing is separate, there has been a good chance for service. BapDada is not mentioning each one's name but is telling all the four Wings: Service is taking place, you are doing very well and you also understand your responsibility. However, BapDada has also told you earlier: Each Wing has had special souls emerging. BapDada knows this, but have a gathering of them once. Just as special souls have emerged in each zone, select souls out of those and get together 10, 15 or 20 special souls from each Wing and hold a programme with all of them here in Abu so that they can appear in everyone's vision. Then the result of service can also be seen, and on seeing the gathering, those people would also have zeal and enthusiasm. They would see: So-and-so is coming from this Wing, this one is coming from this Wing, and on seeing one another, they would have enthusiasm. So, create this programme now. Let there be 15 to 20 from each Wing and get them together and have a programme. This now seems right because BapDada now wants to make them into *speakers* on the basis of their experience. You can give a lecture and the experienced souls can share their experiences so that they can make an impact. So, now do this service. A book has been printed of all those Wings of the benefits that the very good instrument souls have experienced. Those who have had this book of experiences printed, raise your hands! Very good experienced souls from your own Wing – if you have had this book printed, raise your hands! No one has had this printed? (Youth and Education Wings have had this book printed.) There should be a book printed for all the Wings because whenever anyone comes, there should be such books in the libraries so that anyone who is free can read them. When they read such experiences from people of all Wings, it will make an impact. Many people think that, while performing actions and looking after their duties, they are not able to do anything else. They should have the zeal and enthusiasm: If they can become this, we can also become this. So, have such a book printed and keep these in the libraries at your own centres. Do this work. BapDada has heard about the meetings that took place in the Social Services' Wing. The trance messenger read it and BapDada heard it. Baba also heard the news of the Youth Wing. Whatever you have done so far, BapDada heard about it and it is good. Continue to do one or another programme after programme. Each Wing should do this. Youth is doing it, the Education Wing is doing it, and others must be doing it, but these Wings are doing more of it. The child related the news of the Social Services' Wing and the plan that you have thought of is very good. BapDada likes the service of the Wings. Therefore, continue to do more. No Wing (profession) should be left out that they complain to you that the message did not reach them. Just think about it: If any Wing is left out, then that Wing should be served because nowadays they are caught up with their own work and problems.

So, you will have to awaken them, will you not? “The Father came and the children did not even know about that”. You would receive this complaint, would you not? This is why it is your duty to give the message. You should not receive any complaints. In your own areas too, it is not that they do not listen. The message should definitely reach everyone. No one should complain. You know that when children went out on service in the beginning, people would close their doors on seeing the Brahma Kumaris in white sarees. They would close the doors when they saw the Brahma Kumaris in the distance. The householders do not like white sarees and so how did the children start service. They used to put leaflets in their *post boxes* because they would look at their post and so they would receive the message through the post. When service first began, it began with a lot of hard work whereas it is now very good and easy. They now think that no one else can do programmes as well as the Brahma Kumaris can. There is now a lot of difference in their thinking. All of you have done this, have you not? All the Wings have done this in many different areas and so BapDada is giving those from all the Wings multimillion fold congratulations. Now, intensify this! Very many congratulations to those of all Wings.

(In the Platinum Jubilee in Madhuban, we had 325 Sant Mahamandleswars come here. A very good conference took place. Nepal, Kanpur and Lucknow also had very good big programmes.) BapDada saw in Nepal that the people there have so much loving devotion that, on seeing the sisters, they would not leave them alone. Now, there is so much impact. BapDada saw that now, whether it is Nepal, abroad or this land, those who are instrument servers for all the different places have expanded service very well. There isn't little service in any place; service has grown a lot. Service has grown quite a lot and BapDada is giving all the children from this land and abroad many, many congratulations for that. However, the Father especially wants to see the number of intense effort-making children increase. If the teachers and the instrument sisters who are companions pay a little attention to this, there will then be expansion. They have emerged at all the centres, but many more should now emerge. Special effort-makers should emerge for service and, secondly, centres should now be free from obstacles. First, BapDada will tell you His own thoughts. Whether it is Madhuban or down below or up above, all the places have to be free from obstacles. Janak, conduct class for the Madhuban residents! BapDada is telling Janak. Get all the people of all four places of Madhuban together and make what BapDada has said about one month firm for them. They should bring out whatever is in their hearts. They don't bring it out so much; they just keep it in their hearts. Madhuban should be like a mirror in which all are seen as angels. You get them ready and then BapDada will come to see the result of the Madhuban residents because the vibrations of Madhuban should be so powerful that whether it is VIPs or ordinary people who come, they feel: Where have we come? We have never seen anything like this before. There should be spirituality and uniqueness in the atmosphere. The same applies to the centres and the zones. Until now, not a single one has given the result that their zone is free from obstacles. BapDada had said this, but until now, not a single zone has given this news. BapDada is seeing that the speed of time is moving fast and so the children's speed of effort also has to be fast. Achcha.

(BapDada was given news of the Sant Samelan that took place in Madhuban.) Is there follow-up being done at all the centres from where they all came? You have stayed in *connection*. Have they come into *connection* at all the centres? Those at the centres should bring them into *connection*. You have done very well.

**CAD group:** It is good. All of these have had themselves cured. Those of you who have had yourselves cured and have made your hearts well, raise your hands! Count how many there are. (150). It is good. It is *practical*, is it not? It feels good to see what is *practical*. Give this message to others and continue to make them the same as yourselves because, nowadays, many people have problems with their hearts. So, share your experiences with your neighbours. Achcha. Congratulations. You have now become free from taking medicine, you have been liberated and also have liberation-in-life. Congratulations for double attainment. Congratulations. Achcha. You have done good service. There is a *result* in service because you have *practical examples*.

**325 double foreign brothers and sisters have come from 42 countries:** (Speaking to Sr Wajeeha) This daughter has also come. It is a wonder that from the time you took birth, you have been very loving, co-operative and *serviceable*. You have had some difficulty because of your *past* birth but BapDada is giving the daughter a certificate for her service, co-operation and humility.

Achcha, double foreigners, the Father likes one thing about those from abroad. You create double fortune at one time. You have your meetings and also come to meet BapDada and you also become companions for service in this land. BapDada likes very much this method that you have created because nowhere else can so many get together as you do in Madhuban. You come here *turn by turn* and whatever exchange has to take place, you do that in the atmosphere of Madhuban; you do this every year. BapDada likes this method and you also meet the family. Very good. BapDada has seen in the results that there is expansion even in the smaller places nearby. This is why BapDada is giving congratulations for service. The heart-to-heart conversations that you have among yourselves for becoming free from obstacles is also good. Now, daughter Jayanti has this work to do: To ask all the centres for their results every month, whether the refreshment that they took from Madhuban is still with them or whether they are having some *test papers*. You can get someone to work with you on this. You do do this. Do it for each and every centre. It should not be just the centres where something is happening, but also ask the centres where there is nothing happening because they live far away. You do have this *attention*. BapDada has seen that you do have this *attention*, but now increase this a bit more. Achcha. Do all the *foreigners* continue to fly like the flying birds? Angels, while living in this world like angels, you continue to fly in the world of angels. You are *number one* in your efforts and by drawing attention, transformation takes place. Expansion is taking place well and you also pay attention to your effort. Then, if something happens a little, the Father has seen that child Janak pays very good attention abroad. While living in Madhuban, she makes sure nothing is missing in the service abroad. Congratulations for that. Just as she is looking after the lands abroad, in the same way, each “zone-in-charge” can look after their zone in the same way. By asking about the record at each centre you will know how everything is. At the very least, each zone has to ask about their centres at least once or twice a month or you can make someone your companion. One or two may not be able to do this, but by making someone your companion, they can report to you. Now, delicate times are coming and this is why you have to pay a little more *attention*. Achcha. BapDada is giving congratulations from His heart to those from abroad and also giving congratulations for the ascending stage. Achcha.

Now, BapDada is seeing in front of Him those who are far away and for the 75<sup>th</sup> Jubilee, BapDada is giving congratulations to all the children because you have all made effort and arrived here. Each one has helped in this, whether you have come later or earlier, but you have all reached here with everyone’s co-operation and, seeing the success of all the different places, BapDada is giving congratulations for the success in service. BapDada now wishes to relate one elevated thought to all the children: Now, you have to remain free from obstacles yourself and also make your companions and those who come into relationship with you free from obstacles. Bring the time close. BapDada cannot bear to see the children in sorrow and peacelessness. Now, bring your kingdom onto this earth as quickly as possible. BapDada loves every child; even the last number child is very much loved because he is weak. So, there is greater mercy for those who are weak. No matter what your stage or nature is like, you are still Mine. Just as the Father is yours, in the same way, the family is yours. So, do not see the nature and sanskars of that one but give extra co-operation instead. Have good wishes, have pure feelings. Achcha, seeing the children in front and also the children sitting far away and watching Baba, BapDada is seeing each child in front of Him and giving drishti and also giving congratulations. Achcha.

All of you have received lots of congratulations. You all received congratulations for everything, did you not? Achcha.

**Neeluben** gave BapDada news of Nepal: Give congratulations to each one. They are doing good service. They are doing it with deep love and so they will receive the fruit of that, will they not?

**Speaking to Mohiniben:** Do you now know how to move along? (I cannot climb the stairs.) Walk a little more. If you are able to walk, then, by walking, your legs will get stronger. Try climbing a few steps. After walking, climb a few steps and there will be a difference.

**To Rukmani Dadi:** You are one of the original jewels. You are making intense effort. Very good. Delhi is in everyone's heart because everyone has to go there to rule. Now, let Delhi become free from obstacles; there should be no obstacles. Make it like that. Everyone together should make a programme so that when there is any problem, it finishes there and then. Achcha.

**To Dadi Janki:** (Baba, You tell us many very good things.) How can you become complete if Baba wouldn't tell you? BapDada now wants you to quickly become complete. (Dadi Janki will now do service while staying in Madhuban.) She cannot stay without it. Let her stay in one place for some time. She can tour around and also stay in one place for some time.

**To Par Dadi:** Look, it is her wonder that her age is increasing, her illness is increasing and yet her face doesn't change. There is wisdom in your face. You are good.

**To Dr Nirmala:** You are looking after both sides very well. Just as this one is looking after everything, so you are also looking after both.

**To the three Senior Brothers:** Just as there is attention on the Dadis, in the same way, there is attention on you three Pandavas. So, make a programme to meet no matter where you are. You can even have a meeting by phone, just as they do abroad. You should also think that you are responsible. If there is any situation, have a meeting by phone and give your decisions. It should not take time. If you do this often, everything will then continue to become free from obstacles. Is that all right? (To Rameshbhai) Is your health OK? It is good. BapDada and the family have given you the crown of responsibility. You are doing everything, but now get together a bit more often and share your ideas. You sit together when you come here, do you not? There, too, you can do it by phone. Those from abroad do it. The main thing is that if there is a problem, resolve it quickly. Do not drag it out. Do not think: We will resolve it when this one comes, no. Just finish it.

(If Dadi Janki stays in Madhuban, then it's easy for all (from India) to come here. But she can go abroad if needed.) There is a need here too.

**To Ashaben:** Is Delhi OK? Everyone has to come into the kingdom in Delhi and so Delhi has to be made *powerful*. (The President had come to ORC, and BapDada was shown the album of those photos.)

\*\*\* O M S H A N T I \*\*\*

**At amrit vela, especially become an experienced embodiment of all powers and spread the sakaash of yoga into the atmosphere. Keep your mind constantly busy.  
The call of the time is: May you be an intense effort-maker.**

Today, BapDada is seeing the sparkling stars of fortune on the foreheads of all the children everywhere. One is the fortune of your birth, the second of your relationships and the third of the attainments. Baba is pleased seeing all three fortunes. You know the fortune of your birth: that it is the Bestower of Fortune Himself who has given all of you this divine birth, this Brahmin birth. So, just think how great your fortune is! Together with that there are the relationships. You know their specialities: that you have all three relationships of the Father, the Teacher and the Satguru in the one Father. All three relationships are in the One. You also know the attainments. Where the Father is, there are the attainments – all and unlimited. All three relationships are in the One. Generally, these three relationships are essential in life. However, for the people of the world, all relationships are separate whereas you have all three relationships in One. Because of having all three relationships in the One, you easily experience remembrance. All of you are experienced in the three relationships, are you not? What do you receive from the Father? An inheritance. You receive such an elevated inheritance and this inheritance lasts for so long because you receive it from God the Father. The second relationship is that of the Teacher. Teachings are said to be your *source of income*. So, all of you have received such a huge attainment from the Teacher. You know that, do you not? You cannot receive such a huge attainment from anyone except the Supreme Soul, the Father. Through the teachings you receive a status and you have an elevated attainment. In the world, an elevated status is said to be that of a royal status. You too have received the royal status from the Teacher. Even now, you are the kings of self-sovereignty. Why? Because of being a Raj Yogi, the soul becomes a master of the self. You rule the self. The soul is not influenced by the physical senses. The soul becomes the master and the king of the physical senses. So, you have self-sovereignty now and you also attain your fortune of the kingdom in the future. So, you have a *double* kingdom. It is now and the status you attain in the future too. The third relationship is that of the Satguru. You have attained all three relationships, have you not? The Father, the Teacher and the third is the Satguru. You receive the shrimat of the guru from the Satguru. How elevated the directions are that you receive! Check yourself: Am I constantly following shrimat or is my intellect sometimes diverted towards the dictates of the self or to the dictates of others? Did you check yourself? If you believe that you constantly follow shrimat, the elevated directions, that you never follow the dictates of your own self or others, even in your dreams, raise your hands! Those who constantly follow shrimat and never follow the dictates of the self or others, raise your hands!

Look, the mothers raised their hands. You are raising them slowly. Sometimes, your intellect goes in that direction, that is, the dictates of others and of the self deceive you. So, what is the most important shrimat? Consider yourself to be a soul and remember Me, your Father! Is this easy or difficult? Is it sometimes difficult? However, the Father always wants each child to continue to fly forward ahead of all with these three relationships. So, BapDada is asking: Those who didn't raise your hands – can you renounce following the dictates of your own mind and the dictates of others from today? Can you do this? Raise your hands! Achcha. BapDada has already given you the signal of time. Now, the time of the confluence age is extremely *valuable*, and BapDada has also given you the signal that, according to the present time, everything is to happen suddenly. Therefore, you have to be constantly *ever-ready*, do you not? All of you are going to go home together, are you not? Or, will you follow behind? You want to return to your home with BapDada, do you not? You are *ready*, are you not? Are you *ready* to return home together? *Ever-ready!* Not just *ready*, but *ever-ready!* BapDada is giving you the signal of time. In this one birth you have to create the reward for 21 births. So, just think how much *attention* you have to pay! The Father has love for every child. The Father wants every child to return with Him and claim a right to the kingdom at the same time.

So, in order to return home together, only if you become complete and perfect the same as the Father will you then be able to return home with the Father. At this time, in this small birth, the attainment of 21 births is guaranteed. So, just think how great each minute of this small birth of the confluence age is! Just calculate this: you have to claim your fortune of the kingdom for 21 births in this birth, and so how *valuable* just one minute of the confluence age is! So, what will you have to do knowing this *value*?

BapDada told you earlier too that you have to pay special *attention* to two things. What are these two things? You remember these, do you not? One is time and the other is thoughts. Your thoughts should not be wasted, your time should not be wasted. Each second should be used in a worthwhile way. So, speak! You will have to pay that much *attention*, will you not? BapDada has love for all the children. BapDada doesn't want any child to remain deprived of His company. You are together, you will return home together, you will claim a right to the kingdom together and constantly experience happiness and peace in your life. So speak! You will return home together, will you not? You will, will you not? You will not be left behind, will you? Look, three types of fortune are sparkling on each one's forehead. All these three types of fortune are visible on your forehead, are they not? The confluence age is the fortunate age. Any of you can create as much fortune as you want. However, you need to pay attention over a long period of time. So, now, all of you children have to put intensity into your own efforts. You are effort-makers. BapDada is seeing that you do make effort, but everyone now has to make intense effort. BapDada now wishes to see every child as a child and a master. A master of what? A master of all the treasures. Sometimes, some children say to BapDada: Baba, You have given all the powers, and we do accept ourselves as master almighty authorities. However, many children then complain: Sometimes, the power that we need does not come to us at that time. However, what is the reason for this? The Father has given all powers to each one. Has He given them or is it that He has given less to some and more to others? You know the reason for this too, but you forget it at that time. Each child has received the treasure of all powers as an inheritance. The Father has given everyone the inheritance of all powers. It isn't that He has given less to some and more to others. He has given all the powers, but why do they not come to you at that time? Just think: If someone is not seated on his seat of self-respect, would anyone accept his order? So, when that power does not come to you, the reason for that is that you do not set yourself on the seat of a master almighty authority. Therefore, when you are not on your seat no one accepts your order. So, always remain seated on your seat. Sometimes, you have waste thoughts and sometimes, you have *tension*, and so you let go of the seat of self-respect at that time. BapDada has given each of you so many points of self-respect. The seat of self-respect is so huge! Just count how many points of self-respect the Father has given. When you are not seated on your seat of self-respect, do you know what then happens? You know that, do you not? There is body consciousness. There is either self-respect or body consciousness. When you issue an order while seated on the seat of body consciousness, the powers will not listen to you. Otherwise, it is not possible that the powers do not listen to those who are master almighty authorities. Constantly practise being *set* on your *seat*. Check whether you are doing karma yoga, service or churning; that you are set on your seat and that all powers are present.

Today, BapDada toured around at amrit vela and, while touring around everywhere, abroad and here - it doesn't take BapDada long to go around everywhere - what did He see? Should Baba tell you? The *majority* of children were sitting for amrit vela, had got up and were sitting in their own places. They were making effort to be an image of experience all the time they were sitting there; they wanted that but what did Baba see? Some were images of experience because the greatest power is that of experience. An embodiment of experience, an experienced embodiment of all powers, *master knowledge-full*, a *master* embodiment of all powers. However, there was something lacking in your becoming an image of experience. You do make effort. BapDada still congratulated you because the *majority* come and make effort. The *majority* of you sit, but BapDada wants you to sit as an image of an embodiment of the experience of light and might because the sakaash of the yoga at amrit vela spreads everywhere into the atmosphere. Increase this experience even more. You saw Father Brahma. His stage was that of such a

powerful angelic form. In the same way, pay attention at amrit vela in your own way tirelessly. BapDada saw that some children sit there in the form of *light and might*. It isn't that they don't. They do sit in this way, but you will have to pay even more *attention* to the effort of this time (amrit vela). BapDada had already signalled you earlier that you have to keep your mind constantly *busy*. Whether in service through the mind, serving through words or with churning power - keep your mind *busy*. Churn knowledge! Churning power makes your mind concentrated. Some children churn well but now also increase your churning power throughout the day because BapDada has love for even the last child. BapDada wants even the last child to return home with Him; he should not be left behind. He should not be left behind. So what will you do? *Attention!*

Seeing the gathering today, BapDada knows that there is definitely going to be expansion. You have celebrated the 75<sup>th</sup> Jubilee. BapDada is congratulating the children for that. BapDada also saw the love for service that you children have. Those from each place have enthusiasm, and the fruit and power of service is also visible. BapDada especially saw that wherever the children have served, a greater number of souls who are instruments in the Government there have emerged. As the result of that, Baba knows that, according to the present time, when sorrow and peacelessness are increasing, the topic you have chosen is essential, because the more peace that they want, the more that peacelessness is increasing to the same extent. Some form of peacelessness or other definitely comes and, because of this, *tension* is increasing everywhere. The *Government* also wants Bharat to become *tension-free*. So, BapDada is congratulating all those children who have served. Baba is also giving congratulations in *advance* to those who are going to do service.

BapDada now wants each and every child to follow the Father and definitely become complete, the same as the Father. BapDada saw that all the children are making effort. They have love for making effort, and they even make many promises to themselves: "I will not do this any more! I will not do this any more!" However, what is the reason for this? The reason is the lack of determination in your effort. Carelessness comes in between. "It will happen, I will become..." This carelessness makes your effort slack. So, what will you do now? Now pay special *attention* to this. Make your own programme for yourself in which you keep your mind *busy* throughout the whole day. You have to make your own programme. Make your own timetable for yourself to keep your mind *busy*. Whether you churn, serve or draw one another's attention, keep your mind busy! Remain busy in your mind. You remain busy physically anyway, but now remain busy with your mind. Become a *number one businessman* by keeping your mind *busy*. Are you able to do this? Will you do this? Will you? Will you? You know that Father Brahma is also waiting for you, and your *advance party* is also waiting for you. When will you bring the time close because you are responsible for bringing the time close? To make yourself complete means to bring the time close.

BapDada has already given you one special month. In this one month, each one has to become an intense effort-maker, not just an effort-maker, but definitely become an intense effort-maker. Do you agree to this? Are you ready for this? Raise your hands! Achcha. Congratulations. Now, each one of you has to have a determined thought. Then what *result* are you going to give BapDada daily regarding your whole day? Of intense effort. Not of your effort, but of your intense effort! Are you ready for this? Are you ready? Raise both your hands! Very good. In that case BapDada will suddenly ask for the result in between. He will not give you the *date*. Suddenly, at any time of the month, BapDada will ask for the *result*. "I have to do this." Make this promise to yourself. BapDada can make you make a promise and He does this all the time, but now have this thought by yourself and demonstrate this by doing it practically. "I definitely do have to do this." Not that "I will do it at some time..." Now, saying that you will do it at some time is not good. Time is now moving forward. It is going into its extreme. So, you ancestors who are to transform the time, do you not feel mercy for your unhappy family? Become merciful! Show the path of happiness to those who are unhappy, whether through your thoughts, your

words or your connections and relationships. They are your family, are they not? So, you have to remove the sorrow of the family. Become merciful! Achcha.

**It is the turn of Karnataka Zone to serve:** Achcha, what special thing will those from the Karnataka zone do? You will make effort and also inspire others to make intense effort. If you will do this yourself and also inspire others, then raise your hands!

BapDada is not just looking at the children here, but wherever the children are sitting, whether in the gardens or in the different halls, Baba is giving everyone lots and lots of love. You may be sitting far away but you are close to the heart. BapDada is also giving love and remembrance from the heart to all those from everywhere who are sitting and watching. BapDada is looking at every child from this land and abroad. Whether you are far away or close, you are those who are merged in Baba's heart because every child has promised: The Father is in my heart and each one of us is in the Father's heart and this is why the Father's title is Dilaram, the Comforter of Hearts.

Achcha, many have come from Karnataka and you have also played a good part in service. BapDada is also giving all the Madhuban residents who are up at the top and down here multimillion-fold love and remembrance because, no matter how the numbers have increased, you have done very good service. The *result* is good. This is why BapDada has seen that you have been tireless and accommodated everyone with love. Whether it is providing accommodation, feeding everyone or doing any other type of service, the *result* of service is good and this is why the Father is giving congratulations to each one who has come who is doing service and to those who are giving their co-operation. Achcha.

**Four Wings: Art and Culture, Science and Engineering, Education and Politicians' Wing:** Achcha. Each Wing is displaying its own symbol. (Each Wing had its own banner displayed to BapDada). BapDada is very, very pleased to see everyone's enthusiasm and is also seeing the result: Each of the Wings is now holding programmes and also making plans for these. BapDada has received the programmes to make each of the Wings move forward. The *programmes* you have made are very good. You have made them with enthusiasm. Put them into the practical form and, together with the *results*, also bring a sample in front of BapDada from each Wing. There are many from each of the four Wings. Raise your hands! BapDada is seeing each one of you as very close. It is good. Now, each Wing should bring this result: From the time that you have begun to serve through the wings until now, how many 'mikes' have you created, how many heirs have you created and how many *students* have you created. Each Wing is doing everything with enthusiasm, but BapDada wants to see this *result*. BapDada is also congratulating you because each wing is going ahead of the others and is also making new plans for service. This is why BapDada is giving special congratulations to the four wings that have come today. Achcha. You, who belong to the Education Wing have come wearing your own dress. (It is the Silver Jubilee of the Science and Engineering Wing.) It is good. For the Silver Jubilee, BapDada is especially seeing each one personally by name and also giving congratulations. It is the 75<sup>th</sup> Anniversary of this Institution and it is your Silver Jubilee. However, BapDada is pleased. Now continue to do more! Continue to fly and eventually that day will come – it is coming close – when everyone will say: Our Baba has come! Now, enable such souls to emerge in all the Wings who say from their hearts: My Baba has come! Send the names of such souls to BapDada. However much service you have done, however many have emerged, how many of them say: My Baba has come? Then, BapDada will give a prize. Now, do this service with a lot of pomp and splendour. Such effort-makers should emerge. You want to bring about revelation, do you not? You want to make the unhappy ones happy, do you not? We definitely have to make this Bharat into heaven. When will you do this? Those from the Wings, tell Baba how much time you need! How much time do you need? Speak! Tell Baba how much time you need! All the main instruments of all four Wings, come to the front! (They were all called onto the stage.) Look. (This time the Annamalai University will hold a MSc degree awards ceremony.) Now, just as BapDada said: enable the heirs to

emerge. You may have worn those hats (graduation hats) but not just that, now enable the heirs to emerge! Each one has the responsibility of making heirs emerge. In some places you have made the 'mikes' emerge, but now let the heirs emerge. Take a number in this. We will see which *department* claims *number one* in making the heirs emerge. It is now the *season* to let the heirs emerge. Continue to increase the numbers and now create heirs. Many become co-operative but now make the heirs emerge. They should become such *examples* that, on hearing them, others also have that enthusiasm. That time is now coming. Now, even time will help you because sorrow is increasing. They make solutions but they are not able to decide anything. (Now, everyone is giving very good co-operation.) They are giving their co-operation but they themselves should come forward. It will happen. Achcha.

**Double-foreign brothers and sisters:** *Double* foreigners means those with a *double* flight. A double flight means to be able to stabilize yourself in whatever stage you want in a *second*. Do you have such practice? With whatever stage you want at any time, come into the experience of the flying stage. This practice will be very useful to you at a time of need. Whenever you want, you should have that *practical* stage at that moment. You are *double* foreigners, are you not? So, you will make *double* effort, will you not? You are doing this. BapDada receives very good news. Baba receives the service news - service is increasing and very good souls who can become instruments are now emerging and this is why BapDada is giving *double* congratulations to the *double* foreigners. It is good. There are always some double foreigners in every group. You have made a good programme of this (of being present in every meeting.) Double foreigners, now make a list of the heirs! How many new heirs have emerged at each centre? Of course you are there. Now, BapDada wants a list of the heirs. Achcha.

Now, wherever each one of you is sitting, whether you are watching on TV, whether you are sitting at the different places here, others are also watching on TV, today, BapDada is giving each and every child the *title* of "intense effort-maker". Now, always remember this *title*. If anyone asks you who you are, just say: "An intense effort-maker". Is this Ok? Does everyone agree? Agreed? Now, it will not do to continue making effort in a slack manner. Time is racing ahead and this is why you definitely do have to become intense effort-makers. It is the call of the time. May you be an intense effort-maker! Lots and lots of love and remembrance from BapDada to all the children and Baba is also giving you the gift of intense effort.

**To those who have come for the first time:** Achcha. BapDada is giving special congratulations to all the children who have come for the first time. Seeing you children, BapDada is very pleased. Why is He pleased? Because all of you have reached here before the final period, BapDada is congratulating you. You have become worthy to claim your right and this is why all of you have to become what BapDada has repeatedly been saying today: You have to become an intense effort-maker. Become an intense effort-maker and you can move ahead the furthest of all. You can claim this blessing now. All those who have come now have to pay this attention: firstly, you have to continue to study the Murli regularly with discipline and, together with that, also continue to take the *golden chance* of serving through your mind and your words. Congratulations, congratulations, congratulations!

**To Dadi Janki:** (Baba, You are so good!) You are also very good. Everyone will become the best of all. The Yagya is continuing to move along without any obstacles. Everyone is moving along very well.

**(50,000 people have got together for an environment conference in South Africa.** Sr Jayanti and other brothers and sisters are doing very good service there.) Baba heard the news of all the children and BapDada is especially giving lots and lots of love to all those brothers and sisters who have become instruments. You have maintained good courage. Eventually that day will come when you bring those people who will all say: "Wah Baba, Wah!"

**BapDada was given news about Mauritius:** What are BapDada's hopes for Mauritius for 2012? BapDada has the most elevated hopes for each child: That each child belongs to the Father and makes others belong to the Father too. Now, make intense effort in service and also in your dharna – make intense effort in both.

(Very good service took place in Andhra Pradesh.) BapDada already said that wherever there were programmes, they were very good. There have been good programmes everywhere.

**To Dadi Rukmani:** Now, continue to take your medicine well and you will become fine. You have to do something. Do not think of anything else. Do not allow others to think and do not think about anything yourself.

**Honorable Mrs Urmila Singh, Governor of Himachal Pradesh:** You did very well that you upheld the honour of the women. The more that women come in front, the more Bharat will benefit. So, you became an instrument. Now make everyone *tension-free*. Make everyone in your city *tension-free*. There is a lot of tension. The *meditation course* will make everyone *tension-free*. As much as possible, make a programme in which those who are in connection with you become *tension-free* through this meditation. It is only then that this country will benefit. There cannot be any success when there is tension. If you are free from *tension*, there will then be power in whatever *plans* you make. So, become an instrument to become *tension-free*.

**To Sister Jayanti, an actress from Karnataka:** Look, just as you had the desire to come and see Baba, in the same way, become *tension-free* in your mind. A *meditation course* is given here for that. Do that and also make your companions do that course. What will happen then? By being *tension-free* you will be able to spread peace in others too. That peace is lost for others in *tension*. So also make your companions like that. You have come here and so study a little before you go and make your companions the same as you and then bring that group here. Make your companions the same as you.

\*\*\* O M S H A N T I \*\*\*

**Constantly maintain your intoxication and become a carefree emperoro. Become complete and equal through intense effort and make preparations to return home with the Father.**

Today, BapDada is seeing the gathering of carefree emperors. This gathering is held only at this time because all the children have given away their worries (fikaar) to the Father and have taken intoxication (fakhr) from Him. This gathering is held only at this time. From the moment you wake up in the morning and perform actions, you remain carefree and move along as an emperor, do you not? This carefree life is so lovely. What is the visible sign of being carefree? The *light* of the sparkling soul is visible on the forehead of each one. How did you make your life carefree? The Father took away worry from all the children's life and gave them intoxication. Those who do not have intoxication in their life i.e. those who have worry do not have the *light* shining on their forehead. Lines of burden are visible on their forehead. So, what do you prefer? Do you prefer *light* or burden? Even if there is some burden - burden means worry - you can give that worry to the Father and take intoxication from Him. All of you like a carefree life, do you not? All those who are seeing you also prefer a carefree life.

So, today, BapDada is seeing the sparkling light on the forehead of all the children - whether you are sitting in front here or wherever you are sitting. So, do you constantly remain carefree or do you sometimes worry? Do you have any worries? Since the Father has made you a conqueror of nature and a conqueror of vices, then how can you have any worry? So raise your hand if you have become carefree. Have you become this for all time? Have you become this for all time or only sometimes? There are even those who are this only sometimes. You are not raising your hands. BapDada does not want to see hands for this. BapDada wants to see every child as a carefree emperor. If you have any worry sometimes, then a very easy method is that when there is a little worry, then change "mine" into "Yours". To change this limited mine, to change "mine" into "Yours" is a very easy method. You say, "My Baba", and so what is "mine"? So, the limited mine has finished, has it not? It is now "My Baba". All of you say from your heart, "My Baba, lovely Baba, sweet Baba", do you not? So is it difficult to merge the "mine" with "Yours"? What is the difference? Just "T" and "M" - it is such a small difference. You had the thought "Everything is Yours", so what remains mine? Mine is Baba.

BapDada saw that the *majority* of you children have made the limited mine into Yours, and so what have you become? Carefree emperors. So, today BapDada is seeing all of you children as carefree emperors. Even on the path of devotion when they create your images, they are created with a double-crown. There is firstly the crown of light because the sign of a carefree soul is the sparkling light on the forehead. And the second crown is shown for becoming victorious over the vices. Therefore, pay *attention* that since BapDada has taken away your worry and given you intoxication, what have you become? You have become a carefree emperor. Since you have become an emperor you also need a throne. So, BapDada has made you a master of three thrones. Do you know which three thrones they are? One is the throne of the centre of your forehead, which everyone has. The second throne is BapDada's heart-throne and the third throne is the throne of the world - the throne of sovereignty. All of you have these three thrones, do you not? The most elevated throne is BapDada's heart-throne. Therefore *check* whether you remain seated on the throne. Who can sit on BapDada's heart-throne? Those who have constantly made BapDada sit on their heart-throne; those who are always a *master* almighty authority in their elevated stage. So check whether you are always seated on the heart-throne or do you sometimes come into the mud? This body consciousness is the mud. You have been in the mud for a long time and so you don't go back into the mud again, do you?

So, BapDada is giving all the children a signal of the time. He is making you make the lesson of "suddenly" very firm. This is why you have to give a lot of importance to the time of the confluence age because in this one birth you have to create the reward of many births. This is why BapDada had given you a signal that at the

confluence age you have to pay attention to two things at every moment. You must have remembered these two things? Time and thoughts. All of you children had kept the courage in your thoughts in front of BapDada to give up your waste thoughts. So, *check* whether you have maintained courage all the time? Because when you children keep courage once, the Father gives a thousand-fold help. So, what do you think? Those who have kept the courage and had the determined thought in front of BapDada, is that for all time? A lot of time goes into waste thoughts and according to the present time your task is to give the message to the souls of the world. So, you have to finish all your waste thoughts for only then will you be able to give the experience of peace and happiness to the unhappy souls. Seeing the unhappy souls, BapDada feels mercy. You also feel mercy when you see your unhappy sisters and brothers, do you not?

BapDada saw that at present, everyone has the interest, have made plans and also done it practically for celebrating the jubilee of 75 years. This is what BapDada wants. All the programmes you have done were very good and BapDada is congratulating you for these. However, now, according to the time, you have to make them into heirs quickly so they can at least claim a right to the inheritance. Many of them say that this is very good. BapDada has also seen this *result* of the *service* of you children and the Father is also happy with you children. You are doing everything from your heart and now, according to the time, everyone is listening to you with interest. There is at least this much difference. They find it all very good, but now make them good and enable them to claim a right to the inheritance in whatever way possible. And for this BapDada has already signalled to you earlier: Now, according to the time you need to become an intense effort-maker. In order to become an intense effort-maker, the main effort is to put a full-stop in one *second*. One second and putting a full stop should both be equal. So, now BapDada is seeing the carefree form of you children. You have to experience this all the time. When anything or anyone comes in front of you, then just change mine into Yours.

Today, BapDada saw that it is Thursday and many children have reached BapDada. BapDada said: Two days of the week are special: Thursday and Sunday. Thursday is the day of the Guru, so what you receive from the guru? Blessings. So, the Thursday is the special day of blessings. Celebrate Thursday in this way. Keep one or another special blessing merged in your intellect from amrit vela. There are many blessings. However, keep one special blessing in your intellect and then *check*: On the day of blessings, become an embodiment of that blessing instead of just repeating that blessing. Become an embodiment of that blessing and continue to check for how long you remained an embodiment of that blessing. In the world, Sunday in particular is a holiday. So, celebrate Sunday. Whatever weaknesses you have in your life - in your thoughts or even in your dreams - bid farewell to these. Just as people spend these two days very well, so you also have to keep this aim and its qualifications – not just the aim, but also its qualifications in your attention. BapDada has promised all of you children to take you back home with Him. So, what preparations do you have to make in order to return home with Him? The Father will become bodiless in a *second*. However, you have made a promise and the Father has also promised that you will return together and so check whether you have made preparations for that: Apply a full stop in a *second*, become complete and perfect and fly: have you made such preparations? You all have to return with Baba, do you not? Nod if you want to return with Baba. Achcha. Are you sure? Give your hand in His hand and this means to become equal. So, check because that time will come suddenly. So, have you made such preparations that you can return home with Baba?

The Father loves you children and so the Father does not want to leave any one of you behind. You are together, you will go together and come in the kingdom together and rule together. Do you agree with this? Do you? Raise your hands if you have made your preparations. Raise your hands high. Achcha. Are you ready if destruction were to take place tomorrow? However, have you finished your service? Service is still left to be done. Have you completed your service? Has everyone received the message? Just check in your own area: have you given everyone the message that the Father has come and that they should claim their inheritance? You are now making *plans* for that. BapDada has heard that you are making plans to give the message in every home. It is good. You have to give the message otherwise, you will receive complaints. You have made

programmes. Stand up. You have shown plans to the Father, have you not? Stand up. (Baba made the Media people stand up.) It is good. Finish their complaint because everything is going to happen suddenly. So get together and put this *plan* into *practical* form. You can consult one another quickly. When it takes time then the enthusiasm also reduces a little. BapDada would like it to finish this complaint of every home that “the Father came and they did not even know, that the Father came and He went away and we were deprived”. Everyone has enthusiasm, do you not? Do you have enthusiasm? You have to do service and finish that complaint. When you have enthusiasm you also receive BapDada’s help. Achcha.

All of you know what BapDada’s wishes are. To become equal and perfect. Always check these two words: Am I fulfilling the Father’s hopes? BapDada considers every child to be the star of His hopes. Every child has love for the Father. BapDada knows this. What is it that brings all of you to Madhuban? All of you come in the *train* of love and the *plane* of love. So the Father is pleased with the children in the subject of children having love for the Father. However, you also have to accomplish the two words that Baba wants: Equal and perfect.

So today, BapDada is seeing all the children everywhere with so much love in His heart and is congratulating every child with love from His heart. Achcha.

**It is the service turn of Indore and Bhopal zones.** Congratulations! You like having this turn to serve, do you not? You receive the treasure of service easily. Both of the zones are also moving forward in your effort with zeal and enthusiasm and, in the future too, each of you will intensify your efforts and are continuing to move forward. BapDada is pleased. In this chance, you receive the fruit of service and also strength. Where is everyone’s vision drawn to? They always look out for which zone is going to serve. To serve in Madhuban means to receive the fruit and strength of service. So, you have done very well. You served by being free from obstacles and gave everyone the fruit of contentment. BapDada is pleased because you get a special *chance*, and you children reach Madhuban. To come to Madhuban, to meet such a big family and to and become an instrument to serve such a big family – this too becomes a very big fortune. Therefore, because you ate the fruit of being free from obstacles and content, BapDada is specially congratulating both zones. It is good that the vision of BapDada and the family falls on each one of you. In a practical way you receive happiness, you receive happiness and you make others happy, and so congratulations to both.

**Security, Business and Rural Development Wings:** Each one has brought your own symbol. All of you are happy and BapDada is also happy to see each of the Wings. BapDada has seen that each Wing has invented something new and expanding service of their Wing. BapDada is happy to see the result of each Wing individually. Those in the Rural Development Wing are increasing their service and are making their sound reach the Government and the Government is also pleased to see that you are benefitting souls. In each Wing, it is seen that each one is *number one* in their service. Baba saw the report of the Rural Wing. This is the first Wing that has given a list that Baba had asked for, of those who have come into close relationship. BapDada saw that many different types of people have come into connect and feel that the Brahma Kumaris are now working with the Government because they see it practically how hard you work. All three Wings are doing service worthy of congratulations and therefore, congratulations, congratulations, congratulations. Achcha, show everyone these puppets you have made. (The Rural Wing showed a puppet dance.) BapDada saw that everyone was very happy to see the puppets. You are showing your happiness in the form of these puppets. Very good detailed plan has come from the Rural Wing. You have brought it in writing, but the other two Wings are no less. Continue to grow in this way and continue to make others grow and also continue to spread the sound in the world: We will become the servers and make the world, and Bharat in particular heaven, a world of happiness. They have now begun to believe that the Brahma Kumaris have promised and are now fulfilling their promise and will definitely fulfil it before they finish. BapDada is giving all three wings individual congratulations. .

(It is the Silver Jubilee of the Business Wing.) Now only those of the business wing stand up. You have kept courage and worked very hard and got success in it and, in the future too, success is your birthright. BapDada likes it very much – BapDada saw that in each of the Wings, whether there are three Wings or four Wings in each turn, from the time that the Wing service has started, there has been expansion and there will be expansion in the future too. BapDada is seeing this and giving congratulations in advance. Achcha.

**1500 teachers who live in the centers have come.** BapDada always remembers the teachers and gives them love because the teachers become instruments to make every brother and sister move forward. BapDada calls the teachers “gurubhai” (next in line to the guru). Gurubhai means equal because just as the Father’s duty is to always remain *busy* in service, in the same way, the worthy teachers are those who are servers, the same as the Father and are always the embodiment of success and make others the embodiment of success. BapDada always has great love for the teachers in His heart. Why? A teacher means always a server, always one who makes others equal to the Father and also the ones who give the introduction of the Father to the new ones and make them experienced and make them worthy to claim the inheritance from the Father. So BapDada is happy with the teachers. The love that the teachers have for the Father in their heart, they fill the students with this love and enable them to claim a right to the inheritance. The Father has hopes in each of you teachers that you will fulfil the hopes that the Father has and reveal what the Father wants. This is why BapDada is giving each one of you teacher multimillion-fold congratulations. He is giving you congratulations. Achcha.

**Double Foreigners:** BapDada has seen that the *double* foreigners are no less than the souls of Bharat in service. BapDada is pleased to see how everyone is expanding service in their own place and is also moving forward with zeal and enthusiasm by themselves. It is the sanskar of *double* foreigners that whatever they do, they do it with zeal and enthusiasm and they complete it. And they are also paying *attention* to their effort. All of you raise your hand if you are all intense effort makers! Intense effort-makers? Achcha. Many many congratulations on behalf of everyone. Why? An intense effort-maker means one who fulfills BapDada’s hopes in a practical way. So, BapDada is congratulating you for your intense effort. You are intense effort-makers and you will always be intense effort-makers and also make others into intense effort-makers. Then all the lands abroad will come in the list of intense effort makers. You have this record to some extent and you still have to show this. However, BapDada is congratulating you for your effort. You pay attention to the murli, BapDada likes it that you have love for the murli. You also have love for Madhuban. You have love for the murli. You have love for the family and you also have love for “My Baba!” Now you are paying good attention to making subtle effort also. BapDada has seen that child Janak has also paid a lot of attention to the foreign countries. Although she lives here, her every class reaches abroad first. So you are receiving very good sustenance. This is also your *luck*. You are *luckiest* and also the *sweetest*. Achcha.

#### **To those who have come for the first time.**

There are many of you. You can wave. All of you have reached your own home Madhuban. BapDada is congratulating each of you children for this because you have reached here before the final period. You have the chance of coming *last* and going *fast*. BapDada is happy to see you children. You are welcome and now make intense effort and move have a determined thought to go ahead of all. Determination is the key to success. BapDada is giving a special gift of the key of determination to all the children who have come here today. Never let your determination become slack. Determination will constantly and easily enable you to move forward. BapDada is pleased: Welcome. You have come to claim your inheritance. Many, many congratulations for this.

BapDada is giving all the Brahmin children everywhere love from His heart and the elevated thought to constantly move forward. The Father is seeing each of you children and is also merging you in His heart on seeing you. Those who are sitting close are seeing BapDada in front of them, and all of you are seeing the Father in front of you with the facilities. Wherever you are sitting, BapDada is also seeing you as though you are in front of Him and is giving each of you love from His heart. Continue to move forward. Make intense effort and continue to move ahead of all. Achcha.

To all those who are sitting in front of BapDada, love and remembrance and congratulations for constantly moving forward. Congratulations. Congratulations.

**To Dadi Janki:** Everyone is celebrating Christmas with a lot of love and everyone has sent love and remembrance.) Multimillionfold greetings to everyone from BapDada. It is good. BapDada said that you are moving ahead in service. You are doing good service. BapDada is pleased. Wherever there are programmes there is success and greater success. It is good. While sitting here, you are also serving them, and that is also good.

**Mohiniben:** You will be fine. Do not run around too much. But otherwise, you will be fine. You will do service as you progress further. You cannot remain deprived.

**Munniben:** This one is also your companion. She is giving good companionship.

**Ishu Dadi:** This one is an incognito protector of the yagya. However, whatever task you do, you maintain confidentiality. BapDada is pleased. Achcha.

**To Par Dadi:** You have become a conqueror of matter very well and are making matter work with you. You remain happy and this is why your happiness does service. (To Rukmaniben) You don't get tired in service because this happiness actually finishes tiredness. Achcha.

(Dadi Janki asked BapDada whether she should go to London and Germany in January as they are calling her.) BapDada is simply asking you not to have any limitations. Definitely go wherever there is a need. (Those from Bombay are also calling me a lot, should I go to Bombay?) Look, it doesn't matter if you go where there is a need. Do not go everywhere, but go wherever there is a need. (I didn't go to Bhuvaneshvar and they are remembering me a lot.) That is in the past now. Now, you are not forbidden in going to a place where you feel it is necessary. Do not keep yourself in bondage, remain free. It is not good to keep yourself in bondage that you don't want to go anywhere. *Ever-ready*. It doesn't matter to go a place where there is a need. (Everyone is thinking that sometimes you say yes and sometimes you say no.) No, BapDada is saying this. Do not keep yourself strictly in bondage that you are not going to go, that you don't want to do. (It is a thought, not a bondage.) Your thought will be fulfilled. (Nirwairbhai also doesn't go anywhere.) He doesn't go because of his health. (Dadi should also now not travel because of her health. No, she can go, but do not keep yourself in bondage that you don't want to do.

**Rameshbhai:** is your health OK? (Now the studio is nearing completion.) Very good. That will also do service. As you get it ready, programmes will continue to take place. It is good. Think of a way to look after your health because you have many responsibilities. (I do not go anywhere because of my health.) Do not have any bondage to go or not to go. If you have to go and it is necessary, then the body will also co-operate. Where there is a need you will receive help. When you see that it is possible then do not say no. If the body is working fine then you should go. Sometimes, if it is very bad, that is a different matter. However, if you are able to go, then by doing service, there is happiness. That is also a medicine. They become so happy. Everyone receives the nourishment of happiness.

\*\*\* O M S H A N T I \*\*\*

**In the New Year, with the blessing, “May you be an intense effort-maker”,  
show the angelic form through your face. With the volcanic yoga through  
the form of light and might, burn the waste and donate powers  
to the unhappy and peaceless souls.**

Today, the Creator of the Brahmin family is seeing His family everywhere. It is a small family, a small world, but very lovely because it is of those who are a handful out of multimillions. Why are they lovely? Because they have recognised the Father. You have claimed a right to the Father’s inheritance. Just as the Father is lovely, so this Brahmin family is lovely too. BapDada has made the star of fortune sparkle on your foreheads from your birth, and this is why this small world is extremely lovely. All of you know this self-respect of yours, do you not? BapDada is pleased to see each child, and what song does He also sing? Wah children! wah!

Today, all of you have come to meet the Father on this great day. Today is the day of the confluence: it is the day of farewell and also of greetings. In any case, there is importance of a confluence. Wherever there is a confluence of an ocean and a river, it is of great importance. So, the importance of today is praiseworthy. The old year is to finish and the new year is to begin. On this day, each one of you has so much enthusiasm in your heart for the coming year. Each one of you has made a *plan* in your heart of what you have to renounce and what you have to become. Have you made both *plans*? Have you? Those who have made a *plan* for the self to move forward and make intense effort in the coming year, raise your hands! Have you made a plan? Congratulations! Everyone knows what BapDada wants for every child. BapDada has the pure wish for every child: Every child should become complete and perfect, the same as the Father. Now, even time is co-operating with you. Each one of you has made a new *plan* in your own mind for yourself, have you not? You have to renounce something and you have to move forward a little. So, what are you going to renounce? BapDada has seen that, in terms of renouncing the old world and relationships, all of you pay *attention* to making effort for this. There is one thing that you all wish to renounce, but until now, BapDada has seen that it takes you a little effort to renounce the old sanskars. BapDada wants each of you children to cremate your own old sanskars in the New Year. All of you also want to fulfil this thought, do you not? It is the old sanskars that you refer to as your *nature*. “That is not my intention, but it is my nature!” So, it is not the *nature* of this Brahmin birth, but it is an old nature. On this day, cremate that old sanskar. Each one of you knows yourself. So, today, together with bidding farewell to the year, can you have the determined thought to renounce that sanskar? Can you do that? You do want it, it is not that you don’t want it, but it is that same sanskar that repeatedly creates obstacles in different ways, in your putting intensity into your efforts. So, BapDada wants that, together with your bidding farewell to the year, on this day, also bid farewell to that sanskar. Are you ready for that? Those who are ready for it, raise your hands! What will you do for that? Have you thought of a *plan* for yourself? The best thing for that is a determined thought. You have the thought that it should happen, but there has to be that intensity (force) in your thoughts. As soon as you became a Brahmin you promised that you were not going to take any impure food. BapDada saw that through your determined thoughts, the *majority* of you have passed in this. Just as you have had the thought of not taking impure food for your body, and you are doing that *practically*, in the same way, you have to have this determined thought for your mind: You will never have any waste thoughts for anyone or anything under any *circumstances* and that you definitely must have constant good wishes and pure feelings for every soul. Thoughts are food for the mind and so, just as the *majority* of you have had the determined thought concerning the body, in the same way, can you not erase waste thoughts and impure feelings? In your mind, can you not have love and co-operation for every soul in your heart?

So, today, together with this old year, BapDada wants every child to bid farewell to that old attitude and vision. Can you have this determined thought? Can you? Speak! Mothers, *teachers*, and all the brothers

still want this. Yes, raise your hands! From tomorrow....., if you have any waste, wasteful feelings or wasteful intentions, for any soul, you want to celebrate the completion ceremony today, do you not? Speak! Are all the *teachers* ready? *Teachers*, raise both your hands! Raise them! Achcha. Those who haven't raised your hands, raise your hands! Those of you who haven't raised your hands, stand up! It is good. Those who will make effort but will not have determined thoughts, are there any such ones? Those who have stood up, raise your hands if you will keep the aim and make effort. Keeping *attention* on the time, just think: At this time of the confluence age, you all have to attain success over a long period for the future. You have to claim the inheritance for 21 births. So, there is a vast difference between this one birth and 21 births. Even in this one birth, you would have to make intense effort for a long time for only then would you attain the attainment over a long period of time. You have love for the father and so you want to stay with him, do you not? You want to stay close to him, do you not? You want to be Father Brahma's companions and claim a right to the kingdom, do you not? Therefore, even now, you have to be equal to the father for that length of time. You already all know how much love Father Brahma has for every child. Each one says, "My Baba, Baba doesn't have as much love for anyone else as He does for me. He loves me!" So, you are experiencing the love of both Bap and Dada in this birth; and you can never say no to the one whom you love. So, all of you have love for Father Brahma. How much love do you have? You have a lot of love. Perhaps you may not be able to show it, but the Father knows that all the children have love for Him. It is numberwise, but BapDada still gives everyone a *certificate*, for every child loves Him. You have love for Him, but the Father has seen that you sometimes become mischievous. So, what does the Father do at that time? Seeing all of that the Father continues to give special power because He wants every child of His to be a king child. In the world, an especially beloved child would be called a "Raja-bachcha!" (royal, king child). He is not a king, but he is called a king. Now, all of you are now king children of BapDada and in the future too, you will be the king child. At present, you have self-respect and self-sovereignty. Now, the soul is ruling over all the physical senses. So, at present, you are the masters of the self and you will be those who have a right to the kingdom in the future. So, you are the king children, are you not? Nod if you are this!

So, today at amrit vela, BapDada went on a tour everywhere– in this land and the lands abroad. What did He see? The *majority* of you sit for yoga at amrit vela – you sit with love, you have a conversation with BapDada, you sit in the awareness of soul consciousness, you even take power from BapDada. However, BapDada wants there to be newness in the coming new year because, day by day, time is now going to become more and more delicate. At such a time you now need to have volcanic yoga. It is now necessary to have volcanic yoga. Volcanic yoga means to be in a powerful form of *light* and *might* because, according to the time, sorrow, peacelessness and upheaval are now going to increase. This is why you now have the need to give powers to the unhappy and disturbed souls through special volcanic yoga. In *return* of their sorrow and peacelessness, you have to give them some powers and peace through the service of your mind. You have kept the *topic* for the present time: One family. Now, since this is one family, accordingly, you will have to give a drop of something or other to peaceless souls. Therefore, BapDada is now drawing your *attention* to the need for volcanic yoga especially for the coming new year, that now, there is a need for volcanic yoga. It is only through volcanic yoga that the remaining sanskars will be burnt.

Now, your companions of the *advance party* want each one of you to bring time and the time of completion in front of everyone. Now remember the *return journey*. Your Didi (Didi Manmohini) is reminding you: I always used to remember: "We now have to go home. We have to go home." Your Dadi is reminding you: "I always remembered that we all have to become complete and perfect, I always had this deep concern". So, today, especially at amrit vela, while celebrating a meeting with BapDada, they were saying: Now, on behalf of all of us, all the Dadis who have gone are all saying together: There is now a great need for volcanic yoga, whether to give peace to others or to make the Brahmin family complete. You are now the instruments to bring the time close. So, what will you do in the coming year? What will you do especially? Together with being loving and co-operative with one another as well as every *centre*

will create the *vibrations* of volcanic yoga. Together with being loving and co-operative with one another as well as keeping attention on each one while performing actions, you will give co-operation for whatever weaknesses still remain. Serve many other souls through your mind and especially serve your Brahmin companions with your co-operation. Only then will the desire of our hearts be fulfilled.

So, today, from the subtle region, the *advance party* are reminding you and also telling you about the expectations in their hearts for the coming year. So, speak! You already heard BapDada's thought also together with that, you also heard the pure feelings of your Dadis for the coming year, did you not? BapDada gives three types of congratulations to all the children, whether they are weak or whether they are intense effort-makers. 1) Congratulations for a new life. 2) Congratulations for the New Year. 3) Congratulations for returning to the new world as a companion.

BapDada also said: Each one of you should fix a time for yourself: By when will I make myself equal to the Father? Fix this inside you for yourself. You know how to fix this, do you not? Today, seeing every child, BapDada is giving the blessing: In the next year, may each child be an intense effort-maker. At amrit vela, when you sit down for remembrance and when it is time for you to get up, remember this blessing in your heart from BapDada: May you be an intense effort-maker. BapDada drew your *attention* to two things in the beginning because the time of the confluence age is going to finish suddenly. 1) Time. 2) Thoughts. Pay *attention* to both of these at every moment. These are the pure feelings that BapDada has for every child: In this year, what should each child become? What will you become? Whoever looks at your face, they should see from your face the angelic form. Not that "I am so-and-so, so-and-so". They should experience you as an angel; so, for this, you have to have volcanic yoga. Not any wastage! Through your light and might form of yoga, burn the waste. Whomsoever they look at, they should only be able to see only a powerful angel, because you are the long-lost and now-found children of the Father, are you not? The Father has especially selected you from so many different places and made you belong to Him. Therefore, keep the aim: I am a Brahmin who is going to become an angel. So, at amrit vela, remember this in your timetable: I am a Brahmin and so an angel. As you move along, be in your angelic form. You like the angelic form, do you not? Father Brahma became an angel; so, *follow the father!*

You were given the blessing for this year – an intense effort-maker; not an ordinary effort-maker. If you make ordinary effort, you will not become a companion in the kingdom. The Father's desire is: However many *students* there are who are studying the murli, however many *Godly students* there are, what will all of them become? Angels. All burdens will be removed. The burden of any sanskar will finish. So, what was the *homework* for this year? It was: Stay in the angelic form. This is known as intense effort. Now, every *centre* should look at the *result* of every *student* every week and see: Were they intense effort-makers? If any situation arises, be co-operative and give courage with love and make that centre and the students' intense effort-makers. Look at the *result* every week because time will definitely fluctuate.

So, today, on the day of the confluence, on the day of farewell and greetings, to all the children everywhere wherever you may be sitting - children, BapDada is seeing how all of you are seeing everything through the facilities of *science* and you are becoming so pleased. BapDada is giving a special blessing to all the children everywhere: May you be a constant jewel of contentment. Remain content and make others content. Achcha.

**It is the turn of Eastern Zone – Tamil Nadu and Nepal** (15,000 people have come.)

Bengal: In Bengal, everyone is doing very good *service* and also making their own efforts very well. BapDada is pleased to see every child and that each one has created a good fortune for the self. All of them are also doing service according to their capacity. This is why BapDada is pleased to see the children, and the children are also always happy and will always remain happy.

**All servers were asked to stand up.:** Three-quarters of the *class* is from this *zone*. BapDada has seen all the *zones* and this is the biggest *zone* out of all of the *zones*. There are five smaller *zones* in one *zone*. BapDada is pleased that wherever the children are instruments for, they have done very good service there. You have brought about good expansion because BapDada saw that in this one *zone*, so many smaller *zones* are included, and all are free from obstacles and *safe* in their own efforts. BapDada is giving congratulations for that. If there is a little weakness, then, in the coming year, all these five *zones* should send BapDada their *certificate*: All of us are free from obstacles, *ever-ready* and intense effort-makers. All the five smaller *zones* should send this *result*. BapDada is pleased to see this *result*; that three-quarters of the *class* has come in your turn. It is because there is this much expansion that you have reached here. There must be some new ones too, but the new children will also take the blessing of being an intense effort-maker and will become intense effort-makers, serve others intensely and create their own fortune, for only then will everyone believe that these souls truly are bestowers of happiness, children of the Bestower of Happiness. It is a very big *zone*. BapDada is pleased. Look, just look on the TV, at least three-quarters of the class is of them. BapDada is giving a special blessing to this *zone*: You are constantly fortunate and happy souls. Achcha.

**Jurist Wing:** BapDada saw the *agenda* of your *meeting*. The daughter (Gulzar Dadi) had shown it. Now, for the future, BapDada had given you the task of revealing who the God of the Gita is. Now, engage yourselves in this service. Create *groups* and Baba should receive the *result* of what thoughts you all had. Those from Delhi did very well. Child Brijmohan did this, did you not? You did this, did you not? So, what was the *result*? Speak! (We tried to work with the religious gurus. Now the Jurists will try and work with them.) (In Mumbai, we set up three stalls for the “God of the Gita”.) Achcha. You are making effort, but, now, get together and make a *summary*. All those who have done something collectively, you have done well, but now pay special *attention* to this *point*. Because you have been celebrating the Platinum Jubilee and you have made many companions in that, even eminent people have become your companions. Therefore, now prove this *point* very well. Just as you have held the Platinum *Jubilee functions* everywhere, in the same way at all the places, form worthy *groups* everywhere, of those who make effort on this *point* and who continue to give you their news, and on hearing their news, you can continue to give them your *directions*. Make two or three people instruments for this in different places. Form a *committee*; not just of *judges*, but with anyone who has interest in that. If you feel that someone can do this, then form such a *group* because it has entered everyone’s intellect that something can only change through the task that the Brahma Kumaris are carrying out. This *result* had only been achieved through these *functions*. Therefore, pay a little more *attention* to this *point* by forming a *group* of *judges* or anyone else, just as Brijmohan continues to do. Form such a *group* and show a *result*, for it is necessary to prove this *point*. Only through this will transformation take place. So, what will you do now? (We will now definitely follow this direction of Yours.) Achcha. BapDada is congratulating all the *Wings* that have come.

**Double foreigners group:** (Children and youth: Children sang a song.) Very good. BapDada saw the love and remembrance of all of you. Baba accepted the love and remembrance from all of you. Those who have had this *training*, you have to bring your equals here. The little children have to form a *group* of little children and bring them here. The youth have to bring a *group* of youth and the adults have to bring a *group* of adults. Do service and bring the *proof* to Madhuban. You have the courage to do this, do you not? It is good. BapDada saw the *result* of the *training*. You did it with enthusiasm, and you did it in Madhuban. You have done it in such a good atmosphere, and so this *training* will definitely bring *results*. This is why BapDada is giving multi-multi-multimillion fold congratulations, congratulations.

**Sindhi group and double foreigners:** The aim of *double foreigners* is to make intense effort. BapDada is pleased with the sanskar of the *double foreigners* that whatever you take on, you definitely complete it. You don’t leave anything half way or three-quarters complete. If you are going to do it, you are going to complete it. The Father saw this speciality. He saw that the land abroad have gone ahead in service and in

opening places in every corner. So, seeing your zeal and enthusiasm, BapDada always gives you congratulations - Multi-multimillion-fold congratulations to the *double* foreigners. Baba is content with your service. BapDada wants to see *report* from abroad that every person abroad and every *centre* is free from obstacles. Any *centre* which feels that they are free from obstacles should send a *report* and Baba will give them a *prize*. However, everyone has to be free from obstacles. Send a *report* after making everyone free from obstacles. If you already are this, then congratulations now! If you are going to become this, you will then be congratulated when Baba receives the *report*. BapDada would say that those from the *foreign* land are clever in doing everything instantly (forun – in Hindi). You instantly created those centres – foreign, forun. It is good. The Sindhi *group* has also come. Congratulations! Look, all of you Sindhis who have come are long-lost and now-found children of Baba and of Bharat because even after going abroad, you have maintained the honour of the blood of Bharat in you. BapDada is pleased that you are immortal. You are immortal and this is why you also have the blessing of being immortal. Today, all of you have especially come here and that is good. BapDada is pleased with the *programme* with which you have come. You have done well. All of you Sindhis are of course *regular students*, but, when you come next time, bring with you the new ones you have created. You must have formed a *group*. So, bring them with you because BapDada wants to show the world that because the Father took birth in Bharat, all of you have become instruments. So, bring with you all those whom you have served. Bring the new ones with you as a *group*. BapDada is pleased that you are moving forward in service. Child Janak who is the instrument for all of you to pay *attention* to yourselves is paying good *attention* to you and this is why the *result* is good. BapDada also has time to tour around abroad. When does He have time? At amrit vela. BapDada also tours around the *centres* abroad, but the *addition* is now to have volcanic yoga. This volcanic yoga will bring everyone close because you will all receive power. You will also become the form of *light* and *might*. If you become the form of *light* and *might* as you move along, then people will also receive those *vibrations*. You will then have to labour less and receive greater fruit. You experienced in Bharat that the *results* of all the *functions* that took place now were better than before. The Father is giving special congratulations to all those Dadis and Didis who have become instruments: That you have now become BapDada's companions and come onto the field after having completed 75 years. Many, many, many, many congratulations. There are also dadas, there aren't just Didis and Dadis, there are Dadas too. Achcha.

Now, the Dadis should get together and form a new *plan*. What do you say? (Dadi Janki said: Baba, the month of January is very important. If everyone makes effort together in the month of January, if a *plan* of such service is created, that it emerges from deep within everyone's heart "My Baba" - this is my feeling. Nirwairbhai said: We will sit together and make a *plan* according to what Dadi wants and what You want. It should emerge from everyone's heart: "My Baba". We will plan according to that.) Each of you has to have this one thought in the self: I have to become free from obstacles and make others obstacle free too. Anyone who sees any of you should feel: Who is this person who has come in front of me? They should continue to be happy on seeing you. BapDada wants some newness in the New Year. He doesn't want the same sanskars. Each child should be visible as equal to the Father. *Follow* Father Brahma. There were *circumstances* and situations that came in front of the father too, but he still became an angel. Each one should have this determined thought for the self: I have to become an angel. When you have this thought for yourself, you will pay *attention* to it: I have to become this. When you become this, you will spread those *vibrations naturally*. So, what aim have you kept for now? I have to become an angel. Speak! Is this firm? Those at the back, you have to become this. Today, at midnight, leave everything behind. Leave all your weaknesses behind. Achcha.

Lots and lots of love from the heart and congratulations to everyone.

**Speaking to Dadi Janki:** (Kunj Dadi has sent lots of remembrance.) She is a very good child, but because of her karmic accounts, she cannot come. (Uncle and Auntie also sent their remembrance.) They are staying in the container of BapDada's heart. They are an *example* and they have also very good

children. (Jayantiben has gone to Kuwait to see Wajeeha.) Child Wajeeha is courageous. It is because of her that her family has benefitted. (Shantiben from Sirifort, Delhi has also sent remembrance.) Those who have not been able to come because of their health or because of the *drama*, BapDada is giving them lots, lots, lots and lots of love and remembrance personally by name. So remember your name.

**Speaking to Par Dadi:** Congratulations. Look, your *zone* is so big! It is the biggest *zone*. You have a big heart and this is why your *zone* is big.

**Speaking to Brijmohanbhai:** You have served everywhere and congratulations for that. Congratulations for the *programmes* that reaching everywhere have taken place.

**To Rameshbhai and Santoshben:** Many congratulations that all of Bombay did it together. Everyone has given their hands. This is good and the *vibrations* are also good because of that. (To Dadi Janki:) You have to go where there is service. London has renounced you with love and so you will have to help them at a time of need. You yourself are sensible, and so pay attention to your health!

**Baba gave greetings to all the children at the auspicious beginning of the New Year 2012:**

To the whole family everywhere, to the Godly family, including all the Brahmins who have come to Madhuban, multimillion-fold congratulations, congratulations. Now, in the New Year, definitely do the *homework* which BapDada has given and show BapDada your angelic form. Now, on this day, have the firm faith: Who am I? I am an angel. I am an angel. I am an angel. This is the face and activity that you have to show to the Father and the world. So, in response to BapDada's "Who am I", everyone must say, I am an angel. Will you remember this firmly? At amrit vela, immediately after yoga, remember: Who am I? I am an angel. In the angelic form, I will definitely become complete and perfect, the same as the Father. Is this firm? Are you sure? Achcha. Multimillion-fold congratulations, congratulations, congratulations to everyone. Goodnight.

**To Mohiniben on her 71<sup>st</sup> birthday:**

You are constantly happy, so continue to give greetings of happiness to everyone.

**To Dadi Janki on her 96<sup>th</sup> birthday:**

You are a ruler of the globe, and continue to make everyone into an angel as you tour around.
